CITY OF PLYMOUTH
AGENDA
Regular City Council
Council Chambers
3400 Plymouth Boulevard, Plymouth, MN
February 10, 2026, 7:00 PM

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

2. ROLL CALL

3. PLYMOUTH FORUM - Individuals may address the council about any item not contained on the regular agenda. A maximum of three minutes is allotted per individual with a total of 15 minutes for the forum. If the full 15 minutes are not needed for the forum, the City Council will continue with the agenda. The City Council will take no official action on items discussed at the forum, with the exception of referral to staff or commission or committee for future report.

4. PRESENTATIONS AND PUBLIC INFORMATION ANNOUNCEMENTS

4.1 Public Safety Department Citizen Awards

4.2 Receive update from Metropolitan Mosquito Control District
1. Presentation

4.3 Proclamation recognizing Black History Month
1. Proclamation

5. APPROVE AGENDA - Council members may add items to the agenda including items contained in the Council Information Memorandum for discussion purposes or staff direction only. The council will not normally take official action on items added to the agenda.

6. CONSENT AGENDA - These items are considered to be routine and will be enacted by one motion. There will be no separate discussion of these items unless a council member or individual so requests, in which event the item will be removed from the consent agenda and placed elsewhere on the agenda.

6.1 Adopt proposed minutes
1. January 27 Special
2. January 27 Regular

6.2 Approve disbursements
1. Invoice Expense Distribution
2. City Council Resolution 2026-051

6.3 Approve annual update to the zoning ordinance and city code (City of Plymouth - 2026001)
1. Planning Commission Minutes

2. Planning Commission Report
3. City Council Ordinance 2026-01
4. City Council Ordinance 2026-02
5. City Council Resolution 2026-052

6.4 Approve bid and authorize renovation of Lake Camelot Park (PR260001)
1. Site Layout
2. Award Letter Recommendation
3. Bid Tab Summary
4. City Council Resolution 2026-053

6.5 Approve bid and authorize renovation of South Shore Park (PR260003)
1. Concept
2. Award Letter Recommendation
3. Bid Tab Summary
4. City Council Resolution 2026-054

6.6 Approve purchase of radios for the police department
1. Quote - Subscriber Refresh
2. Quote - Radio Swap
3. City Council Resolution 2026-055

6.7 Approve purchase of single and tandem axle trucks for road and snow maintenance
1. Transwest Trucks (Boyer Trucks) Single Axle Quote
2. Transwest Trucks (Boyer Trucks) Tandem Axle Quote
3. Towmaster Single Axel Quote
4. Towmaster Tandem Axle Quote
5. City Council Resolution 2026-056

7. PUBLIC HEARINGS

8. GENERAL BUSINESS

8.1 Accept small area plan for southeast quadrant of 494 and 55
1. Presentation
2. 494 55 Small Area Plan - Final Report
3. City Council Resolution 2026-057

8.2 Adopt 4d(1) Affordable Housing Incentive Program and Housing Improvement Area Policy
1. Presentation
2. 4d Affordable Housing Incentive Program
3. Declaration of Restrictive Covenants - 4d Program
4. Housing Improvement Area Policy
5. City Council Resolution 2026-058

6. City Council Resolution 2026-059

8.3 Discuss proposed improvements to Vinewood Lane
1. Location Map
2. Presentation

8.4 (Added to Agenda) Adopt resolution affirming community values and stewardship of community resources amidst immigration enforcement operations
1. City Council Resolution 2026-060

9. REPORTS AND STAFF RECOMMENDATIONS

10. ADJOURNMENT

Regular City Council

METROPOLITAN MOSQUITO CONTROL DISTRICT

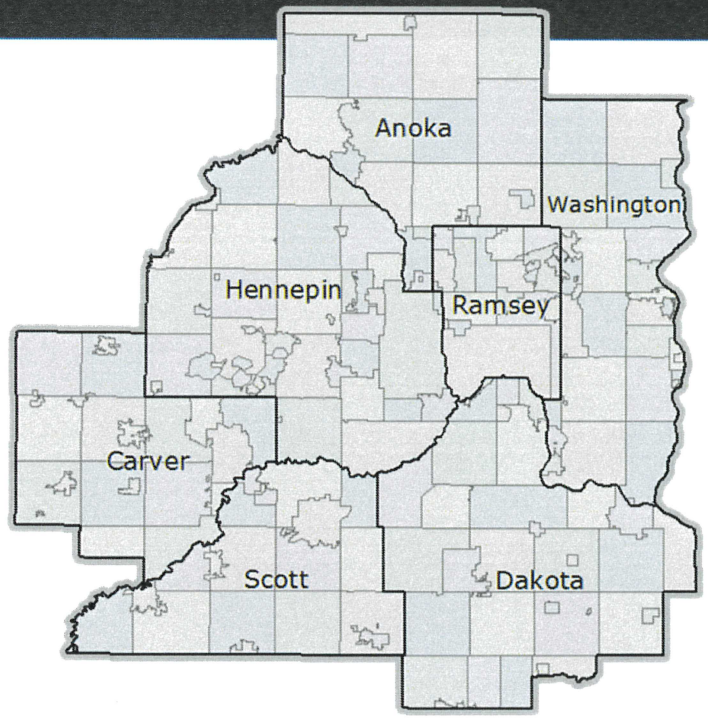
City of Plymouth Overview

Presented by Alex Carlson, Public Affairs Manager

February 10th, 2026

Metropolitan Mosquito Control District

- Established in state statutes in 1958
- Governed by a board of 18 elected County Commissioners
  - Commissioner Heather Edelson
  - Commissioner Kevin Anderson
  - Commissioner Angela Conley
- 2,977 square mile service area
- Population 3,200,000+
- 88,000 wetland habitats
- 30,000 woodland habitats
- Funded by property taxes from residents.
  - Median home pays $11.00/year



mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

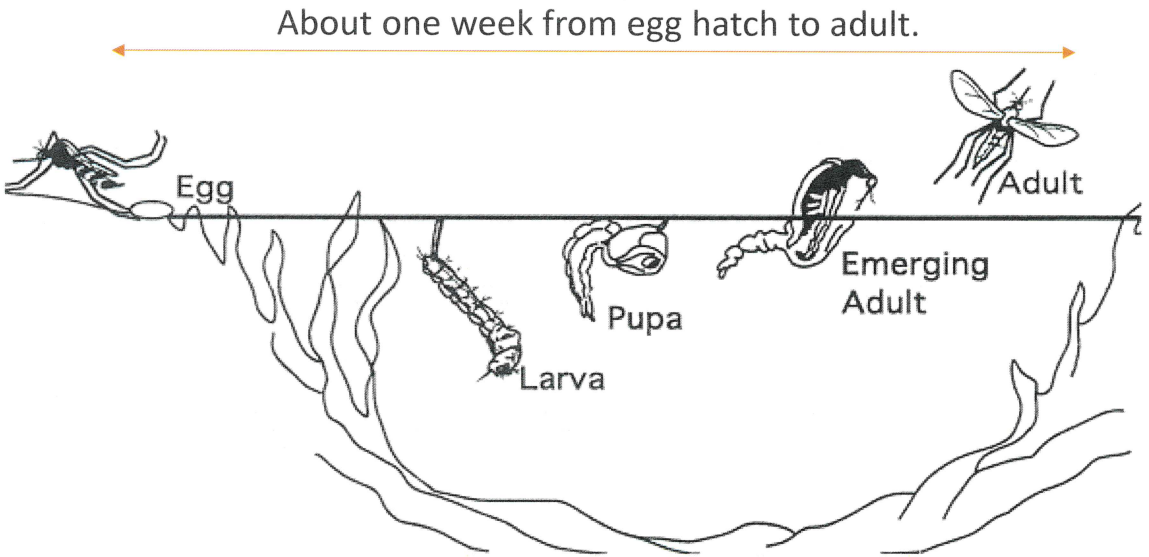
MMCD Services

- Comprehensive mosquito surveillance and control
- Mosquito-borne disease suppression
- Tick-borne disease surveillance
- Public education about mosquitoes and mosquito- and tick-borne disease
- Black fly (biting gnat) control

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Mosquitoes in Minnesota

- Over 3,000 species worldwide.
- 52 species found in Minnesota.
- About 20 species are human-biting or considered a public health concern.
- **Mosquito life cycle:**



mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Monitor / Surveillance

- Monitor wetlands for presence of mosquito larvae.
- Use mosquito traps and sweep net collections for adult mosquitoes.

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Identify

- MMCD Entomology lab in St. Paul works with the field to identify larval and adult mosquito samples brought in.
- Larval samples are identified to determine if they are species that merits treatment.
- Adult samples are identified in part to determine if there are disease vectors present in an area.
- Some species are tested for disease at MMCD.

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Control Methods

3 Primary Methods:

- Larval Control
- Adult Control
- Reduce Breeding Habitat

MMCD prioritizes larval control for several reasons:

- Control materials are specifically designed for mosquitoes.
- Larvae are concentrated in a breeding site.
- Minimal non-target effects.
- Geographical advantage (we have a large service area).

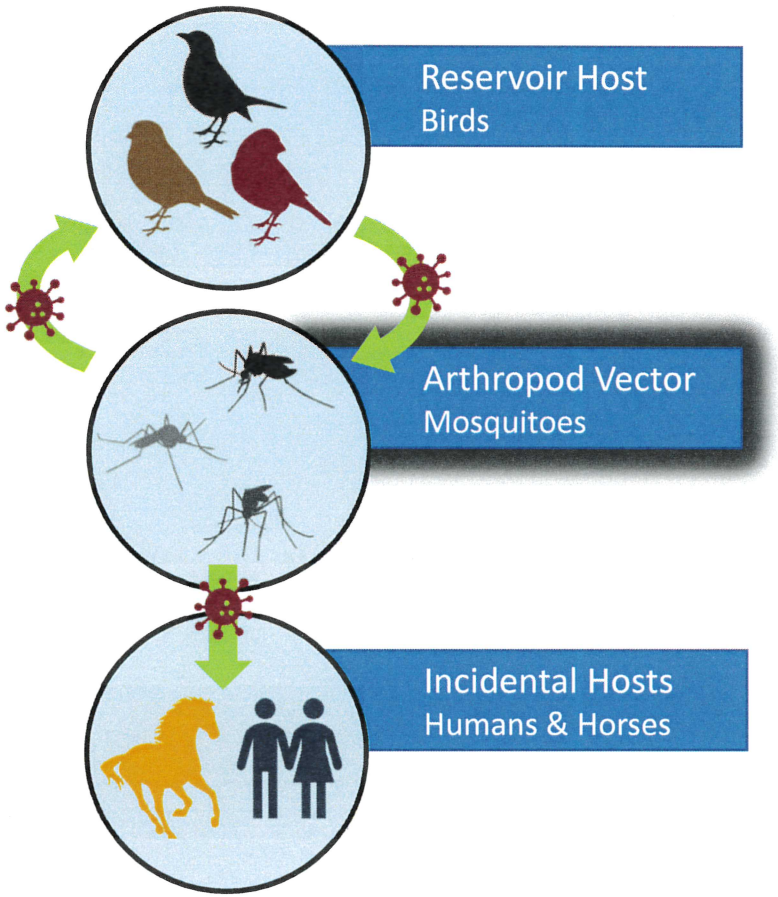
mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

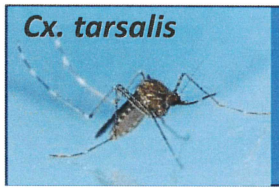
Larval Control

- Applied as dry granules directly to standing water via helicopter, backpack, drone/UAS, or hand spreader.
- Primary active ingredients used by MMCD:
  - Bacillus thuringiensis israelensis (B.t.i.)
  - Methoprene (Insect Growth Inhibitor)
  - Spinosad
  - Sumilarv

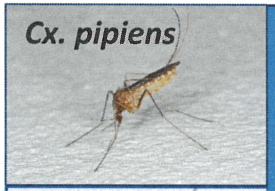
mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

West Nile Virus Disease Cycle





Semi-permanent pools and wetlands, agricultural runoff



Stagnant water in **artificial containers**, ditches, or catch basins

Brackish water with decaying vegetation

Big Stories from 2025

Record Year for West Nile

- 45 Human Cases (previous record = 28)
- 25,000 Mosquitoes Tested, 18.7% were positive
- Disease activity peaked earlier than normal.

Cattail Mosquitoes Return

- Highest number collected since 2020.
- Numbers peaked the week of July 8th.
- Extra treatments kept them below projection.

Spring Mosquitoes Absent

- 2023 set a record, 2024 was close behind, and 2025 had very few.
- Low precipitation in spring was likely the cause.

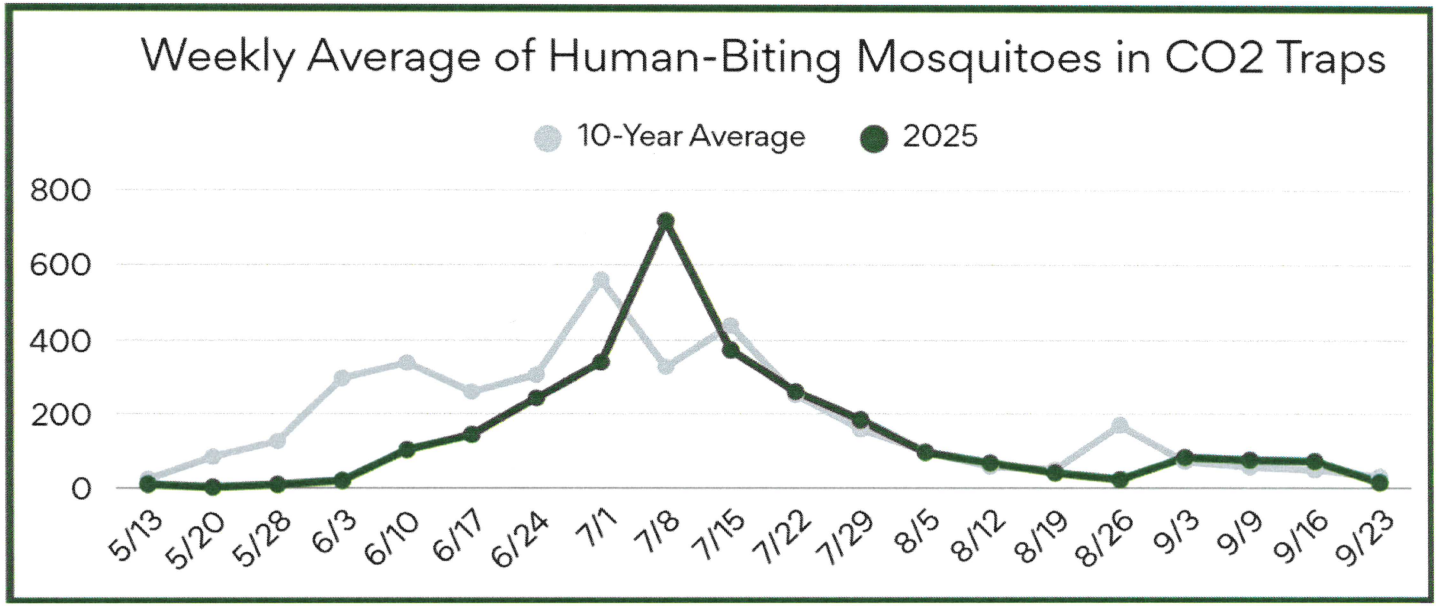
Insect Abundance

2025 Peak: Week of July 8th

7 Weeks Were Above Average

13 Weeks Were Below Average

Most abundant species:
Coquillettidia perturbans (cattail mosquito)
Aedes vexans (summer floodwater mosquito)



mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Larval Control

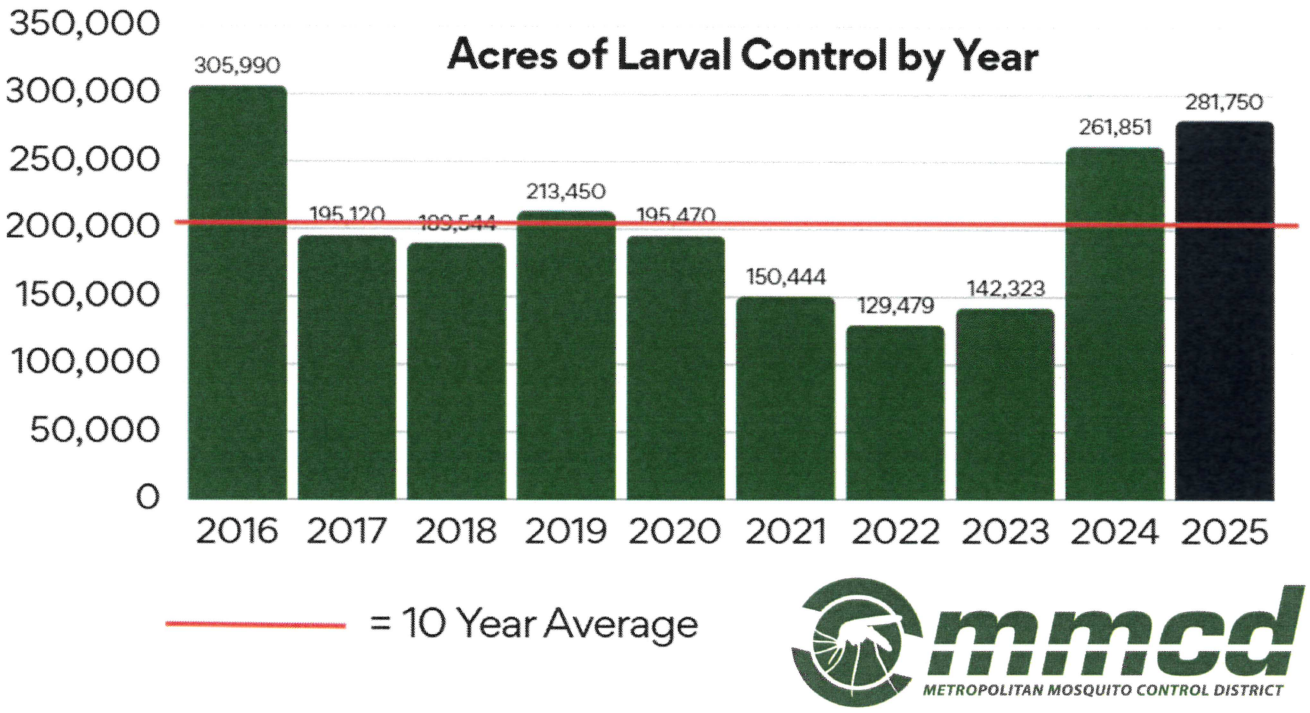
Most Acres Treated Since 2016!

- **247,187 acres** by helicopter
- **12,744 acres** by drone
- **16,295 acres** by hand or backpack

8 Drones were in use in 2025 and for the first time drones were used at every facility.

Drone acres tripled from 2024 to 2025.

Most common used active ingredients were *Bti* (1.32 million lbs) and Methoprene (0.25 million lbs)



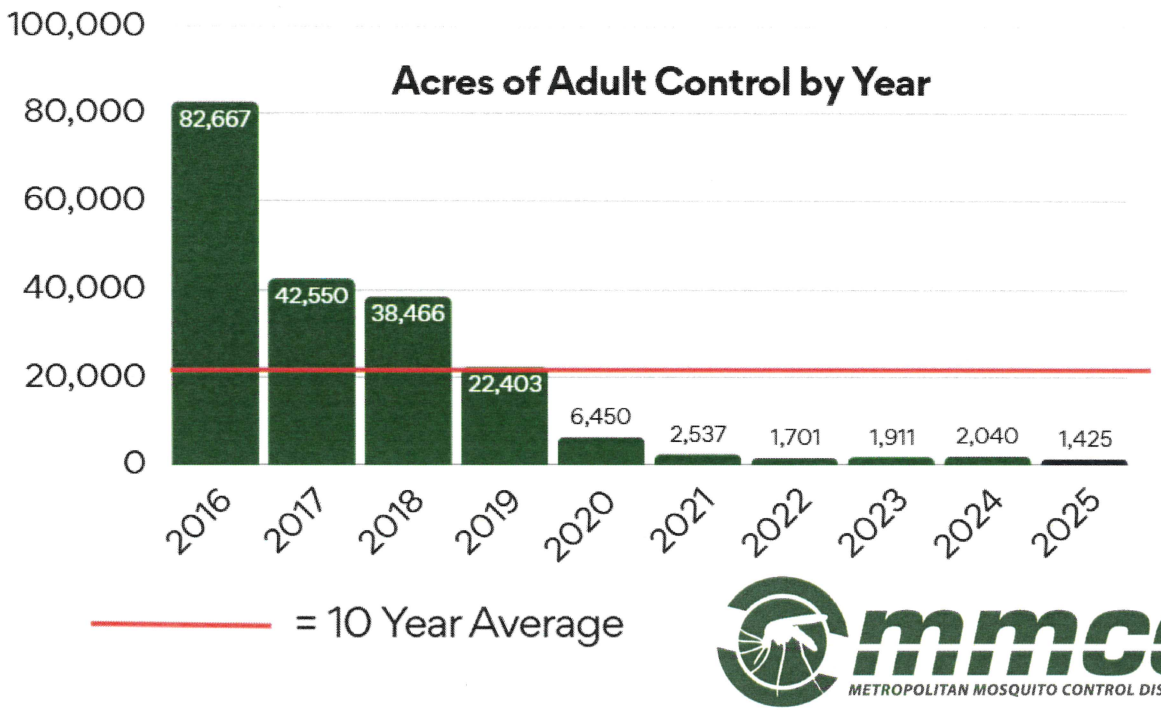
mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Adult Control

Fewest acres of Adult Control in 25 years.

Adult control using a backpack applicator or truck/ATV mounted cold fogger is primarily used to suppress disease vectors.

Primary active ingredients used are Permethrin and Etofenprox.



mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

City of Plymouth Totals

Action	2025
Larval Sites Inspected	1,459
Larval Acres Treated	5,763.4
Adult Mosquito Sites Inspected	118
Adult Mosquito Acres Treated	17.8
Tires Removed and Recycled	114
Catch Basins Treated	3,341
Resident Calls	17

Outreach Events: Minnesota State Fair, Hennepin County Fair

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Plans for 2026

- **Initiate new MMCD Strategic Plan** – focus on outreach and partnerships, resources and capacity, environmental sustainability, and expansion of IPM.
- **Focus on research** – Research Entomologist Dr. Caleb Corona and our lab staff will determine effective, safe ways to reduce disease and improve control.
- **Construction projects** – renovate the St. Paul lab and expand Maple Grove facility.
- **Expand Events and Presentations** – school presentations, city events, and more!

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Tire Procedure for 2026

Recycling waste tires is an important way to remove potential mosquito habitat. MMCD has had a tire recycling program for decades.

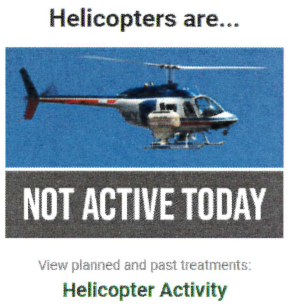
Recently, the number of requests have been increasing and there has been strain on staff time and resources.

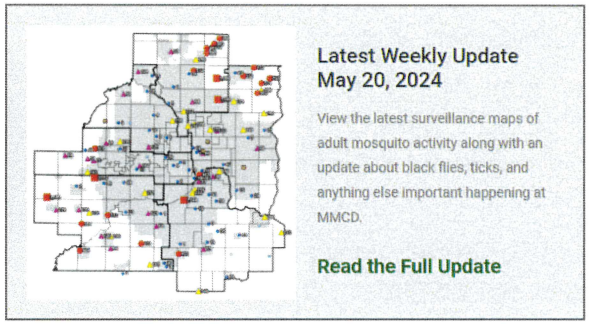
In 2025 Dakota, Scott, and Carver Counties piloted tire drop-off events in lieu of residential pickups. This removed more tires while also saving staff time.

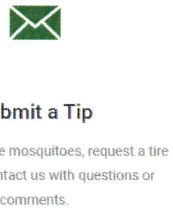
This will be expanded to all counties in 2026. Look for dates of the 2026 events coming soon!

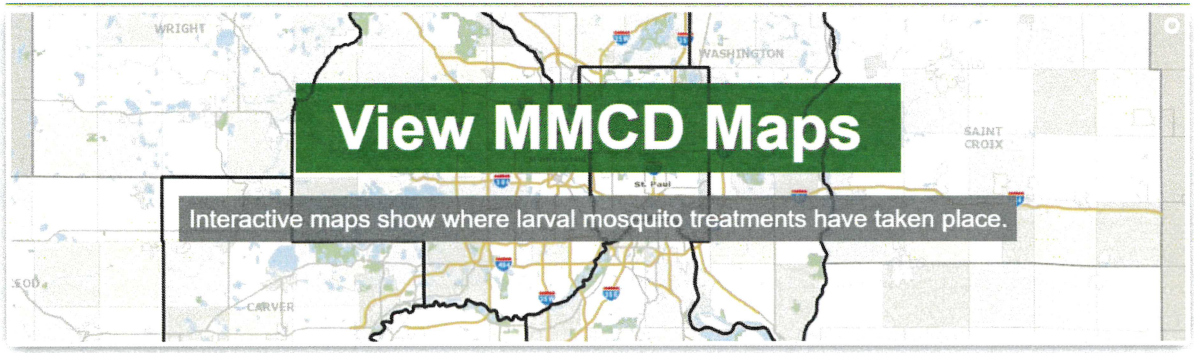
mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

Resources for Residents





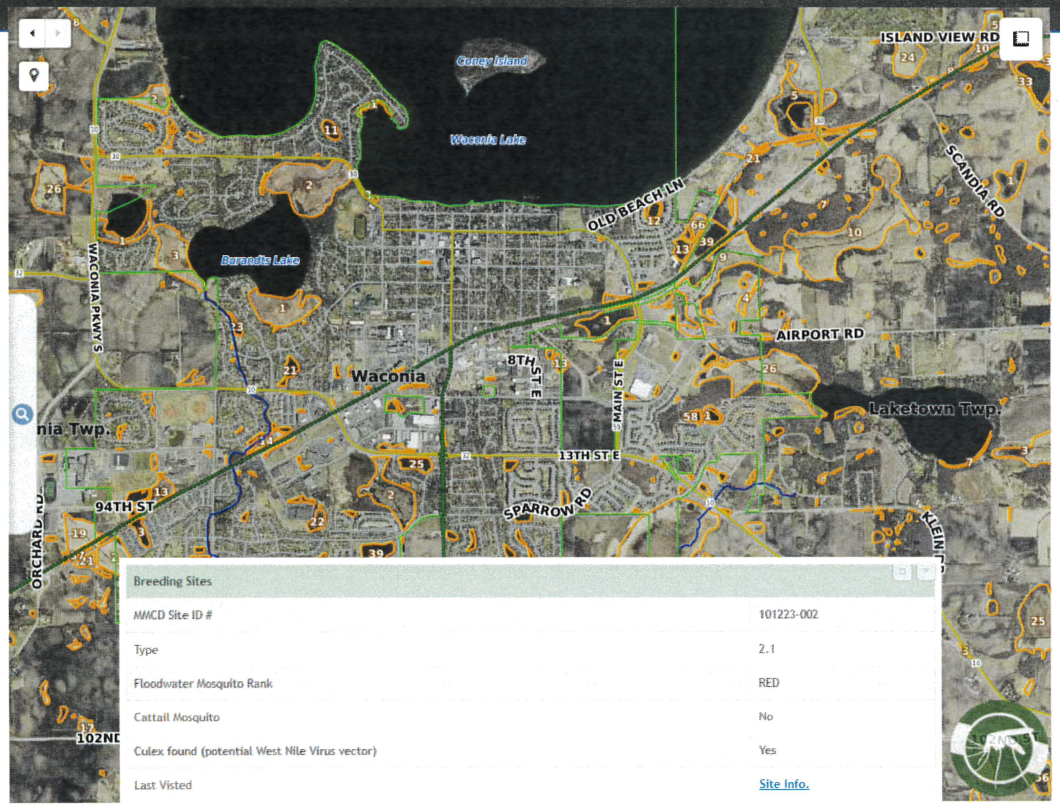




- Weekly updates and daily control alerts are posted on the MMCD homepage.
- Resident's Guide with tips for personal protection and safe at-home mosquito reduction.
- "Submit a Tip" form allows residents to report high mosquito activity or request service.

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

MMCD Maps

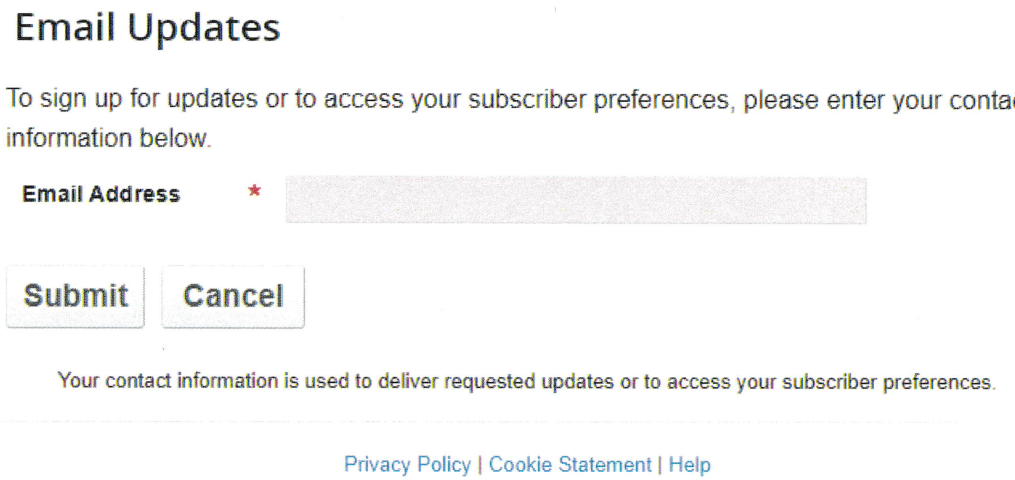


- Public maps to view larval surveillance and treatment can be found at MMCD.org
- Enter an address to zoom in and see wetland sites (outlined in orange) that are being monitored.
- Click on a site to view surveillance and treatment history.
- Residents can request that MMCD not treat private property.

mmcd
METROPOLITAN MOSQUITO CONTROL DISTRICT

E-mail Alerts

- Sign up for e-mail alerts to be notified about adult mosquito control activity.
- Scheduled treatments are also found on the MMCD website.
- Contact MMCD if you have concerns about anything related to our programs or to report a breeding site or high mosquito annoyance.
- Website: MMCD.org



Outreach

- Public education is an important part of MMCD's IPM program. This involves connecting with a variety of groups to present information and to listen.

- If you know of a group that MMCD should connect with, or an event that we should attend, please let us know!

PROCLAMATION

WHEREAS, the City of Plymouth recognizes that Black History Month is an annual celebration honoring the achievements, contributions and rich heritage of Black Americans; and

WHEREAS, the Plymouth City Council may issue proclamations at city council meetings to highlight major local, national or international events that are culturally or historically significant; and

WHEREAS, 2026 marks a full century of formally recognizing Black history in the U.S. since Harvard scholar Dr. Carter G. Woodson established an observance in 1926 to inspire schools and communities to organize local celebrations and host performances and lectures; and

WHEREAS, the movement grew over the years to encourage us to reflect on the past and celebrate the many Black Americans who have made contributions in the areas of medicine, law, education, politics, business, the arts and more; and

WHEREAS, the City of Plymouth acknowledges the importance of honoring Black Minnesotans whose leadership, creativity and courage have strengthened our communities, expanded opportunities for all, and helped shape the cultural, civic and economic fabric of the State of Minnesota; and

WHEREAS, celebrating Black History Month encourages all residents to reflect on the ongoing struggle for racial justice and equity, to recognize the diversity of experiences within our community, and to reaffirm our collective commitment to inclusion, understanding and opportunity for all people.

NOW, THEREFORE, BE IT HEREBY RESOLVED that the Plymouth City Council proclaims February 2026 as

Black History Month

in the City of Plymouth and urges all residents to join in recognizing and celebrating the historic contributions and enduring achievements of Black Americans and to work together to build a community rooted in equity, respect and opportunity.

Proposed Minutes
Special Council Meeting
January 27, 2026

Mayor Wosje called a Special Meeting of the Plymouth City Council to order at 5:00 p.m. at Plymouth City Hall, 3400 Plymouth Boulevard, on January 27, 2026.

COUNCIL PRESENT: Mayor Wosje, Councilmembers Peterson, Pointner, Aldrich, Nelson, Spoonheim and Gregor (arrived at 5:40 p.m.). Councilmembers Gregor and Pointner participated via interactive technology due to being unable to attend in-person pursuant to State Statute 13D.02.

COUNCIL ABSENT: None.

STAFF PRESENT: City Manager Callister, Deputy City Manager Kaufman, Public Works Director Thompson, Public Safety Director Fadden, Community and Economic Development Director Fernelius, Parks and Recreation Director Tomlinson, Finance Director Rich, Human Resources Director Timpone, Fire Chief Etzel, Housing Manager Schmidt, Housing Policy & Grant Coordinator Scoonover, Economic Development Coordinator Erickson, Deputy City Clerk Gottschalk and City Clerk/Administrative Coordinator Gallup.

Review 4d(1) Affordable Housing Incentive Program

Staff provided an overview of the 4d(1) Low Income Rental Classification program, which was reviewed and recommended for implementation by the Housing and Redevelopment Authority. Council asked questions, provided feedback and directed staff to move the program forward for action at a future council meeting.

Review Housing Improvement Area (HIA) Policy

Staff provided an overview of Housing Improvement Area (HIA) policy, which was reviewed and recommended for implementation by the Housing and Redevelopment Authority. Council asked questions, provided feedback and directed staff to move the policy forward for action at a future council meeting.

Review tobacco licensing regulations

Staff provided background information and policy considerations on the city's tobacco licensing regulations. Council asked questions, provided feedback and directed staff to move forward with preparing a draft ordinance amending the tobacco license regulations for action at a future council meeting.

Set future study sessions

Council scheduled the following meetings:

- Review policy on request for proposals and discuss proposed amenities at Four Seasons Regional Sports Complex on March 10 at 5 p.m.

Adjournment

Mayor Wosje adjourned the meeting at 6:41 p.m.

Proposed Minutes
Regular City Council Meeting
January 27, 2026

Mayor Wosje called a Regular Meeting of the Plymouth City Council to order at 7:00 p.m. in the Council Chambers of City Hall, 3400 Plymouth Boulevard, on January 27, 2026.

COUNCIL PRESENT: Mayor Wosje, Councilmembers Peterson, Pointner, Aldrich, Nelson, Spoonheim, and Gregor (left at 8:10 p.m.). Councilmembers Gregor and Pointner participated via interactive technology due to being unable to attend in-person pursuant to State Statute 13D.02.

COUNCIL ABSENT: None.

STAFF PRESENT: City Manager Callister, Deputy City Manager Kaufman, Public Works Director Thompson, Public Safety Director Fadden, Community and Economic Development Director Fernelius, Parks and Recreation Director Tomlinson, Finance Director Rich, Human Resources Director Timpone, Fire Chief Etzel, Assistant Public Works Director/City Engineer Payne, Planning Manager Sommers, Senior Planner Drill, Economic Development Coordinator Erickson, City Attorney Mattick and City Clerk/Administrative Coordinator Gallup.

Public Safety Director Fadden provided a statement about the responsibility of the Plymouth Police Department to enforce state and local laws – not federal immigration law.

Plymouth Forum

Dr. Kamal Ahmed, resident, expressed his support for the Muslim community regarding recent events.

Gerald Kegler, Ward 3 resident, noted his feelings about the current situation and thanked Councilmember Spoonheim for his statement at the last city council meeting.

Anne Pierce, Ward 2 resident, expressed her disappointment with the actions of Immigration and Customs Enforcement agents.

Clay Smith, resident, noted his feelings regarding recent events.

Shane Mirkovich, Ward 1 resident, asked for a moment of silence and then expressed his feelings about a person's constitutional rights and an open letter not yet signed by Mayor Wosje and some councilmembers.

Kerry Anderson, Ward 3 resident, noted her thanks to Councilmembers Spoonheim and Pointner for their support regarding Immigration and Customs Enforcement.

Roxanne Haggerty, Ward 3 resident, expressed her gratitude to the councilmembers for their voices of support.

Thomas Riley Brown, Ward 4 resident, encouraged the city council to continue supporting the residents of the City of Plymouth.

Jaime Konerman-Sease, Ward 1 resident, encouraged public officials to refrain from assisting Federal Immigration and Customs Enforcement agents.

Addison, Ward 3 resident, encouraged Public Safety Director Fadden to put his spoken words in the form of a written statement and for members of the city council to sign the open letter.

Scott Johnson, Ward 2 resident, expressed his feelings regarding the death of Alex Pretti and noted his desire to run for the city council.

Presentations and Public Information Announcements

(4.1) Receive updates on legislative priorities from State Legislators, Metropolitan Council Member and County Commissioners

County Commissioners, State Legislators and Metropolitan Council Member provided an update on current and future legislative priorities, including budgets and challenges for 2026.

Other legislative priorities that were discussed included stabilizing healthcare and public health services, gun violence, sales tax, election protection, Capitol building security, lodging tax, affordable housing, Plymouth City Center funding, and the continued work with Highway 55 and the Bus Rapid Transit (BRT).

Mayor Wosje noted his appreciation for the work of all political leaders on behalf of the City of Plymouth.

Councilmember Spoonheim thanked everyone who voiced their concerns regarding recent events.

(4.2) Proclamation declaring the week of January 26, 2026, as Winter Salt Week

Councilmember Spoonheim read the proclamation and proclaimed the week of January 26-30, 2026, as Winter Salt Week in the City of Plymouth.

Approval of Agenda

Motion was made by Councilmember Peterson, and seconded by Councilmember Spoonheim, to approve the agenda. With all members voting in favor by roll call vote, the motion carried.

Consent Agenda

Motion was made by Councilmember Aldrich, and seconded by Councilmember Peterson, to adopt the Consent Agenda that included the following items:

(**6.1**) Council minutes from special and regular meeting of January 13, 2026.

(**6.2**) Resolution approving disbursements ending January 16, 2026 (Res2026-028).

(**6.3**) Resolution approving final closeout for the Northwest Greenway Trail segment 6 (PR250001) (Res2026-029).

(6.4) Resolution authorizing the execution of an amended and restated development agreement (Res2026-030).

(6.5) Resolution ordering preliminary engineering report for the 2026 Street Reconstruction Project (ST269001) (Res2026-031), Resolution receiving preliminary engineering report, ordering preparation of plans and specifications, and calling for a public hearing for the 2026 Street Reconstruction Project (ST269001) (Res2026-032), Resolution approving plans and specifications, and ordering advertisement for bids for the 2026 Street Reconstruction Project (ST269001) (Res2026-033), Resolution declaring cost to be assessed, and ordering preparation of proposed assessment for the 2026 Street Reconstruction Project (ST269001) (Res2026-034), Resolution calling for hearing on proposed assessment for the 2026 Street Reconstruction Project (ST269001) (Res2026-035).

(**6.6**) Resolution ordering preliminary engineering report for the 2026 Street Rehabilitation Project (ST269002) (Res2026-036), Resolution receiving preliminary engineering report, ordering preparation of plans and specifications, and calling for a public hearing for the 2026 Street Rehabilitation Project (ST269002) (Res2026-037), Resolution approving plans and specifications and ordering advertisement for bids for the 2026 Street Rehabilitation Project (ST269002) (Res2026-038), Resolution declaring cost to be assessed, and ordering preparation of proposed assessment for the 2026 Street Rehabilitation Project (ST269002) (Res2026-039), Resolution calling for hearing on proposed assessment for the 2026 Street Rehabilitation Project (ST269002) (Res2026-040).

(**6.7**) Resolution approving final plat for “Schiebe’s Oakwood Second” to be addressed 1485 County Road 101 (2025077) (Res2026-041).

(**6.8**) Resolution approving water treatment chemical prices for 2026 (Res2025-042).

(6.9) Resolution to approve the 2026-2028 residential waste reduction and recycling grant agreement with Hennepin County (Res2026-043).

(6.10) Resolution approving conditional use permit for Thorney Training LLC to allow a sports and fitness use in an industrial district, for property located at 13800 24th Avenue North (2025074) (Res2026-044).

(6.11) Resolution approving rock salt purchases through the State of Minnesota cooperative purchasing venture (Res2026-045).

(6.12) Resolution accepting streets for continual maintenance for Vicksburg 2nd Addition (2022046) (Res2026-046), Resolution accepting utilities for continual maintenance for Sunset Bluff (2025033) (Res2026-047).

(6.13) Resolution approving final closeout for the Plymouth Ice Center replacement of rink A & B dehumidification units (SRP202202) (Res2026-048).

(6.14) Resolution approving National League of Cities conference travel request (Res2026-049).

With all members voting in favor by roll call vote, the motion carried.

Public Hearings

There were no public hearings.

General Business

(8.1) Award contract for the 2050 Comprehensive Plan update to Houseal Lavigne Associates

Planning Manager Sommers presented this item and launched the city's comprehensive plan update. She provided detailed information on how Houseal Lavigne Associates was chosen. She stated that they demonstrated a strong understanding of the Plymouth community.

Josh Koonce, consultant, provided a brief overview of the company's ideas for the comprehensive project. He detailed his firm's history and its mission. Mr. Koontz emphasized the founding principles of Houseal Lavigne Associates and noted awards won for comprehensive plans and planning processes. He also discussed their community outreach opportunities and stated the six steps of the scope of work with an 18-month timeline for the project.

Motion was made by Councilmember Peterson, and seconded by Councilmember Nelson, to adopt Resolution approving the professional services agreement for the 2050 Comprehensive Plan (CED260001) (Res2026-050). With all those voting in favor by roll call vote, the motion carried.

(8.2) Pre-application sketch review for potential subdivision of 5600 Vagabond Lane (Twin Cities Land Development -- 2025063)

Senior Planner Drill presented this item and provided a background of the property. He noted the property is serviced by a private road and roadway easement. He described the site acreage, street frontage, and zoning regulations. Senior Planner Drill stated there will be no official action tonight. He discussed concerns that had been brought forward at the Planning Commission meeting. He also explained the complications with Lot 7. He noted the next steps in the process would be rezoning the site from FRD (future restricted development) to RSF-3 (residential single-family detached 3) and designing a preliminary and final plat.

After questions from the City Council, Senior Planner Drill and Public Works Director Thompson provided the following information:

- Concern over Lot 7 is likely to be a legal matter rather than a city one
- Troy Lane will likely see an increase in traffic if the project is approved
- 660 feet between street intersections is best practice

- Only two accidents at the two popular intersections in the project
- Development of 54th Avenue will be pushed by future development
- For development to occur, 100% of owners have to be in agreement

Ben Schmidt, developer, stated that the reason for an uncertain plan is due to the easement requirements and the need for all 15 owners to be on board.

Senior Planner Drill stated that the Planning Commission addressed 56th Avenue's current road status. He also stated it will likely be years before 54th Avenue and Troy Lane are connected.

City Council discussed at length the pros and cons and potential solutions for the development of Troy Lane, 54th and 56th Avenues, along with the easements in this development. The extension of Troy Lane was suggested, and Senior Planner Drill agreed that this could be done.

Rena Sugarbaker, Ward 1 resident, expressed her concerns about public safety and the risks associated with the development.

Faisale Boukari, expressed his support for this project.

Debra Larson, Ward 1 resident, expressed her support for this project, stating it will bring natural gas, high-speed internet, and other amenities to the neighborhood.

Charles Frye, Ward 1 resident, expressed his concern regarding the distance between the intersections and his opposition to this project.

The council discussed its hesitations surrounding the development, specifically the potential for the stagnant development of the land parcel.

Reports and Staff Recommendations

There were no reports or staff recommendations.

Adjournment

Mayor Wosje adjourned the regular meeting at 10:02 p.m.

CITY OF PLYMOUTH

RESOLUTION NO. 2026-051

RESOLUTION APPROVING DISBURSEMENTS ENDING JANUARY 30, 2026

WHEREAS, a list of disbursements for the period ending January 30, 2026 was presented to the City Council for approval.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA that the payment of the list of disbursements of the following funds is approved.

US Bank – Check Register	
General & Special Revenue	$ 793,968.32
Construction & Debt Service	$ 937,519.14
Enterprise & Internal Service	$ 2,370,936.33
Housing Redevelopment	$ 636.30
Check Register Total	$ 4,103,060.09
US Bank – Housing Assistance Payments	
Housing & Redevelopment Authority	$ 311,652.32
	$ 311,652.32
GRAND TOTAL FOR ALL FUNDS	$ 4,414,712.41

Additionally, the US Bank Check Register amounts split by type of payment follow:

EFT	39,850.11
Check (#180474-181748)	4,063,209.98
Total	$ 4,103,060.09

APPROVED by the City Council on this 10th day of February, 2026.

Regular City Council

Agenda Number: 6.3

To:	Dave Callister, City Manager
Prepared by:	Shawn Drill, Senior Planner
Reviewed by:	Grant Fernelius, CED Director
Item:	**Approve annual update to the zoning ordinance and city code (City of Plymouth - 2026001)**

1. Action Requested:

Adopt attached ordinances and resolution approving the 2026 annual update to the zoning ordinance and city code, as recommended by the Planning Commission.

Approval of the ordinances requires a 4/7 vote of the City Council, and approval of the summary publication resolution requires a 6/7 vote.

2. Background:

On January 21, the Planning Commission reviewed the proposal, conducted the required public hearing and subsequently voted unanimously to recommend approval. One person from the public spoke in support of the proposed beekeeping revisions and provided an update on how bees are doing both statewide and nationally. The Planning Commission minutes and report are attached.

Notice of the Planning Commission's public hearing was published in the city's official newspaper.

3. Budget Impact:

Proposed Minutes
Planning Commission Meeting
January 21, 2026

Chair Boo called a Meeting of the Plymouth Planning Commission to order at 7:00 p.m. in the Council Chambers of City Hall, 3400 Plymouth Boulevard, on January 21, 2026.

COMMISSIONERS PRESENT: Chair Michael Boo, Marc Anderson, Julie Olson, Josh Fowler, Neha Markanda, and Jim Willis

COMMISSIONERS ABSENT: Bill Wixon

STAFF PRESENT: Planning Manager Lori Sommers and Senior Planner Shawn Drill

Public Hearing

(5.1) Annual update to the zoning ordinance and city code (City of Plymouth – 2026-001)

Senior Planner Drill presented the staff report.

Chair Boo asked about the proposed elimination of the fee free parking language for apartments.

Senior Planner Drill stated that the city has found that language to be unenforceable. He stated that several apartment complexes currently charge for indoor parking beyond one space per unit as an example.

Chair Boo confirmed that, with the proposed amendment, there would still be a requirement to provide one indoor stall per unit, but no requirement regarding whether or not there is a fee charged for that space.

Chair Boo asked for more information on the proposed removal of the exception for solarium- and greenhouse-accessory structures.

Senior Planner Drill stated that the Code Compliance Officer requested this amendment, as there have been enforcement and compliance issues. He stated that greenhouses and solariums would continue to be allowed, but new square footage limitations would apply.

Chair Boo stated that the specificity and definition related to rank vegetation is proposed for removal, and asked for more information.

Senior Planner Drill stated the City Forester/Weed Inspector requested this amendment in order to eliminate debate on what is considered to be long grasses and noxious weeds, as already defined by city code and state statute.

Commissioner Fowler referenced the proposed elimination of sports and fitness uses within I-3 and asked if that change would create any nonconforming uses.

Senior Planner Drill replied that the change would not create any nonconforming uses. He noted that there may be a review of the industrial districts in the future on a broader scale, as part of the upcoming comprehensive plan update.

Commissioner Olson asked for more information on a proposed change under the grading and drainage section, where the wording was replaced with "reserved".

Senior Planner Drill replied the grading and drainage provisions would be relocated elsewhere within the code, and the current citation number could be available for future use.

Commissioner Olson referenced language related to premanufactured structures and asked for more information.

Senior Planner Drill replied that many things could fall under that category, including freestanding backyard solar panels and premanufactured shed. He noted that some items do not require a building permit, but the city still wants to ensure safe installation and construction.

Commissioner Anderson asked for more information on the number of licenses issued for beekeeping, why the additional changes are proposed, and how the bees are doing in this climate.

Senior Planner Drill replied that a handful of beekeeping licenses have been issued thus far. He stated that the proposed changes would make the bee regulations more consistent with the existing regulations for chickens. He stated that the flyway barrier requirement would be removed, but the setback requirement would be increased. He noted that the current requirement for signage on residential properties is not effective or needed because a person would need to be in your backyard to read the sign. For that reason, staff is recommending removal of the sign requirement for residential properties. He thanked Plymouth resident and local bee expert Anne Pierce for her research and assistance, and noted that she could give a response regarding how the bees are doing.

Commissioner Markanda referenced minimum setback adjustments for P-I zoned properties abutting residential districts and asked for more information on the proposed changes.

Senior Planner Drill explained that in the P-I (public/institutional) district, there is currently a setback requirement of 75 feet if next to residential properties, and the proposal would decrease that setback to 50 feet. He noted that 75 feet seems excessive, and that 50 feet seems more reasonable in this setting. He stated that because the change would only apply to the P-I district, any developments would likely be city sponsored rather than commercial projects.

Chair Boo opened the public hearing.

Chair Boo introduced Anne Pierce, who supported the beekeeping amendments and provided an update on her beekeeping and hive activities, as well as the activities of her daughter's hives. She noted that between the two properties, there were four hives, and they were all lost to mites.

She stated that there were huge losses across the country for hives and other pollinators due to mites.

Chair Boo closed the public hearing.

Motion was made by Commissioner Anderson, and seconded by Commissioner Olson, to recommend approval of proposed zoning ordinance and city code amendments as presented. With all Commissioners voting in favor, the motion carried.

It was noted that this item is currently scheduled to move forward to the City Council for their consideration on February 10, 2026.

Item:	**Annual update to the zoning ordinance and city code (City of Plymouth -- 2026-001)**

1. Action Requested:

Conduct the public hearing and recommend approval of the proposed amendments to the zoning ordinance and city code.

2. Background:

Each year, the Planning Division coordinates and presents a package of amendments to: 1) update and improve existing code language, 2) make regulations more user-friendly and effective, 3) address any issues that have arisen over the past year, and 4) ensure compliance with recent changes to state law. There are not a lot of substantive/wholesale changes proposed this year, but rather, most of the proposed changes address housekeeping and maintenance of the provisions. Highlights of this year's proposed amendments include:

- Adding provisions to provide landscape standards specific to mixed-use developments with both residential and non-residential uses.
- Updating the beekeeping provisions to make them consistent with existing regulations and to better align with industry standards. Plymouth resident and bee advocate Anne Pierce is credited with, and hereby publicly thanked for, providing research information and technical assistance on the proposed revisions.
- Consolidation of "sports and fitness" uses with "indoor commercial recreation" uses, and making such uses: 1) allowed by administrative permit in the I-1 (light industrial) district; 2) allowed by conditional use permit in the I-2 (general industrial) district; and 3) prohibited in the I-3 (heavy industrial) district.
- Revising certain archaic provisions to make them gender-neutral.

The proposed amendments have been suggested by and reviewed/approved by the Development Review Committee, which consists of city staff members from Administration, Building, Forestry, Parks & Recreation, Planning/Economic Development, Public Safety, and Public Works/Engineering/Water Resources.

Notice of the public hearing was published in the city's official newspaper.

April _____2025

Dear Council Members,

I am a citizen of Plymouth who has been beekeeping since the August 2023 passage of ordinance 2117.04, Keeping of Bees. I have become very active in beekeeping circles, read voraciously on the subject, researched the internet, consulted with the UMN Bee Lab staff and recently surveyed 90 municipalities' beekeeping ordinances in the 7-county metro area (Appendix I). As a result, I am proposing changes to the existing ordinance in an attempt to simplify both administration and adherence for both the city and its beekeepers.

It is notable that little scientific research exists to inform public policy around urban beekeeping. It appears that cities frequently borrow policies and verbiage from other cities' ordinances. I believe that my proposals, based on available research, will simplify and clarify the current ordinance as well as assure improved compliance.

Issue #1 FLYWAY BARRIER

PLYMOUTH ORDINANCE:

On properties in the RSF-1, RSF-2, RSF-3 and single-family detached PUD districts, colonies shall be on the ground and located in the side or rear yard only and shall have a setback of at least 10 feet from the side or rear property lines. A 6 foot flyaway (sic) barrier shall be provided.

On P-I properties, colonies may meet either of the above conditions and are exempt from the flyaway (sic) barrier if the hives are greater than 50 feet from the property line

FLYWAY BARRIER RESEARCH :

1. The purpose of a flyway barrier is to direct bees over the height of a tall person in order to prevent stinging. Only two research studies were located which address flyway barriers. Significant findings from these studies are:
    - Flyway barriers are effective in redirecting bees' flight paths (Matsuzawa and Kohsaka);
    - A lattice fence is enough to redirect the bees' flight (Garbuzov and Ratbieks), (Matsuzawa and Kohsaka).
    - Bees typically reach their flying altitude at around 15' from the hive entrance (Matsuzawa and Kohsaka).
2. Only 48% of local ordinances require a flyway barrier and of those that do, the majority do not require one if a hive is at a given distance (ranging from 10'-50') from a property line. (Appendix I)
3. The Minnesota Hobby Beekeepers Association "Model Beekeeping Ordinance" recommends a flyway barrier if the hive is less than 16' to the property line.
4. Nationwide, ordinances vary widely, from not mentioning flyway barriers at all, to making beekeeping nearly impossible with huge setback requirements - and everything in between.

ANALYSIS OF PLYMOUTH REQUIREMENT:

1. The Plymouth ordinance requires a flyway barrier in all situations with the exception of PI zones which are exempt if hives are at least 50' from the property line.
2. This requirement is an extra and unneeded expense for the beekeeper and could result in unsightly and potentially unstable structures.
3. Plymouth has generally larger lots which render flyway barriers unnecessary in many instances. (Appendices II-IV)
4. A "one size fits all" does not allow for the many variances in lot sizes and configurations which exist in choosing a site for a bee hive. (Appendices II-IV)

ORDINANCE PROPOSALS:

1. Eliminate the flyway barrier if the hive is 15' from the property line.
2. Require a flyway barrier only if the hive is <15' from the property line.
3. Require that the hive entrance be directed away from the nearest property line unless that property is undeveloped.
4. Add provision to place hives 25' from any kenneled or otherwise restricted animal.

Quotes from reliable sources:

"Flight paths can be directed above human height by keeping hives at a high level.... Distance can also be used as foraging bees reach a height of about 6 feet in a span of 15 feet. (Matsuzawa,)" Milbrath.

"The effects on flight were weak and inconsistent, probably because even in the absence of a barrier honey bees flew relatively high, mean c. 1.6-2m. The effect of a 2m barrier was, therefore, small, raising mean flight to only c. 2.2-2.5m." (Garbuzov and Ratnieks)

"I recommend siting colonies at least 15 feet or more, from property lines. Bees leaving the colony need this distance to reach cruising altitude..." (Ellis)

"Even in the case of no barrier..., the average height in in distance classes...was 1.81 and 3.41m respectively, This indicates that even without a fence, if there is enough distance to the property boundary, nuisance to people is unlikely to occur, illustrating the effectiveness of the setback." (Matsusawa and Kohsaka)

Issue #2: SIGNAGE

PLYMOUTH ORDINANCE:

c) Signage. The licensee shall post a clearly visible warning sign indicating that a beehive is present on the property. The sign shall be between four and eight square feet and oriented towards the public, as determined by the zoning administrator. No separate sign permit is required. Industrial signage shall be located on the roof.

SIGNAGE RESEARCH:

1. Of the 47 cities in the metro area that have beekeeping ordinances, only 4 (8%) required signage.
2. Of those 4 requiring signage, none required a large sign.
3. Signage requirements:

- Mahtomedi: sign on hive w/letter 4" high: "Warning Bee Hive"
- Plymouth: between 4 and 8 SF
- St Paul: sign on hive, readable from 5' of hive
- White Bear Lake: sign on hive w/letter 4" high: "Warning Bee Hive"

4. Survey of nation-wide recommendations/ordinances shows signage is rarely required.

ANALYSIS:

1. Private property should preclude trespassing and therefore, bee encounters.
2. If nearby neighbors have been notified about the intent to place hives on a nearby lot, signage is superfluous.
3. The Minnesota Hobby Beekeepers Association "Model Beekeeping Ordinance" does not mention signage.
4. Identifying signage on a bee hive is superfluous; most people can identify a bee hive.

ORDINANCE PROPOSALS:

1. Eliminate signage requirement for private property.
2. Require signage within 25' of hives on public property.
3. Require a sign on a public trail if hive is within 25' of a public trail.
4. Require that signs be metal (or otherwise constructed of weather-proof material), traffic-size and fastened securely to prevent being blown away.
5. If the hive is on other than the beekeeper's property, require the beekeeper's contact information be attached to the hive.

Issue #3: LICENSING FEE for BEEKEEPING

CURRENT LICENSING FEES:

1. There are inconsistencies in Plymouth's regulations/applications regarding fees.
   - *Chapter X, Section 1010 Licensing, Subd. 7 Miscellaneous:*
     Chickens: $100
     Beekeeping: $100 biennial license fee (every two years)
   - *Ordinance 21170.02: (b). All chicken licenses shall be renewed every two years with no renewal fee.*
   - *Application for beekeeping license states: "I will reapply for a beekeeping license in two years (at no fee)."*

ANALYSIS:

1. Plymouth's fee for beekeeping is currently inconsistent with the fee for chickens.
2. Plymouth's beekeeping fee is among the highest in the metro area. Sixteen of the 47 municipalities which have bee ordinances had fees which could be located. Of those16, only 2 other (Coon Rapids - $115 and Fridley - $100) charged $100 or more. Many do not seem to charge at all (or the fee is nearly impossible to find); others have fees ranging from $5 - $76.
3. Dogs, which have pages of ordinances to address potential problems are not required to be licensed in Plymouth.

ORDINANCE PROPOSALS:

1. Beekeeping fee be brought into alignment with licensing fee for chickens: once, with initial application.
2. Consider lowering or eliminating the licensing fee.

I believe these proposed changes apply research regarding best practices, clarify expectations, simplify procedure, eliminate unsightly barriers, reduce cost, and maintain public safety.
I recommend that this ordinance be reviewed annually, with input from area beekeepers and neighbors.
I recommend that the application be linked to the ordinance or that a summary of the ordinance be part of the application as it is for chickens.

Please reach out with any questions you might have; I love to talk bees! Thank you for your consideration!

APPENDIX I

SURVEY OF BEE ORDINANCES IN THE 7-COUNTY METRO AREA

Anne Pierce, March 2025

FLYWAY BARRIER:

PLYMOUTH CITY ORDINANCE:

Ordinance 2023 - 09, Sect 2 (b)

Flyaway (sic) Barrier: A barrier that directs bees' flight upwards to prevent bees from flying at a height where they would intersect with a person or animal in a neighboring property. The barrier could be a solid wall, fence, dense vegetation any combination thereof that provides an obstruction through which honey bees cannot readily fly.

A six foot flyaway (sic) barrier shall be provided.

SURVEY RESULTS:

Survey of 90 metro area communities:
47 (52%) of these had ordinances re: beekeeping.
23 of the 47 (48%) had contingent requirements for flyway barriers; the rest did not.
Flyway barriers were required:

- If<50' to property line (PL) - 1 (4%)
- If <30' to PL - 2 (9%)
- If <25' to PL - 15 (65%)
- If <20' to PL - 4 (17%)
- If<10' to PL - 1 (4%)
- Required: 2 - Plymouth (except for Pl) and Lauderdale (9%)

SIGNAGE:

PLYMOUTH CITY ORDINANCE:

The licensee shall post a clearly visibly warning sign indicating the a beehive is present on the property. The sign shall be between four and eight square feet and oriented towards the public, as determined by the zoning administrator.

SURVEY RESULTS:

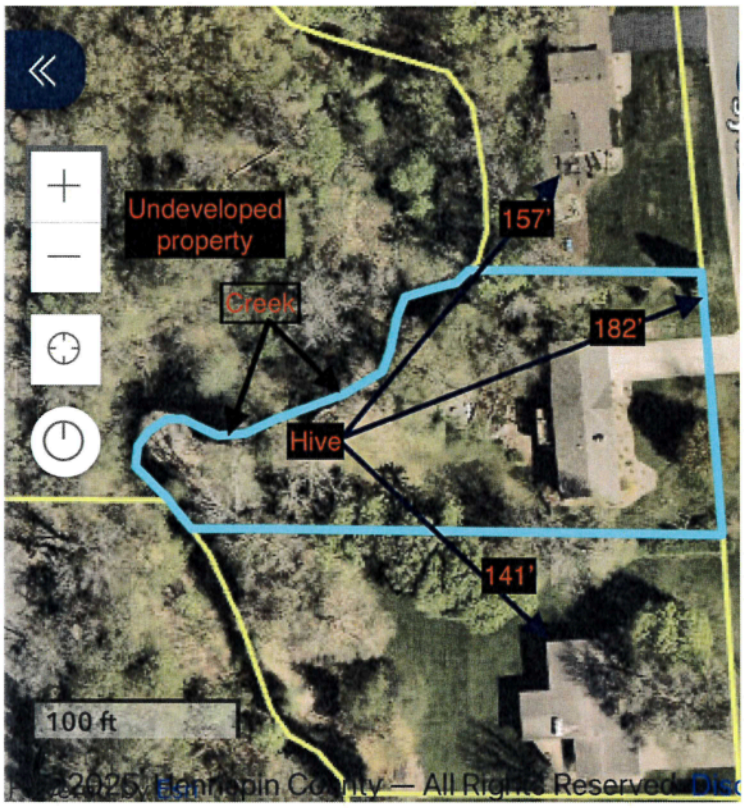
Of the 47 cities that have beekeeping ordinances:

- 4 required signage (8%)
  - Mahtomedi: sign on hive w/letter 4" high: "Warning Bee Hive"
  - Plymouth: between 4 and 8 SF
  - St Paul: sign on hive (?), readable from 5' of hive
  - White Bear Lake: sign on hive w/letter 4" high: "Warning Bee Hive"

APPENDIX II

Lot example #1

Large lot, hive in back with distances to adjoining houses. There is also a significant elevation difference from the street level to the hive location. Flyway barrier would be unnecessary as would signage.

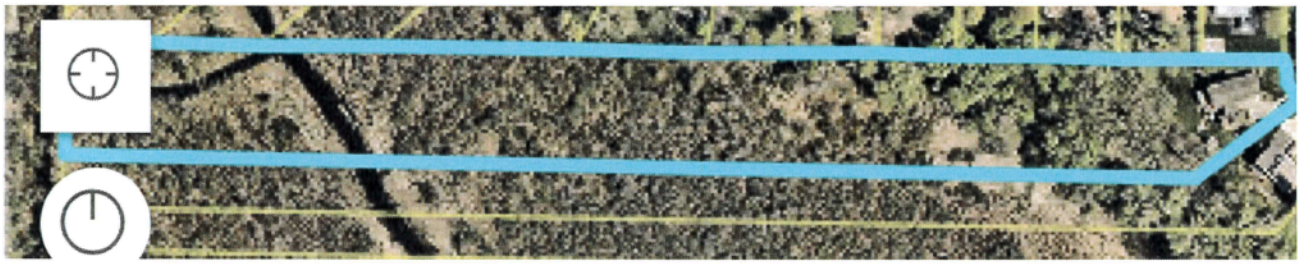


APPENDIX III

Lot example #2: 147' to nearest house. Surrounded by undeveloped property. Significant elevation difference from houses to potential hive location.

APPENDIX IV

Lot examples 3-5: Randomly chosen lots where both flyway barriers and signage would be superfluous.



CITY OF PLYMOUTH
HENNEPIN COUNTY, MINNESOTA

ORDINANCE NO. 2026-01

ORDINANCE AMENDING CHAPTER 21 OF THE PLYMOUTH CITY CODE ENTITLED THE PLYMOUTH ZONING ORDINANCE (2026001)

THE CITY OF PLYMOUTH ORDAINS:

Section 1. Legislative Formatting for Amendments. Amendments within this Ordinance are marked as follows: underlined text = new text to be added, and ~~stricken text~~ = text to be deleted. Any text without markings (i.e., not underlined or ~~stricken~~) shall remain as currently exists.

Section 2. Amendment. Section 21005.02 of the Plymouth City Code [RULES AND DEFINITIONS -- DEFINITIONS] is amended by adding (in alphabetical order), deleting, or changing the following definitions as follows, with no changes to other definitions:

~~Club, Sports and Fitness: A club or activity where membership may be required and is directed toward the general public with the commercial promotion of sports and physical fitness, including cheerleading schools, dance studios, gymnastics studios, and similar uses.~~

~~Commercial Recreation: See "Recreation, Commercial."~~

~~Recreation, Commercial: A business directed toward the general public, not requiring membership, that offers recreational entertainment such as ballrooms, billiard halls, bowling alleys, miniature golf, pickleball courts, roller rinks, and the like, excluding shooting ranges.~~

Residential Facility, State Licensed: Any facility licensed by the State of Minnesota ~~Department of Human Services~~, public or private, which for gain or otherwise regularly provides one or more persons with 24 ~~-~~hour ~~a- per~~ day ~~substitute~~ care, food, lodging, training, education, supervision, habilitation, rehabilitation, and/or treatment ~~they need, but which for any reason cannot be furnished in the person's own home~~. Residential facilities may include, but are not limited to: ~~state institutions under the control of the Commissioner of Public Welfare,~~ child or adult foster homes, halfway houses, residential treatment centers, group homes, continuing care retirement facilities, community residential settings, residential programs or schools for ~~handicapped children~~ individuals with disabilities.

~~Sports and Fitness Club: See "Club, Sports and Fitness."~~

Sports/Fitness/Commercial Recreation Business: A business that offers and promotes sports training, physical fitness, or recreational entertainment. Examples include cheerleading schools, dance

or gymnastics studios, billiard halls, bowling alleys, pickleball courts, miniature or simulated golf, roller rinks, and the like, excluding shooting ranges.

Section 3. Amendment. Section 21105.04 of the Plymouth City Code [GENERAL BUILDING AND PERFORMANCE STANDARDS -- GRADING AND DRAINAGE] is amended as follows:

21105.04. ~~- Grading and Drainage.~~ Reserved.

~~No land shall be developed and no use shall be permitted in the City that results in water runoff causing flooding, erosion, or deposit of sediment on adjacent properties which is inconsistent with the grading and erosion control plan provisions of Section 425 of the City Code.~~

Section 4. Amendment. Section 21120.02, Subd. 4 of the Plymouth City Code [ACCESSORY BUILDINGS, STRUCTURES, AND USES -- GENERAL REQUIREMENTS] is amended as follows:

Subd. 4. No building permit shall be required for detached accessory buildings containing 200 square feet in gross floor area or less, however, such buildings shall comply with all applicable regulations set forth in this Chapter. Pre-manufactured structures, regardless of size, must be installed pursuant to manufacturer specifications and in compliance with all safety codes. The gross floor area for detached accessory buildings shall include the area of roof overhangs (eaves) that extend more than 24 inches beyond the exterior walls of the building.

Section 5. Amendment. Section 21120.02, Subd. 7 of the Plymouth City Code [ACCESSORY BUILINGS, STRUCTURES, AND USES -- GENERAL REQUIREMENTS] is amended as follows:

Subd. 7. **Design and Building Materials.**

(a) Design. Except in the FRD Zoning District, all accessory buildings in excess of 200 square feet in gross floor area shall be designed to be architecturally consistent with the principal building, and shall incorporate similar or complementary design elements and colors~~, except that solariums and greenhouses (attached or detached) shall be exempt from this provision~~.

(b) Building Materials.

(1) Except in the FRD Zoning District and except as may be allowed by paragraph (4) below, all accessory buildings in excess of 200 square feet in gross floor area shall incorporate similar or complementary building materials to those used on the principal building~~, except that solariums and greenhouses (attached or detached) shall be exempt from this provision~~.

(2) Accessory buildings and structures constructed primarily of canvas, plastic fabric, or other similar non-permanent building materials shall be prohibited, except that structures used exclusively as greenhouses containing 200 square feet in gross floor area or less shall be exempt from this provision.

(3) Quonset-hut type accessory buildings and structures shall be prohibited in the RSF and RMF Districts.

(4) Non-residential uses allowed in the residential districts may be allowed to have an all metal or fiberglass accessory building in excess of 200 square feet by conditional use permit, provided the building is located in the rear yard and is screened and landscaped from adjacent residentially zoned or used property and public rights-of-way in accordance with Section 21130 of this Chapter.

Section 6. Amendment. Section 21120.02, Subd. 8 (a) (4) of the Plymouth City Code [ACCESSORY BUILINGS, STRUCTURES, AND USES -- GENERAL REQUIREMENTS] is amended as follows:

(4) The trash receptacles shall be fully screened ~~from view of adjacent properties and the public right-of-way~~ and enclosed on all sides.

Section 7. Amendment. Section 21120.02, Subd. 8 (b) of the Plymouth City Code [ACCESSORY BUILINGS, STRUCTURES, AND USES -- GENERAL REQUIREMENTS] is amended as follows:

(b) Except as otherwise provided, new multifamily dwellings buildings shall provide an internal trash and recycling area in conformance with the following:

~~(1) Exterior wall treatment shall be similar and/or complement the principal building.~~

(~~2~~1) The entrance shall be in an accessible location for servicing vehicles and shall not conflict with site circulation. The entrance shall not be in the front yard or visible from adjacent residential properties, unless approved by the Zoning Administrator.

(~~3~~2) The design and construction shall be subject to the approval of the Building Official.

(~~4~~3) Recycling space shall be provided. Future space for compost shall be identified.

(~~5~~4) Noise emanating from collection activities shall be minimized so as not to constitute a nuisance as defined and regulated by Section 2010 of the City Code.

Section 8. Amendment. Section 21120.02, Subd. 9 of the Plymouth City Code [ACCESSORY BUILINGS, STRUCTURES, AND USES -- GENERAL REQUIREMENTS] is amended by adding new Item (e) after existing Item (d) as follows:

(e) Carports shall not be finished with metal, aluminum, or similar materials unless such finish(s) would match the design and materials of the principal building.

Section 9. Amendment. Section 21120.03, Subd. 1 of the Plymouth City Code [ACCESSORY BUILDINGS, STRUCTURES, AND USES -- RESIDENTIAL USES] is amended as follows:

Subd. 1. In the FRD and RSF Zoning Districts and for single-family detached dwellings in the RMF and PUD Zoning Districts, and except as otherwise further limited herein, no detached accessory building shall equal more than 30 percent of the area of the rear yard or contain over 700 square feet in gross floor area, whichever is less. Greenhouse structures shall not contain over 200 square feet in gross floor area. The exception is that in the FRD district, a detached accessory building may exceed ~~700 square feet in gross floor area~~ the maximum sizes specified herein upon issuance of a conditional use permit.

Section 10. Amendment. Section 21130.02 of the Plymouth City Code [FENCING/SCREENING/LANDSCAPING – GENERAL LANDSCAPING AND MAINTENANCE] is amended as follows:

21130.02. - General Landscaping and Maintenance.

All exposed ground areas within the lot that are not devoted to off-street parking, drives, sidewalks, patios, or other such improvements shall have or shall be covered with topsoil with an average depth of at least four inches and landscaped with grass, shrubs, trees, or other ornamental landscape materials on the date of building occupancy or within one year after the building permit is issued, whichever occurs first. All exposed ground areas within the street boulevard abutting the lot that are not devoted to driveways, sidewalks, or trails shall have or shall be covered with topsoil with an average depth of at least four inches and landscaped with grass on the date of building occupancy or within one year after the building permit is issued, whichever occurs first. The Zoning Administrator may alter the schedules in the case of demonstrated hardship due to sources beyond the control of the permittee or property owner (including weather conditions, reasonably unforeseen material, equipment or labor shortages; continuing presence of large construction equipment actively involved in the project) upon request of the permittee or property owner. In the event the time period defined above falls between November 1 and May 30, the permittee or property owner shall have until the upcoming July 1 to complete the landscaping. All landscaped areas shall be kept neat, clean and uncluttered, and where landscaping is required as part of City approvals, any plant material which is diseased or dies shall be replaced with like kind of the original size. No landscaped area shall be used for the parking of vehicles or for the storage or display of materials, supplies or merchandise, unless otherwise authorized by this Chapter. Fences and/or plantings placed upon utility easements are

subject to removal by the City or utility company if required for maintenance or improvement of the utility. In such case, costs for removal and replacement shall be the responsibility of the property owner. Trees on utility easements containing overhead wires shall not exceed 15 feet in height, and such trees shall be the property owner's responsibility to maintain. Grass, weed, and vegetation elimination employing solarization, occultation, or similar methods shall cease after 6 weeks, and vegetation re-established via sodding or seeding. Erosion control measures may be required until new vegetation has been established.

Section 11. Amendment. Section 21130.03, Subd. 2 (c) of the Plymouth City Code [FENCING/SCREENING/LANDSCAPING – REQUIRED FENCING, SCREENING AND LANDSCAPING] is amended as follows:

(c) Number of Trees. The minimum number of new trees on any given site shall be as follows:

(1) Residential Uses. Single~~-~~family and two~~-~~family dwellings shall require two trees (may be new trees or preserved pre-existing trees) within the front yard, at least one of which must be an overstory tree. Townhouse dwellings, manor home dwellings, and manufactured home parks shall require a minimum of two new overstory trees per dwelling unit. Apartment developments shall require trees as follows:

a. Developments with 50 or fewer dwelling units shall require a minimum of two new overstory trees per dwelling unit~~;~~.

b. Developments with more than 50 dwelling units shall require a minimum of 1.5 new overstory trees per dwelling unit~~; and~~.

c. Developments within the RMF-5 district shall require 0.75 new overstory trees per dwelling unit.

d. If the planting provision results in overcrowding, as determined by the City, the developer may plant fewer trees on the site, provided a cash fee in accordance with Section 530 of the City Code is deposited in the Community Planting Fund to make up the difference between the trees required by this provision and the trees actually planted on the site.

(2) Mixed Land Uses. Mixed Land Uses shall require trees as follows:

a. The residential portion(s) of the mixed-use development shall require 0.75 new overstory trees per dwelling unit.

~~b.~~

~~c.~~b. The non-residential portion(s) of the mixed-use development shall follow the requirements specified in Items (3) and (4) below of this subsection, as applicable.

~~d.~~

c. If the planting provision results in overcrowding, as determined by the City, the developer may plant fewer trees on the site, provided a cash fee in accordance with Section 530 of the City Code is deposited in the Community Planting Fund to make up the difference between the trees required by this provision and the trees actually planted on the site.

(~~2~~3) Non-Residential Uses — New Development. New non-residential developments or uses shall require at a minimum the greater of:

a. One new overstory tree per 50 lineal feet of site perimeter; or

b. One new overstory tree per 1,000 square feet of gross building floor area. If the floor area ratio (FAR) for the site would be 0.5 or greater, the developer may plant fewer trees on the site than required by this provision to prevent overcrowding, provided a cash fee in accordance with Section 530 of the City Code is deposited in the Community Planting Fund to make up the difference between the trees required by this provision and the trees actually planted on the site.

(~~3~~4) Non-Residential Uses — Expansion to Existing Development. Expansion of existing non-residential developments or uses shall require at a minimum one new overstory tree per 1,000 square feet of expanded gross floor area.

(~~4~~5) Overstory Trees/Equivalency. Up to 50 percent of the required number of overstory trees on a site may be substituted with an equivalent number of understory trees or shrubs. In such case, three understory trees or ten shrubs shall be equivalent to one overstory tree.

Section 12. Amendment. Section 21130.05, Subd. 3 of the Plymouth City Code [FENCING/SCREENING/LANDSCAPING -- SCREENING OF MECHANICAL EQUIPMENT] is amended as follows:

Subd.3. Rooftop mechanical equipment less than three feet in height~~,~~ shall be exempt from the screening requirements of Section 21130.05, Subd. 2. of this Chapter.

Section 13. Amendment. Section 21135.06, Subd. 1 of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- OFF-STREET PARKING RESTRICTIONS] is amended as follows:

Subd. 1. **Prohibited Parking and Storage.** Except where otherwise allowed as exterior storage or in a zoning district, trucks and buses with a gross vehicle weight rating (GVWR) of 12,000 pounds or more, or greater than 30 feet in length, as well as contracting or excavating vehicles or equipment, storage trailers, and mobile storage containers or

compartments shall not be parked, stored or otherwise located on any property within the City, unless:

(a) being used in conjunction with a temporary service benefiting the premises, for a period not to exceed 30 days. ~~, benefiting the premises or~~ Any such storage trailers and mobile storage containers or compartments shall be removed from the property within 15 days after completion of the temporary service.

~~(b)~~

(b) being used in conjunction with ~~not to exceed 180 days for~~ a construction or remodeling project for which a building permit~~s have~~ has been issued, for a period not to exceed 180 days unless ~~approved~~ otherwise extended by the Zoning Administrator. Any such ~~S~~storage trailers ~~or~~ and mobile storage containers or compartments ~~used in conjunction with a temporary service shall be removed from the site within 15 calendar days after completion of the temporary service or~~ shall be removed from the property upon completion of the project or within one year from the date ~~issuance date of~~ the building permit was issued~~related to the temporary service~~, whichever occurs first.

Section 14. Amendment. Section 21135.07, Subd. 3 (a) of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- PARKING AREA DESIGN] is amended as follows:

(a) Front, side, and rear setback requirements for off-street parking areas shall be consistent with the applicable provisions of Section 21135.07, Subd. 5~~.e~~ (f).

Section 15. Amendment. Section 21135.07, Subd. 5 (b) of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- PARKING AREA DESIGN] is amended as follows:

(b) Parking Space Size. All required off-street parking spaces shall comply with the minimum dimension requirements of Section 21135.07, Subd. 5~~.e~~ (f) of this Chapter.

Section 16. Amendment. A new Section 21135.07, Subd. 5, Item (f) of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- PARKING AREA DESIGN] is added as follows after Item (e) of that subsection and before the "PARKING LOT DIAGRAM", with re-lettering of the current Item (f) to Item (g) and re-lettering of all subsequent Items (g) through (r) of that subsection to Items (h) through (s), respectfully and accordingly:

(f) Dimensional Requirements. Unless otherwise specified in this Chapter, the parking stall, drive aisle, and driveway design required for off-street parking shall comply with the following minimum standards:

Section 17. Amendment. Both Items K**, Item N, and the footers of the Parking Dimension Table in Section 21135.07, Subd. 5, new Item (f) of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- PARKING AREA DESIGN] are amended as follows:

Front yard setback of parking to lot line	K**	R Districts – Residential Uses (excludes 1 & 2 Family Uses)	20
		R Districts – ~~Non-Residential~~ Non-Residential Uses	20
		Commercial and ~~P/I~~ P-I Districts	20
		Industrial Districts	25
Side and rear yard setback of parking to lot line	K**	R Districts – 1 & 2 Family Uses	~~3~~6**
		R Districts – Other Residential Uses	10
		R Districts – ~~Non-Residential~~ Non-Residential Uses	20
		Commercial and ~~P/I~~ P-I Districts	20***
		Industrial Districts	20***

Side and rear lot line to drive	N	R Districts – 1 & 2 Family Uses	~~3~~6****
		R Districts – Other Residential Uses	10
		R Districts – ~~Non-Residential~~ Non-Residential Uses	30
		Non-Residential Districts	15***

* Required handicap stalls and ramps shall be per State Code.

** Except that parking shall not occur within any established drainage or utility easement unless approved by the City Engineer - refer to Section 21135.08, Subd. 5.

*** Joint or combined parking facilities on separate lots as authorized and when constructed adjacent to a common lot line separating two or more parking lot areas are not required to observe the parking/drive aisle setback from such common lot line.

**** Except that the setback for lots with frontage on cul-de-sac turnarounds may be less than ~~three~~ six feet for that portion of the lot located within 15 feet of such cul-de-sac turnaround.

***** Except that entry vestibules containing less than 120 square feet may encroach up to seven feet into this setback provided there are no exit doors on the vestibule wall that directly faces toward the parking area, and except that drive aisles do not need to be set back from walls containing bank teller or drive-thru drop-off/pickup windows.

Section 18. Amendment. Re-lettered Item (k) [formerly Item (j)] of Section 21135.07, Subd. 5 of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- PARKING AREA DESIGN] is amended as follows:

(~~j~~k) Curb Cut Maximum. For single-family detached uses, curb cut access for driveways shall not exceed 24 feet in width within the public right-of-way, except upon approval by the Zoning Administrator. For all other uses, curb cut access for driveways shall not exceed 36 feet in width within the public right-of-way, except upon approval by the Zoning Administrator.

Section 19. Amendment. Re-lettered Item (l) [formerly Item (k)] of Section 21135.07, Subd. 5 of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- PARKING AREA DESIGN] is amended as follows:

(~~k~~l) Curb Cut Spacing Minimum. Except as may otherwise be provided in this Section, ~~Curb~~ curb cut openings for residential uses shall be located at a minimum of ~~three~~ six feet from the side yard lot line (as extended at a right angle to the street), ~~in residential districts~~ and curb cut openings for non-residential uses shall be located a minimum of ten feet from the side lot line (as extended at a right angle to the street)~~in all other districts~~.

Section 20. Amendment. Section 21135.08, Subd. 5 (a) of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- LOCATION] is amended as follows:

(a) Within ~~three~~ six feet of any side or rear lot line.

Section 21. Amendment. Section 21135.11, Subd. 1 of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- NUMBER OF OFF-STREET PARKING SPACES REQUIRED] is amended as follows:

Subd. 1. Residential:	
Single Family Dwelling	2
Two Family Dwellings	2 per unit
Townhouses and Manor Homes	2.5 ~~fee free~~ spaces per unit, of which 2 must be enclosed, plus 1 guest parking space for every 4 units
Apartment Dwellings	1.8 ~~fee free~~ spaces per unit, of which 1 must be enclosed (note that the City Center District has different parking standards -- refer to Section 21475.09 of this Chapter)
Housing for Elderly	1.5 per unit

Section 22. Amendment. Section 21135.11, Subd. 3 of the Plymouth City Code [OFF-STREET PARKING AND LOADING -- NUMBER OF OFF-STREET PARKING SPACES REQUIRED] is amended as follows:

Subd. 3. Non-Residential:	
Animal Hospitals or Kennels	5, plus 1 per 500 square feet of floor area over 1,000 square feet
Automobile Washes:	Determined by the type of automobile wash as listed below:
Automatic Drive Through Service	5 total or 1 per employee on maximum shift, whichever is greater
Self-Service Car Wash	1 per bay
Motor Fuel Station Automobile Washes	1 in addition to that required for the station
Beauty Shops	2 per beauty chair/station
Bowling Alleys	5 per bowling lane, plus additional spaces as may be required herein for related uses contained within the principal structure

Day Care Facilities	1 per employee, plus 1 per 6 individuals of licensed capacity
Drive-In or Drive-Through Restaurants	1 per 2.5 seats, plus 1 per 15 square feet of public service and counter area
Furniture Sales	1 per 400 square feet of floor area for the first 25,000 square feet, plus 1 per each 600 square feet thereafter
Laboratories	1 per 350 square feet of floor area
Manufacturing	1 per employee on the major shift or 1 per 350 square feet, whichever is less, plus 1 per company motor vehicle on the premises
Medical, Chiropractic, or Dental Offices or Clinics	1 per 200 feet of floor area
Motels, Hotels, Lodging or Boarding Houses	1 per sleeping unit, plus 1 per day shift employee, plus 1 per 40 square feet devoted to meeting or banquet rooms
Motor Fuel Stations	4, plus 2 per service stall. Those facilities designed for sale of other items than strictly automobile products, parts or service shall be required to provide additional parking in compliance with other applicable sections of this Chapter.
Office Buildings (Administrative/ Commercial) and Banks	1 per 250 square feet of floor area for the first 100,000 square feet, plus 1 per 350 square feet of floor area thereafter
Restaurants, Private Clubs, Food Dispensing Establishments (Except Drive-In or Drive-Through Restaurants)	1 per 40 square feet of floor area of dining and bar area, plus 1 per 80 square feet of kitchen area.

The number of parking spaces provided shall not exceed the minimum requirement by more than 10 percent, unless authorized under Section 21135.12.
Retail Sales and Service Business with 50 Percent or More of Gross Floor Area Devoted to Storage, Warehouses, and/or Industry	8 total, or 1 per 200 square feet devoted to public sales/service plus 1 per 500 square feet of storage area, whichever is greater

Shopping Centers	1 per 200 square feet of leasable floor area for the first 100,000 square feet, plus 1 per 350 square feet of leasable floor area thereafter. The number of parking spaces provided shall not exceed the minimum requirement by more than 10 percent, unless authorized under Section 21135.12.
Sports/ ~~and~~ Fitness/Commercial Recreation Businesses ~~Clubs~~	1 per 300 square feet of floor area
Warehousing	1 per 2 employees on the largest shift or 1 per 2,000 square feet of floor area, whichever is greater.
Wholesale Showrooms	1 per 500 square feet of floor area

Section 23. Amendment. Section 21155.06, Subd. 5 of the Plymouth City Code [SIGN REGULATIONS -- DISTRICT REQUIREMENTS] is amended to make "CC (City Center) Districts" the singular "CC (City Center) District" in the title line of said Subd. 5, with no changes to remaining items (a) through (e) beyond, as follows:

Subd. 5. **CC (City Center) District~~s~~.** Signs are accessory to permitted, interim, and conditional uses in the District. Only the following signs are permitted in this district, unless otherwise specifically provided in this Section:

Section 24. Amendment. Section 21170.01 of the Plymouth City Code [ANIMALS -- KEEPING ANIMALS] is amended as follows:

21170.01. - Keeping Animals.

The following animals may be kept in the City:

Subd. 1. Domestic animals, except chickens and bees, are allowed in all zoning districts, as regulated by ~~Chapter IX~~ Section 915 of the City Code.

Subd. 2. In all ~~residential~~ zoning districts except FRD, the raising or keeping of animals of any type for slaughter is prohibited.

Subd. 3. The keeping of horses, including miniature horses, is an allowed use in the FRD district provided:

(a) The minimum lot size is two and one-half (2.5) acres.

(b) The number of horses does not exceed one (1) per acre to a maximum of six (6) horses, unless a higher number is granted by the issuance of an interim use permit.

Subd. 4. Except as ~~provided~~ allowed in the FRD district and except as ~~allowed~~ otherwise permitted under Sections 21170.02 ~~and~~through 21170~~.03~~04 of this Chapter, farm animals (including miniatures) are prohibited in the City. In the FRD district, any pen, pasture, paddock, feedlot or building designed to confine a farm animal shall be located not less than 100 feet away from any residential dwelling that is not owned or leased by the person owning the farm animal.

Subd. 5. Animals being kept as part of the Minnesota Zoological Gardens, St. Paul Como Zoo, or similar institutional docent programs are an allowed use in all zoning districts by administrative permit. Prior to permit issuance, the participant in the program shall notify the Zoning Administrator in writing of their participation in the program and identify all animals being kept.

Subd. 6. No animal feedlots shall exceed six (6) animal units as defined by Minnesota Rules 7020.0300, Subd. 5.

Subd. 7. Animals may only be kept for commercial purposes if authorized in the zoning district where the animals are located.

Subd. 8. Animals may not be kept if they cause a nuisance as defined by the City Code or endanger the health or safety of the community.

~~Subd. 9. Except as may be allowable by interim use permit in the FRD district, commercial dog kennels are prohibited in the City.~~

Subd. ~~10~~9. The keeping of wild animals shall be regulated in accordance with Section 915.29 of the City Code.

Section 25. Amendment. Section 21170.02 of the Plymouth City Code [ANIMALS -- KEEPING OF CHICKENS] is amended as follows:

21170.02. - Keeping of Chickens.

Subd. 1. ~~Licensing Requirement.~~ **License Required.** No person shall have chickens within the City of Plymouth without first obtaining a ~~chicken license~~ Chicken License. The procedures and fees for such license shall be as set forth in Chapter X~~,~~ entitled "Licenses and Permits; Procedures and Fees" of the City Code. The licensing process shall be as follows:

(a) A Chicken License shall only be granted for use in the RSF-1, RSF-2, RSF-3, and single-family detached PUD zoning districts. Chickens kept in association with veterinary hospitals or educational institutions shall not require a license.

(~~a~~b) ~~Information~~ Application Requirements.

(1) ~~A license for the keeping of chickens shall be required and re-applied for every two years in the RSF-1, RSF-2, RSF-3, and single-family detached PUD zoning districts.~~ A license application shall be signed by the property owner.

(2) An application~~, shall include the~~ submittal of a proposed site plan and building plan ~~with~~ showing location and specifics of the coop and attached run and ~~the~~ setbacks from all property lines and structures, including ~~those~~ structures on adjacent properties.

(3) Evidence of completion of a chicken keeping course from the University of Minnesota or other comparable institution.

(~~b~~c) Term of License. A Chicken ~~licenses~~ License, once issued, shall be valid for a two-year term from the date of issuance. The holder of a license shall apply for renewal every two years in order to maintain ~~their~~ the license. There is no renewal fee.

(~~c~~d) ~~Any selling~~ Selling of eggs or chickens from the ~~home~~ premises ~~would~~ requires a ~~separated~~ separate home occupation license ~~process~~ pursuant to Section 21145 of this Chapter, in addition to any requirements ~~from~~ of the Minnesota Department of Agriculture's Dairy and Food Inspection Division ~~regulations~~.

(e) The City hereby reserves the right upon issuance of any Chicken License to inspect the premises upon which the chickens are kept to ensure compliance with the provisions of this Section and any conditions additionally imposed. The City reserves the right to suspend or revoke any Chicken License based on failure to comply with this Section or relevant City Code sections, in accordance with the licensing procedures specified in Section 1005 of the City Code.

Subd. 2. **Limit to Number of Hens Permitted/Roosters Prohibited.** Except for ~~hens associated~~ chickens kept in association with veterinary hospitals~~, animal shelters, and~~ or educational institutions, ~~or located within the FRD district,~~ no ~~person~~ property shall ~~keep~~ house more than six hens ~~in the RSF-1, RSF-2, RSF-3, and single-family detached PUD zoning districts~~ unless located in the FRD zoning district. Roosters ~~shall be~~ are prohibited unless located in the FRD zoning district.

Subd. 3. **Confinement.**

(a) All hens kept in the City shall be entirely confined in a run, coop, building, or other enclosure at all times unless supervised.

(b) Chickens shall not be ~~housed~~ kept inside a ~~residential house~~ home or inside an attached or detached garage, except chickens under the age of six weeks for brooding purposes.

Subd. 4. **Structure.**

(a) Location. The coop and attached run shall be located in the rear yard and shall be set back a minimum of 20 feet from any property line. The coop and attached run shall not be located within any drainage ~~and~~ or utility easement~~, or~~ wetland, wetland buffer, or wetland structure setback area.

(1) On corner lots, coops and runs shall not be located in any required front yard.

(2) On lots with equivalent yards, coops and runs shall not be located in any required front yard.

(b) Size and ~~n~~Number.

(1) Only one coop and attached run, with a maximum height of ten feet shall be allowed per property.

(2) Total area for coop and covered run shall be limited to no more than 120 square feet in area.

(c) Maintenance of Sanitary Conditions. All runs, coops, buildings, yards, or enclosures for hens shall be kept clean, sanitary, and free from all refuse. Such areas shall be thoroughly cleaned at least once every week, and all refuse shall be disposed of in a clean and sanitary fashion.

(d) Storage of Food. All feed for hens shall be kept in rodent-proof containers.

Section 26. Amendment. Section 21170.04 of the Plymouth City Code [ANIMALS -- KEEPING OF BEES] is amended as follows:

21170.04 - Keeping of Bees.

Subd. 1. **License Required.** No person shall have bees within the City of Plymouth without first obtaining a Beekeeping License. The procedures and fees for such license shall be as set forth in Chapter X~~,~~ entitled "Licenses and Permits; Procedures and Fees" of the City Code.

Subd. 2. **Licensing Process.**

(a) A Beekeeping License shall only be granted for use in RSF-1, RSF-2, RSF-3, single-family detached PUD, I-1, I-2, 1-3, and P-I zoning districts, and on city-owned properties regardless of zoning designation.

(b) Application Requirements.

(1) A license application shall be signed by the property owner and shall include the submittal of a proposed site plan and hive plan with the location and specific including details of about the hives, and setbacks from all property lines and structures, including those structures on adjacent properties. The application shall also denote provide information about who the proposed beekeepers would be, if different from the property owner. Any change in this information shall require a new application to the City.

(2) Evidence of completion of the "Beekeeping in Northern Climates" course from the University of Minnesota or other comparable institution.

(3) A bee management plan must accompany the application, including plans for swarm management, mite and disease treatment, and native pollinator preservation.

(c) Upon receipt of a beekeeping application, the City shall follow the process for Home Occupations under Section 21145. Term of License. A Beekeeping License, once issued, shall be valid for a two-year term from the date of issuance. The holder of the license shall apply for renewal every two years in order to maintain the license. There is no renewal fee.

(d) Any selling Selling of honey from the home premises would requires a separate home occupation license process pursuant to sSection 21145 of this Chapter, in addition to any requirements from of the Minnesota Department of Agriculture's Dairy and Food Inspection Division regulations.

(e) The City hereby reserves the right upon issuing issuance of any bBeekeeping lLicense to inspect the premises in upon which the beeskeeping is being conducted are kept to ensure compliance with the provisions of this sSection, or and any conditions additionally imposed. The City reserves the right to suspend or revoke any bBeekeeping lLicense based on failure to comply with this sSection or relevant City Code sections, in accordance with the licensing procedures specified in Section 1005 of the City Code.

Subd 3. **Hive Requirements.** Any person keeping bees within the City of Plymouth under a license granted under by this section shall comply with the following requirements:

(a) Location.

(1) Superseding the location regulations otherwise specified in subsection (2) below, hives shall be set back a minimum of 25 feet from any kenneled or otherwise restricted animal whether on the premises or on an adjacent property.

~~a.~~(2) ~~On~~ For properties in the RSF-1, RSF-2, RSF-3, and single-family detached PUD districts, ~~colonies~~ hives shall be: i) located on the ground, ~~and~~ ii) located in the side or rear yard areas ~~only~~, and ~~shall have a~~ iii) set back ~~of at least 10~~ a minimum of 20 feet from ~~the~~ side ~~or~~ and rear property lines. ~~A 6 foot flyaway barrier shall be provided.~~

~~b.~~(3) ~~On~~ For properties in the I-1, I-2, and I-3 districts, ~~colonies~~ hives shall be: i) located on rooftops, ii) set back a minimum of 20 feet from property lines; and iii) placed in ~~the most secluded possible~~ a location~~,~~ as determined by the Zoning Administrator.

~~c.~~(4) ~~On~~ For P-I zoned properties and for city-owned properties, ~~colonies may meet either of the above conditions and are exempt from the flyaway barrier if the hives are greater than 50 feet from the property line.~~ hives may be located on the ground or on rooftops, and shall be set back a minimum of 20 feet from property lines and public trails.

(b) Water Source. An appropriate water source shall be provided within 10 feet of ~~each colony~~ any hive unless a natural water source exists within 25 feet of the hive.

(c) Warning Signage. ~~The licensee shall post a clearly visible warning sign indicating that a beehive is present on the property. The sign shall be between four and eight square feet and oriented towards the public, as determined by the zoning administrator. No separate sign permit is required. Industrial signage shall be located on the roof.~~

(1) No signage is required for hives located in the RSF-1, RSF-2, RSF-3, and single-family detached PUD districts.

(2) For hives located in the I-1, I-2, or I-3 districts, signage shall be required near the rooftop access point(s) in locations approved by the Zoning Administrator. Such signage shall comply with Item (4) below of this subsection.

~~(3)~~

~~(4)~~(3) For hives located in the P-I district and for hives located on city-owned property, signage shall be required: i) near the hives, ii) near and oriented toward any public trails within 25 feet of the hives, and iii) near and oriented

toward any lot line within 25 feet of the hives. Such signage shall comply with Item (4) below of this subsection.

~~(5)~~

(4) Required signage. Required signage shall: i) indicate that beehives are located on the property, ii) have lettering with a minimum height of three inches, iii) be clearly visible, iv) be constructed of metal, or other weatherproof material as may be approved by the Zoning Administrator, and v) be securely fastened. No separate sign permit is required for such signage.

(d) Maximum Number of Hives Allowed.

~~a.~~(1) ~~For properties in the~~ RSF-1, RSF-2, RSF-3, and single-family detached PUD ~~districts, each property~~ zoned properties may be allowed up to two hives at initial permit submission, with the potential to increase to four hives in ~~the~~ spring of the following year to accommodate hive expansion.

~~b.~~(2) ~~For properties in the~~ I-1, I-2, I-3, and P-I ~~districts~~ zoned properties and city-owned properties~~, each property~~ may be allowed up to 8 hives at initial permit submission, with the potential to increase to 16 hives in the spring of the following year to accommodate hive expansion. Each grouping of 16 hives must be located at least 1 mile away from any other grouping of 16 hives.

(e) Neighborhood Beekeeping. ~~Common spaces on residential, homeowners~~ Homeowners' association maintained common properties~~, properties zoned Public/Institutional, or properties owned by the City,~~ within single-family detached subdivisions are eligible for a beekeeping license ~~if~~provided:

~~a.~~(1) All ~~other~~ requirements of this section are met.

~~b.~~(2) One main beekeeper shall be identified as an ongoing point of contact, willing to respond to any questions or concerns with the ongoing operations of the hive~~(s)~~, and with their contact information securely attached to the hives.

~~c.~~(3) The ~~colony is~~ hives are located a minimum of ~~50~~ 25 feet from public trails.

Section 27. Amendment. Section 21185 of the Plymouth City Code [LAND FILLING AND LAND EXCAVATION/GRADING OPERATIONS] is amended by adding new Subsection 21185.005 before existing Subsection 21185.01, as follows:

21185.005. - Filling, Excavation, or Grading; Impact on Drainage.

Subd. 1. Regardless of whether or not a permit is required by Subsection 21185.01 below of this Chapter, no land shall be developed or altered, and no use shall be permitted, in a manner that results in water runoff causing flooding, erosion, or deposit of sediment on adjacent properties inconsistent with the grading and erosion control plan provisions of Section 425 of the City Code.

Subd. 2. Regardless of whether or not a permit is required by Subsection 21185.01 below of this Chapter, no person shall fill, excavate, grade, or otherwise alter the grade elevations of the land within a drainage easement, including but not limited to the removal or addition of soil, landscaping, or other materials, without first obtaining approval from the City Engineer of a revised grading/erosion control plan under the provisions of Section 425 of the City Code. Except as may otherwise be approved by the City Engineer, drainage patterns within a drainage easement area must be maintained, and no actions shall be taken that would impede or alter the flow of stormwater.

Section 28. Amendment. Section 21194.09, Subd. 2 (b) of the Plymouth City Code [CANNABIS -- REGISTRATION OF CANNABIS BUSINESSES] is amended as follows:

(b) Pursuant to Minn. Stat. 342, within 30 days of receiving a copy of a state license application from the State of Minnesota's Office of Cannabis Management (OCM), the City of Plymouth shall certify on a form provided by OCM whether a proposed cannabis retail business complies with local zoning ordinances and, if applicable, whether the proposed business complies with the state fire code and building code.

Section 29. Amendment. Section 21194.09, Subd. 6 (a) of the Plymouth City Code [CANNABIS -- REGISTRATION OF CANNABIS BUSINESSES] is amended as follows:

(a) The ~~City of Plymouth~~ license holder shall apply to the City of Plymouth annually for registration renewal ~~an annual registration~~ of a state-licensed cannabis retail business ~~at the same time~~ in conjunction with OCM ~~renews~~ renewal of the cannabis retail business' license.

Section 30. Amendment. Section 21350.07, Subd. 10 (b) of the Plymouth City Code [FRD, FUTURE RESTRICTED DEVELOPMENT DISTRICT -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 Zoning District.

Section 31. Amendment. Section 21355.07, Subd. 12 (b) of the Plymouth City Code [RSF-1, SINGLE FAMILY DETACHED DWELLING DISTRICT 1 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 Zoning District.

Section 32. Amendment. Section 21355.11, new Subd. 9 of the Plymouth City Code [RSF-1, SINGLE FAMILY DETACHED DWELLING DISTRICT 1 -- USES BY ADMINISTRATIVE PERMIT] is added as follows, and the previous Subd. 9 (pertaining to temporary structures) is re-numbered as Subd. 10 as follows:

Subd. 9. Temporary outdoor events and sales related to allowable non-residential uses, as regulated by Section 21460.11, Subd. 10 of this Chapter -- pertaining to such temporary events and sales in the C-2 (neighborhood commercial) zoning district.

Subd. ~~9~~10. Temporary structures, as regulated by Section 21167 of this Chapter.

Section 33. Amendment. Section 21360.07, Subd. 10 (b) of the Plymouth City Code [RSF-2, SINGLE FAMILY DETACHED DWELLING DISTRICT 2 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 Zoning District.

Section 34. Amendment. Section 21360.11, new Subd. 9 of the Plymouth City Code [RSF-2, SINGLE FAMILY DETACHED DWELLING DISTRICT 2 -- USES BY ADMINISTRATIVE PERMIT] is added as follows, and the previous Subd. 9 (pertaining to temporary structures) is re-numbered as Subd. 10 as follows:

Subd. 9. Temporary outdoor events and sales related to allowable non-residential uses, as regulated by Section 21460.11, Subd. 10 of this Chapter -- pertaining to such temporary events and sales in the C-2 (neighborhood commercial) zoning district.

Subd. ~~9~~10. Temporary structures, as regulated by Section 21167 of this Chapter.

Section 35. Amendment. Section 21365.07, Subd. 10 (b) of the Plymouth City Code [RSF-3, SINGLE FAMILY DETACHED DWELLING DISTRICT 3 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted accessory use within the ~~C-1~~ C-2 District.

Section 36. Amendment. Section 21365.11, new Subd. 8 of the Plymouth City Code [RSF-3, SINGLE FAMILY DETACHED DWELLING DISTRICT 3 -- USES BY ADMINISTRATIVE PERMIT] is added as follows, and the current Subd. 8 (pertaining to temporary structures) is re-numbered as Subd. 9 as follows:

Subd. 8. Temporary outdoor events and sales related to allowable non-residential uses, as regulated by Section 21460.11, Subd. 10 of this Chapter -- pertaining to such temporary events and sales in the C-2 (neighborhood commercial) zoning district.

Subd. ~~8~~9. Temporary structures, as regulated by Section 21167 of this Chapter.

Section 37. Amendment. Section 21370.07, Subd. 11 (b) of the Plymouth City Code [RSF-4, SINGLE AND TWO FAMILY DWELLING DISTRICT -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 District.

Section 38. Amendment. Section 21370.11, new Subd. 7 of the Plymouth City Code [RSF-4, SINGLE AND TWO FAMILY DWELLING DISTRICT -- USES BY ADMINISTRATIVE PERMIT] is added as follows:

Subd. 7. Temporary outdoor events and sales related to allowable non-residential uses, as regulated by Section 21460.11, Subd. 10 of this Chapter -- pertaining to such temporary events and sales in the C-2 (neighborhood commercial) zoning district.

Section 39. Amendment. Section 21375.07, Subd. 13 (b) of the Plymouth City Code [RMF-1, MULTIPLE FAMILY DWELLING DISTRICT 1 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 District.

Section 40. Amendment. Section 21380.07, Subd. 13 (b) of the Plymouth City Code [RMF-2, MULTIPLE FAMILY DWELLING DISTRICT 2 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 District.

Section 41. Amendment. Section 21385.07, Subd. 13 (b) of the Plymouth City Code [RMF-3, MULTIPLE FAMILY DWELLING DISTRICT 3 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 District.

Section 42. Amendment. Section 21390.07, Subd. 13 (b) of the Plymouth City Code [RMF-4, MULTIPLE FAMILY DWELLING DISTRICT 4 -- CONDITIONAL USES] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 District.

Section 43. Amendment. Section 21395.11, Subd. 8 (b) of the Plymouth City Code [RMF-5, MULTIPLE FAMILY DWELLING DISTRICT 5 -- USES BY ADMINISTRATIVE PERMIT] is amended as follows:

(b) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 District.

Section 44. Amendment. Section 21460.11, the first Subd. 10 (pertaining to temporary events and outdoor sales) shall remain intact as is, and the second Subd. 10 (pertaining to temporary structures) of the Plymouth City Code [C-2, NEIGHBORHOOD COMMERCIAL DISTRICT -- USES BY ADMINISTRATIVE PERMIT] is amended by re-numbering it as Subd. 11 as follows:

Subd. ~~10~~11.Temporary structures, as regulated by Section 21167 of this Chapter.

Section 45. Amendment. Section 21465.03 of the Plymouth City Code [C-3, HIGHWAY COMMERCIAL DISTRICT -- PERMITTED USES] is amended to delete Subd. 11, re-number the subsequent items accordingly, and amend re-numbered Subd. 32, as follows:

~~Subd. 11. Commercial recreation, indoor (e.g., bowling alleys, roller rinks).~~

Subd. ~~12~~11. Convenience grocery markets (without motor fuel facilities or delicatessen food service).

Subd. ~~13~~12. Copy/printing services (excludes printing presses and publishing facilities).

Subd. ~~14~~13. Delicatessens/coffee houses without drive-through service.

Subd. ~~15~~14. Dining restaurants (no drive-in or drive-through service).

Subd. ~~16~~15. Dry cleaning pick up and laundry pick up stations including incidental repair but not including processing.

Subd. ~~17~~16. Essential services not including structures, except those requiring administrative permits or conditional use permits pursuant to Section 21160 of this Chapter.

Subd. ~~18~~17. Furniture stores containing less than 5,000 square feet of gross floor area.

Subd. ~~19~~18. Governmental and public utility (essential service) buildings and structures, including public works type facilities, excluding outdoor storage.

Subd. ~~20~~19. Hotels.

Subd. ~~21~~20. Liquor, off sale, pursuant to the required liquor license.

Subd. ~~22~~21. Locksmiths.

Subd. ~~23~~22. Offices, administrative/commercial.

Subd. ~~24~~23. Offices/clinics for medical, dental, or chiropractic services.

Subd. ~~25~~24. Pet sales, supplies and grooming.

Subd. ~~26~~25. Prepared food restaurants: delivery and/or take out only, with no interior seating.

Subd. ~~27~~26. Private clubs (may serve food and beverages).

Subd. ~~28~~27. Reception halls/event centers, with or without catering services.

Subd. ~~29~~28. Religious institutions such as churches, chapels, temples, synagogues, mosques limited to worship and directly related social events.

Subd. ~~30~~29. Sexually oriented businesses - accessory or principal (as regulated by Section 21195 of this Chapter).

Subd. ~~31~~30. Shoe repair.

Subd. ~~32~~31. Sporting goods and recreational equipment sales, not including motorized vehicles or boats.

Subd. ~~33~~32. Sports~~ and~~ fitness/commercial recreation businesses, indoor ~~clubs~~.

Subd. ~~34~~33. Tailoring services.

Subd. ~~35~~34. Tanning salons.

Subd. ~~36~~35. Therapeutic massage.

Subd. ~~37~~36. Tutoring/learning centers

Subd. ~~38~~37. Veterinary clinics and related indoor kennel.

Section 46. Amendment. Section 21470.03 of the Plymouth City Code [C-4, COMMUNITY COMMERCIAL DISTRICT -- PERMITTED USES] is amended to delete Subd. 21, re-number the subsequent items accordingly, and amend re-numbered Subd. 61, as follows:

~~Subd. 21. Commercial recreation, indoor (e.g., bowling alleys, roller rinks).~~

Subd. ~~22~~21. Copy/printing services (excludes printing presses and publishing facilities).

Subd. ~~23~~22. Delicatessens/coffee houses without drive-through service.

Subd. ~~24~~23. Department stores.

Subd. ~~25~~24. Dining restaurants (no drive-in or drive-through service).

Subd. ~~26~~25. Dry cleaning pick up and laundry pick up stations including incidental repair but not including processing.

Subd. ~~27~~26. Essential services not including structures, except those requiring administrative permits or conditional use permits pursuant to Section 21160 of this Chapter.

Subd. ~~28~~27. Fabric and notions sales and store.

Subd. ~~29~~28. Florist shops.

Subd. ~~30~~29. Furniture stores.

Subd. ~~31~~30. Garden centers.

Subd. ~~32~~31. Gift or novelty stores.

Subd. ~~33~~32. Governmental and public utility (essential service) buildings and structures, including public works type facilities, excluding outdoor storage.

Subd. ~~34~~33. Grocery, convenience markets (without motor fuel sales).

Subd. ~~35~~34. Grocery, supermarkets.

Subd. ~~36~~35. Grocery, superstores.

Subd. ~~37~~36. Hardware stores.

Subd. ~~38~~37. Hobby and craft stores.

Subd. ~~39~~38. Hotels.

Subd. ~~40~~39. Jewelry stores.

Subd. ~~41~~40. Leather goods and luggage stores.

Subd. ~~42~~41. Liquor, off sale, pursuant to the required liquor license.

Subd. ~~43~~42. Locksmiths.

Subd.~~44~~43. Lower-Potency Hemp Edible Retailer.

Subd. ~~45~~44. Meat markets, but not including processing for a locker plant.

Subd. ~~46~~45. Music (e.g., instruments, equipment, compact discs) shops and sales.

Subd. ~~47~~46. Offices, administrative/commercial.

Subd. ~~48~~47. Offices/clinics for medical, dental, or chiropractic services.

Subd. ~~49~~48. Paint and wallpaper sales.

Subd. ~~50~~49. Pet sales, supplies and grooming.

Subd. ~~51~~50. Pharmacies with or without drive through service. (Drive through service is regulated by Section 21120.04, Subd. 3 of this Chapter.)

Subd. ~~52~~51. Plumbing, television, radio, electrical sales and related accessory repair.

Subd. ~~53~~52. Prepared food restaurants: delivery and/or take out only, with no interior seating.

Subd. ~~54~~53. Private clubs (may serve food and beverages).

Subd. ~~55~~54. Reception halls/event centers, with or without catering services.

Subd. ~~56~~55. Recreation, personal fitness (defined as containing less than 3,000 square feet of floor area).

Subd. ~~57~~56. Religious institutions such as churches, chapels, temples, synagogues, mosques limited to worship and directly related social events.

Subd. ~~58~~57. Sewing machine sales and service.

Subd. ~~59~~58. Sexually oriented businesses — accessory or principal (as regulated by Section 21195 of this Chapter).

Subd. ~~60~~59. Shoe repair.

Subd. ~~61~~60. Sporting goods and recreational equipment sales, not including motorized vehicles or boats.

Subd. ~~62~~61. Sports~~/ and~~ fitness/commercial recreation ~~clubs~~ businesses, indoor.

Subd. ~~63~~62. Studios — artist, dance, decorating, karate, music, portrait photography, and similar uses.

Subd. ~~64~~63. Tailoring services.

Subd. ~~65~~64. Tanning salons.

Subd. ~~66~~65. Theaters (indoor only).

Subd. ~~67~~66. Therapeutic massage.

Subd. ~~68~~67. Tobacco or e-cigarette shops.

Subd. ~~69~~68. Toy stores.

Subd. ~~70~~69. Tutoring/learning centers.

Subd. ~~71~~70. Variety stores.

Subd. ~~72~~71. Veterinary clinics and related indoor kennel.

Subd. ~~73~~72. Video rental and sales.

Section 47. Amendment. Section 21470.07 of the Plymouth City Code [C-4, COMMUNITY COMMERCIAL DISTRICT -- CONDITIONAL USES] is amended to add new Subd. 19 as follows:

Subd. 19. Sports/fitness/commercial recreation businesses, outdoor.

Section 48. Amendment. The "Retail, Hospitality, and Office" section of "Table 21475-A: Use Matrix" of Section 21475.04 of the Plymouth City Code [CC, CITY CENTER DISTRICT -- ALLOWED USES] is amended as follows:

Section 50. Amendment. Section 21475.05, Subd. 3 of the Plymouth City Code [CC, CITY CENTER DISTRICT -- PERMITTED USE STANDARDS] is amended as follows:

Subd. 3. **Sports/Fitness/~~Recreation—~~Commercial Recreation, Indoor.** Defined for the purposes of this district as: Indoor ~~commercial~~ activities in which the consumer/participant engages in a ~~recreational,~~ sports, ~~and/or~~ fitness, athletic, and/or recreational experience. Examples include dance or gymnastics, health clubs, bowling centers, tennis and pickleball facilities, and similar activities, excluding shooting ranges.

Section 51. Amendment. Section 21550.03 of the Plymouth City Code [C-5, COMMERCIAL/INDUSTRIAL DISTRICT -- PERMITTED USES] is amended to delete Subd. 5, re-number the subsequent items accordingly, and amend re-numbered Subd. 18, as follows

~~Subd. 5. Commercial recreation, indoor (e.g., bowling alleys, roller rinks).~~

Subd. ~~6~~5. Conference centers.

Subd. ~~7~~6. Contractor operations.

Subd. ~~8~~7. Copy/printing services (excludes printing presses and publishing facilities).

Subd. ~~9~~8. Essential services not including structures, except those requiring administrative permits or conditional use permits pursuant to Section 21160 of this Chapter.

Subd. ~~10~~9. Governmental and public utility (essential service) buildings and structures, including public works type facilities, excluding outdoor storage.

Subd. ~~11~~10. Laboratories.

Subd. ~~12~~11. Landscape nurseries.

Subd. ~~13~~12. Locksmiths.

Subd. ~~14~~13. Lumber yards, building material sales, and similar bulk type retail sales establishments.

Subd. ~~15~~14. Mini-storage facilities.

Subd. ~~16~~15. Offices, administrative/commercial (excludes offices/clinics for medical, dental, or chiropractic services).

Subd. ~~17~~16. Religious institutions such as churches, chapels, temples, synagogues, mosques limited to worship and directly related social events.

Subd. ~~18~~19. Sexually oriented businesses - accessory or principal (as regulated by Section 21195 of this Chapter).

Subd. ~~19~~18. Sports~~ and~~ fitness/commercial recreation ~~clubs~~ businesses, indoor.

Subd. ~~20~~19. Studios - artist, dance, decorating, karate, music, portrait photography, and similar uses.

Subd. ~~21~~20. Vending companies.

Subd. ~~22~~21. Wholesale showrooms.

Section 52. Amendment. Section 21555.03, Subd. 15 of the Plymouth City Code [B-C, BUSINESS CAMPUS DISTRICT -- PERMITTED USES] is amended as follows:

Subd. 15. Sports/ ~~and~~ fitness/commercial recreation ~~clubs~~ businesses, indoor.

Section 53. Amendment. Section 21555.07, Subd. 13 (a) of the Plymouth City Code [B-C, BUSINESS CAMPUS DISTRICT -- CONDITIONAL USES] is amended as follows:

(a) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 Zoning District.

Section 54. Amendment. Section 21560.07 of the Plymouth City Code [I-1, LIGHT INDUSTRIAL DISTRICT -- CONDITIONAL USES] is amended to delete Subd. 13 and re-number the subsequent items accordingly, as follows:

~~Subd. 13. Sports and fitness clubs.~~

Subd. ~~14~~13. Truck or trailer rental operations, provided that:

(a) Rental vehicles and trailers shall be parked on a paved surface that conforms to Section 21135 of this Chapter.

(b) Parking, driveway, and circulation standards and requirements shall comply with Section 21135 of this Chapter.

(c) There shall be no outside repair or maintenance of vehicles or trailers.

(d) No outside storage of parts, equipment, or damaged vehicles or trailers shall be allowed.

(e) Rental vehicles and trailers shall not be parked or stored within a required front yard area.

Subd. ~~15~~14. Other uses similar to those allowed in this section, as determined by the City.

Section 55. Amendment. Section 21560.11, Subd. 3 of the Plymouth City Code [I-1, LIGHT INDUSTRIAL DISTRICT -- USES BY ADMINISTRATIVE PERMIT] is amended as follows:

Subd. 3. Sports/fitness/~~C~~commercial recreation businesses, indoor, provided there would be sufficient parking as determined by Zoning Administrator.

Section 56. Amendment. Section 21565.07, Subd. 14 (a) of the Plymouth City Code [I-2, GENERAL INDUSTRIAL DISTRICT -- CONDITIONAL USES] is amended as follows:

(a) Personal services are limited to those uses and activities which are allowed as a permitted or permitted accessory use within the ~~C-1~~ C-2 Zoning District.

Section 57. Amendment. Section 21565.07, Subd. 15 of the Plymouth City Code [I-2, GENERAL INDUSTRIAL DISTRICT -- CONDITIONAL USES] is amended as follows:

Subd. 15. ~~Sports and fitness clubs.~~ Sports/fitness/commercial recreation businesses, indoor.

Section 58. Amendment. Section 21565.11 of the Plymouth City Code [I-2, GENERAL INDUSTRIAL DISTRICT -- USES BY ADMINISTRATIVE PERMIT] is amended to delete Subd. 3 and re-number the subsequent items accordingly, as follows:

~~Subd. 3. Commercial recreation, indoor, provided there would be sufficient parking as determined by the Zoning Administrator.~~

Subd. ~~4~~3. Essential services requiring a permit as provided by Section 21160 of this Chapter.

Subd. ~~45~~. Ground-Mounted Solar Energy Systems, as regulated by Section 21174 of this Chapter.

Subd. ~~56~~. Offices, administrative/commercial (excludes offices/clinics for medical, dental, or chiropractic services) using over 50 percent of the principal structure or as a freestanding principal use, provided the parking regulations of this Chapter are met.

Subd. ~~7~~6. Other uses of the same general character as those listed as a permitted use in this District.

Subd. ~~8~~7. Outside, above ground storage facilities for fuels used for heating purposes; outdoor generators located 200 feet or more away from residentially guided or zoned property; and outdoor equipment used for dispensing fuels to vehicles or containers used in conjunction with the approved principal use, but not for sale. Such features for new developments shall be included with the site plan submitted for review and approval as required by this Chapter, and such features for existing developments shall be subject to the approval of the Zoning Administrator and the following criteria:

(a) The design, construction, and location of any such features must comply with State and City codes including appropriate National Fire Protection Association standards, Minnesota State Fire Code requirements, and manufacturer's specifications.

(b) An accurate site plan for the development based upon a certified survey shall be submitted showing to scale the location of such features, including any fencing and landscaping related to safety or screening.

(c) To assure that fire hose streams can be directed onto such features with minimal obstruction, solid wall enclosures shall not be used.

(d) Such features must be located so as not to obstruct approved parking spaces, driving aisles, fire lanes, utility easements, or required building ingress or egress points.

(e) No signage shall be permitted, other than required safety information, product identification, product hazards, and operation instructions. For the purpose of this Section, "signage" includes words, graphics, logos, and symbols.

(f) Outdoor generators located less than 200 feet from residentially guided or zoned property shall require the approval of a site plan (or site plan amendment) for a major project, pursuant to Section 21045.05 of this Chapter.

Subd. ~~9~~8. Outside storage as an accessory use when not abutting any residentially zoned or used property other than vacant FRD property classified for non-residential use by the Land Use Guide Plan, provided that:

(a) The storage area is surfaced with blacktop, concrete, or other approved material to control dust.

(b) The storage area does not take up parking space or loading space as required for conformity to this Chapter.

(c) All requirements of Section 21105.11 of this Chapter are met.

Subd. ~~10~~9. Shooting ranges, indoor, involving firearms, provided there would be sufficient parking as determined by the Zoning Administrator.

Subd. ~~11~~10. Temporary mobile towers for personal wireless service antennas, as regulated by Section 21175 of this Chapter.

Subd. ~~12~~11. Temporary events and outdoor sales subject to the following criteria:

(a) Special Promotional Events (except Carnivals).

(1) Such activity is directed towards the general public and includes grand openings, business events, craft shows, flea markets, mechanical and animal rides, and outdoor display of materials.

(2) The event shall not exceed the period specified in the administrative permit and in no case shall it exceed three consecutive calendar days per event.

(3) There shall be no more than two special events per calendar year per property. However, each tenant in a multi-tenant building shall be permitted to have one special event per year. Multi-tenant buildings with less than five lease spaces shall be considered as a single property for purposes of this provision.

(b) Carnivals.

(1) The applicant must submit an amusement license application as required by Section 1100 of the City Code.

(2) The event shall not exceed the period specified in the administrative permit and in no case shall exceed seven consecutive calendar days per event.

(3) There shall be no more than one carnival per calendar year per property.

(c) Outdoor Sales, including but not limited to transient merchants and transient produce merchants.

(d) General Standards applying to all temporary events and outdoor sales.

(1) The event or sale shall be accessory to or promoting the permitted or conditional use approved for the site.

(2) Tents, stands, and other similar temporary structures may be used, provided they are clearly identified on the submitted plan and provided that it is determined by the Zoning Administrator that they will not impair the parking capacity, emergency access, or the safe and efficient movement of pedestrian and vehicular traffic on or off the site.

(3) The submitted plan shall clearly demonstrate that adequate off-street parking for the proposed event can and will be provided for the duration of the event. Determination of compliance with this requirement shall be made by the Zoning Administrator who shall consider the nature of the event and the applicable parking

requirements of Section 21135. Consideration shall be given to the parking needs and requirements of other occupants in the case of multi-tenant buildings. Parking on public right-of-way and streets is prohibited; except that parking on local streets may be allowed on Saturday and Sunday only, provided that the petitioner arranges for traffic control by authorized enforcement officers, as approved in writing by the Police Chief, at the petitioner's expense.

(4) Signage related to the event or sale shall be in compliance with the temporary sign standards of Section 21155 and shall be allowed for the duration of the event. The Zoning Administrator may authorize special signage for purposes of traffic direction and control; the erection and removal of such signage shall be the responsibility of the applicant.

(5) The approved permit shall be displayed on the premises for the duration of the event.

(6) All activity related to the event or sale must take place within the time permitted in the administrative permit. No buildings, equipment or materials may be erected or displayed prior to the start date identified in the permit application and all structures, equipment and displays must be removed by the end date identified in the administrative permit.

(7) Not more than one such event or sale shall be allowed per property at any given time.

Subd. ~~13~~12. Temporary structures, as regulated by Section 21167 of this Chapter.

Section 59. Amendment. Section 21570.09 of the Plymouth City Code [I-3, HEAVY INDUSTRIAL DISTRICT -- CONDITIONAL USES] is amended to delete Subd. 13 and re-number the subsequent items accordingly, as follows:

~~Subd. 13. Sports and fitness clubs.~~

Subd. ~~14~~13. Storage, use, or manufacturing of gasoline, crude oil, bulk fuel or similar liquid storage as a principal use, provided that:

(a) A drainage system subject to the approval of the City shall be installed.

(b) There be no outside storage except as allowed under the conditional use permit, provided compliance with Section 21105.11 of this Chapter would be met.

Subd. ~~15~~14. Truck or trailer rental operations, provided that:

(a) Rental vehicles and trailers shall be parked on a paved surface that conforms to Section 21135 of this Chapter.

(b) Parking, driveway, and circulation standards and requirements shall comply with Section 21135 of this Chapter.

(c) There shall be no outside repair or maintenance of vehicles or trailers.

(d) No outside storage of parts, equipment, or damaged vehicles or trailers shall be allowed.

(e) Rental vehicles and trailers shall not be parked or stored within a required front yard area.

Subd. ~~16~~15. Waste facilities, provided that:

(a) All applicable federal, state and/or county permits are obtained including, but not limited to:

(1) The Federal Environmental Protection Agency (EPA).

(2) The Minnesota Pollution Control Agency (MPCA).

(3) The Minnesota Department of Natural Resources (DNR).

(b) Any applicable environmental review requirements outlined in Section 21040 of this Chapter are satisfactorily met.

(c) A financial guarantee in a form deemed acceptable by the City Attorney is provided to ensure the following minimum activities:

(1) Completion of site improvements.

(2) Emergency clean up and correction.

(3) Closure and post closure activities.

(d) The facility is subject to periodic monitoring as determined by the City.

(e) The facility ~~is provided~~ provides a minimum of two independent emergency access escape routes, neither of which may traverse residentially zoned areas.

(f) The facility is set back a minimum 1,000 feet from all storm water holding areas, natural drainage facilities and wetlands.

(g) All storm water runoff is held on site prior to release into natural drainageways and the City's storm drainage system.

(h) The outside storage of materials, containers or disposal facilities involving hazardous waste is prohibited.

(i) The outside storage of materials, containers or disposal facilities involving non-hazardous materials is enclosed and screened as outlined in Section 21130 of this Chapter.

(j) The loading and/or unloading of waste materials is conducted within buildings and upon an impermeable floor surface.

(k) All development, operation, maintenance and closure/conversion plans are subject to City approval.

(l) A sign indicating the facility's inventory of waste materials by type and location is posted at the main entrance of the site.

(m) All hazardous waste materials stored on the site are clearly designated.

(n) All facility employees are subject to emergency training programs, the procedures and techniques of which are subject to City approval.

(o) Emergency preparedness plans which:

(1) Establish procedures for handling ruptures, spills and the like.

(2) Alert applicable agencies and area property owners.

(3) Establish provisions for emergency evacuation that are provided to and approved by the City.

(p) All containers used for the outside storage of waste materials are properly cleaned prior to storage and maintained in a clean manner so as not to attract vectors or cause objectionable odors.

Subd. ~~17~~16. Other uses similar to those allowed in this section, as determined by the City.

Section 60. Amendment. Section 21570.13 of the Plymouth City Code [I-3, HEAVY INDUSTRIAL DISTRICT -- USES BY ADMINISTRATIVE PERMIT] is amended to delete Subd. 3 and re-number the subsequent items accordingly, as follows:

~~Subd. 3. Commercial recreation, indoor, provided there would be sufficient parking as determined by the Zoning Administrator.~~

Subd. ~~4~~3. Essential services requiring a permit as provided by Section 21160 of this Chapter.

Subd. ~~5~~4. Ground-Mounted Solar Energy Systems, as regulated by Section 21174 of this Chapter.

Subd. ~~6~~5. Offices, administrative/commercial (excludes offices/clinics for medical, dental, or chiropractic services) using over 50 percent of the principal structure or as a freestanding principal use, provided the parking regulations of this Chapter are met.

Subd. ~~7~~6. Other uses of the same general character as those listed as a permitted use in this District.

Subd. ~~8~~7. Outside, above ground storage facilities for fuels used for heating purposes; outdoor generators located 200 feet or more away from residentially guided or zoned property; and outdoor equipment used for dispensing fuels to vehicles or containers used in conjunction with the approved principal use, but not for sale. Such features for new developments shall be included with the site plan submitted for review and approval as required by this Chapter, and such features for existing developments shall be subject to the approval of the Zoning Administrator and the following criteria:

(a) The design, construction, and location of any such features must comply with State and City codes including appropriate National Fire Protection Association standards, Minnesota State Fire Code requirements, and manufacturer's specifications.

(b) An accurate site plan for the development based upon a certified survey shall be submitted showing to scale the location of such features, including any fencing and landscaping related to safety or screening.

(c) To assure that fire hose streams can be directed onto such features with minimal obstruction, solid wall enclosures shall not be used.

(d) Such features must be located so as not to obstruct approved parking spaces, driving aisles, fire lanes, utility easements, or required building ingress or egress points.

(e) No signage shall be permitted, other than required safety information, product identification, product hazards, and operation instructions. For the purpose of this Section, "signage" includes words, graphics, logos, and symbols.

(f) Outdoor generators located less than 200 feet from residentially guided or zoned property shall require the approval of a site plan (or site plan amendment) for a major project, pursuant to Section 21045.05 of this Chapter.

Subd. ~~9~~8. Outside storage as an accessory use when not abutting any residentially zoned or used property other than vacant FRD property classified for non-residential use by the Land Use Guide Plan, provided that:

(a) The storage area is surfaced with blacktop, concrete, or other approved material to control dust.

(b) The storage area does not take up parking space or loading space as required for conformity to this Chapter.

(c) All requirements of Section 21105.11 of this Chapter are met.

Subd. ~~10~~9. Temporary mobile towers for personal wireless service antennas, as regulated by Section 21175 of this Chapter.

Subd. ~~11~~10. Temporary events and outdoor sales subject to the following criteria:

(a) Special Promotional Events (except Carnivals).

(1) Such activity is directed towards the general public and includes grand openings, business events, craft shows, flea markets, mechanical and animal rides, and outdoor display of materials.

(2) The event shall not exceed the period specified in the administrative permit and in no case shall it exceed three consecutive calendar days per event.

(3) There shall be no more than two special events per calendar year per property. However, each tenant in a multi-tenant building shall be permitted to have one special event per year. Multi-tenant buildings with less than five lease spaces shall be considered as a single property for purposes of this provision.

(b) Carnivals.

(1) The applicant must submit an amusement license application as required by Section 1100 of the City Code.

(2) The event shall not exceed the period specified in the administrative permit and in no case shall exceed seven consecutive calendar days per event.

(3) There shall be no more than one carnival per calendar year per property.

(c) Outdoor Sales, including but not limited to transient merchants and transient produce merchants.

(d) General Standards applying to all temporary events and outdoor sales.

(1) The event or sale shall be accessory to or promoting the permitted or conditional use approved for the site.

(2) Tents, stands, and other similar temporary structures may be used, provided they are clearly identified on the submitted plan and provided that it is determined by the Zoning Administrator that they will not impair the parking capacity, emergency access, or the safe and efficient movement of pedestrian and vehicular traffic on or off the site.

(3) The submitted plan shall clearly demonstrate that adequate off-street parking for the proposed event can and will be provided for the duration of the event. Determination of compliance with this requirement shall be made by the Zoning Administrator who shall consider the nature of the event and the applicable parking requirements of Section 21135. Consideration shall be given to the parking needs and requirements of other occupants in the case of multi-tenant buildings. Parking on public right-of-way and streets is prohibited; except that parking on local streets may be allowed on Saturday and Sunday only, provided that the petitioner arranges for traffic control by authorized enforcement officers, as approved in writing by the Police Chief, at the petitioner's expense.

(4) Signage related to the event or sale shall be in compliance with the temporary sign standards of Section 21155 and shall be allowed for the duration of the event. The Zoning Administrator may authorize special signage for purposes of traffic direction and control; the erection and removal of such signage shall be the responsibility of the applicant.

(5) The approved permit shall be displayed on the premises for the duration of the event.

(6) All activity related to the event or sale must take place within the time permitted in the administrative permit. No buildings, equipment or materials may be erected or displayed prior to the start date identified in the permit application and all structures, equipment and displays must be removed by the end date identified in the administrative permit.

(7) Not more than one such event or sale shall be allowed per property at any given time.

Subd. 11. Temporary structures, as regulated by Section 21167 of this Chapter.

Section 61. Amendment. Section 21650.13 of the Plymouth City Code [P-I, PUBLIC/INSTITUTIONAL DISTRICT -- AREA REQUIREMENTS AND CONSTRUCTION LIMITATIONS] is amended as follows:

21650.13. - Area Requirements and Construction Limitations.

The following requirements shall be observed in the P-I District subject to additional requirements, exceptions, modifications set forth in this Chapter:

District Area Minimum	**Minimum Lot Area (acres)**		**Minimum Lot Width (feet)**	**Minimum Lot Depth (feet)**	**Maximum Structural Coverage (a)**		**Minimum Setbacks (feet) (a)**		**Maximum Building Height**	
2 acres	Community Centers	3	100	None	General Uses	50%	Abutting Residential District (b)		Princ. Bldg.	45 feet
	Elementary Schools	15			Correctional Facilities	8%	Front yard (b)	~~75~~50	Acc. Bldg. 120 sq. ft. or less	10 feet
	Hospitals	10					Side yard (b)	~~75~~50	Acc. Bldg. over 120 sq. ft.	20 feet
	Junior High Schools	30					Rear yard (b)	~~75~~50		
	Religious Institutions	3					Abutting Non-Residential District			
	Senior High Schools or Correctional Facilities	50					Front yard	50		
	Other uses	2					Side yard	50		

District Area Minimum	Minimum Lot Area (acres)		Minimum Lot Width (feet)	Minimum Lot Depth (feet)	Maximum Structural Coverage (a)	Minimum Setbacks (feet) (a)		Maximum Building Height
						corner lot		
						Side yard interior lot	15	
						Rear yard	15	
						Correctional Facilities		
						Front	200	
						Side	400	
						Rear	400	

(a) Special requirements apply for environmental overlay districts — See appropriate text
(b) Where a P-I District abuts a residential district or is separated from a residential district by a local or minor collector street.

Section 62. Amendment. Section 21655.31, Subd. 3 of the Plymouth City Code [PUD, PLANNED UNIT DEVELOPMENT DISTRICT -- PUD 81-1 (NORTHWEST BUSSINESS CAMPUS)/AMENDMENT FOR MIND BODY SOLUTIONS] is amended as follows:

Subd. 3. **Allowable Uses.** In addition to the uses previously approved within the PUD, a yoga studio shall be permitted ~~on Lot 1, Block 1, Northwest Business Campus~~.

Section 63. Amendment. Section 21655.33, Subdivisions 3 and 4 of the Plymouth City Code [PUD, PLANNED UNIT DEVELOPMENT DISTRICT -- PUD 83-1 (PARKERS LAKE)/AMENDMENT FOR NORTHWEST POINTE BUSINESS CENTRE] are amended as follows:

Subd. 3. Incorporated herein by reference are the PUD amendment plans to allow an indoor sports/ ~~and~~ fitness/commercial recreation ~~club~~ business, as approved by City Council Resolution 2017-191 on file in the office of the Zoning Administrator under File 2017039.

Subd. 4. **Allowable Uses.** In addition to the uses previously approved within the PUD, a picture framing facility including warehouse with a showroom for retail sales, as well as an indoor sports/ ~~and~~ fitness/commercial recreation ~~club~~ business, shall be permitted on Lot 1, Block 1, Northwest Pointe Business Centre.

Section 64. Amendment. Section 21655.44, Subd. 3 of the Plymouth City Code [PUD, PLANNED UNIT DEVELOPMENT DISTRICT -- INTERFAITH OUTREACH PUD] is amended as follows:

Subd. 3. **Allowable Uses.** The uses allowed in this PUD shall include any permitted, accessory, or interim uses allowed in the C-2 district, indoor sports/ ~~and~~ /fitness/commercial recreation ~~clubs~~ businesses no greater than 45,000 square feet, clothing and furniture sales up to 10,000 square feet, training and tutoring services, food distribution (grocery), and day care facilities. All uses listed herein shall be considered "permitted" uses in the PUD, provided they comply with all development standards and conditions for the use as established by this Chapter. Additionally, the uses listed as Uses by Administrative Permit in the C-2 (general commercial) zoning district shall be allowed by administrative permit in the PUD.

Section 65. Amendment. Section 21655.45, Subd. 1 of the Plymouth City Code [PUD, PLANNED UNIT DEVELOPMENT DISTRICT -- PUD 81-1 (NORTHWEST BUSSINESS CAMPUS)/AMENDMENT FOR WESTHEALTH SIGNAGE] is amended as follows:

Subd. 1. **Location.** The property affected by this PUD amendment is located at 3005 Campus Drive, and is legally described as Lot~~s 1,~~ 2~~, and 3~~ of Block 1, WEST SUBURBAN HEALTH CAMPUS ~~SECOND~~ FOURTH ADDITION, Hennepin County, Minnesota.

Section 66. Amendment. Section 21655.61, Subd. 3 of the Plymouth City Code [PUD, PLANNED UNIT DEVELOPMENT DISTRICT -- PUD 81-1 (NORTHWEST BUSSINESS CAMPUS)/AMENDMENT FOR MINI HOPS GYMNASTICS] is amended as follows:

Subd. 3. **Allowable Uses.** In addition to the uses previously approved within the PUD, an indoor sports/ ~~and~~ fitness/commercial recreation ~~club~~ business and accessory preschool shall be permitted at the subject location.

Section 67. Amendment. Section 21655.79, Subd. 3 (c) of the Plymouth City Code [PUD, PLANNED UNIT DEVELOPMENT DISTRICT – SPRC LAND VENTURES PUD (“THE BOULEVARD”)] is amended as follows:

(c) Lots 4-5, Block 1: Lot 4, Block 1: Grocery supermarket, grocery superstore, hotel, or indoor sports/fitness/commercial recreation ~~use~~ business (as defined in the Plymouth Zoning Ordinance) containing up to 65,000 sq. ft. Accessory fuel sales may be provided in conjunction with a grocery store for the property located at 6130 Sycamore Lane; and Lot 5, Block 1: Retail or coffee shop building containing up to 3,000 sq. ft. that may include drive-through or drive-up window service.

Section 68. Amendment. Table 3 in Section 21665.04, Subd. 2 of the Plymouth City Code [SHORELAND MANAGEMENT OVERLAY DISTRICT -- GENERAL DENSITY AND DESIGN STANDARDS] is amended as follows:

Table 3: Special Minimum Lot Size and Structure Setback Standards						
	Lots Abutting Public Water (Riparian Lots)			**Lots Not Abutting Public Water (Non-Riparian Lots)**		
Class	**Width (min.)**	**Area (min.)**	**Setback from ~~OWHL~~ OHWL (min.)**	**Width (min.)**	**Area (min.)**	**Setback (min.)**

TS/no sewer	UL	UL	100 ft.	UL	UL	UL

Section 69. Amendment. Section 21670.03, Subd. 1 (b) of the Plymouth City Code [WETLANDS DISTRICT -- GENERAL PROVISIONS] is amended as follows:

(b) A wetland is land that meets the definition of "wetlands" as set forth in Section 21005 of this Chapter. Wetlands shall be determined according to the United States Army Corps of Engineers Wetland Delineation Manual (January 1987) and regional supplements if available. Wetlands have been or will be identified and the wetland classification as established by the officially adopted City maps shall be prima facie evidence of the location and classification of a wetland. The official maps shall be developed and maintained by the Community and Economic Development Department and are open to inspection by the public. The presence or absence of a wetland on the official maps does not represent a definitive determination as to whether a wetland covered by this Section is or is not present. Wetlands that are identified during site specific delineation activities but do not appear on the official wetland maps are still subject to the provisions of this Section. It will be the responsibility of an applicant to delineate the exact wetland boundary or to determine that no wetland exists on a subject property. All delineations must be reviewed and approved by the City. Submission of a wetland delineation report shall be accompanied by a fee as set forth in the City Code. If an applicant questions whether a wetland exists or disputes its classification, the applicant shall have the burden to supply detailed information for review supporting the applicant's assertion, including but not limited to, topographic, hydrologic, floristic and soil data deemed necessary by the City to determine the jurisdictional status of the wetland, its exact boundary and its classification. Submission of a request for a reclassification of the wetland quality shall be accompanied by a fee as set forth in the City Code. Wetland delineations supplied by applicants shall be certified by a qualified wetland delineator. Wetland delineators must satisfy any certification requirements that may be established by the U.S. Army Corps of Engineers or the Minnesota Board of Water and Soil Resources.

Section 70. Effective Date. This Ordinance shall be in full force and effect upon its passage.

ADOPTED by the City Council on this 10th day of February, 2026.

_____
Jeffry Wosje, Mayor

ATTEST:

_____
Jodi M. Gallup, City Clerk

CITY OF PLYMOUTH
HENNEPIN COUNTY, MINNESOTA

ORDINANCE NO. 2026-02

ORDINANCE AMENDING CHAPTERS 1-11, 13-14, AND 20 OF THE PLYMOUTH CITY CODE (2026001)

THE CITY OF PLYMOUTH ORDAINS:

Section 1. Legislative Formatting for Amendments. Amendments within this Ordinance are marked as follows: underlined text = new text to be added, and ~~stricken text~~ = text to be deleted. Any text without markings (i.e., not underlined or ~~stricken~~) shall remain as currently exists.

Section 2. Amendment. Section 105.01, Subd. 103 of the Plymouth City Code [DEFINITIONS OF COMMONLY USED TERMS] is amended as follows:

Subd. 103. *Solicitor* means a person who goes door-to-door to residences soliciting, or taking or attempting to take orders for sale of goods, wares, merchandise, or personal property or services of any nature whatsoever for future delivery or future performance whether or not such individual has, carries or exposes for sale, a sample of the subject to such order or whether or not ~~he is collecting~~ advance ~~payments~~ payment is collected for such orders. Any such activity shall be deemed soliciting if it has as its ultimate purpose the obtaining of orders of such nature, even though it may not purport, initially, to be an effort to obtain such an order.

Section 3. Amendment. Section 200.07, Subd. 3 of the Plymouth City Code [CITY COUNCIL; RULES OF PROCEDURE – PRESIDING OFFICER; DUTIES; APPEALS] is amended as follows:

Subd. 3. **Appeals.** Any member may appeal to the Council from a ruling of the Presiding Officer. If the appeal is seconded, the member may speak once solely on the question at issue, and the Presiding Officer may explain ~~his~~ their ruling, but no other Councilmember may participate in the discussion. The appeal shall be sustained if it is approved by a majority of the members present ~~exclusive of~~ excluding the Presiding Officer.

Section 4. Amendment. Section 315.01, Subd. 3 of the Plymouth City Code [DISPOSITION OF UNCLAIMED PROPERTY – ABANDONED MOTOR VEHICLES] is amended as follows:

Subd. 3. **Disposition of Proceeds.** The proceeds of the sale of an abandoned motor vehicle shall be placed in the general fund of the City. If the former owner or entitled lienholder makes application and furnishes satisfactory proof of ownership or lien interest within 90 days of the sale, ~~he~~ they shall be paid the proceeds of the sale of the vehicle less the cost of towing,

preserving, and storing the vehicle and all administrative, notice and publication costs incurred in its handling.

Section 5. Amendment. Section 315.03, Subd. 5 of the Plymouth City Code [DISPOSITION OF UNCLAIMED PROPERTY – OTHER ABANDONED PROPERTY] is amended as follows:

Subd. 5. **Disposition of Proceeds.** The proceeds of the sale shall be placed in the general fund of the City. If the former owner makes application and furnishes satisfactory proof of ownership within six months of the sale, ~~he~~ they shall be paid the proceeds of the sale of ~~his~~ their property ~~less~~ minus the costs of storage and the proportionate part of the cost of published notice and other costs of the sale.

Section 6. Amendment. Section 425.01, Subd. 1 of the Plymouth City Code [GRADING AND EROSION CONTROL PLAN -- GRADING AND EROSION CONTROL PLAN] is amended as follows:

Subd. 1. A satisfactory ~~erosion control and~~ grading plan and erosion control plan consistent with the Minnesota Stormwater Manual must be submitted to, and approved by the City Engineer before ~~a~~ grading ~~-~~/filling operations commence, and before any required grading or building permit is issued for construction, if the ~~construction will~~ work would result in disturbing the soil. This Section 425 and Section 21185 of the Plymouth Zoning Ordinance shall work together to address grading operations.

Section 7. Amendment. Section 530.07 of the Plymouth City Code [TREE PRESERVATION -- REFORESTATION/RESTITUTION REQUIREMENT] is amended as follows:

530.07. - Reforestation/Restitution Requirement.

If a development exceeds the allowable removal or disturbance threshold specified in Section 530.05 above, the subdivider shall either reforest appropriate areas within the site (or outside the site if appropriate locations within the site are not available) or pay restitution, or provide a combination thereof, as directed by the City. For each one (1.0) tree inch that is removed or disturbed beyond the threshold, the subdivider shall replant 1.25 inches of new trees, or shall provide the City with ~~$125.00~~ $175.00 in restitution for each one (1.0) tree inch removed or disturbed beyond the threshold.

Section 8. Amendment. Section 532.15 of the Plymouth City Code [OFFICIAL MAPS -- APPEALS] is amended as follows:

532.15. - Appeals.

Whenever a building permit is denied pursuant to this ordinance, the Board of Appeals and Adjustments shall, upon appeal filed with it by the owner of the land, grant a permit for building in an

area designated on the official map for a street or other public purpose in any case in which the Board of Appeals and Adjustments finds, upon the evidence and the arguments presented to it, (a) that the entire property of the appellant of which the area designated for public purposes forms a part cannot yield a reasonable return to the owner unless such a permit is granted, or (b) that balancing the interest of the City in preserving the integrity of the official map and of the comprehensive City plan and the interest of the property owner in the use of ~~his~~ their property and in the benefits of ownership, the grant of such permit is required by considerations of justice and equity. The Board of Appeals and Adjustments shall hold a public hearing upon the appeal after notice of the hearing has been published in the official newspaper once at least ten days before the hearing. If the Board of Appeals and Adjustments authorizes the issuance of a permit, it shall specify the exact location, ground area, height, and other details as to the extent and character of the building for which the permit is granted. If the Board of Appeals and Adjustments authorizes issuance of a permit, the Council or other Board or Commission having jurisdiction shall have six months from the date of the decision of the Board of Appeals and Adjustments to institute proceedings to acquire such land or interest therein, and if no such proceedings are started within that time, the City shall issue the permit if the application otherwise conforms to local ordinances.

Section 9. Amendment. Section 600.11 of the Plymouth City Code [GARBAGE AND RUBBISH DISPOSAL -- SERVICE CHARGES; MANNER OF PAYMENT] is amended as follows:

600.11. - Service Charges; Manner of Payment.

The expense of collection shall be paid to the collector monthly, by the owner, agent, occupant, or tenant of the premises from which such Garbage is collected, and such fee shall be full compensation for ~~his~~ their services in such collection ~~but in no case shall the fee charged for such collection exceed maximum sums set by the Council~~, provided that if the tenant or occupant of the property fails to pay said expense, the owner shall be liable therefore to the collector. The collector may refuse to make collection from any premises when the fees provided for herein are not paid within 30 days from the date when due. The collector shall notify the Health Officer and the Police Chief of the ~~discontinuance~~discontinuation of such service to any premises within two days after service is discontinued.

Section 10. Amendment. Section 600.19 of the Plymouth City Code [GARBAGE AND RUBBISH DISPOSAL -- RUBBISH DISPOSAL; DUTIES OF LICENSED COLLECTORS; SERVICE CHARGES] is amended as follows:

600.19. - Rubbish Disposal; Duties of Licensed Collectors; Service Charges.

Each licensed collector shall collect and haul away once each month to such place as may be designated by the Health Officer, all such Rubbish from premises located within the area in which ~~he is~~ they are authorized to collect Garbage. The collector may charge for such service to the owner or occupant of the premises an amount not to exceed a rate per bushel for such Rubbish removed as set by the Council. The rate charged by the collector shall vary with the volume or weight of the Rubbish

collected. The rate charged to an owner or occupant who recycles shall not be greater than the rate charged to ~~nonrecyclers~~ non-recyclers.

Section 11. Amendment. Section 705.31 of the Plymouth City Code [REGULATION OF PUBLIC AND PRIVATE SEWERS AND DRAINS -- APPROVAL REQUIRED FOR ADMISSION IN SEWERS OF HARMFUL OR OBJECTIONABLE MATERIALS] is amended as follows:

705.31. - Approval Required for Admission in Sewers of Harmful or Objectionable Materials.

The admission into the Public Sewers of any waters or wastes having harmful or objectionable characteristics shall be subject to the review and approval of the Building Official, who may prescribe limits on the strength and character of these waters and wastes. Where necessary, in the opinion of the Inspector, the owner shall provide at ~~his~~ their expense, such preliminary treatment as may be necessary to treat these wastes prior to discharge to the Public Sewer. Plans, specifications and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the said inspector and of the state board of health and no construction of such facilities shall be commenced until said approval is obtained in writing. Preliminary treatment facilities provided for any waters or wastes, shall be maintained continuously in satisfactory and effective operation by the owner at ~~his~~ their expense.

Section 12. Amendment. Section 705.33 of the Plymouth City Code [REGULATION OF PUBLIC AND PRIVATE SEWERS AND DRAINS -- CONTROL MANHOLES; WHEN REQUIRED; USE] is amended as follows:

705.33. - Control Manholes; When Required; Use.

When required by the Building Official, the owner of any property served by a Building Sewer carrying industrial wastes shall install and maintain at ~~his~~ their expense a suitable control manhole in the Building Sewer to facilitate observation, sampling and measurement of the wastes. All measurements, tests, and analyses of the characteristics of waters and wastes shall be determined in accordance with standard methods for the examination of water and sewage approved by the Minnesota Department of Health, and shall be determined at the control manhole or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the Public Sewer to the point at which the Building Sewer is connected.

Section 13. Amendment. Section 720.19, Subd. 5 of the Plymouth City Code [CITY WATER SYSTEM -- DISCONTINUANCE OF SERVICE FOR VIOLATIONS] is amended as follows:

Subd. 5. **Discontinuance of Water Source; Notice and Hearing.** An order to terminate water service, except in the case of an emergency, under this Subsection shall be preceded by not less than ten days written notice to the owner or occupant to whom the water bill is given in the ordinary course of business, and given in the manner prescribed by the City.

The notice shall state the reason for the proposed termination, the date on which it shall take effect, and that the owner or occupant may appeal to the City Manager for a determination that the decision to terminate the service was properly made on the basis of a violation of this subsection. The City Manager shall on appeal resolve the dispute, and ~~he~~ they may dismiss the order to terminate the service, modify it in any way deemed necessary, or order the service terminated in the manner stated in the notice. The decision of the City Manager shall be final.

Section 14. Amendment. Section 720.25 of the Plymouth City Code [CITY WATER SYSTEM -- REPAIR OF LEAKS] is amended as follows:

720.25. - Repair of Leaks.

It is the responsibility of the owner or occupant to maintain the service pipe from the curb box into the house or building. In case of failure upon the part of any owner or occupant to repair any leak occurring in ~~his~~ their service pipe within 24 hours after verbal or written notice has been given by the City to the owner or occupant of the premises, the water will be shut off. When the waste of water is great, or when damage is likely to result from the leak, the water will be turned off if the repair is not proceeded with immediately upon the giving of such notice.

Section 15. Amendment. Section 735.09 of the Plymouth City Code [PLACEMENT AND REPLACEMENT OF UNDERGROUND AND/OR OVERHEAD UTILITY FACILITIES -- EXCEPTION, EMERGENCY OR UNUSUAL CIRCUMSTANCES] is amended as follows:

735.09. - Exception, Emergency or Unusual Circumstances.

Notwithstanding the provision of this Section, the City Engineer may grant special permission on such terms as ~~he may~~ deemed appropriate in cases of emergency or other unusual circumstances, without discrimination as to any person or utility, to temporarily erect, construct, install, maintain, use or operate poles, overhead wires and associated overhead structures for periods up to nine months. Said permits may be renewed for additional six~~-~~-month periods upon good cause shown. Upon a showing of unusual circumstances of permanent nature which cause extreme hardship, the Council may grant special permission to a person or utility to erect, construct, install, maintain, use or operate poles, overhead wires and associated structures within the City on a permanent basis.

Section 16. Amendment. Section 800.02, Subd. 2 of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] is amended by changing the following definition as follows, with no changes to other definitions:

City Management Costs means the actual costs incurred by the City for public rights-of-way management, including, but not limited to, costs incurred in connection with the registration process, the excavation or obstruction permit process, the inspection of project work and restoration and enforcement and correction of non-complying project work, mapping of public right-of-way users and

maintenance and regulation of public ~~right-of-ways~~ rights-of-way occupied by public right-of-way users.

Section 17. Amendment. Section 800.02, Subd. 5. B. of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] is amended as follows:

B. *Permit Applications.*

1. *Excavation Permit*. Applications for an excavation permit must be completed by the public Right-of-Way user. An application for an excavation permit shall be on a form furnished by the City and completed and submitted to the City with the following information:

a. The applicant's name~~;~~, Gopher State ~~One-Call~~ One Call registration certificate number~~;~~, postal address~~;~~ ~~e-mail~~ email address~~;~~, and telephone number~~; and facsimile number~~.

b. The local representative's name~~;~~, postal address~~;~~ ~~e-mail~~ email address~~;~~, telephone number~~;~~ ~~facsimile number;~~ and current information regarding how to contact the local representative in an emergency.

c. The names, addresses, and telephone numbers of ~~the~~ person~~(s)~~ or entities, other than the applicant or local representative, ~~to~~ who would be involved in performing the project work or any portion thereof.

d. A certificate of insurance or self-insurance verifying the coverage as required in this Section.

e. All mapping data and information, in form and substance, as required in this ~~s~~Section.

f. A detailed description and to-scale drawing ~~to a scale,~~ as required by the City, of the proposed project and project work, including identification of ~~the~~ any obstructions to be placed, the size and depth of any excavation, the schedule for commencement and completion of the proposed project, ~~and~~ the location and size of any trees impacted in the designated work area, and the location of any utility lines in the area impacted.

~~g.~~

2. *Obstruction Permit*. An application for an obstruction permit shall be on a form furnished by the City and completed and submitted to the City with the following information:

a. The applicant's name, postal address, email address, and telephone number.

~~b.~~

~~c.~~b. The local representative's name, postal address, email address, telephone number, and current information regarding how to contact the local representative in an emergency.

~~d.~~

~~e.~~c. The names, addresses, and telephone numbers of persons or entities, other than the applicant or local representative, who would be involved in obstructing the public right-of-way.

~~f.~~

~~g.~~d. A certificate of insurance or self-insurance verifying the coverage as required in this Section.

~~h.~~

~~h.~~e. A detailed description and to-scale drawing, as required by the City, of the proposed obstruction, including identification of the obstruction to be placed, the schedule for commencement and completion of the proposed obstruction, and the size and extent of the obstruction. The size and extent of the obstruction, including interference to any lanes of travel (including but not limited to lanes designated for vehicle, pedestrian, or bicycle use) are subject to the review and approval of the City Engineer in accordance with the Minnesota Manual on Uniform Traffic Control Devices.

Section 18. Amendment. Section 800.02, Subd. 6. K. of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] is amended as follows:

K. The permittee shall comply with the ~~Uniform Traffic Manual for Traffic Control~~ Minnesota Manual on Uniform Traffic Control Devices at all times during any project work and shall protect and identify excavations and work operations with barricade flags in the daylight hours and by warning lights at dusk and night.

Section 19. Amendment. Section 800.02, Subd. 15. B. 1. of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] is amended as follows:

1. Within six months after the effective date of this Section, all public right-of-way users which own or control facilities within public ~~right-of-ways~~ rights-of-way within the City on the effective date of this Section shall submit detailed mapping including restoration data in accordance with this Subdivision for all facilities and equipment located within the public right-of-way. Following initial mapping, all right-of-way users shall submit detail mapping including restoration data by April 1st of every year for all new facilities located within public rights-of-way in the City during the preceding calendar year or certification that no new facilities were installed.

Section 20. Amendment. Section 800.02, Subd. 16. C. of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] is amended as follows:

C. *Limitation of Space.* To protect the health, safety, and welfare of the City or when necessary to protect the public right-of-way and its current use, the City may prohibit public right-of-way users from a particular right-of-way after consideration of the public interest, the public's needs for the particular utility service, the condition of the public right-of-way, the time of year with respect to essential utilities, the protection of existing facilities in the public right-of-way, and future City plans for public improvements and development projects. ~~which~~

Section 21. Amendment. Section 800.02, Subd. 17. C. 2. c. of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] is amended as follows:

c. For requests involving the vacation of right-of-way, the applicant shall submit a legal description of the right-of-way to be vacated and the addresses of all properties directly abutting the right-of-way to be vacated; and

Section 22. Amendment. Section 800.02, Subd. 17. C. 3., Items b. and c. of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- PUBLIC RIGHT-OF-WAY REGULATIONS] are amended as follows:

b. Notice of said hearing shall be published once in the official newspaper at least ten calendar days prior to the hearing, and shall be mailed at least ten days before the hearing to all landowners of property directly abutting the area to be vacated and to all utility companies serving the area.

c. The City Engineer shall instruct the appropriate staff ~~persons~~ to prepare technical reports where appropriate, and provide general assistance in preparing a recommendation of the action to the Council.

Section 23. Amendment. Section 800.04 of the Plymouth City Code [CONSTRUCTION IN STREETS, ALLEYS AND PUBLIC GROUNDS -- STRUCTURES IN STREETS] is amended as follows:

800.04. - Structures in Streets.

Unless otherwise permitted in this Section, ~~No~~ no person shall place, erect, or construct any structure in any street, boulevard, or right-of-way in the City if the structure causes or is likely to

cause people to use, or play in, the traveled portion of the roadway. This ~~s~~Section does not authorize construction of any structure that is otherwise prohibited by law.

Section 24. Amendment. Section 805.09, Subd. 3 of the Plymouth City Code [PARKS; REGULATIONS -- PROHIBITED ACTS; REGULATIONS] is amended as follows:

Subd. 3. **Parking.** No person shall park any vehicles in any place in a park except in designated parking areas without first obtaining a permit from the Parks and Recreation Department. No vehicle shall be parked or remain parked within any park after the park has been closed to the public.

Section 25. Amendment. Section 805.09, Subd. 12 of the Plymouth City Code [PARKS; REGULATIONS -- PROHIBITED ACTS; REGULATIONS] is amended as follows:

Subd. 12. **Trapping.** Only City authorized persons shall set, lay, prepare or have in ~~his~~ their possession any trap, snare, artificial light, net, bird line, ferret or any contrivance whatever, for the purpose of trapping, catching, taking or killing any bird or animal within any park.

Section 26. Amendment. Section 807.02 of the Plymouth City Code [VEGETATION MANAGEMENT -- DEFINITIONS] is amended as follows:

807.02. - Definitions.

The following words and terms, wherever they occur in this Section, shall be interpreted as herein defined:

Noxious Weeds means ~~an~~ annual, biennial, or perennial plants that the Commissioner of Agriculture has designated as Prohibited Eradicate and/or Prohibited Control to be injurious to public health, the environment, public roads, crops, livestock, or other property pursuant to Minnesota Statutes § 18.71 and 18.77 Subdivision 8.

~~*Prohibited Plants means and includes: articum minus (common burdock); amuranthus retroflexus (pigweed); rumex crispus (curly dock); abutilon theophrasti (velvetleaf); ambrosia spp (ragweed); kochia scoaria (kochia); melilotus officianalis (sweetclover); chenopodium album (lambs quarter); barbarea vulgaris (yellow rocket); and erassica kaber (wild mustard). For the purposes of this Section, taraxacum spp (common dandelion) or glechoma hederacea (creeping charlie) are not considered to be prohibited plants.*~~

Property means and includes the land lying within the boundary of a lot or parcel, together with directly abutting boulevards (roadway rights-of-way) and directly abutting trail or sidewalk outlots. For purposes of this Section, if an abutting trail or sidewalk outlot lies between and abuts a roadway, the term "property" shall include the trail or sidewalk outlot and boulevard area extending to the nearest

edge of the roadway, and if such abutting trail or sidewalk outlot abuts another property, the term "property" shall include the trail or sidewalk outlot area extending to the nearest edge of the trail or sidewalk.

~~Rank Vegetation means and includes uncultivated vegetation that generally grows at a rapid rate and is planned, unintentional, or accidental. Rank vegetation does not include native buffers along wetlands, streams, and lakes.~~

Section 27. Amendment. Section 807.05 of the Plymouth City Code [VEGETATION MANAGEMENT -- NOTIFICATION PROCEDURE] is amended as follows:

807.05. - Notification Procedure.

If a property, as defined in this Section, contains ~~nuisance vegetation~~ turf grass that exceeds eight inches in length or noxious weeds, the City shall notify the property owner by sending a letter by first class mail to the property owner or posting a notice on the property. The notice shall include pertinent information regarding the nature of the violation, method of correction and a deadline for correcting the violation.

Section 28. Amendment. Section 807.07 of the Plymouth City Code [VEGETATION MANAGEMENT -- HARDSHIP AND APPEAL] is amended as follows:

807.07. - Hardship and Appeal.

Property owners shall be exempt from the requirements of this section if, as a result of circumstances beyond their control, the property owner is prevented from controlling the height of turf grass ~~and/or rank vegetation~~ on their property because of a hardship. A property owner may apply in writing to the Park and Recreation Director for a hardship determination. Hardship means that because of greater than 3:1 steep slopes or standing water, it is not feasible to maintain the area safely. The Park and Recreation Director shall review the property and determine whether a hardship exists. The decision of the Park and Recreation Director may be appealed by the property owner to the City Council by filing a written appeal within ten days of the Park and Recreation Director's decision.

Section 29. Amendment. Section 905.05 of the Plymouth City Code [FIRE PREVENTION CODE -- FIRE APPARATUS ACCESS ROAD SIGNS] is amended as follows:

905.05. - Fire Apparatus Access Road Signs.

When a fire lane or emergency access is located on public property or within a public right-of-way, the signage ~~or signs~~ shall be ~~erected~~ installed by the City, and when such fire lane or emergency access is located on private property, the~~y~~ signage shall be ~~erected~~ installed by the property owner at ~~his own~~ their expense within 30 days after ~~he has been~~ being notified of the order. Ongoing maintenance shall also be the sole responsibility of the owner. Thereafter, no person shall park a vehicle or otherwise occupy or obstruct the fire lane or emergency access lane.

Section 30. Amendment. Section 915.21, Subd. 1 of the Plymouth City Code [ANIMAL CONTROL -- ANIMAL LIMITS] is amended as follows:

Subd. 1. In residential and single-family PUD (planned unit development) zoning districts, ~~No~~ no person shall own, harbor, keep or have custody of more than four dogs and cats in combination, no more than two of which may be dogs over six months old on their property without having first secured a Multiple Animal License as required herein. In other zoning districts where allowed, ~~except individuals involved in any animal-related business. Individuals~~ individuals involved in the business of selling, boarding, breeding, treating, ~~or~~ grooming, or otherwise caring for animals must receive a Kennel License. For all zoning districts, ~~Animals which~~ animals that have been specially trained and certified to perform certain tasks such as for handicapped, police K-9s, search and rescue, and other designated working animals are not counted in ~~this requirement~~ the regulations stated herein, nor are animals that are part of any registered foster parent program.

Section 31. Amendment. Section 1010.01, Subd. 7.Q. of the Plymouth City Code [LICENSE FEES -- FEES] is amended as follows:

Q. Beekeeping License	$100.00 ~~for new applications, $50 for renewals (every two years)~~

Section 32. Amendment. Section 1010.01, Subd. 13 of the Plymouth City Code [LICENSE FEES -- FEES] is amended as follows:

Subd. 13. **Cannabis Fees:**

Type of Registration or License	**Fee**
Initial Cannabis or Hemp Retail Registration (including cannabis retailer, cannabis microbusiness with retail endorsement, cannabis mezzobusiness with retail endorsement, medical cannabis retailer, medical cannabis combination business, and lower-potency hemp edibles retailer)	$500.00, or half the amount of an initial state license fee under Minn. Stat. 342.11, whichever is less.
Cannabis or Hemp Retail Renewal	No fee for the first annual renewal. Fee for subsequent annual renewals: $1,000.00, or half the amount of a renewal state license fee under Minn. Stat. 342.11, whichever is less.
Temporary Cannabis Event License	See Temporary On-Sale Liquor License Fee
Civil Penalty for Cannabis Registration Violation	$2,000.00

Section 33. Amendment. Section 1010.03, Subd. 1 of the Plymouth City Code [LICENSE FEES -- PENALTY FOR LATE PAYMENT OF LICENSE FEES] is amended as follows:

Subd. 1. **No Penalty.** No penalty for the late payment of any license shall be incurred by any licensee provided the owner or ~~his~~ their agent makes application for the renewal of ~~his~~ the existing license to the City Clerk and includes therein the payment of the required fee ~~therefor~~ prior to the expiration date of said license.

Section 34. Amendment. Section 1015.27 of the Plymouth City Code [PERMIT PROCEDURES AND FEES -- RIGHT-OF-WAY PERMIT PROCEDURES AND FEES] is amended as follows:

1015.27. Right-of-Way Permit Procedures and Fees.

Type of Permit or Charge	**Fee**
Registration Fee	$140.00
Excavation Permit Hole	$160.00
Excavation Permit Hole New Development	$80.00
Trench Base (plus $.40 per lineal foot over 100 feet) or (plus $.20 per lineal foot over 100 feet new development)	$125.00
Obstruction Permit Fee	For 1 day or less: $40.00 For more than 1 day: $500, plus $0.01 per foot per lane per day
Permit Extension Fee	$30.00
Delay Penalty ($10.00 additional for each day after three days)	$60.00
Small Wireless Facility Permit Fee	$160.00
Rent to occupy space on a City-owned wireless support structure	$150.00 per small wireless facility per year
Maintenance associated with space occupied on a City-owned wireless support structure	$25.00 per small wireless facility per year
Electricity used to operate a small wireless facility if not purchased directly from a utility	$73.00 per small wireless facility per month per radio node less than or equal to 100 max watts
Electricity used to operate a small wireless facility if not purchased directly from a utility	$182.00 per small wireless facility per month per mode over 100 max watts
Electricity used to operate a small wireless facility if not purchased directly from a utility	Actual cost per small wireless facility per month if greater than $73.00 per radio node less than or equal to 100 max watts, or greater than $182.00 per mode over 100 max watts

Section 35. Amendment. Section 1015.29 of the Plymouth City Code [PERMIT PROCEDURES AND FEES -- OTHER PERMIT FEES AND CHARGES] is amended as follows:

1015.29. Other Permit Fees and Charges.

The fees and charges for other activities requiring a permit under this Code are set by this Subsection under the following headings:

Type of Permit or Charge	**Fee or Charge**
DHS Licensed Facility Inspection Fee	$50.00
Duplicate Inspection Record Cards	$4.00
Fireworks Display	$200.00
Grave Opening Fee at Parkers Lake Cemetery	$300.00

Oversize/Overweight Permit Fee	$1.00 per ton per mile

Section 36. Amendment. Section 1120.11, Subdivisions 1 and 3 of the Plymouth City Code [MOTOR BICYCLE/MOTOR SCOOTER RENTALS -- CONDITIONS OF LICENSE] are amended as follows:

Subd. 1. **Driver's License.** The licensee shall not rent or lease a Motor Bicycle or motor scooter to any person, except if such person shall have a valid Minnesota driver's license in ~~his~~ their possession and subject to the limitations as prescribed thereon.

Subd. 3. **Instruction.** The licensee, ~~his~~ their agents or employees, shall explain the operation of such Motor Bicycles or motor scooters including the controls, pedals, gears, and brakes of the particular vehicle to be used by each person leasing or using the same prior to the

time when it is operated by such person. The licensee shall call the attention of the lessee or bailee to the high degree of maneuverability of a Motor Bicycle or motor scooter and the lack of protection to the driver thereof if the vehicle is upset.

Section 37. Amendment. Section 1140.13.D. of the Plymouth City Code [SOLICITORS AND PEDDLERS -- PRACTICES PROHIBITED] is amended as follows:

D. Calling attention to ~~his~~ their business or to ~~his~~ their merchandise, by crying out, by blowing a horn, by ringing a bell, or by any loud or unusual noise in areas zoned for residential use.

Section 38. Amendment. Section 1140.15 of the Plymouth City Code [SOLICITORS AND PEDDLERS -- EXCLUSION OF PEDDLERS AND SOLICITORS] is amended as follows:

1140.15. - Exclusion of Peddlers and Solicitors.

Any person who wishes to exclude Peddlers or Solicitors from their premises ~~occupied by him~~ may place upon or near the usual entrance to such premises a printed placard or sign bearing the following notice:

"Peddlers and Solicitors Prohibited"

Such placard shall be at least three and three-quarter inches long and three and three-quarter inches wide and the printing thereon shall not be smaller than 48~~--~~point type. No Peddler or Solicitor shall enter in or upon any premises or attempt to enter in or upon any premises where such placard or sign is placed and maintained notwithstanding the fact that ~~he~~ they may have obtained a solicitation certificate or solicitation credentials, as the case may be, under the provisions of this Section. No person other than the person occupying such premises shall remove, injure or deface such placard or sign.

Section 39. Amendment. Section 1140.19 of the Plymouth City Code [SOLICITORS AND PEDDLERS -- COMPLIANCE WITH ZONING] is amended as follows:

Transient Produce Merchants shall comply with provisions of the Plymouth Zoning Ordinance. Compliance with the Zoning Ordinance location, information, and plan requirements shall be verified in writing by the Community and Economic Development Director or their designee.

Section 40. Amendment. Section 1160.14.A. of the Plymouth City Code [PAWNBROKERS -- INSPECTION OF PREMISES] is amended as follows:

A. *Premises.* Any licensee shall, at all times during the term of the license, allow the Police Department to enter the premises, where the licensee is carrying on business,

including all off-site storage facilities as authorized in Section 1160.12(O), during normal business hours, except in an emergency, for the purpose of inspecting such premises and inspecting the articles and records therein to locate goods suspected or alleged to have been stolen and to verify compliance with this Section or other applicable laws. No licensee shall conceal any article in ~~his~~ their possession from the Police Department.

Section 41. Amendment. Section 1305.01, Subd. 1 of the Plymouth City Code [STREETS; TRAFFIC -- EMERGENCY STREET CLOSINGS] is amended as follows:

Subd. 1. **Reasons.** In an emergency either the City Manager, Director of Public Safety, or the Fire Chief may close off any public street, alley, or area to any or all vehicular or pedestrian traffic, including parked cars and reroute any or all such traffic when, in ~~his~~ their discretion, it appears that such an act is necessary to control or prevent a riot, to fight or prevent the spreading of a fire, to control or remove explosives, to repair electrical service, gas, water or sewer main, or to prevent damage to life, limb or property that might result from any traffic or other hazard.

Section 42. Amendment. Section 1305.05, Subd. 4 of the Plymouth City Code [STREETS; TRAFFIC -- WEIGHT LIMITS; SEASONAL RESTRICTIONS] is amended as follows:

Subd. 4. ~~Special Permits.~~**Permit Requirement.**

A. *Permit Required*. Any person desiring authority to move a vehicle or combination of vehicles of a size or weight or load exceeding the maximum authorized by this Section or otherwise not in conformity with the provisions hereof, ~~may make written application therefor to the City Engineer and upon good cause being shown therefor, the City Engineer may, in his/her discretion, issue such a permit~~ shall first obtain an oversize/overweight permit therefor as required by this Section.

~~B.~~

~~C.~~B. *Permit Application.* An application for a permit under this Section shall be on a form furnished by the City and completed and submitted to the City with the following information:

1. The applicant's name, postal address, email address, and telephone number.

~~2.~~

~~3.~~2. The designated contractor or vehicle operator's name, postal address, email address, telephone number, and current information regarding how to contact the designated contractor or vehicle operator in an emergency.

~~4.~~

~~5.~~3. ~~The application and permit shall specifically describe~~ A detailed description of the vehicle or vehicles and loads to be moved, a written and graphic description of the public streets over which the same is to travel, and the

period of time for which the permit is granted. ~~The City Engineer shall prescribe the conditions to govern the operation of such vehicle or vehicles and may require may require a permit fee, as well as a bond, or other security to compensate for any injury to any roadway or road structure. Every such permit shall be carried on the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer, official, or employee of the City. No person shall violate any of the terms or conditions of such special permit.~~

~~6.~~

~~D.~~C. *Issuance of permit*. The City may deny a permit under this Section for the following reasons:

1. The applicant failed to fully comply with the application requirements herein.

~~2.~~

~~3.~~2. The time schedule for the operation will conflict or interfere with a community exhibition, celebration, festival or any other similar community event in the area of the operation or interfere with a scheduled public improvement of the public right-of-way.

~~4.~~

~~5.~~3. The proposed operation would be contrary to and negatively affect the public, health, safety, and welfare by interfering with the safety and convenience of ordinary travel over the public right-of-way, or would endanger the public right-of-way and its users.

D. *Conditions of Permit*. All permits issued under this Section shall be subject to the following requirements:

1. All permits issued under this Section or a copy of the permit shall be carried on the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer, official, employee or representative of the City.

~~2.~~

~~3.~~2. The permittee shall comply with the Minnesota Manual on Uniform Traffic Control Devices at all times during the operation.

~~4.~~

~~5.~~3. The permittee shall promptly notify the City if the operation begins later or ends sooner than the dates specified in the permit.

~~6.~~

~~7.~~4. The permittee shall be subject to the restoration standards established in Chapter 8 of this Code.

~~8.~~

~~9.~~5. The City Engineer, at their discretion, may require a bond or other security to compensate for any injury to any roadway or road structure.

~~10.~~

~~11.~~6. The City Engineer, at their discretion, shall prescribe conditions to govern the operation of such vehicle or vehicles.

~~12.~~

~~13.~~7. The permittee shall obtain all other necessary permits, licenses and approvals, pay all required fees, and comply with all requirements of local, state and federal laws.

~~14.~~

8. No person shall violate any of the terms or conditions of the permit.

~~6.~~E. *Permit Fees.* All permit fees shall be submitted to the City with the application. Permit fees shall be set to recover the City management costs and restoration costs as defined in Chapter 8 of this Code. The permit fees shall be established by this ordinance and Chapter 10 of this Code. No permit fee shall be refundable.

Section 43. Amendment. Section 1305.05, Subd. 5 of the Plymouth City Code [STREETS; TRAFFIC -- WEIGHT LIMITS; SEASONAL RESTRICTIONS] is amended as follows:

Subd. 5. **Damage to Streets.** Any person driving any vehicle, object, or contrivance upon any City street is liable for all damages which the ~~highway~~ roadway or ~~highway~~ roadway structure may sustain as a result of any illegal operation, driving, or moving of such vehicle, object, or contrivance, or as a result of operating, driving, or moving any vehicle, object, or contrivance in excess of the maximum weight authorized by and pursuant to the issuance of a ~~special~~ permit under this section. When such driver is not the owner of such vehicle, object, or contrivance, but is operating, driving, or moving the same with the express or implied permission of the owner, then the owner and driver are jointly and severally liable for any such damage. Such damage may be recovered in a civil action brought by the City.

Section 44. Amendment. Section 1305.05, Subd. 6 of the Plymouth City Code [STREETS; TRAFFIC -- WEIGHT LIMITS; SEASONAL RESTRICTIONS] is amended as follows:

Subd. 6. **Police Duties.** Any police officer having reason to believe that the weight of a vehicle and load is unlawful, is authorized to require the driver to stop and submit to a weighing of the same, either by means of portable or stationary scales, and may require that such vehicle be driven to the nearest scales, in the event such scales are within five miles. When any officer determines that the weight of any vehicle or the load thereon exceeds the maximum authorized, ~~he~~ they may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under the provisions of this Section. All materials so unloaded shall be cared for by the owner or driver of such vehicle, at the risk of such owner or driver. A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses, when directed by an officer upon a weighing of the vehicle, to stop the vehicle and otherwise comply with the provisions of this Section, is guilty of a misdemeanor.

Section 45. Amendment. Section 1305.17, Subd. 6.A. of the Plymouth City Code [STREETS; TRAFFIC -- OPERATION AND REGULATION OF MOTORIZED GOLF CARTS AND ATVS] is amended as follows:

A. The applicant must demonstrate that ~~he is~~ they are a physically handicapped person as defined in Minnesota Statutes, Section 169.345, Subdivision 2, as amended.

Section 46. Amendment. Section 1310.11, Subd. 13 of the Plymouth City Code [PARKING REGULATIONS -- TOW AWAY OF VEHICLES; CONTRACTORS] is amended as follows:

Subd. 13. **Liability and Property Damage Insurance.** The towing contractor must carry, at ~~his~~ their own expense, public liability, property damage, fire and theft, and public garage keepers' liability insurance in a good reliable insurance company licensed to do business in the State of Minnesota, and which shall include the City as a named insured, and all of which shall contain coverage in an amount of not less than $100,000.00 for injury to any one person and not less than $300,000.00 total injury in any one accident, and not less than $10,000.00 fire and theft, $25,000.00 for damage to property, and $5,000.00 garage keepers' insurance and shall furnish and file with the City Clerk a policy or certificate of such insurance of the insurer which shall contain a clause providing for a ten-day notice to the City before cancellation. If any bond or policy of insurance required herein is canceled, the towing contractor, before date of cancellation, shall furnish and file a similar new certificate. Failure to comply with the provisions hereof shall automatically suspend the contract as of the date of the cessation of any such bond or liability, property and fire insurance coverage. In the event of cancellation of any policy, the towing contractor shall not be authorized to act as towing contractor for the City unless and until ~~he shall~~ they furnish and file a new bond or insurance policy or certificate evidencing insurance to replace the canceled policy.

Section 47. Amendment. The first paragraph of Section 1400.05 of the Plymouth City Code [MAINTENANCE AND USE OF PARKERS LAKE CEMETERY -- SALE OF LOTS] is amended as follows, with no changes to subsequent Subdivisions 1 through 3:

1400.05. - Sale of Lots.

The prices of cemetery lots and other services is hereby fixed at $185.00 per lot plus $115.00 for perpetual care. Any person paying the price thus fixed for any lot shall be entitled to a deed conveying the same executed by the City Manager and City Clerk. The purchaser shall expressly agree in the deed that ~~his~~ their rights are subject to such ordinances and regulations as the Council may adopt relative to the use of the cemetery. No lot shall be used for any purpose other than the burial of human remains and the placing of appropriate materials.

Section 48. Amendment. Section 1400.07 of the Plymouth City Code [MAINTENANCE AND USE OF PARKERS LAKE CEMETERY -- TRANSFER OF LOTS] is amended as follows:

1400.07. - Transfer of Lots.

No cemetery lot or fractional lot may be resold or otherwise disposed of, except by will, nor may such lot or fractional lot be subdivided, without the approval of the City Manager, and the City retains the first option to repurchase the cemetery lot or fractional lot at the original sale price. No lot will be permitted to be resold, disposed of, or otherwise used until the purchase price and all unpaid charges have been paid in full. A lot owner may dispose of ~~its~~ their lot by will to any ~~of his~~ surviving relatives ~~who may survive him~~ or to the cemetery in trust, for the use and benefit of the persons designated in the will, but no such lot shall be affected by a testamentary device unless the same be specifically mentioned in the will and by such device limited to one particular person. Lot owners may not allow interments to be made on their lots for remuneration. When a transfer has been made in conformity with these rules, the City will issue a deed to the new owner upon surrender of the deed or certificate of the former owner. The surrender deed or certificate will then be canceled.

Section 49. Amendment. Section 2005.05 of the Plymouth City Code [MISDEMEANORS; SPECIAL PROVISIONS -- RESISTING A PUBLIC OFFICER] is amended as follows:

2005.05. - Resisting a Public Officer.

It is unlawful for any person to willfully resist, delay or obstruct a public officer in discharging or attempting to discharge a duty of ~~his~~ their office.

Section 50. Amendment. Section 2005.13 of the Plymouth City Code [MISDEMEANORS; SPECIAL PROVISIONS -- ALCOHOL IN PARKS] is amended as follows:

2005.13. - Alcohol in Parks.

It is unlawful for any person to bring into, possess, barter, give away, or consume any alcoholic beverages in any public park or any vehicle parking area immediately adjoining such park; provided, however, that this prohibition shall not apply to the following:

A. Administrative permits approved with facility reservations during park/facility hours.

1. Administrative permits allow for the possession and consumption of alcoholic beverages within the following park facilities:

a. Northwest Greenway Pavilion.

b. Bass Lake Building.

c. Parkers Lake Building and North Picnic Shelter.

d. East Medicine Lake Shelter.

i. Alcoholic beverages are not allowed on beach/sand area. All alcoholic beverages must be confined to shelter area.

e. Hilde Performance Center.

f. Bass Lake Playfield.

g. Elm Creek Playfield.

h. Parkers Lake Playfield.

i. Plymouth Creek Playfield.

j. The Meadows Playfield.

k. Zachary Playfield.

2. Alcoholic beverages sold at public and ticketed events must be served through a licensed caterer, or ~~apply and~~ must be approved ~~for~~ through a temporary on-sale liquor license ~~and follow~~ in accordance with MN State Statute 340A.~~, including but not limited to the following:~~

~~a. Application and fee received by City Clerk's office 45 days prior to the event.~~

~~b. Alcoholic beverages must be sold by a licensed caterer or a club or charitable, religious or other non-profit organization in existence for at least three years.~~

~~c. Receive council approval.~~

3. A temporary on-sale liquor license is not required for alcoholic beverages served at private events that have obtained an administrative permit, provided ~~private rentals if using a licensed caterer for alcohol sales, or if a person holding the administrative permit is personally serving alcohol where the person is not~~ there shall be no selling of, bartering for, keeping for sale, charging for possession, or otherwise disposing of ~~the~~ any alcoholic beverages as part of a commercial transaction.

B. Alcoholic beverages served through a City approved licensed caterer or Plymouth club or charitable, religious or other non-profit organization in existence for at least three years with an approved temporary on-sale liquor license at the Plymouth Community Center and Millennium Garden.

C. Alcoholic beverages served through a licensed caterer or through an organization ~~or club or charitable, religious or other non-profit organization in existence for at least three years~~ with an approved temporary on-sale liquor license during Community and City sponsored events.

Section 51. Amendment. Section 2005.15 of the Plymouth City Code [MISDEMEANORS; SPECIAL PROVISIONS -- LIQUOR AND BEER IN PUBLIC PLACES] is amended as follows:

2005.15. - Liquor and Beer in Public Places.

Subd. 1. **Public Ways.** It is unlawful for any person to consume, barter, or give away any intoxicating beverages or malt beverages in or upon any public street, avenue, Boulevard, alley or other public way, whether in a Vehicle or not, in the City.

Subd. 2. **Parking Areas.** It is unlawful for any person to consume, barter, or give away any intoxicating beverages or non-intoxicating malt beverages in or upon any parking area open to the public whether in a Vehicle or not.

Subd. 3. **Exception for City-Sponsored Events.** Notwithstanding preceding Subdivisions 1 and 2 of this subsection, the City may designate specific public areas for the possession and consumption of intoxicating beverages or malt beverages during City-sponsored events.

Section 52. Amendment. Section 2025.05, Subd. 5. F. of the Plymouth City Code [NOISE -- HOURLY RESTRICTION ON CERTAIN OPERATIONS] is amended as follows:

F. Public projects lasting ~~five~~ 21 days or fewer and performed by a governmental agency or their agents are exempt from Section 2025.05, Subd. 4.

Section 53. Effective Date. This Ordinance shall be in full force and effect upon is passage.

ADOPTED by the City Council on this 10th day of February, 2026.

Item:	**Approve bid and authorize renovation of Lake Camelot Park (PR260001)**

---

1. Action Requested:

Adopt the attached resolution approving the bid and authorizing the renovation of Lake Camelot Park (PR260001).

2. Background:

Lake Camelot Park is located at 14105 Chankahda Trail east of the intersection of Chankahda Trail and Cheshire Parkway. The park was developed between 2002-2003 and totals approximately 48 acres.

As part of the Lake Camelot Park Renovation Project, the City Council approved the masterplan on November 26, 2024, following two open house events (August 22 & September 19, 2024) and an online survey for community input.

The masterplan calls for replacement of the playground, parking lot, bridge, trails as deemed necessary, removal of the south boardwalk and replacement with two docks, installation of a permanent year-round restroom along Cheshire Parkway and updating site furnishings and signs as needed.

A key component of the approved masterplan is the replacement of the existing playground, originally installed in 2002. Playground equipment is typically replaced every 17–20 years due to wear, safety considerations, and evolving standards. This ensures compliance with:

- Consumer Product Safety Commission (CPSC)
- American Society for Testing and Materials (ASTM)

- Certified Playground Safety Inspector (CPSI)
- Americans with Disabilities Act (ADA)

This project was previously bid on in July 2025 with four bids received. Bids were 35% to 205% over the engineers' estimate. At that time, staff recommended and council passed a resolution rejecting all bids with the intent of rebidding in the winter for spring construction to achieve bids that more closely aligned with the engineers' estimate.

On Thursday, January 22, 2026, at 3 p.m., bids were publicly opened for the project. A total of six bids were received as detailed in the attached bid tabulation. Staff recommends awarding the bid to Rochon Corporation. Staff and ISG have reviewed the information submitted by Rochon Corporation of Osseo, MN to comply with the responsible bidder criteria and finds the information acceptable.

This item is for authorization of bids associated with construction and does not include previous playground procurement, site furnishings, restroom construction and boardwalk replacement.

3. Budget Impact:

This project is included in the 2025-2034 Capital Improvement Plan for 2026 construction. Rochon was low bid at $1,545,000 for construction. Total project cost is $2,932,252.30. The project will be funded by $2.3 million from the Capital Improvement Fund, the Park Dedication Fund for $272,450, the Park Replacement Fund for $309,802.30 and $50,000 from Three Rivers Park District as referenced in the Medicine Lake Regional Trail Cooperative Agreement approved at the July 22, 2025 City Council meeting.

CITY OF PLYMOUTH

RESOLUTION NO. 2026-53

RESOLUTION APPROVING THE BID AND AUTHORIZE RENOVATION of Lake Camelot Park (PR260001)

WHEREAS, on January 22, 2026 at 3 p.m. bids were publicly opened with a total of six bids received;

Contractor	Base Bid
Rochon	$1,545,000
Ebert Companies	$1,573,000
Custom Builders, Inc.	$1,577,937
Pember Companies	$1,624,670
KNB Contracting	$1,729,000
Urban Companies	$2,625,000

WHEREAS, Rochon Corporation is the lowest responsible bidder, complying with the minimum qualifications; and

WHEREAS, staff and ISG recommends awarding the project to Rochon Corporation;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA:

1. The Mayor and City Manager are authorized and directed to enter into the contract with Rochon Corporation of Osseo, MN in the name of the City of Plymouth for the Lake Camelot Park Renovations (PR260001) according to the plans and specifications therefore approved by the City Council and on file with Parks & Recreation in the amount of $1,545,000.
2. The total cost of the project is $2,932,252.30 and includes construction of $1,545,000 with additional costs including playground equipment, park structures, site furnishings, administration and contingencies of $1,387,252.30.

BE IT FURTHER RESOLVED, that the project would be funded from the Capital Improvement Fund for $2,300,000, Park Dedication Fund for $272,450, Park Replacement Fund for $309,802.30 and $50,000 from Three Rivers Park District.

APPROVED this 10th day of February, 2026.

Item:	**Approve bid and authorize renovation of South Shore Park (PR260003)**

1. Action Requested:

Adopt the attached resolution approving the bid and authorize renovation of South Shore Park (PR260003).

2. Background:

South Shore Park is approximately 4 acres and classified as a neighborhood park with trails, playground, half basketball court, shade structure, benches and portable toilet. The scope of work at Station 73 includes the construction of a regional trail by Three Rivers Park District through South Shore Park. With the impending construction of the trail, the end of the useful life of the playground and other amenities in need of renovation, this project was timed to limit disruption to users.

Renovations include relocating and replacing the playground and basketball court, installing a new portable toilet enclosure and drinking fountain, replacing trails and site furnishings.

On Tuesday, January 20, at 3 p.m., bids were publicly opened for these projects. A total of eleven bids were received as detailed in the attached bid tabulation. Staff recommends awarding the bid to Dreamland Contracting LLC. Staff and ISG have reviewed the information submitted by Dreamland Contracting LLC of Cable, WI to comply with the responsible bidder criteria and finds the information acceptable. Staff feels that Dreamland Contracting LLC is capable of constructing the project in accordance with the approved plans and specifications.

Construction is slated to begin as soon as weather allows in the spring.

3. Budget Impact:

This project is included in the 2025-2034 Capital Improvement Plan with a budgeted amount of $500,000 from the Capital Improvement Fund. The engineer's estimate for construction was $214,522.50. Dreamland Contracting LLC was the low bid of $289,905 for construction. Additional project costs include playground equipment and installation, site furnishings, administration and contingencies totaling $332,693.28. The project will be funded by the Capital Improvement Fund for $500,000 and Park Replacement Fund for $122,598.28.

Item: **Approve purchase of radios for the police department**

---

1. Action Requested:

Adopt resolution approving the purchase of new radios for the police department.

2. Background:

Radios are a critical component of the department's operations, ensuring reliable communication. The department's current radios are approximately 12 years old and are at the end of their service life. These models are being phased out and are receiving limited manufacturer support if and when repairs are required.

The department budgets for radio replacement every 10 years through the Capital Improvement Plan (CIP). The total project cost to replace the current radio inventory is $885,926.35. The radios are manufactured by Motorola Solutions, Inc. The Hennepin County communications system also operates on a Motorola Solutions system, and Hennepin County communications provides technical support for Motorola radio products, ensuring system compatibility and continuity of support.

3. Budget Impact:

The total cost of the radio project is $885,926.35 which includes the equipment ($881,963.66) and the cost to install the mobile radios into the squad car fleet ($3,962.69). This is a planned project and there is sufficient funding available in the Resource Planning Fund to support this budgeted purchase.

APX N70 Portable Radio Solution Description

Overiview

The APX N70 offers affordable, next generation communications for without compromising P25 interoperability or voice and data quality. It offers a durable design with “pick-up-and-go” functionality, optimizing ease-of-use and focused communications in almost all environments.

Durable and Easy To Use

The APX N70 enhances operations with a full color transflective glass display with touch technology for easy operation with gloves on. The touchscreen includes a high velocity user interface with large touch targets, shallow menu hierarchy, home screen information at a glance, and access to integrated apps. Additionally, the N70 offers extended battery life, a shorter antenna, and Bluetooth compatibility with audio accessories, promoting efficient communications between first responders.

ESSENTIAL AND SECURE P25 COMMUNICATIONS

The APX N70 is certified compliant with P25 standards and supports digital and analog trunking, FDMA and TDMA, and Integrated Voice and Data. P25 communications over the N70 are safe and secure–it offers software and hardware encryption, single- and multi key encryption, and P25 Authentication, protecting communications during daily operations.

Reliable Connectivity

Using the APX N70 lets first responders stay connected across disparate networks. It can be equipped with LTE, Wi-Fi®, Bluetooth®, and GPS features, bringing future-ready applications, services, and best-in-class connectivity to everyday users. APX N70 radios support 7/800 MHz frequency bands across radio systems with minimal intervention by the radio user.

Managing and Provisioning Devices

APN N70 provides users greater awareness and faster radio management through Customer Programming Software (“CPS”), Radio Management (“RM”), or the Radio Central programming. These tools transform accurate data into smarter action by enabling dispatchers and network managers to keep radios in the field, make informed operational decisions, and, above all, protect first responders' focus and safety.

Customer Programming Service

CPS is a proprietary, Windows-based application used to configure APX subscriber radios in offline situations. The CPS application offers drag-and-drop, clone-wizard, and basic import/export functions that allow for the addition of new software and feature enhancements. APX N radios can be programmed one-at-a-time on a local PC, *via* secure USB port

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

connection, with TLS-PSK based encryption. Once loaded, subscriber radios are read, and edited, and copdeplugs and templates can be saved and duplicated to program other fleet radios.

Radio Management

Batch Programming is available through the RM software for simultaneous programming and upgrading throughout the radio fleet. With Batch Programming, up to 16 radios can be programmed at once over a Wi-Fi connection. This reduces programming time and ensures that the radio fleet is always up-to-date and ready-to-use in the field.

Device Management Services

Device Management Services (“DMS”) packages provide programming, management, and maintenance services to maximize the effectiveness of this APX N70 solution, while reducing maintenance risk, workload, and total cost of ownership. DMS tackles a range of customer needs, whether the solution is self-maintained or managed by Motorola Solutions.

Using Motorola Solutions’ cloud-based Radio Central Programming, APX N70 supports faster provisioning and deployment to get devices in the hands of first responders and out into the field. Parameters such as talk groups, interface options, and security keys can be programmed remotely within minutes. The DMS package provides access to batch programming with Radio Central Programming or one-at-a-time basic programming with Customer Programming Service, described below.

Radio Central

Radio Central Programming streamlines the APX N70 out-of-the-box experience with a few simple steps. Users will power on the device and view a boot-up animation. Status bar icons on the front display indicate when a connection is made and an update download is initiated. If the APN N70 device is being started for the first time, a “peek-in” device management notification will indicate that the default configuration is detected. When the update download is complete, the device reboots and installs the update. When the install is complete, the device goes back to the full home screen and notifies the user that the update is complete. From power on to provisioning, the process takes less than a minute. For Encryption and Authentication users, a KVL needs to be connected to the radio to use those services.

APX N70 also features Touchless Key Provisioning (“TKP”), leveraging Radio Central and Key Management Facility to add encryption keys remotely. This streamlined, one-time process reduces the time and effort spent enabling encryption. TKP delivers the initial encryption keys to APN N70 radios. Users can provision encryption on one radio or on batches of radios, further speeding up the encryption process for radio fleets.

The figure below illustrates APX N70’s faster provisioning process.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

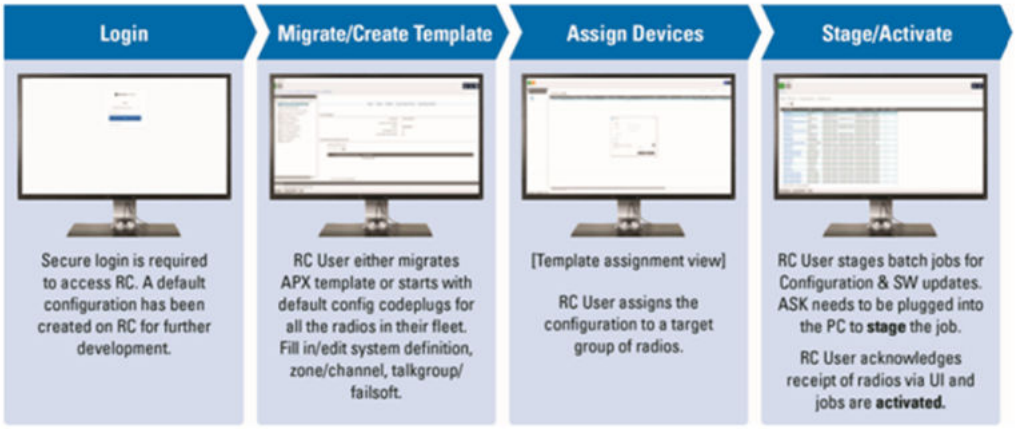

Figure 1: APX N70 Provisioning via Radio Central

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

APX N-Series Device Management Services - Essential Statement Of Work

Overview

Device Management Servces (“DMS”) efficiently maintains the Customer’s device fleet while helping to keep devices up-to-date and fully operational in the field.

DMS Essential services provide basic hardware and software support.

This Statement of Work (“SOW”), including all of its subsections and attachments is an integral part of the applicable agreement (“Agreement”) between Motorola Solutions, Inc. (“Motorola Solutions”) and Customer (“Customer”).

In the event of a conflict between the terms and conditions of the Agreement and the terms and conditions of this SOW, this SOW will control as to the inconsistency only. The SOW applies to the device specifically named in the Agreement.

HardwareRepair

Hardware Repair provides repair coverage for internal and external device components that do not work in accordance with published specifications. Repair services are performed at a Motorola Solutions-operated or supervised facility. The device will be repaired to bring it to compliance with its specifications, as published by Motorola Solutions at the time of delivery of the original device.

For malfunctioning devices that must be replaced, Motorola Solutions will attempt to read the codeplugs from those devices. If successful, Motorola Solutions will load the codeplug to any replacement devices. If not, Motorola Solutions will load a factory codeplug, and the Customer will need to load the previous codeplug.

Motorola Solutions will load factory available firmware to any replacement devices, which may not match the Customer’s firmware version.

Motorola Solutions Responsibilities

- Repair or replace malfunctioning device, as determined by Motorola Solutions.
- Complete repair or replacement with a turnaround time of five business days in-house, provided the device is delivered to the repair center by 9:00 a.m. (local repair center time). Turnaround time represents thetime a product spends in the repair process, and does not include time in transit to and from the Customer’s site. Business days do not include US holidays or weekends.
- If applicable, apply periodically-released device updates, in accordance with an Engineering Change Notice.
- Provide two-way air shipping when a supported Motorola Solutions electronic system, such as MyView Portal, is used to initiate a repair. A shipping label will be generated via the electronic system.

Customer Responsibilities

- For non-contiguous renewals, Customer must provide a complete list, preferably in electronic format, of all hardware serial numbers to be covered under the Agreement to Motorola Solutions.
- Initiate device repairs, as needed.
  - When initiating a repair via a supported Motorola Solutions electronic system, label each package correctly with the shipping label and Return Material Authorization (“RMA”) number generated by the electronic system.
  - When initiating a repair via paper Return Material Form (“RMF”), the RMF must be completed for each device, included in the package with the device, and shipped to the Motorola Solutions depot specified on the RMF.
- Remove any data or other information from the device that the Customer wishes to destroy or retain prior to sending the device for repair.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

- If a malfunctioning device must be replaced and the Customer has loaded information for that device to Motorola Solutions' cloud environment, the Customer will need to remove the information for the malfunctioning device and add information for the replacement device to the applicable cloud environment.

Limitations And Exclusions

The Customer will incur additional charges at the prevailing rates for any activities that are not included or are specifically excluded from this service scope, as described below. Motorola Solutions will notify the Customer and provide a quotation of any incremental charges related to such exclusions prior to completing the repair and said repair will be subject to Customer's acceptance of the quotation.

- Replacement of consumable parts or accessories, as defined by product, including but not limited to batteries, cables, and carrying cases.
- Repair of problems caused by:
  - Natural or manmade disasters, including but not limited to internal or external damage resulting from fire, theft, and floods.
  - Third-party software, accessories, or peripherals not approved in writing by Motorola Solutions for use with the device.
  - Using the device outside of the product's operational and environmental specifications, including improper handling, carelessness, or reckless use.
  - Unauthorized alterations or attempted repair, or repair by a third party.
- Non-remedial work, including but not limited to administration and operator procedures, reprogramming, and operator or user training.
- Problem determination and/or work performed to repair or resolve issues with non-covered products. For example, any hardware or software products not specifically listed on the service order form are excluded from service.
- File backup or restoration.
- Completion and test of incomplete application programming or system integration if not performed by Motorola Solutions and specifically listed as covered.
- Accidental damage, chemical or liquid damage, or other damage caused outside of normal device operating specifications, except if optional Accidental Damage Coverage was purchased.
- Cosmetic imperfections that do not affect the functionality of the device.
- Software support for unauthorized modifications or other misuse of the device software is not covered.

Motorola Solutions is not obligated to provide support for any device that has been subject to the following:

- Repaired, tampered with, altered or modified (including the unauthorized installation of any software) — except by Motorola Solutions authorized service personnel.
- Subjected to unusual physical or electrical stress, abuse, or forces or exposure beyond normal use within the specified operational and environmental parameters set forth in the applicable product specification.
- If the Customer fails to comply with the obligations contained in the Agreement, the applicable software license agreement, and Motorola Solutions terms and conditions of service.

DeviceTechnicalSupport

Motorola Solutions' Device Technical Support service provides telephone consultation for device and accessory issues. Support is delivered through the Motorola Solutions Centralized Managed Support Operations ("CMSO") organization by a staff of technical support specialists.

For Device Technical Support, Motorola Solutions will respond to calls within two (2) hours during the support days. Support hours are 7 a.m. to 7 p.m. CST Monday through Friday, excluding US holidays. In addition, Customers may contact the Call Management Center (800-MSI-HELP) at any time (24 hours a day, seven days a week) and a Motorola Solutions representative will log a technical request in Motorola Solutions Case Management System on the Customer's behalf.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

Motorola Solutions Responsibilities

- Provide technical support for devices, assessing and troubleshooting reported issues.
- Receive and log Customer support requests, and assign a technical representative to respond to a Customer incident per the defined timeframes.

Customer Responsibilities

- Use the provided methods to contact Motorola Solutions technical support.
- Provide sufficient information to allow Motorola Solutions technical support agents to diagnose and resolve Customer issues.
- Provide contact information for field service technicians in the event that Motorola Solutions has to follow up.

Limitations And Exclusions

- Device support does not include Land Mobile Radio (“LMR”) network, Wi-Fi, and LTE network troubleshooting.

Software Maintenance

Motorola Solutions is continually developing new features and functionality for our portfolio of public-safety-grade radios. By purchasing software maintenance, the Customer can take advantage of these firmware releases and future-proof their communications investment.

Motorola Solutions Responsibilities

- Test all firmware releases to minimize software defects.
- Announce new firmware releases and post release notes in a timely manner via MyView Portal.
- Provide firmware updates. Motorola Solutions makes no guarantees as to the frequency or timing of firmware updates.
- Provide upgrade capability through supported Programming Tools.
- Provide programming and service tools and technical support through the firmware support window.
- Provide documentation via MyView Portal with each release detailing new features, bug fixes, and any known issues.

Customer Responsibilities

- Periodically check MyView Portal for firmware update announcements.
- Keep the radio fleet updated with firmware versions within the support window.

MyView Portal Access

MyView Portal is the single location to track the status of subscriptions and service contracts, including start and end dates. This portal includes order, RMA, and technical support ticket status, as well as a consolidated download site for software and documentation.

Outside of pre-announced maintenance periods, MyView Portal will be available on a best effort 24/7 basis. Motorola Solutions cannot guarantee the availability of Internet networks outside of our control.

Motorola Solutions Responsibilities

- Provide a web accessible, secure portal to view the Customer’s data.
- Provide the Customer with login credentials for the site.
- Provide end-user training for the site.
- Provide technical support to answer end user questions between the hours of 8 a.m. to 5 p.m. CST Monday through Friday, excluding US holidays.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

- Keep the site updated with the latest Customer information.

CUSTOMER RESPONSIBILITIES

- Provide Motorola Solutions with contact information for administrative users.
- Administer user access.
- Provide Internet access for users to access the site.
- Attend available MyView Portal training.
- Protect login information against unauthorized use.
- Provide Motorola Solutions with updated equipment information, as needed.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

RESOLUTION APPROVING PURCHASE OF POLICE DEPARTMENT RADIOS

WHEREAS, reliable radio communications are essential to officer safety, effective incident command, and coordinated emergency response; and

WHEREAS, the Police Department's current radio equipment has reached the end of its useful life, having been in service since 2013; and

WHEREAS, Motorola Solutions manufactures durable, public-safety-grade radio equipment designed for daily use by police and emergency service personnel.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA that the purchase of new radio equipment for Police Department use from Motorola Solutions is hereby approved.

BE IT FURTHER RESOLVED, that this planned purchase has been budgeted using resource planning funds, and that the resource planning fund has sufficient funding for the $885,926.35 purchase.

APPROVED by the City Council on this 10th day of February, 2026.

Regular City Council
February 10, 2026
Agenda Number: 6.7

To:	Dave Callister, City Manager
Prepared by:	Amy Hanson, Facilities and Fleet Manager

Item:	**Approve purchase of single and tandem axle trucks for road and snow maintenance**

1. Action Requested:

Adopt attached resolution approving purchase of one single axle truck and one tandem axle truck.

2. Background:

The 2025-2034 Capital Improvement Plan (CIP) includes scheduled replacement of one single axle truck and one tandem axle truck in 2026. These trucks will replace the existing 2014 International Single Axle truck (292) and 2014 Mack Tandem Axle Truck (290), which are on a 12-year replacement schedule. The Public Works department relies on heavy-duty trucks to perform essential road maintenance activities, including pavement repair, water main breaks, material hauling and snow maintenance operations. The existing units proposed to be replaced will be sold at auction when the new units arrive, which is expected in 2027.

3. Budget Impact:

The total cost of the replacement is $769,163.73. This includes the purchase of the chassis from Transwest Trucks (previously Boyer Trucks), each unit's vehicle build-out and snow equipment from Towmaster, along with the estimated registration cost. The city is able to purchase the chassis from Transwest Trucks via State Contract # 242594 at a total cost of $307,521.62. The outfitting of vehicle and snow equipment can be purchased from Towmaster via State Contract # 267372 at a total cost of $440,390.00. Total estimated amount due to the state at the time of registration will be $21,252.11. This purchase will be funded by Central Equipment Fund 600-70-760-76001-8100.500.

Spec #	Information Requested	Answer
1.0	Make & Model	WESTERN STAR 47X
	C.A. & W.B. dimension	80" CA & 161" WB
	Front Axle Location (Set Forward, Set Back)	Set Forward
	Frame, Steel PSI	120,000 PSI
	Frame, Section Modulus	14.94 SM
	Frame, Resistance to Bending Moment	1,792,426 RBM
	Frame overhang length	65"
	Type of fasteners used on frame members	Huck-Spin, Round Collar
	Front bumper description	Painted Steel
	Front Axle Type & Size	Detroit DA-F-12.0-3 12,000# 3.74 Drop Single Front Axle
	Front Spring length	56"
	Front brake size	15 x 4
	Front Brake chamber size	20 sq/in
	U Joint Make, Model & Type (1/2 round, etc.)	Meritor MXL 176T, Half Round
	Rear Axle Type & Size	Meritor MT-40-14X 40,000# R-Series Tandem Rear Axle
	Rear brake size	16.5 x 7
	Rear brake chamber size	30/30 sq/in

Spec #	Information Requested	Answer
	Parking Brake Type & Model #	Spring, Wabco Tristop Longstroke
	Front Tire Make & Size	Hankook 11R22.5 14-ply
	Front Rim Size & Rating	22.5 x 8.25 7,400#
	Rear tire make & size	Hankook 11R22.5 14-ply
	Rear rim size & rating	22.5 x 8.25 7,400#
	Air compressor type & size	Cummins 18.7 CFM
	Air dryer info	Wabco System Saver HP
	Engine type, HP & torque	Cummins L9, 260 HP & 860 LB/FT Torque
	Type of engine fan drive	Air Powered On/Off
	Exhaust description	RH Outboard Under Step Mounted Horizontal Aftertreatment System Assembly with RH Horizontal Tailpipe
	Starter motor Make & Model	Delco 12V 39MT HD/OCP
	Right side steering assist (Auxiliary gear, hydraulic ram or none)	None
	Transmission Make & Model, # of Speeds	Eaton Fuller FRO-14210C, 10-speed
	Clutch size and # of plates	14", 2 Plate
	Battery CCA, # of batteries, CCA of each battery	2000 CCA, 2 Batteries, 1000 CCA each
	Fuel tank size, shape and material	60 Gallon, Round, Aluminum
	Alternator Type & Size	LN 12V, 170-Amp Pad Mount
	Radiator Sq in & Material	1400 Square Inch, Aluminum
	Type and number of horns	Electric, 1
	Cab ride (type of mounting)	Air
	Cab size door to door, floor to ceiling	76", 57"
	Distance of cab floor to ground	52"

Spec #	Information Requested	Answer
	Description of seats supplied with base cab & chassis	Basic High Back Air Suspenstion Driver Seat, No Passenger Seat
	Windshield washer nozzle location	Wiper Arm
	Interior package (Low, Med or Premium)	Medium
	Does unit include cruise control	Yes
	How is dome light activated	LH, RH, and Dash Switch
	Steering wheel adjustment (tilt, telescoping, etc.)	Adjustable Tilt and Telescoping
	Cab grab handle locations	Interior LH/RH & Lower LH/RH A Pillar
	Storage pocket description	LH and RH Door Pockets, Overhead Console
	Cab Gauges, List	Speedometer, Odometer, Tachometer, Voltage, Fuel Level, DEF Level, Coolant Temp, Oil Pressure, (2) System Air (psi), Outside Air Temp
	Dimmer switch location	Turn Signal Lever
	Paint description	Base Coat/Clear Coat, White
	Cab & chassis warranty (time & mileage)	1 YEAR / UNLIMITED
	Engine warranty (time & mileage)	2 YEAR / 250,000 MILES
	Transmission warranty (time & mileage)	3 YEAR / UNLIMITED
	Rear end warranty (time & mileage)	2 YEAR / 100,000 MILES
	Delivery of chassis starting point	Boyer Trucks - Lauderdale, Savage, St. Michael, MN - Sioux Falls, SD - Superior, WI
	Estimated weight on front axle of base unit	7,112 lbs.
	Estimated weight on rear axle of base unit	7,316 lbs.

General Terms and Conditions for the Sale of Goods by Subsidiaries of ASH North America, Inc.

1. SCOPE AND VALIDITY

1.1. These General Terms and Conditions for the Sale of Goods (these "Terms") govern the sale and delivery of all goods and products (the "Products"), and all transactions incidental thereto, by such sub-sidiary of ASH North America, Inc. identified on the respective Con-firmed Order (as defined below) as the seller or supplier ("Seller") to any of its customers (each a "Customer"). The liability of each such subsidiary under these Terms or any Confirmed Order shall be several and not joint. Customer acknowledges and agrees that nothing in these Terms or any Confirmed Order shall be construed as implying joint lia-bility in any case of ASH North America, Inc. or any of its subsidiaries. Each Seller shall be solely responsible for its own acts or omissions under the respective agreement with Customer.

1.2. No other terms or conditions shall be of any force or effect un-less otherwise specifically agreed upon by Seller in a writing duly exe-cuted by an authorized officer of Seller. These Terms supersede any and all prior oral quotations, communications, agreements, or under-standings of the parties in respect to the sale and delivery of the Prod-ucts. The Seller may issue additional Terms and Conditions of Sale for certain products. These shall apply in addition to to the present Terms. Any additional or different terms or conditions contained in Customer's Order (as defined below), response to Seller's confirmation, or any other form or document supplied by Customer are hereby expressly rejected and are rendered null, void, and of no effect. These Terms may not be modified, amended, waived, superseded, or rescinded, ex-cept by written agreement signed by an authorized officer of Seller. Delivery of the Products by Seller does not constitute acceptance of any of Customer's terms and conditions and do not serve to modify or amend these Terms.

1.3. The issuance of an Order (as defined below) by Customer to Seller or any communication or conduct of Customer which confirms an agreement for the delivery of Products by Seller, as well as ac-ceptance in whole or in part by Customer of any delivery of Products by Seller, shall be construed as Customer's acceptance of these Terms.

2. OFFERS, ORDERS AND CONFIRMATION

2.1. Unless otherwise specified by Seller in writing, all offers made by Seller are not binding and may be revoked by Seller at any time without any liability to Customer.

2.2. Customer shall issue to Seller orders for the purchase of Prod-ucts, in written form via the order process determined by Seller from time to time (each, an "Order"). By issuing an Order to Seller, Customer makes an offer to purchase the Products pursuant to these Terms and the terms set forth on such Order. Provided that the Order contains the same terms as in Seller's corresponding offer, the Order shall be bind-ing on Customer for six (6) weeks after Seller's receipt of such Order.

2.3. Seller may refuse an Order for any or no reason. No Order is binding upon Seller until Seller's acceptance of the Order in writing**,** the issuance of any governmental permit, license, or authority to Seller, as may be required under applicable laws, rules and regulations, and the receipt by Seller of a resale license to be provided by Customer (a "Confirmed Order").

2.4. Specifications and other information on drawings, data sheets, pictures, plans, brochures, catalogs, or Seller's website shall not be binding on Seller unless such specifications and information have been agreed to in writing by Seller in a Confirmed Order. Notwithstanding a Confirmed Order, Seller shall have no obligation to deliver Products to Customer or otherwise fulfill any of its obligations set forth in a Con-firmed Order if Customer is in breach of any of its obligations hereun-der or any Confirmed Order.

2.5. Customer may submit to Seller written requests to change the terms of a Confirmed Order (each such request, a "Change Order Re-quest"). Seller may, at its sole discretion, consider such Change Order Request, provided that Seller will have no obligation to perform any Change Order Request unless and until Seller has agreed in writing to adopt such Change Order Request. If Seller elects to consider such a Change Order Request, then Seller shall promptly notify Customer of any adjustment to the applicable purchase price for the Products.

2.6. In the event Customer cancels any Confirmed Order for any reason, Customer shall reimburse to Seller all of Seller's costs and expenses associated with or incurred due to such cancellation, includ-ing but not limited to the cost of raw materials, labor, and storage if cancellation occurs before Seller's commencement of production. In the event Customer cancels any Confirmed Order for any reason and Seller has started the production of the Product on the respective Con-firmed Order, Customer shall pay to Seller the full purchase price.

2.7. Each Confirmed Order shall be considered a separate agree-ment between the parties, and any failure to deliver the Products under any Confirmed Order shall have no consequences for other deliveries of Products.

3. PRICES

3.1. Unless otherwise agreed to by the parties in the applicable Confirmed Order, the prices of the Products shall be FCA (agreed de-livery location on the applicable Confirmed Order), Incoterms 2022.

3.2. Unless otherwise agreed by the parties in a Confirmed Order, the price of the Products shall not include transportation, insurance, packaging, and Tooling (as defined below) and other materials used for the manufacturing and delivery, sales or Heavy Vehicle Use Tax (HVUT), other use tax or any other similar applicable federal, state or foreign taxes, duties, levies, or charges in any jurisdiction in connection with the sale or delivery of the Products ("Taxes"), Such Taxes shall be payable by Customer, and if Seller is responsible for the collection thereof, such Taxes shall either be added to the price invoiced or be separately invoiced by Seller to Customer. Any special requests con-cerning shipping, transportation, and insurance shall be communicated to Seller in a timely manner and subject to Seller's prior written ap-proval. Customer shall bear all costs resulting from such requests.

In case of lead delivery times of more than two (2) months, Customer hereby acknowledges and agrees that Seller, may, at its sole discre-tion, increase or decrease the agreed prices on any Confirmed Order in the event of material price changes in wages, materials, energy or raw material after the date of the Confirmed Order.

4. PAYMENT TERMS

4.1. Except as set forth in Section 4.2 or unless otherwise agreed in writing by Seller, the purchase price for the Products and all other amounts due under a Confirmed Order shall be due and payable in US dollars within thirty (30) days following the date of Seller's invoice for such Products without any discount, deduction or offset whatsoever. In no event shall any loss, damage, injury or destruction, Force Majeure (as defined below), or any other event beyond Customer's control re-lease Customer from its obligation to make the payments required herein. Payment of all amounts due hereunder shall be made by bank transfer or in any other manner set forth on Seller's invoice. Customer shall be solely responsible for any bank fees, or other fees, incurred due to the wire transfer or any other selected payment method. If Seller agrees to payment by credit card, Seller shall charge an appropriate transaction fee, which the Customer shall also pay.

4.2. In the event Seller becomes aware of circumstances or has rea-son to believe that there are circumstances that may have an adverse effect on Customer's financial condition, Seller may require the Cus-tomer to pay the total amount of the purchase price or fees, or a portion thereof prior to the delivery of the Products. Seller may, without any liability to Customer, refuse the delivery of any Product in the event the Customer fails to make the payment as required under this Section 4.2.

4.3. Time is of the essence for the payment of all amounts due to Seller under any Confirmed Order. If Customer fails to make payments of any amount when due, Customer shall pay interest to Seller at the rate of one percent (1%) per month or such lesser amount as may be permitted by applicable law starting from the due date until payment to Seller of such amount in full. In addition to the interest, Seller may, at its sole discretion, charge the Customer a flat fee of $40 for each re-minder notice issued to Customer due to late payments. If Customer fails to comply with these Terms or a Confirmed Order, or if Customer becomes insolvent, all balances then due and owing to Seller shall be-come due immediately, notwithstanding any payment terms agreed by the parties. All costs and expenses incurred by Seller with respect to the collection of overdue payments (including, without limitation, rea-sonable attorney's fees, expert fees, and other expenses of litigation) shall be borne by Customer. Every payment by Customer shall first be

applied to pay for Seller's cost of collection, then interest owed by Customer, and then to the oldest outstanding claim.

4.4. Notwithstanding anything in the foregoing Section 4.3 or Sec-tion 5, if the parties agreed on installment payments in a Confirmed Order and Customer fails to make any installment payment when due, the remaining balance including accrued interest, and any expenses incurred by Seller shall be due and payable to Seller promptly upon Customer's receipt of written notice of delinquency from Seller.

5. SECURITY INTEREST

5.1. If Seller extends credit to Customer for the purchase price for any Products (including but not limited to pursuant to Section 4.1.), or any other amounts due to Seller, Customer hereby grants to Seller as security for the timely payment and performance of all Customer's payment obligations to Seller, a first priority security interest (the "Security Interest") in all Products heretofore or in the future delivered to Customer and in the proceeds thereof for as long as such Products shall not have been sold by Customer in the ordinary course of business (the "Collateral"). Seller shall be entitled to file any and all financing, continuation, or similar statements under the Uniform Commercial Code in any jurisdiction and take any and all other action necessary or desirable, in Seller's sole and absolute discretion, to perfect its Security Interest in the Collateral and to establish, continue, preserve, and protect Seller's Security Interest in the Collateral. Customer agrees to take any and all actions and provide Customer with all information necessary to enable Seller to perfect and enforce its Security Interest in all jurisdictions and vis-à-vis any of Customer's creditors, and hereby irrevocably grants to Seller a power of attorney to execute all necessary statements or documents in Customer's name for the perfection and enforcement of such Security Interest. The Security Interest shall remain in force until payment in full of the entire purchase price for such Products, and any other amounts due to Seller by Customer. Seller may, without notice, change or withdraw extensions of credit at any time.

6. OBLIGATIONS OF CUSTOMER

6.1. Customer shall use the Products solely for their intended pur-pose and pursuant to Seller's instructions, and agrees to use only qual-ified personnel for the handling of the Products. Customer shall ensure that its customers, employees, agents, and other representatives com-ply with this Section 6.1. and shall be responsible for their acts and omissions.

7. DELIVERY AND ACCEPTANCE

7.1. Unless otherwise agreed in writing by Seller, all deliveries of Products shall be made FCA (agreed delivery location) (Incoterms 2020) and title to and risk of loss for the Products shall pass to Customer upon delivery pursuant to this Section 7.1.

7.2. Any delivery and performance times or dates communicated by or on behalf of Seller are estimates and shall not be binding on Seller. Seller may make partial delivery of Products to be delivered under any Confirmed Order and invoice Customer separately for such partial deliveries or performance. If Customer has not received the Products after six (6) weeks from the estimated delivery date, Customer may make a written request to Seller for delivery. Customer hereby acknowledges and agrees that the actual delivery date of the Products is conditioned upon the complete, accurate and timely delivery of materials from Seller's vendors and suppliers. No delay in delivery of any Products shall relieve Customer of its obligation to accept the delivery or performance thereof and make payments of any amounts due in accordance with these Terms, including but not limited to delays caused governmental restrictions on exports or imports and similar measures.

7.3. Customer's failure to accept the delivery of Products pursuant to a Confirmed Order shall not release or excuse Customer from its obligation to timely pay all amounts due in connection with such Confirmed Order. The Products shall be deemed delivered at the time they have been made available to Customer. If Customer rejects or revokes acceptance of Products, or fails to pay any amounts when due, Seller, in its sole and absolute discretion, may extend the period of delivery of Products by such period as Seller may deem reasonable with such period not exceeding three (3) months from the agreed delivery date, or withhold or cancel delivery of any Products, or cancel any or all Confirmed Orders without any further obligations to Customer whatsoever. In such event, Customer shall be responsible for any and all costs and expenses incurred, or damages or losses suffered by Seller in connection with any such delay notwithstanding any action or inaction by Seller with regard to such delay. Any remaining Products that have not been accepted by Customer within the extended delivery period deter-mined by Seller will be delivered and invoiced by Seller to Customer and Customer agrees to accept such delivery and pay for the purchase price and other amounts payable for the delivered Products.

8. EXAMINATION AND CONFORMITY TO ORDER

8.1. Promptly upon receipt of any Products, Customer shall conduct a full and complete inspection of such Products as to any defects and to confirm compliance with all requirements of the applicable Con-firmed Order. Customer shall notify Seller in writing of any packaging defects, apparent defects, or non-compliance of such Products with the applicable Confirmed Order that Customer has or could reasonably have discovered during such inspection within seven (7) days from the date of receipt of such Products, and Customer shall notify Seller in writing within three (3) days of the date on which Customer shall first have become aware of any hidden defect or non-compliance which could not reasonably have been discovered during Customer's initial inspection of the Products. Such notification shall include reasonable details (including images) on the alleged defects including lot, batch, or Order numbers.

8.2. If Customer fails to timely notify Seller of any defects or other non-compliance of any Products delivered or Customer (or its custom-ers, employees, agents, or representatives) uses, destroys, or modifies any Products that Customer knows or should have known to be defec-tive or non-compliant without Seller's prior written consent, Customer shall be deemed to have unconditionally accepted such Products and waived all of its claims for breach of warranty or otherwise in respect of such Products.

8.3. Customer may only return the Products to Seller with Seller's prior written approval. If the return has been approved by Seller, Cus-tomer shall return the Products to Seller at Customer's sole risk and expense to the destination directed by Seller.

8.4. Complaints of Customer in connection with the shipping or transport shall be directed to the carrier promptly upon receipt of the delivery or the freight documents.

9. LIMITED PRODUCT WARRANTY

9.1. Seller warrants to Customer that the Products will be free of defects in material and workmanship and conform with the require-ments set forth in the applicable Confirmed Order for a period of twelve (12) months from the date of delivery for new business Products and ninety (90) days for after sales Products. (the "Limited Product War-ranty").

9.2. Unless expressly agreed to in writing by Seller, Seller makes no warranty that the Products comply with applicable law, regulations, or specifications in any jurisdiction in which the Products may be used, integrated or incorporated. Any governmental or other approvals necessary in connection with the use, integration or incorporation of the Products shall be Customer's sole responsibility.

9.3. The Limited Product Warranty shall be void if the Defect (as defined below) resulted from (a) improper or inadequate use, storage, handling, operation, integration, incorporation, assembly, mainte-nance, or unauthorized alteration, modification, repair of the Products (including without limitation, the use storage, handling, operation, or integration of the Products contrary to written instructions and/or rec-ommendations of Seller or inadequate training of personnel), (b) changes to construction and materials pursuant to Customer's re-quests, (c) use of improper tools, resources, or accessories including those but not limited to any third party tools, resources, or accessories that are not approved by Seller or not in accordance with Seller's rec-ommendations, instructions, or directions, (d) acts or omissions of Cus-tomer or third parties following delivery of the Product, (e) Customer's failure to properly communicate Seller's instructions and warnings to users of the Products, (f) Customer's, its employees, agents, repre-sentatives, customers or any third party's non-compliance with appli-cable laws, rules and regulation, (g) Force Majeure, or (h) ordinary wear and tear of the Products (e.g., sweep bristles).

9.4. In the event of an alleged breach of the Limited Product War-ranty (a "Defect"), Customer shall, at Customer's sole expense, send the Product to Seller. Seller shall conduct the necessary tests on such Product within a reasonable period. If Seller confirms the Defect, Seller shall, at its sole option and discretion, repair or replace the Defective Product. If the repair or replacement of the Defective Product is commercially unreasonable to Seller, Seller may, at its sole discretion, issue a refund to Customer in the amount Seller deems adequate. Such repair, replacement, or refund shall be the sole liability of Seller and the sole remedy of Customer with respect to a Defect. In no event shall any warranty claims for a Defect be made after twelve (12) months from the date of Customer's receipt of the Products. Any Products or parts returned to Seller for removal or repair under this Section 9.4 shall be the property of Seller. Any applicable Limited Product War-ranty period shall not start anew with the repair or replacement of the Defective Product (or any portion thereof).

9.5. Except for Limited Product Warranty, SELLER HEREBY EXPRESSLY EXCLUDES AND DISCLAIMS ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT. Seller makes no other warranties with respect to the Products, and no person is authorized to make any warranties on behalf of Seller that are inconsistent with the warranties set forth under this Section 9.

10. LIMITATION OF LIABILITY

10.1. IN NO EVENT SHALL SELLER BE LIABLE TO CUSTOMER, ITS CUSTOMERS, EMPLOYEES, AGENTS, AND OTHER REPRESENTATIVES FOR ANY INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, REVENUE, GOODWILL, OR USE, WHETHER IN AN ACTION IN CONTRACT, TORT, STRICT LIABILITY, OR IMPOSED BY STATUTE, OR OTHERWISE, EVEN IF SELLER WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NOTWITHSTANDING ANY OF THE TERMS CON-TAINED HEREIN, SELLER'S LIABILITY FOR ANY CLAIM - WHETHER BASED UPON CONTRACT, TORT, EQUITY, NEGLI-GENCE, OR ANY OTHER LEGAL CONCEPT - SHALL IN NO EVENT EXCEED THE PURCHASE PRICE PAID BY THE CUSTOMER FOR THE PRODUCTS, GIVING RISE TO SUCH CLAIM. CUSTOMER HEREBY ACKNOWLEDGES AND AGREES THAT THE PROVI-SIONS OF THESE TERMS FAIRLY ALLOCATE THE RISKS BE-TWEEN SELLER AND CUSTOMER, THAT SELLER'S PRICING RE-FLECTS THIS ALLOCATION OF RISK, AND BUT FOR THIS ALLO-CATION AND LIMITATION OF LIABILITY, SELLER WOULD NOT HAVE ENTERED INTO AN AGREEMENT WITH CUSTOMER FOR THE SALE OF THE PRODUCTS.

10.2. Seller shall not be liable for, and Customer assumes responsibility and shall indemnify, defend, and hold Seller harmless for any and all claims, including without limitation claims for personal injury or property damages, resulting from (a) the improper or inadequate use, storage, handling, operation, assembly, integration, incorporation, assembly, maintenance, or unauthorized alteration, modification, or repair of the Products (including without limitation, the use storage, handling, operation, or integration of the Products contrary to written instructions and/or recommendations of Seller or inadequate training of personnel), (b) changes to construction and materials pursuant to Customer's requests, (c) use of improper tools, resources, or accessories including those but not limited to any third party tools, resources, or accessories that are not approved by Seller or not in accordance with Seller's recommendations, instructions, or directions, (d) acts or omissions of Customer or third parties following the delivery of the Products, (e) Customer's failure to properly communicate Seller's instructions and warnings to users of the Products, or (f) Customer's, its employees, agents, representatives, customers or any third party's non-compliance with applicable laws, rules and regulation, (g) Force Majeure, or (h) ordinary wear and tear of the Products (e.g., sweep bristles).

10.3. In jurisdictions that limit or preclude limitations or exclusion of remedies, damages, or liability, such as liability for gross negligence or willful misconduct or do not allow implied warranties to be excluded, the limitation or exclusion of warranties, remedies, damages, or liability set forth in these Terms are intended to apply to the maximum extent permitted by applicable law, and these Terms shall be deemed amended to comply with such limitations or exclusions. Customer may also have other rights that vary by state, country or other jurisdiction.

11. CONFIDENTIALITY

11.1. "Confidential Information" means: (i) any know-how, trade secrets, and other business or technical information of Seller that is confidential or proprietary or due to its nature or under the circumstances of its disclosure the Customer knows or has reason to know should be treated as confidential or proprietary, including but not limited to quotations, drawings, project documentation, samples and models.

11.2. Confidential Information does not include information that: (i) is or becomes generally known to the public through no fault or breach of these Terms by the Customer; (ii) is rightfully known by the Customer at the time of disclosure without an obligation of confidentiality; (iii) is independently developed by the Customer without use of Seller's Confidential Information; (iv) is rightfully received by the Customer from a third party without restriction on use or disclosure; or (v) is disclosed with Seller's prior written approval.

11.3. Customer shall not use Seller's Confidential Information except as necessary to use the Products and will not disclose such Confiden-tial Information to any third party except to those of its employees, agents, subcontractors, or representatives who have a bona fide need to know such Confidential Information to enable Customer to use the Products; provided that each such employee, agent, subcontractor, and/or representative is/are bound by a written agreement that con-tains use and nondisclosure restrictions not less stringent than the terms set forth in this Section 11.3. The Customer will employ all rea-sonable steps to protect Seller's Confidential Information from unau-thorized use or disclosure, including, but not limited to, all steps that it takes to protect its own information of like importance. The foregoing obligations will not restrict the Customer from disclosing Seller's Con-fidential Information: (i) pursuant to the order or requirement of a court, administrative agency, or other governmental body, provided that the Customer gives reasonable notice to Seller to contest such order or requirement; (ii) to its legal or financial advisors; and (iii) as required under applicable securities regulations.

11.4. In the event of a violation or threatened violation of Customer's obligations under this Section 11, Seller shall be entitled to seek equitable relief, including in the form of a restraining order, orders for preliminary or permanent injunction, specific performance and any other relief that may be available from any court, without the requirement to secure or post any bond, or show actual monetary damages in connection with such relief. These remedies shall not be deemed to be exclusive but in addition to all other remedies available under these Terms, at law, or in equity.

12. INTELLECTUAL PROPERTY

12.1 Seller reserves the sole and exclusive ownership of the intellec-tual property rights in the Products (including but not limited to the technology used to manufacture the Products) and any improvements thereof regardless of inventorship or authorship. Customer shall not (and shall cause its employees, agents, representatives and custom-ers to not) reverse engineer, decompile, disassemble, or decode any of Seller's intellectual property embedded or used in any of the Prod-uct.

13. FORCE MAJEURE

13.1. Seller shall not be responsible for any failure or delay in its performance under these Terms due to causes beyond its reasonable control, including, but not limited to, disruptions of the public power supply, communications, and transportation infrastructure, governmental measures, malware or hacker attacks, fire, extraordinary weather events, epidemics, pandemics (or any government restrictions implemented as a result thereof), nuclear and chemical accidents, earthquakes, war, terrorist attacks, labor disputes, strikes, lockouts, shortages of or inability to obtain labor, energy, raw materials or supplies, or other acts of God.

14. MISCELLANEOUS

14.1. If any provision contained in these Terms or any Confirmed Or-der is held by final judgment of a court of competent jurisdiction to be invalid, illegal, or unenforceable, such invalid, illegal, or unenforceable

Monroe Towmaster, LLC
61381 US Hwy 12 | Litchfield, MN 55355, USA

Quotation: 20000179

provision shall be severed from the remainder of these Terms or such Confirmed Order, and the remainder of these Terms or such Confirmed Order shall be enforced. In addition, the invalid, illegal, or unenforceable provision shall be deemed to be automatically modified, and, as so modified, to be included in these Terms, such modification being made to the minimum extent necessary to render such provision valid, legal, and enforceable.

14.2. Seller may assign its rights and/or delegate its liabilities under any Confirmed Order at any time. Customer may not assign its rights or delegate its responsibilities under a Confirmed Order without Seller's prior written consent.

14.3. Seller's waiver of any breach or violation of these Terms or the provisions of any Confirmed Order by Customer shall not be construed as a waiver of any other present or future breach or breaches by Customer.

14.4. The parties hereto are independent contractors and nothing in these Terms will be construed as creating a joint venture, partnership, employment, or agency relationship between the parties.

14.5. Notices by a party regarding the exercise of rights and obligations under these Terms must be signed by authorized representatives of such party, and delivered via courier, mail, or e-mail to the other party's address indicated in the applicable Confirmed Order, provided that a notice by e-mail shall only be validly given if receipt thereof is acknowledged in writing by the recipient.

15. ENTIRE AGREEMENT; CONFLICTS.

15.1. These Terms, including the applicable Confirmed Order, constitute the entire and exclusive agreement of the parties regarding the subject matter hereof and supersede any and all prior or contemporaneous agreements, communications, and understandings (both written and oral) regarding such subject matter. In the event of a conflict between the provisions of these Terms and the provisions of a Confirmed Order, the provisions of the Confirmed Order will govern and control. Seller may amend or modify these Terms from time to time. Seller may, at its sole discretion, provide Customer with written notice of any such changes, revisions, amendments, or modifications, provided, however that any such changes, revisions, amendments, or modifications shall become effective without any further action by any party and that they shall not apply to any Confirmed Order prior to the effective date of such changes, revisions, amendments, or modifications.

16. APPLICABLE LAW AND JURISDICTION

16.1. These Terms and the Confirmed Orders shall be governed by and construed in accordance with the laws of the State of Wisconsin without giving effect to any choice or conflict of law provision or rule that would defer to or cause the application of the substantive laws of any jurisdiction other than Wisconsin. The parties hereby expressly exclude the application of the 1980 United Nations Convention on Contracts for the International Sale of Goods.

16.2. Any dispute, controversy, or claim arising out of or relating to these Terms and any Confirmed Order, including but not limited to the execution, performance, or termination thereof or to any issue of liability arising out of the performance of these Terms or any Confirmed Order, which the parties have not been able to settle amicably shall be submitted to the exclusive jurisdiction of the state or federal courts with jurisdiction in the County of Calumet, Wisconsin, provided that notwithstanding the foregoing, Seller shall be entitled to seek specific performance and injunctive relief in any court of competent jurisdiction. Each party hereby waives any and all claims, pleas, or defenses (including without limitation a plea for *forum non conveniens*) that would permit such party to seek the jurisdiction of any courts or arbitration tribunals other than those set forth in the preceding sentence.

16.3. EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THESE TERMS.

General Terms and Conditions for the Sale of Goods by Subsidiaries of ASH North America, Inc.

1. SCOPE AND VALIDITY

1.1. These General Terms and Conditions for the Sale of Goods (these "Terms") govern the sale and delivery of all goods and products (the "Products"), and all transactions incidental thereto, by such sub-sidiary of ASH North America, Inc. identified on the respective Con-firmed Order (as defined below) as the seller or supplier ("Seller") to any of its customers (each a "Customer"). The liability of each such subsidiary under these Terms or any Confirmed Order shall be several and not joint. Customer acknowledges and agrees that nothing in these Terms or any Confirmed Order shall be construed as implying joint lia-bility in any case of ASH North America, Inc. or any of its subsidiaries. Each Seller shall be solely responsible for its own acts or omissions under the respective agreement with Customer.

1.2. No other terms or conditions shall be of any force or effect un-less otherwise specifically agreed upon by Seller in a writing duly exe-cuted by an authorized officer of Seller. These Terms supersede any and all prior oral quotations, communications, agreements, or under-standings of the parties in respect to the sale and delivery of the Prod-ucts. The Seller may issue additional Terms and Conditions of Sale for certain products. These shall apply in addition to to the present Terms. Any additional or different terms or conditions contained in Customer's Order (as defined below), response to Seller's confirmation, or any other form or document supplied by Customer are hereby expressly rejected and are rendered null, void, and of no effect. These Terms may not be modified, amended, waived, superseded, or rescinded, ex-cept by written agreement signed by an authorized officer of Seller. Delivery of the Products by Seller does not constitute acceptance of any of Customer's terms and conditions and do not serve to modify or amend these Terms.

1.3. The issuance of an Order (as defined below) by Customer to Seller or any communication or conduct of Customer which confirms an agreement for the delivery of Products by Seller, as well as ac-ceptance in whole or in part by Customer of any delivery of Products by Seller, shall be construed as Customer's acceptance of these Terms.

2. OFFERS, ORDERS AND CONFIRMATION

2.1. Unless otherwise specified by Seller in writing, all offers made by Seller are not binding and may be revoked by Seller at any time without any liability to Customer.

2.2. Customer shall issue to Seller orders for the purchase of Prod-ucts, in written form via the order process determined by Seller from time to time (each, an "Order"). By issuing an Order to Seller, Customer makes an offer to purchase the Products pursuant to these Terms and the terms set forth on such Order. Provided that the Order contains the same terms as in Seller's corresponding offer, the Order shall be bind-ing on Customer for six (6) weeks after Seller's receipt of such Order.

2.3. Seller may refuse an Order for any or no reason. No Order is binding upon Seller until Seller's acceptance of the Order in writing**,** the issuance of any governmental permit, license, or authority to Seller, as may be required under applicable laws, rules and regulations, and the receipt by Seller of a resale license to be provided by Customer (a "Confirmed Order").

2.4. Specifications and other information on drawings, data sheets, pictures, plans, brochures, catalogs, or Seller's website shall not be binding on Seller unless such specifications and information have been agreed to in writing by Seller in a Confirmed Order. Notwithstanding a Confirmed Order, Seller shall have no obligation to deliver Products to Customer or otherwise fulfill any of its obligations set forth in a Con-firmed Order if Customer is in breach of any of its obligations hereun-der or any Confirmed Order.

2.5. Customer may submit to Seller written requests to change the terms of a Confirmed Order (each such request, a "Change Order Re-quest"). Seller may, at its sole discretion, consider such Change Order Request, provided that Seller will have no obligation to perform any Change Order Request unless and until Seller has agreed in writing to adopt such Change Order Request. If Seller elects to consider such a Change Order Request, then Seller shall promptly notify Customer of any adjustment to the applicable purchase price for the Products.

2.6. In the event Customer cancels any Confirmed Order for any reason, Customer shall reimburse to Seller all of Seller's costs and expenses associated with or incurred due to such cancellation, includ-ing but not limited to the cost of raw materials, labor, and storage if cancellation occurs before Seller's commencement of production. In the event Customer cancels any Confirmed Order for any reason and Seller has started the production of the Product on the respective Con-firmed Order, Customer shall pay to Seller the full purchase price.

2.7. Each Confirmed Order shall be considered a separate agree-ment between the parties, and any failure to deliver the Products under any Confirmed Order shall have no consequences for other deliveries of Products.

3. PRICES

3.1. Unless otherwise agreed to by the parties in the applicable Confirmed Order, the prices of the Products shall be FCA (agreed de-livery location on the applicable Confirmed Order), Incoterms 2022.

3.2. Unless otherwise agreed by the parties in a Confirmed Order, the price of the Products shall not include transportation, insurance, packaging, and Tooling (as defined below) and other materials used for the manufacturing and delivery, sales or Heavy Vehicle Use Tax (HVUT), other use tax or any other similar applicable federal, state or foreign taxes, duties, levies, or charges in any jurisdiction in connection with the sale or delivery of the Products ("Taxes"), Such Taxes shall be payable by Customer, and if Seller is responsible for the collection thereof, such Taxes shall either be added to the price invoiced or be separately invoiced by Seller to Customer. Any special requests con-cerning shipping, transportation, and insurance shall be communicated to Seller in a timely manner and subject to Seller's prior written ap-proval. Customer shall bear all costs resulting from such requests.

In case of lead delivery times of more than two (2) months, Customer hereby acknowledges and agrees that Seller, may, at its sole discre-tion, increase or decrease the agreed prices on any Confirmed Order in the event of material price changes in wages, materials, energy or raw material after the date of the Confirmed Order.

4. PAYMENT TERMS

4.1. Except as set forth in Section 4.2 or unless otherwise agreed in writing by Seller, the purchase price for the Products and all other amounts due under a Confirmed Order shall be due and payable in US dollars within thirty (30) days following the date of Seller's invoice for such Products without any discount, deduction or offset whatsoever. In no event shall any loss, damage, injury or destruction, Force Majeure (as defined below), or any other event beyond Customer's control re-lease Customer from its obligation to make the payments required herein. Payment of all amounts due hereunder shall be made by bank transfer or in any other manner set forth on Seller's invoice. Customer shall be solely responsible for any bank fees, or other fees, incurred due to the wire transfer or any other selected payment method. If Seller agrees to payment by credit card, Seller shall charge an appropriate transaction fee, which the Customer shall also pay.

4.2. In the event Seller becomes aware of circumstances or has rea-son to believe that there are circumstances that may have an adverse effect on Customer's financial condition, Seller may require the Cus-tomer to pay the total amount of the purchase price or fees, or a portion thereof prior to the delivery of the Products. Seller may, without any liability to Customer, refuse the delivery of any Product in the event the Customer fails to make the payment as required under this Section 4.2.

4.3. Time is of the essence for the payment of all amounts due to Seller under any Confirmed Order. If Customer fails to make payments of any amount when due, Customer shall pay interest to Seller at the rate of one percent (1%) per month or such lesser amount as may be permitted by applicable law starting from the due date until payment to Seller of such amount in full. In addition to the interest, Seller may, at its sole discretion, charge the Customer a flat fee of $40 for each re-minder notice issued to Customer due to late payments. If Customer fails to comply with these Terms or a Confirmed Order, or if Customer becomes insolvent, all balances then due and owing to Seller shall be-come due immediately, notwithstanding any payment terms agreed by the parties. All costs and expenses incurred by Seller with respect to the collection of overdue payments (including, without limitation, rea-sonable attorney's fees, expert fees, and other expenses of litigation) shall be borne by Customer. Every payment by Customer shall first be

applied to pay for Seller's cost of collection, then interest owed by Customer, and then to the oldest outstanding claim.

4.4. Notwithstanding anything in the foregoing Section 4.3 or Sec-tion 5, if the parties agreed on installment payments in a Confirmed Order and Customer fails to make any installment payment when due, the remaining balance including accrued interest, and any expenses incurred by Seller shall be due and payable to Seller promptly upon Customer's receipt of written notice of delinquency from Seller.

5. SECURITY INTEREST

5.1. If Seller extends credit to Customer for the purchase price for any Products (including but not limited to pursuant to Section 4.1.), or any other amounts due to Seller, Customer hereby grants to Seller as security for the timely payment and performance of all Customer's payment obligations to Seller, a first priority security interest (the "Security Interest") in all Products heretofore or in the future delivered to Customer and in the proceeds thereof for as long as such Products shall not have been sold by Customer in the ordinary course of business (the "Collateral"). Seller shall be entitled to file any and all financing, continuation, or similar statements under the Uniform Commercial Code in any jurisdiction and take any and all other action necessary or desirable, in Seller's sole and absolute discretion, to perfect its Security Interest in the Collateral and to establish, continue, preserve, and protect Seller's Security Interest in the Collateral. Customer agrees to take any and all actions and provide Customer with all information necessary to enable Seller to perfect and enforce its Security Interest in all jurisdictions and vis-à-vis any of Customer's creditors, and hereby irrevocably grants to Seller a power of attorney to execute all necessary statements or documents in Customer's name for the perfection and enforcement of such Security Interest. The Security Interest shall remain in force until payment in full of the entire purchase price for such Products, and any other amounts due to Seller by Customer. Seller may, without notice, change or withdraw extensions of credit at any time.

6. OBLIGATIONS OF CUSTOMER

6.1. Customer shall use the Products solely for their intended pur-pose and pursuant to Seller's instructions, and agrees to use only qual-ified personnel for the handling of the Products. Customer shall ensure that its customers, employees, agents, and other representatives com-ply with this Section 6.1. and shall be responsible for their acts and omissions.

7. DELIVERY AND ACCEPTANCE

7.1. Unless otherwise agreed in writing by Seller, all deliveries of Products shall be made FCA (agreed delivery location) (Incoterms 2020) and title to and risk of loss for the Products shall pass to Customer upon delivery pursuant to this Section 7.1.

7.2. Any delivery and performance times or dates communicated by or on behalf of Seller are estimates and shall not be binding on Seller. Seller may make partial delivery of Products to be delivered under any Confirmed Order and invoice Customer separately for such partial deliveries or performance. If Customer has not received the Products after six (6) weeks from the estimated delivery date, Customer may make a written request to Seller for delivery. Customer hereby acknowledges and agrees that the actual delivery date of the Products is conditioned upon the complete, accurate and timely delivery of materials from Seller's vendors and suppliers. No delay in delivery of any Products shall relieve Customer of its obligation to accept the delivery or performance thereof and make payments of any amounts due in accordance with these Terms, including but not limited to delays caused governmental restrictions on exports or imports and similar measures.

7.3. Customer's failure to accept the delivery of Products pursuant to a Confirmed Order shall not release or excuse Customer from its obligation to timely pay all amounts due in connection with such Confirmed Order. The Products shall be deemed delivered at the time they have been made available to Customer. If Customer rejects or revokes acceptance of Products, or fails to pay any amounts when due, Seller, in its sole and absolute discretion, may extend the period of delivery of Products by such period as Seller may deem reasonable with such period not exceeding three (3) months from the agreed delivery date, or withhold or cancel delivery of any Products, or cancel any or all Confirmed Orders without any further obligations to Customer whatsoever. In such event, Customer shall be responsible for any and all costs and expenses incurred, or damages or losses suffered by Seller in connection with any such delay notwithstanding any action or inaction by Seller with regard to such delay. Any remaining Products that have not been accepted by Customer within the extended delivery period deter-mined by Seller will be delivered and invoiced by Seller to Customer and Customer agrees to accept such delivery and pay for the purchase price and other amounts payable for the delivered Products.

8. EXAMINATION AND CONFORMITY TO ORDER

8.1. Promptly upon receipt of any Products, Customer shall conduct a full and complete inspection of such Products as to any defects and to confirm compliance with all requirements of the applicable Con-firmed Order. Customer shall notify Seller in writing of any packaging defects, apparent defects, or non-compliance of such Products with the applicable Confirmed Order that Customer has or could reasonably have discovered during such inspection within seven (7) days from the date of receipt of such Products, and Customer shall notify Seller in writing within three (3) days of the date on which Customer shall first have become aware of any hidden defect or non-compliance which could not reasonably have been discovered during Customer's initial inspection of the Products. Such notification shall include reasonable details (including images) on the alleged defects including lot, batch, or Order numbers.

8.2. If Customer fails to timely notify Seller of any defects or other non-compliance of any Products delivered or Customer (or its custom-ers, employees, agents, or representatives) uses, destroys, or modifies any Products that Customer knows or should have known to be defec-tive or non-compliant without Seller's prior written consent, Customer shall be deemed to have unconditionally accepted such Products and waived all of its claims for breach of warranty or otherwise in respect of such Products.

8.3. Customer may only return the Products to Seller with Seller's prior written approval. If the return has been approved by Seller, Cus-tomer shall return the Products to Seller at Customer's sole risk and expense to the destination directed by Seller.

8.4. Complaints of Customer in connection with the shipping or transport shall be directed to the carrier promptly upon receipt of the delivery or the freight documents.

9. LIMITED PRODUCT WARRANTY

9.1. Seller warrants to Customer that the Products will be free of defects in material and workmanship and conform with the require-ments set forth in the applicable Confirmed Order for a period of twelve (12) months from the date of delivery for new business Products and ninety (90) days for after sales Products. (the "Limited Product War-ranty").

9.2. Unless expressly agreed to in writing by Seller, Seller makes no warranty that the Products comply with applicable law, regulations, or specifications in any jurisdiction in which the Products may be used, integrated or incorporated. Any governmental or other approvals necessary in connection with the use, integration or incorporation of the Products shall be Customer's sole responsibility.

9.3. The Limited Product Warranty shall be void if the Defect (as defined below) resulted from (a) improper or inadequate use, storage, handling, operation, integration, incorporation, assembly, mainte-nance, or unauthorized alteration, modification, repair of the Products (including without limitation, the use storage, handling, operation, or integration of the Products contrary to written instructions and/or rec-ommendations of Seller or inadequate training of personnel), (b) changes to construction and materials pursuant to Customer's re-quests, (c) use of improper tools, resources, or accessories including those but not limited to any third party tools, resources, or accessories that are not approved by Seller or not in accordance with Seller's rec-ommendations, instructions, or directions, (d) acts or omissions of Cus-tomer or third parties following delivery of the Product, (e) Customer's failure to properly communicate Seller's instructions and warnings to users of the Products, (f) Customer's, its employees, agents, repre-sentatives, customers or any third party's non-compliance with appli-cable laws, rules and regulation, (g) Force Majeure, or (h) ordinary wear and tear of the Products (e.g., sweep bristles).

9.4. In the event of an alleged breach of the Limited Product War-ranty (a "Defect"), Customer shall, at Customer's sole expense, send the Product to Seller. Seller shall conduct the necessary tests on such Product within a reasonable period. If Seller confirms the Defect, Seller shall, at its sole option and discretion, repair or replace the Defective Product. If the repair or replacement of the Defective Product is commercially unreasonable to Seller, Seller may, at its sole discretion, issue a refund to Customer in the amount Seller deems adequate. Such repair, replacement, or refund shall be the sole liability of Seller and the sole remedy of Customer with respect to a Defect. In no event shall any warranty claims for a Defect be made after twelve (12) months from the date of Customer's receipt of the Products. Any Products or parts returned to Seller for removal or repair under this Section 9.4 shall be the property of Seller. Any applicable Limited Product War-ranty period shall not start anew with the repair or replacement of the Defective Product (or any portion thereof).

9.5. Except for Limited Product Warranty, SELLER HEREBY EXPRESSLY EXCLUDES AND DISCLAIMS ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT. Seller makes no other warranties with respect to the Products, and no person is authorized to make any warranties on behalf of Seller that are inconsistent with the warranties set forth under this Section 9.

10. LIMITATION OF LIABILITY

10.1. IN NO EVENT SHALL SELLER BE LIABLE TO CUSTOMER, ITS CUSTOMERS, EMPLOYEES, AGENTS, AND OTHER REPRESENTATIVES FOR ANY INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, REVENUE, GOODWILL, OR USE, WHETHER IN AN ACTION IN CONTRACT, TORT, STRICT LIABILITY, OR IMPOSED BY STATUTE, OR OTHERWISE, EVEN IF SELLER WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NOTWITHSTANDING ANY OF THE TERMS CON-TAINED HEREIN, SELLER'S LIABILITY FOR ANY CLAIM - WHETHER BASED UPON CONTRACT, TORT, EQUITY, NEGLI-GENCE, OR ANY OTHER LEGAL CONCEPT - SHALL IN NO EVENT EXCEED THE PURCHASE PRICE PAID BY THE CUSTOMER FOR THE PRODUCTS, GIVING RISE TO SUCH CLAIM. CUSTOMER HEREBY ACKNOWLEDGES AND AGREES THAT THE PROVI-SIONS OF THESE TERMS FAIRLY ALLOCATE THE RISKS BE-TWEEN SELLER AND CUSTOMER, THAT SELLER'S PRICING RE-FLECTS THIS ALLOCATION OF RISK, AND BUT FOR THIS ALLO-CATION AND LIMITATION OF LIABILITY, SELLER WOULD NOT HAVE ENTERED INTO AN AGREEMENT WITH CUSTOMER FOR THE SALE OF THE PRODUCTS.

10.2. Seller shall not be liable for, and Customer assumes responsibility and shall indemnify, defend, and hold Seller harmless for any and all claims, including without limitation claims for personal injury or property damages, resulting from (a) the improper or inadequate use, storage, handling, operation, assembly, integration, incorporation, assembly, maintenance, or unauthorized alteration, modification, or repair of the Products (including without limitation, the use storage, handling, operation, or integration of the Products contrary to written instructions and/or recommendations of Seller or inadequate training of personnel), (b) changes to construction and materials pursuant to Customer's requests, (c) use of improper tools, resources, or accessories including those but not limited to any third party tools, resources, or accessories that are not approved by Seller or not in accordance with Seller's recommendations, instructions, or directions, (d) acts or omissions of Customer or third parties following the delivery of the Products, (e) Customer's failure to properly communicate Seller's instructions and warnings to users of the Products, or (f) Customer's, its employees, agents, representatives, customers or any third party's non-compliance with applicable laws, rules and regulation, (g) Force Majeure, or (h) ordinary wear and tear of the Products (e.g., sweep bristles).

10.3. In jurisdictions that limit or preclude limitations or exclusion of remedies, damages, or liability, such as liability for gross negligence or willful misconduct or do not allow implied warranties to be excluded, the limitation or exclusion of warranties, remedies, damages, or liability set forth in these Terms are intended to apply to the maximum extent permitted by applicable law, and these Terms shall be deemed amended to comply with such limitations or exclusions. Customer may also have other rights that vary by state, country or other jurisdiction.

11. CONFIDENTIALITY

11.1. "Confidential Information" means: (i) any know-how, trade secrets, and other business or technical information of Seller that is confidential or proprietary or due to its nature or under the circumstances of its disclosure the Customer knows or has reason to know should be treated as confidential or proprietary, including but not limited to quotations, drawings, project documentation, samples and models.

11.2. Confidential Information does not include information that: (i) is or becomes generally known to the public through no fault or breach of these Terms by the Customer; (ii) is rightfully known by the Customer at the time of disclosure without an obligation of confidentiality; (iii) is independently developed by the Customer without use of Seller's Confidential Information; (iv) is rightfully received by the Customer from a third party without restriction on use or disclosure; or (v) is disclosed with Seller's prior written approval.

11.3. Customer shall not use Seller's Confidential Information except as necessary to use the Products and will not disclose such Confiden-tial Information to any third party except to those of its employees, agents, subcontractors, or representatives who have a bona fide need to know such Confidential Information to enable Customer to use the Products; provided that each such employee, agent, subcontractor, and/or representative is/are bound by a written agreement that con-tains use and nondisclosure restrictions not less stringent than the terms set forth in this Section 11.3. The Customer will employ all rea-sonable steps to protect Seller's Confidential Information from unau-thorized use or disclosure, including, but not limited to, all steps that it takes to protect its own information of like importance. The foregoing obligations will not restrict the Customer from disclosing Seller's Con-fidential Information: (i) pursuant to the order or requirement of a court, administrative agency, or other governmental body, provided that the Customer gives reasonable notice to Seller to contest such order or requirement; (ii) to its legal or financial advisors; and (iii) as required under applicable securities regulations.

11.4. In the event of a violation or threatened violation of Customer's obligations under this Section 11, Seller shall be entitled to seek equitable relief, including in the form of a restraining order, orders for preliminary or permanent injunction, specific performance and any other relief that may be available from any court, without the requirement to secure or post any bond, or show actual monetary damages in connection with such relief. These remedies shall not be deemed to be exclusive but in addition to all other remedies available under these Terms, at law, or in equity.

12. INTELLECTUAL PROPERTY

12.1 Seller reserves the sole and exclusive ownership of the intellec-tual property rights in the Products (including but not limited to the technology used to manufacture the Products) and any improvements thereof regardless of inventorship or authorship. Customer shall not (and shall cause its employees, agents, representatives and custom-ers to not) reverse engineer, decompile, disassemble, or decode any of Seller's intellectual property embedded or used in any of the Prod-uct.

13. FORCE MAJEURE

13.1. Seller shall not be responsible for any failure or delay in its performance under these Terms due to causes beyond its reasonable control, including, but not limited to, disruptions of the public power supply, communications, and transportation infrastructure, governmental measures, malware or hacker attacks, fire, extraordinary weather events, epidemics, pandemics (or any government restrictions implemented as a result thereof), nuclear and chemical accidents, earthquakes, war, terrorist attacks, labor disputes, strikes, lockouts, shortages of or inability to obtain labor, energy, raw materials or supplies, or other acts of God.

14. MISCELLANEOUS

14.1. If any provision contained in these Terms or any Confirmed Or-der is held by final judgment of a court of competent jurisdiction to be invalid, illegal, or unenforceable, such invalid, illegal, or unenforceable

provision shall be severed from the remainder of these Terms or such Confirmed Order, and the remainder of these Terms or such Confirmed Order shall be enforced. In addition, the invalid, illegal, or unenforceable provision shall be deemed to be automatically modified, and, as so modified, to be included in these Terms, such modification being made to the minimum extent necessary to render such provision valid, legal, and enforceable.

14.2. Seller may assign its rights and/or delegate its liabilities under any Confirmed Order at any time. Customer may not assign its rights or delegate its responsibilities under a Confirmed Order without Seller's prior written consent.

14.3. Seller's waiver of any breach or violation of these Terms or the provisions of any Confirmed Order by Customer shall not be construed as a waiver of any other present or future breach or breaches by Customer.

14.4. The parties hereto are independent contractors and nothing in these Terms will be construed as creating a joint venture, partnership, employment, or agency relationship between the parties.

14.5. Notices by a party regarding the exercise of rights and obligations under these Terms must be signed by authorized representatives of such party, and delivered via courier, mail, or e-mail to the other party's address indicated in the applicable Confirmed Order, provided that a notice by e-mail shall only be validly given if receipt thereof is acknowledged in writing by the recipient.

15. ENTIRE AGREEMENT; CONFLICTS.

15.1. These Terms, including the applicable Confirmed Order, constitute the entire and exclusive agreement of the parties regarding the subject matter hereof and supersede any and all prior or contemporaneous agreements, communications, and understandings (both written and oral) regarding such subject matter. In the event of a conflict between the provisions of these Terms and the provisions of a Confirmed Order, the provisions of the Confirmed Order will govern and control. Seller may amend or modify these Terms from time to time. Seller may, at its sole discretion, provide Customer with written notice of any such changes, revisions, amendments, or modifications, provided, however that any such changes, revisions, amendments, or modifications shall become effective without any further action by any party and that they shall not apply to any Confirmed Order prior to the effective date of such changes, revisions, amendments, or modifications.

16. APPLICABLE LAW AND JURISDICTION

16.1. These Terms and the Confirmed Orders shall be governed by and construed in accordance with the laws of the State of Wisconsin without giving effect to any choice or conflict of law provision or rule that would defer to or cause the application of the substantive laws of any jurisdiction other than Wisconsin. The parties hereby expressly exclude the application of the 1980 United Nations Convention on Contracts for the International Sale of Goods.

16.2. Any dispute, controversy, or claim arising out of or relating to these Terms and any Confirmed Order, including but not limited to the execution, performance, or termination thereof or to any issue of liability arising out of the performance of these Terms or any Confirmed Order, which the parties have not been able to settle amicably shall be submitted to the exclusive jurisdiction of the state or federal courts with jurisdiction in the County of Calumet, Wisconsin, provided that notwithstanding the foregoing, Seller shall be entitled to seek specific performance and injunctive relief in any court of competent jurisdiction. Each party hereby waives any and all claims, pleas, or defenses (including without limitation a plea for *forum non conveniens*) that would permit such party to seek the jurisdiction of any courts or arbitration tribunals other than those set forth in the preceding sentence.

16.3. EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THESE TERMS.

CITY OF PLYMOUTH

RESOLUTION NO. 2026-056

RESOLUTION APPROVING PURCHASE SINGLE AXLE DUMP TRUCK AND ONE TANDEM AXLE DUMP TRUCKS FOR ROAD AND SNOW MAINTENANCE

WHEREAS, the 2025-2034 Capital Improvement Plan (CIP) and 2026 budget include the purchase of one replacement single axle dump truck and one replacement tandem axle dump truck including with snow/ice control related equipment in 2026; and

WHEREAS, the city may make purchases off of state contracts; and

WHEREAS, Transwest Trucks (previously Boyer Trucks), has a contract with the state for both truck chassis meeting the city's specifications, State Contract No. 242594; and

WHEREAS, Tow Master Inc. has a contract with the state for snowplow truck components and accessories meeting the city's specifications, State Contract No. 267372; and

WHEREAS, the disposal of the existing assets; one single axle unit and one tandem axle unit, shall be through auction in 2027.

NOW, THEREFORE BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA, that the purchase of one current model Single Axle Truck Chassis and one current model Tandem Axle Truck Chassis from Transwest Trucks (previously Boyer Trucks), and the related equipment to complete the trucks with hauling and snow plowing/ice control equipment from Tow Master Inc. is approved.

BE IT FURTHER RESOLVED, the amount due to Transwest Trucks (previously Boyer Trucks) is $307,521.62 for the two truck chassis, sales tax due to the state at registration for the chassis is $21,252.11, and the amount due to Tow Master Inc. is $440,390.00 for the two trucks (no sales tax is due to Tow Master Inc.) for a total expenditure of $769,163.73.

BE IT FURTHER RESOLVED that funding would come from Central Equipment Fund 600-70-760-76001-8100.500 in the amount of $769,163.73.

APPROVED by the City Council on this 10th day of February, 2026.

Regular City Council
February 10, 2026
Agenda Number: 8.1

To:	Dave Callister, City Manager
Prepared by:	Grant Fernelius, CED Director
Reviewed by:	Jennifer Erickson, Economic Development Coordinator Lori Sommers, Planning Manager
Item:	**Accept small area plan for southeast quadrant of 494 and 55**

1. Action Requested:

Adopt resolution accepting the small area plan for the southeast quadrant of 494 and 55.

2. Background:

The city has been working with the firm of TKDA for several months on a small area plan for the southeast quadrant of Highways 55 and 494. The area is approximately 17 acres in total and encompasses the Ramada Inn, Broadway Pizza, First National Bank of Fulda, and Fairytale Daycare. It also includes the former Red Roof Inn, which was acquired by the city in early 2025.

Following the city's acquisition of the Red Roof Inn, staff began working with TKDA to develop a small area plan for the site. The goal was to identify the city's vision for the area, including desired land uses, infrastructure elements and future connections to transit services along the Highway 55 corridor. TKDA held a visioning session with the City Council in June 2025, met with various government agencies involved in the Highway 55 Bus Rapid Transit study and then presented three different concept plans for council and public feedback. Those concept plans were presented to council in October, shared with the public at an open house in November and at a developer roundtable in December. The feedback from these meetings resulted in a preferred alternative concept. TKDA will present the concept at the meeting on February 10th.

It is important to note that the preferred alternative is an expression of the city's goals. It will help developers understand the city's expectations before investing significant capital in site plans and other due diligence efforts. That said, the plan will also need to

be flexible. The city does not control the market and those realities mean that it could take time for a project to materialize and the city may not get everything that it wants. However, having a plan is a key step in the redevelopment process.

PROJECT GOALS

Develop a vision for redevelopment in the project area.

Identify opportunities to improve safety and mobility, including evaluation of a potential grade separated pedestrian crossing.

Quantify traffic impacts.

Align recommendations with the long-term goals of the City.

DESIGN FRAMEWORK

- Connect to planned transit.
- Create residential density that coincides with average highway BRT recommendations. (Minimum 20 units per acre)
- Redevelop for short and long term city goals.
- Increase greenspace.

Site Diagram

2. INITIAL DESIGN CONCEPTS

CONCEPT 1 - THE PROMENADE DISTRICT

KEY

1. Corporate campus/Medical office (69,200 sf)
2. Multifamily, retail on first floor (+/- 210 units)
3. Multifamily, retail on first floor, Promenade Frontage (+/- 120 units)
4. Amenity deck
5. Commercial/retail, promenade frontage
6. Parking ramp
7. Surface parking
8. Central promenade
9. Passive open space/urban park
10. Future pedestrian connection
11. Future transit stop
12. Pedestrian bridge
13. Courtyard
14. Mini roundabout (Represents one possible traffic control option. Intersection needs further study and coordination with Hennepin County.)

Density:

Commercial (103,000 sf)

Medical office (69,200 sf)

Multifamily (330 units) 20 units per acre

CONCEPT 2 - THE ENTERTAINMENT DISTRICT

Density:

- Commercial (46,000 sf)
- Medical office (57,200 sf)
- Multifamily (336 units) 20 units per acre
- Entertainment (17,800 sf)
- Hotel (38,400 sf)

KEY

1. Hotel, rooftop patio, retail on first floor
2. Corporate campus/Medical office (57,200 sf)
3. Multifamily (+/- 265 units)
4. Entertainment (brewery, distillery, etc.)
5. Amenity deck
6. Commercial/retail
7. Parking ramp
8. Surface parking
9. Future transit stop
10. Pedestrian bridge
11. Central fountain
12. Drop off
13. Mini roundabout (Represents one possible traffic control option. Intersection needs further study and coordination with Hennepin County.)

CONCEPT 3 - THE GREENWAY COMMONS DISTRICT

KEY

1. Corporate campus/Medical office (125,250 sf)
2. Multifamily (+/- 385 units)
3. Amenity deck
4. Commercial/retail
5. Parking ramp
6. Surface parking
7. Central plaza
8. Greenway promenade
9. Greenway
10. Entertainment (brewery, distillery, etc.)
11. Future transit stop
12. Future pedestrian connection
13. Pedestrian bridge
14. Mini roundabout (Represents one possible traffic control option. Intersection needs further study and coordination with Hennepin County.)

Density:

- Commercial (62,200 sf)
- Medical office (125,250 sf)
- Multifamily (385 units) 23 units per acre
- Entertainment (29,800 sf)

3. STAKEHOLDER FEEDBACK

PUBLIC FEEDBACK

Key Takeaways:
Tuesday, November 18th, 2025

- General support for site redevelopment.
- Desire for site to be unique and a destination in the community.
- No overwhelming preference for any concept.
- Concerns regarding potential for increased traffic and existing site line issues.
- Preference for small, local businesses.

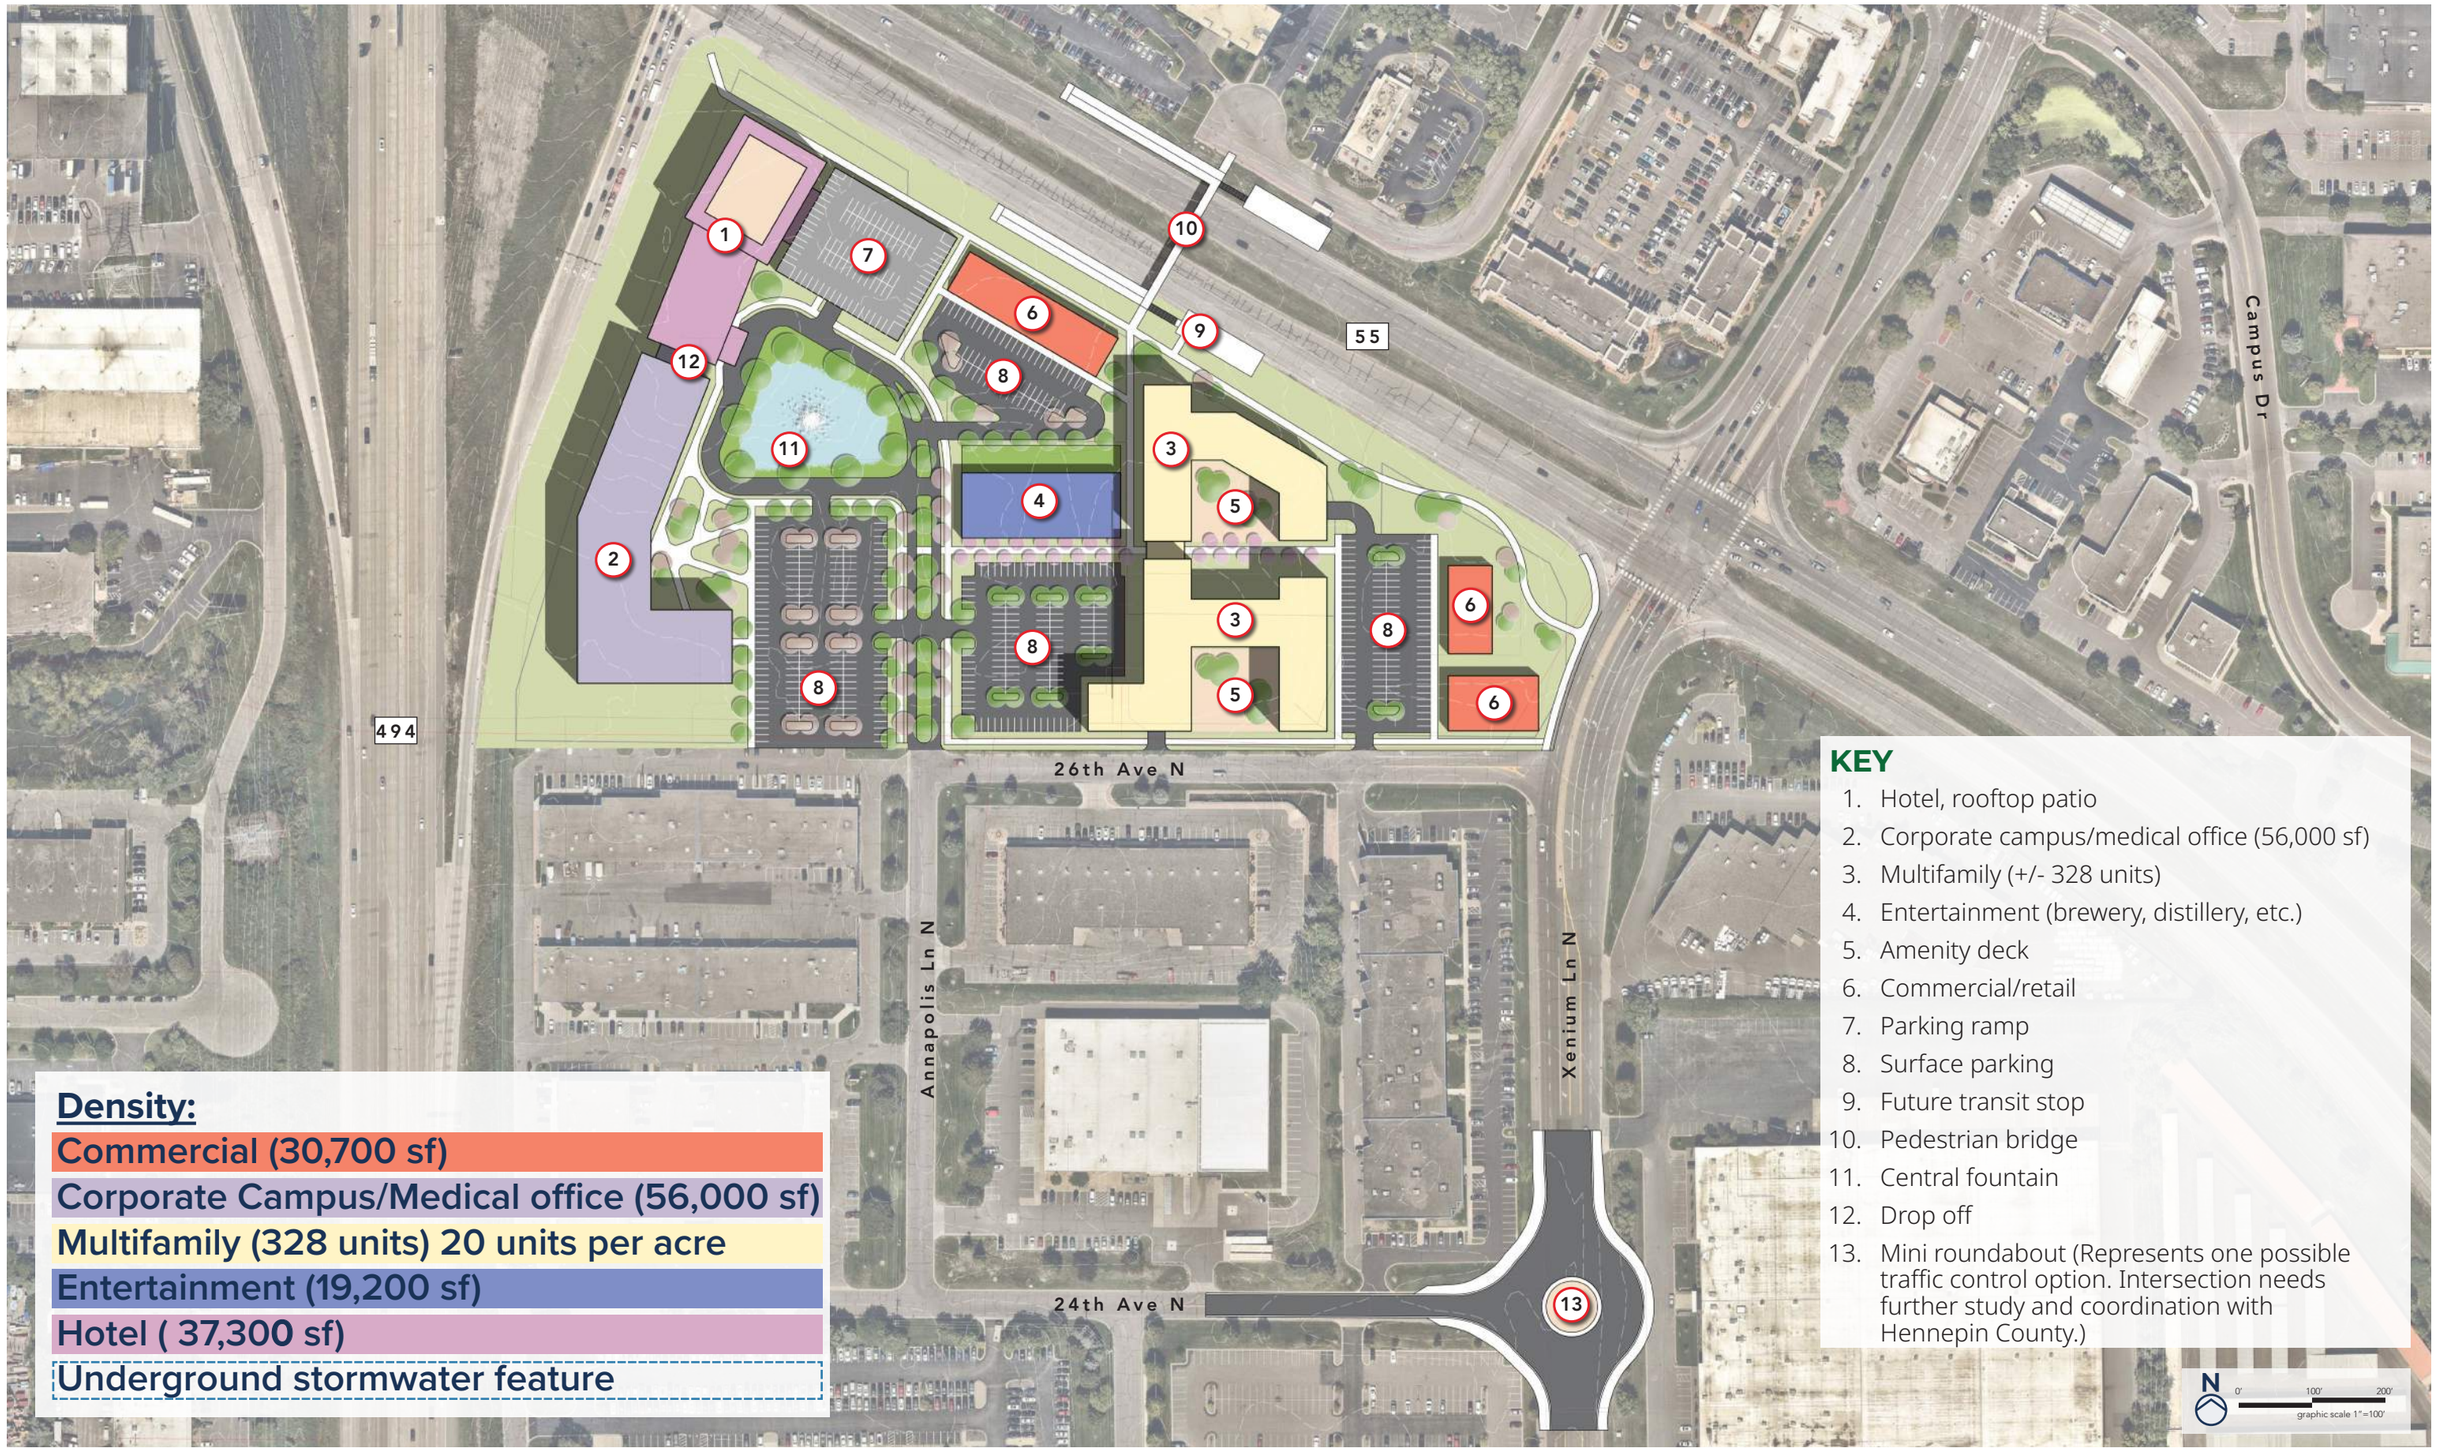
DEVELOPER FEEDBACK

Key Takeaways:
Tuesday, December 2nd, 2025

- Generally supportive of all concepts
- Concept 2 (The Greenway District) is best positioned for redevelopment and a phased implementation.
- Market for medical office is slowing down - consider other uses.
- Commercial is difficult to build right now.
- Mixed reactions regarding the hotel.
- Questions regarding overall land strategies.

4. FINAL CONCEPT

FINAL CONCEPT - THE SOCIAL COMMONS



Density:

- Commercial (30,700 sf)
- Corporate Campus/Medical office (56,000 sf)
- Multifamily (328 units) 20 units per acre
- Entertainment (19,200 sf)
- Hotel (37,300 sf)
- Underground stormwater feature

KEY

1. Hotel, rooftop patio
2. Corporate campus/medical office (56,000 sf)
3. Multifamily (+/- 328 units)
4. Entertainment (brewery, distillery, etc.)
5. Amenity deck
6. Commercial/retail
7. Parking ramp
8. Surface parking
9. Future transit stop
10. Pedestrian bridge
11. Central fountain
12. Drop off
13. Mini roundabout (Represents one possible traffic control option. Intersection needs further study and coordination with Hennepin County.)

01 | EXECUTIVE SUMMARY

Executive Summary

Overview

The City of Plymouth developed this Small Area Plan for the southeast quadrant of Trunk Highway (TH) 494 and TH 55 in response to development interest over the last few years. In early 2025, the city acquired the former Red Roof Inn site (see in set map) in anticipation of future redevelopment opportunities. For the purpose of this study the land north of 26th Avenue North was looked at for future development as well. Resulting in a total study area of 16.5 acres. Additionally, Metro Transit is currently studying TH 55, with the intent to provide a transit stop near the site, creating an opportunity for new Transit-oriented Development (TOD). This plan seeks to address immediate infrastructure needs and identify long-term development opportunities, supporting Plymouth's vision for sustainable transportation, improved regional connectivity, and vibrant mixed-use redevelopment. The study area includes TH 494 to the west, TH 55 to the north, Xenium Lane N to the east, and 26th Avenue N to the south, with 24th Avenue N also considered for circulation.

Figure 1: Project Limits

Planning Process

The planning process began with a comprehensive assessment of the site's existing conditions, including land use, transportation connections, utilities, topography, and socioeconomic trends. The project team engaged extensively with stakeholders including MnDOT, Hennepin County, Metro Transit, Bassett Creek Watershed, Allina WestHealth, property owners, potential developers, city staff, and the City Council. Public engagement included a visioning session, an open house, and a meeting with developers to ensure the plan reflected broad community input and stakeholder goals.

Multiple design alternatives were developed and evaluated based on feasibility, alignment with community priorities, and potential for phased implementation. The design framework focused on connecting to planned transit, achieving recommended residential density (minimum 20 units per acre), supporting both short- and long-term city goals, and increasing greenspace. After iterative review, the City Council selected a final preferred alternative that best balanced the site's opportunities and constraints.

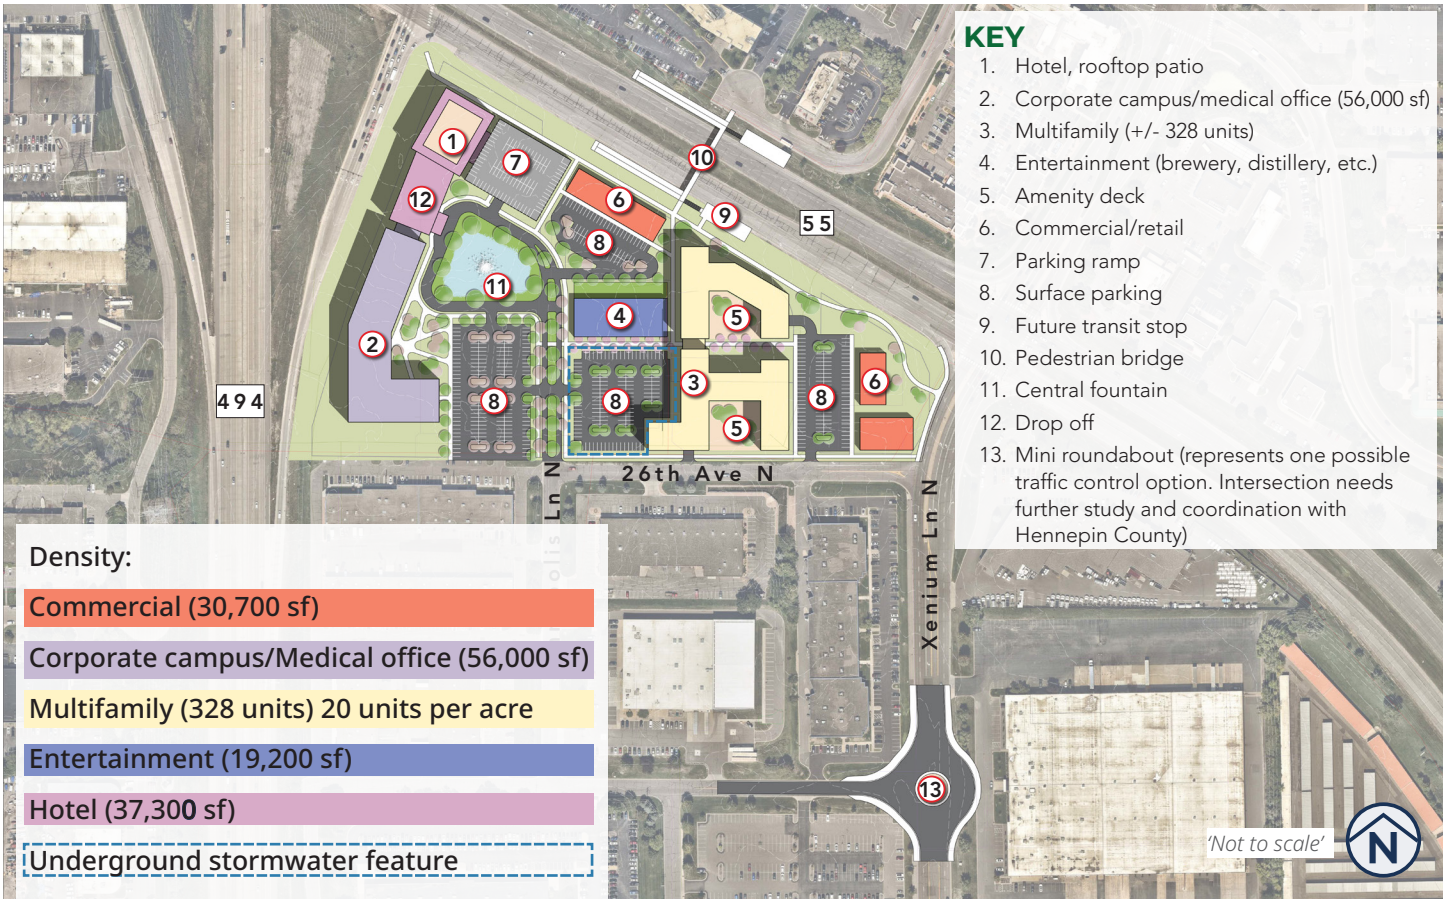
Photo from public open house

Summary of the Preferred Alternative: The Social Commons

The selected alternative, known as "The Social Commons," synthesizes the most effective elements of previous concepts and community feedback. At its core, The Social Commons centers development around a prominent entertainment use, creating a destination for both residents and visitors. This central hub is surrounded by a mix of uses, including a hotel and corporate or medical office campus on the west, multifamily residential units centrally, and commercial/retail spaces aligned along TH 55 and Xenium Avenue for maximum visibility and accessibility.

A key feature of the plan is a central pedestrian walkway, providing connectivity across the site and linking all major uses to the entertainment hub. The plan encourages multimodal transportation options, with a planned transit stop and a pedestrian bridge along TH 55, as well as connections to the city's trail network along Xenium Avenue. Open space is significantly expanded, with pervious surfaces, a stormwater feature near the hotel, and an underground regional stormwater system to enhance community resilience and environmental sustainability.

Parking and vehicular circulation are optimized with a miniature roundabout at 26th Avenue N and Xenium Avenue, surface lots for each building, a shared parking ramp adjacent to the campus and the planned transit stop, and underground parking for multifamily residences. This approach supports both current and future transportation needs while promoting a walkable, vibrant, and connected mixed-use environment.

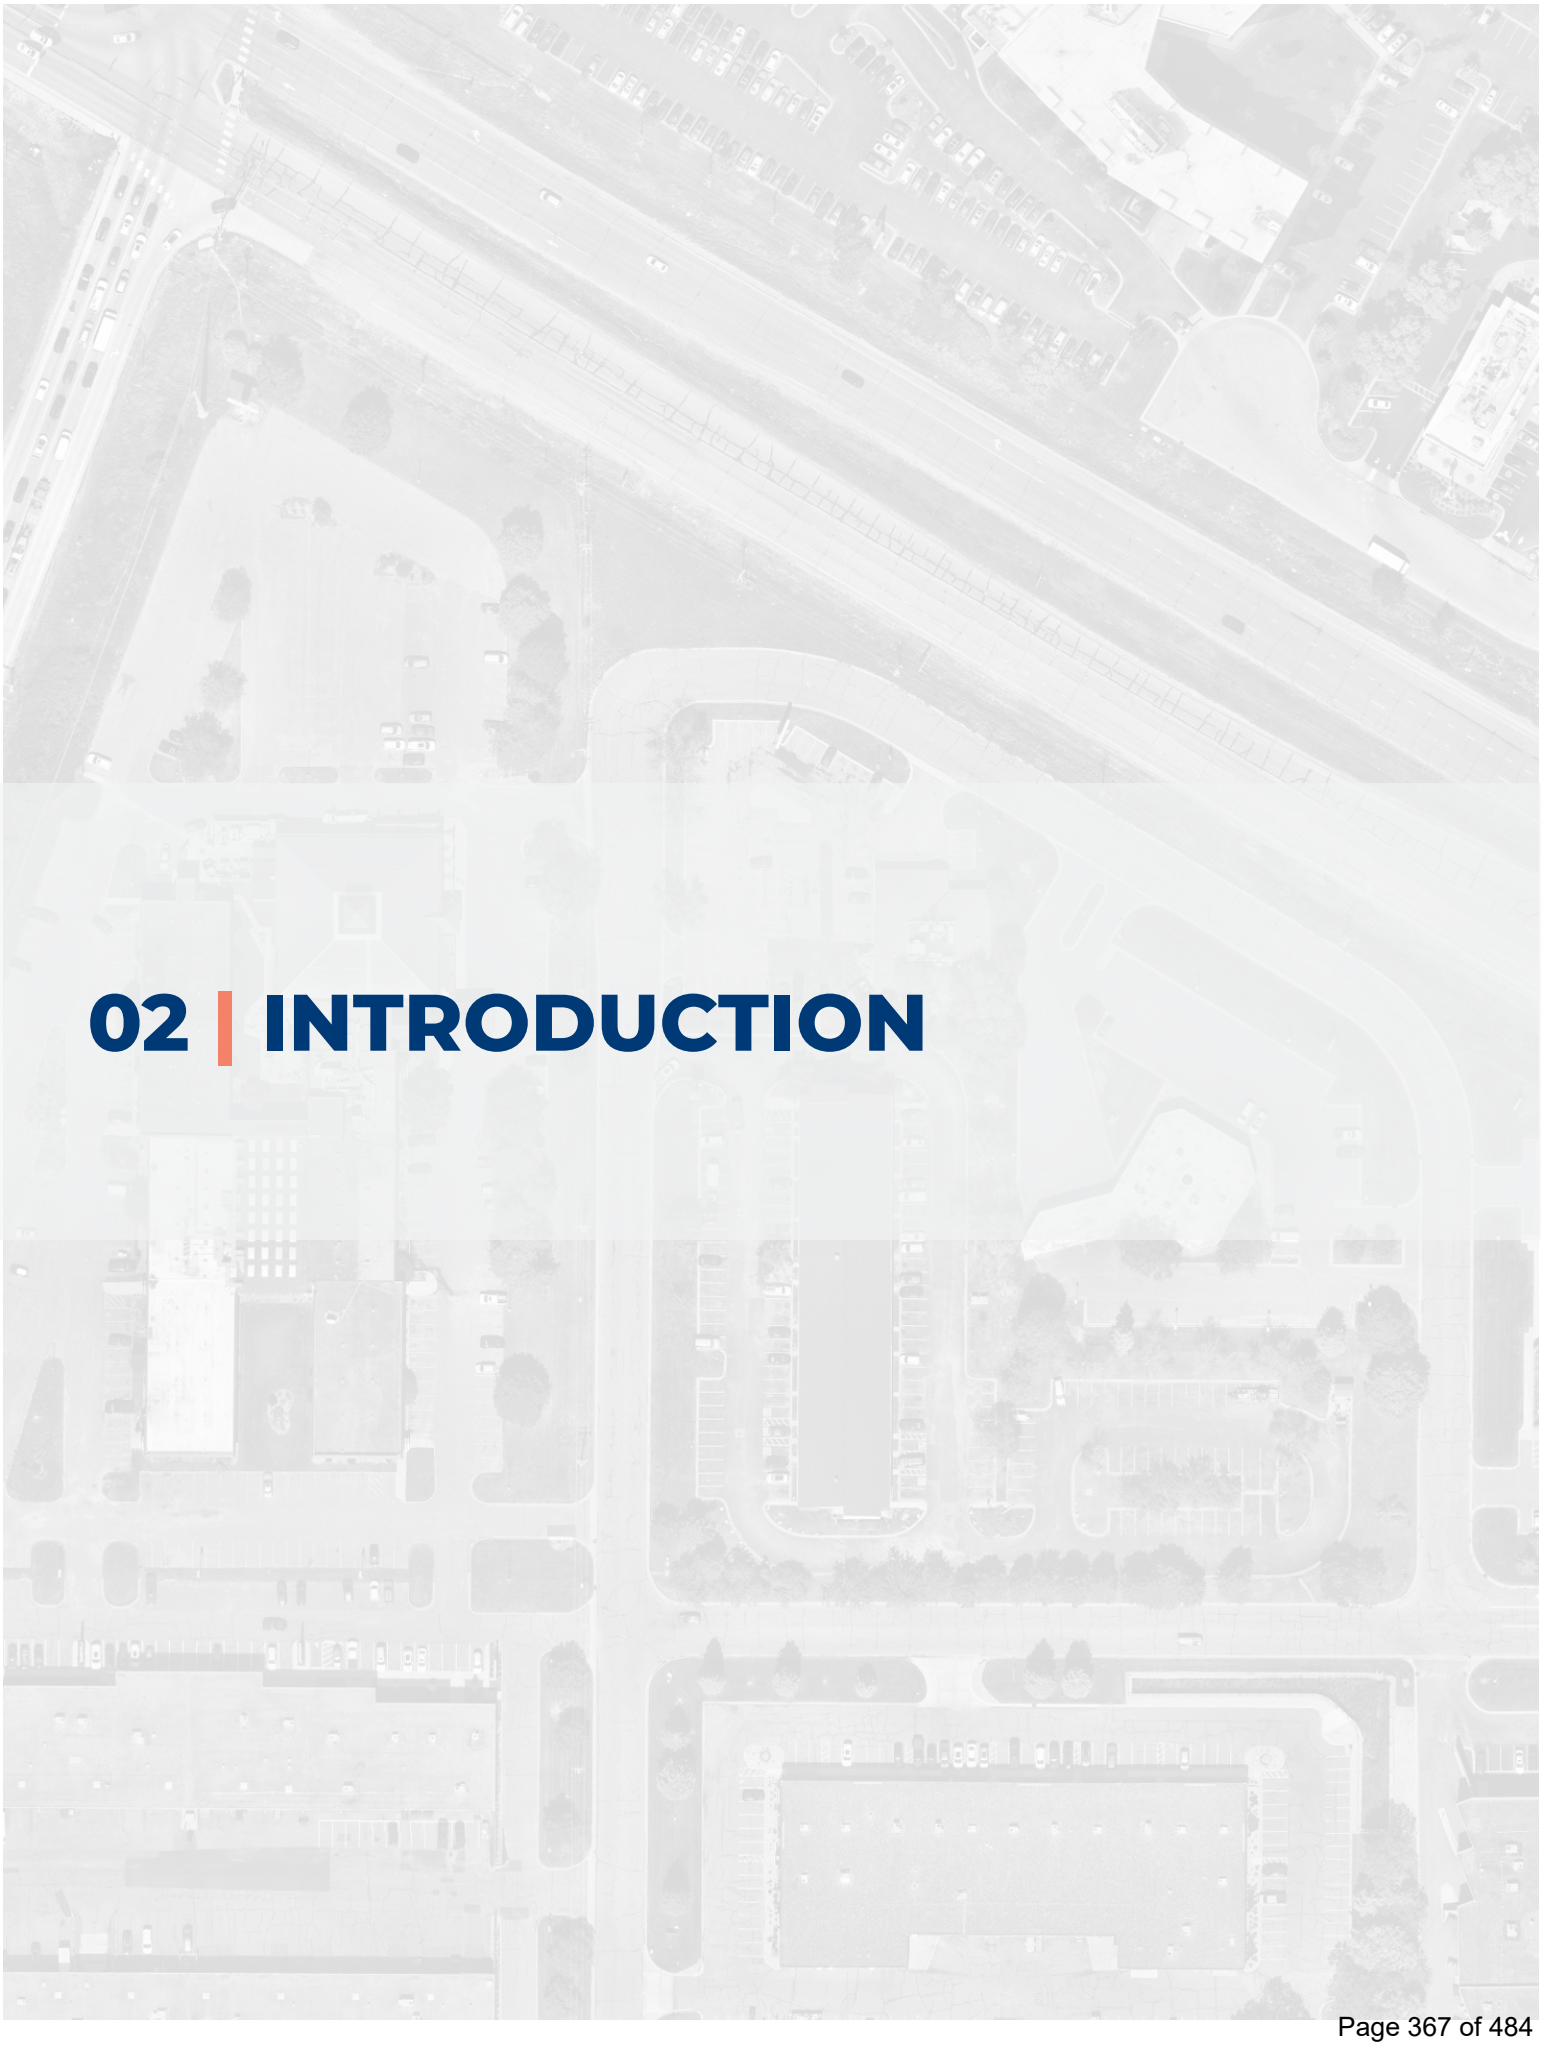


*Square footage = Building footprint

Figure 2: The Social Commons Site Plan

Conclusion

The Highways 494 & 55 Small Area Plan provides a comprehensive vision for transforming a key gateway into a dynamic, accessible, and sustainable mixed-use district. Through robust stakeholder and public engagement, careful evaluation of alternatives, and a focus on multimodal connectivity and open space, the selected concept, The Social Commons concept is poised to enhance regional transit access, strengthen community identity, and support ongoing economic vitality in Plymouth. Ultimately, this plan outlines recommendations for a new gateway to the community that is rooted in strong design principles.



02 | INTRODUCTION

Introduction

Overview

The City of Plymouth currently owns a 2.92 acre parcel near the intersection of Trunk Highway (TH) 494 and TH 55. The city purchased the former Red Roof Inn at the end of 2024 to provide an opportunity for a new Metro Transit Park-and-Ride facility along TH 55 and encourage redevelopment in this area. This Small Area Plan was developed to articulate a short-and long-term vision for this area.

This site offers significant potential for enhancing regional connectivity and transit access; it's acquisition aligns with the City's commitment to supporting sustainable transportation options and meeting the growing demand for convenient public transit services. Additionally, this study was developed concurrently with Hennepin County's Highway BRT Study, which identifies a new eastbound and westbound transit stop near this project area. By developing a transit stop at the former Red Roof Inn site, Plymouth aims to facilitate commuter travel, encourage the use of transit for daily and long-distance trips, and develop a new gateway for the community.

The Highways 494 & 55 Small Area Plan outlines a vision for the site's development, considering both immediate infrastructure needs and future possibilities. This planning process will help ensure that the area not only serves transit users but also contributes to the overall economic vitality and quality of life in Plymouth.

Site Boundary

The limits of the study, shown in Figure 3, include TH 494 to the west, TH 55 on the north, Xenium (County Road 61) Lane N to the east, and 26th Avenue N on the south. 24th Avenue N was also included in the study area for circulation considerations.

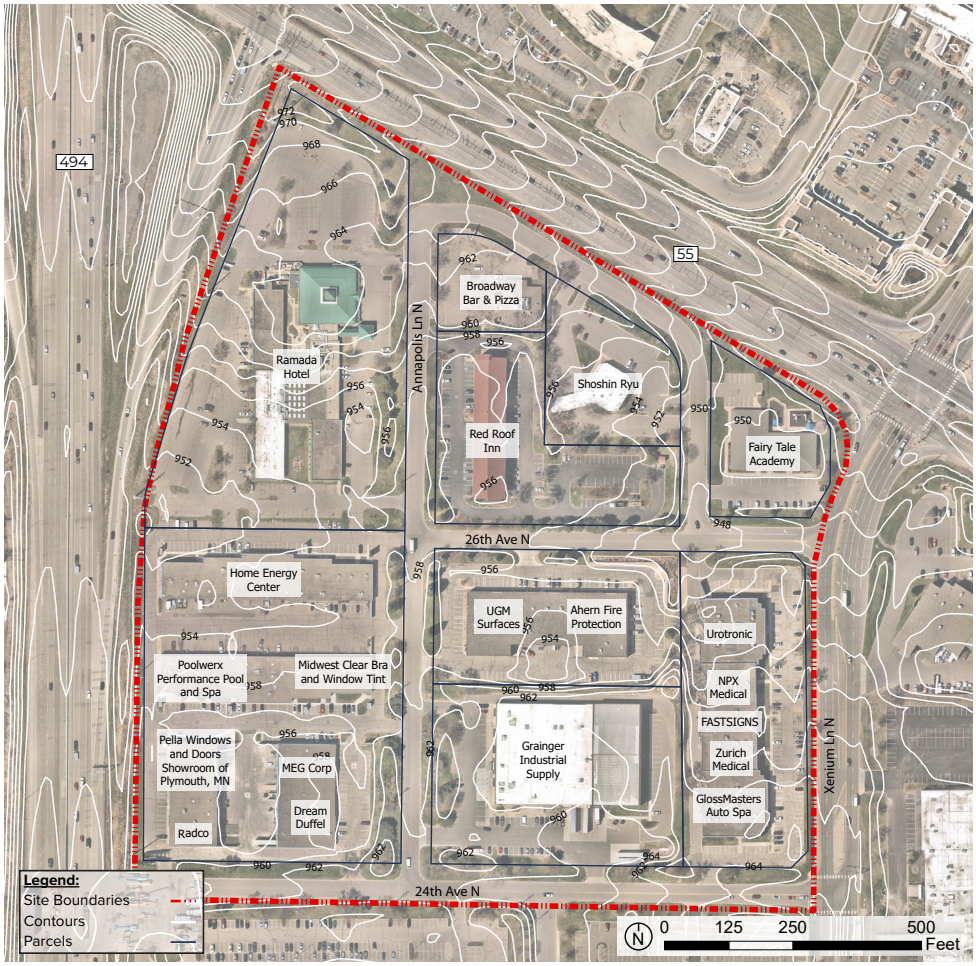


Figure 3: Site Boundary Map

Study Approach

The study took place over nine months, starting with a thorough assessment of the site's existing conditions and background. The project team examined current development patterns, identified physical opportunities and challenges, and evaluated environmental factors. Stakeholders including MnDOT, Hennepin County, Metro Transit, Bassett Creek Watershed, and Allina Health were consulted to align recommendations to their goals near the project area. After developing multiple design concepts, the team presented their work to the City Council and the community, which led to the selection of a final preferred concept.

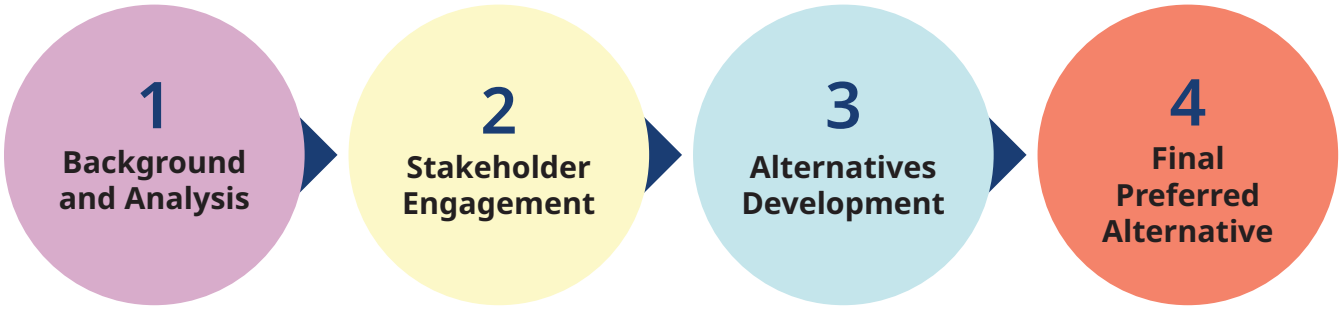

Figure 4: Study Process

Project Goals and Objectives

The following goals and objectives were developed to guide the development of the plan:

Develop a vision for redevelopment in the project area.

Identify opportunities to improve safety and mobility, including evaluation of a potential grade separated pedestrian crossing.

Quantify traffic impacts.

Align recommendations with the long-term goals of the City.

Existing Conditions

Land Use Context and Development Guidance

The project area is recognized in the City's 2040 Comprehensive Plan as serving as a "gateway" to the community. The site is highlighted by the variety of adjacent land uses. To the south and west, the area is bordered by light industrial uses, providing potential opportunities for employment-focused redevelopment. On the north side, the Allina Health WestHealth medical campus, along with adjacent commercial properties, offers critical healthcare services and retail amenities, enhancing the need for accessibility and appeal of the site for both potential residents and visitors. To the east, the presence of residential neighborhoods establishes a direct connection with the existing community fabric and presents opportunities for complementary housing options.

This variety in neighboring land uses creates flexibility for future development, directly supporting the City's objective of encouraging mixed use redevelopment within the area. The Comprehensive Plan guides the project area as MXD-R (Mixed Use Residential), which fosters a combination of land uses. Residential development is permitted at a density of 12 to 25 units per acre, supporting housing diversity in Plymouth. However, to maintain the intended mix, no more than 50 percent of the total land area may be dedicated to residential uses. This guidance reinforces the City's vision for an integrated, vibrant community that capitalizes on its gateway status and the advantages of its varied land use context.

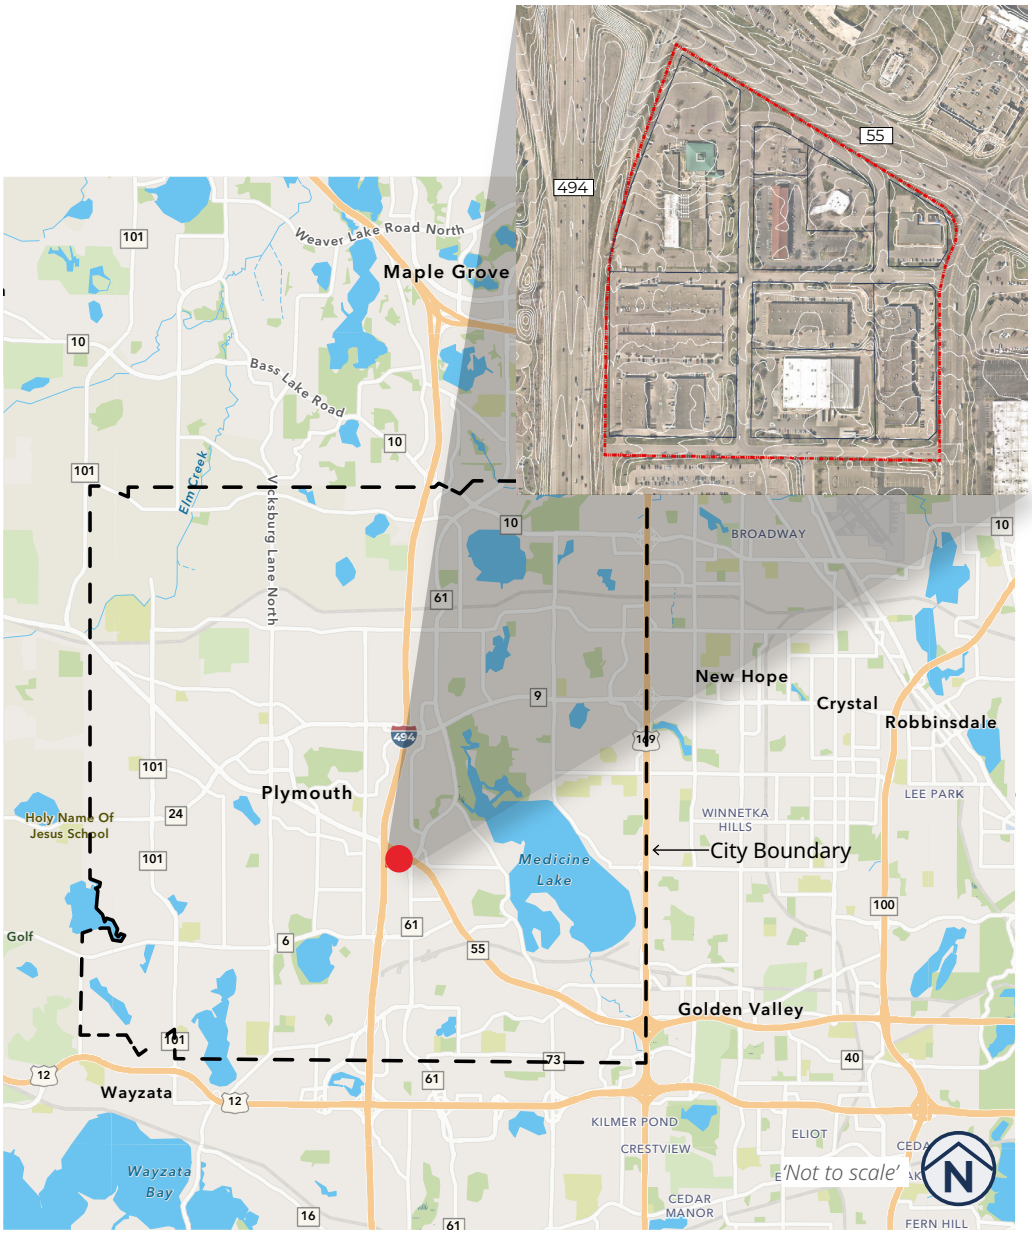

Figure 5: Context Map

Socioeconomic Conditions

A community profile was created for a one-mile radius around the project area to examine local population trends and composition.

Population

As of 2025, the total population within one mile of the project area is 3,926, with a modest projected growth to 4,150 by 2030, as shown in Figure 6. The area features a balanced demographic profile, with a median age of 38.4 years. Within one mile of the site, the community exhibits a strong daytime presence, bolstered by a workforce of nearly 19,889, reflecting the influence of nearby employment centers and institutions.

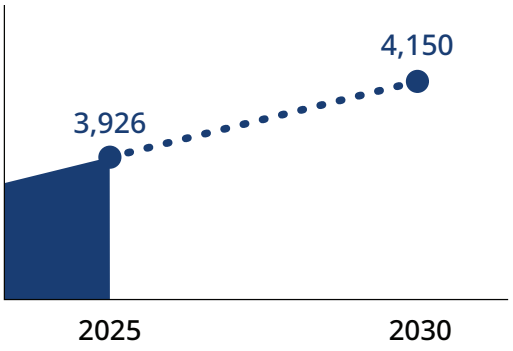

Figure 6: Projected Population Growth within 1 Mile of Project Area, 2025-2030

Households

In the project area, the average household size is 2.25, with a majority consisting of one- or two-person households. The residential composition is mixed, with both owner-occupied (52.3%) and renter-occupied (43.6%) units, and a low vacancy rate near 4%. The average household income is estimated at $159,964 and projected to rise to $171,721 by 2030.

Race and Ethnicity

Diversity is growing in the area, with the 2025 population comprising approximately 74% White Alone, 6.7% Black Alone, 10.5% Asian Alone, and a growing representation of individuals identifying as Two or More Races (6.6%) (Figure 7). Hispanic origin residents make up 4% of the population, and the area's Diversity Index is forecasted at 47.2 in 2025, signaling a continued increase in multicultural representation.

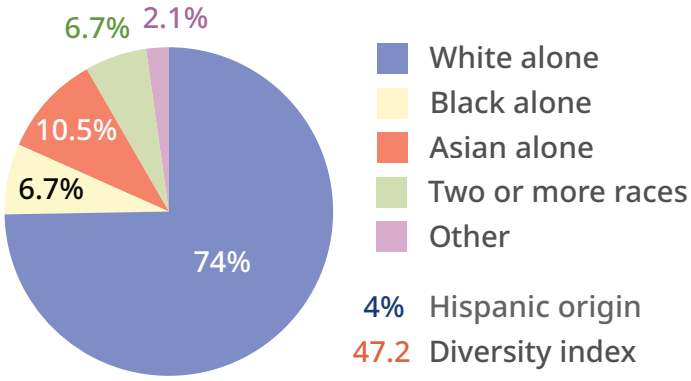

Figure 7: Race and Ethnicity within 1 Mile of Project Area, 2025

Employment

Employment is concentrated in white-collar professions, especially management, professional, and sales occupations, and the unemployment rate is projected to remain low (2.8%). The most prominent industries include services (46%), manufacturing (15.6%), and retail trade (12.5%).

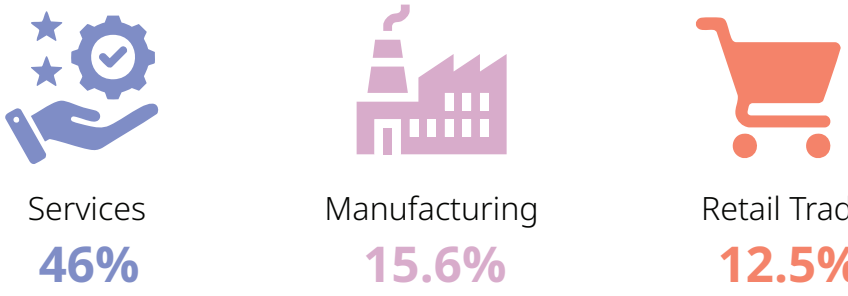

Figure 8: Top 3 Employment Sectors in Project Area, 2025

Physical Conditions

Topography and Drainage

The site's drainage pattern flows from the northwest corner to the southeast corner, with low-lying areas that will need special attention during project development. Although the site sits at a higher elevation than Highway 494, visibility must be addressed due to the grades sloping downward to the east. Currently, there are no regional stormwater structures on the site; however, there are opportunities to incorporate such systems as part of future development.

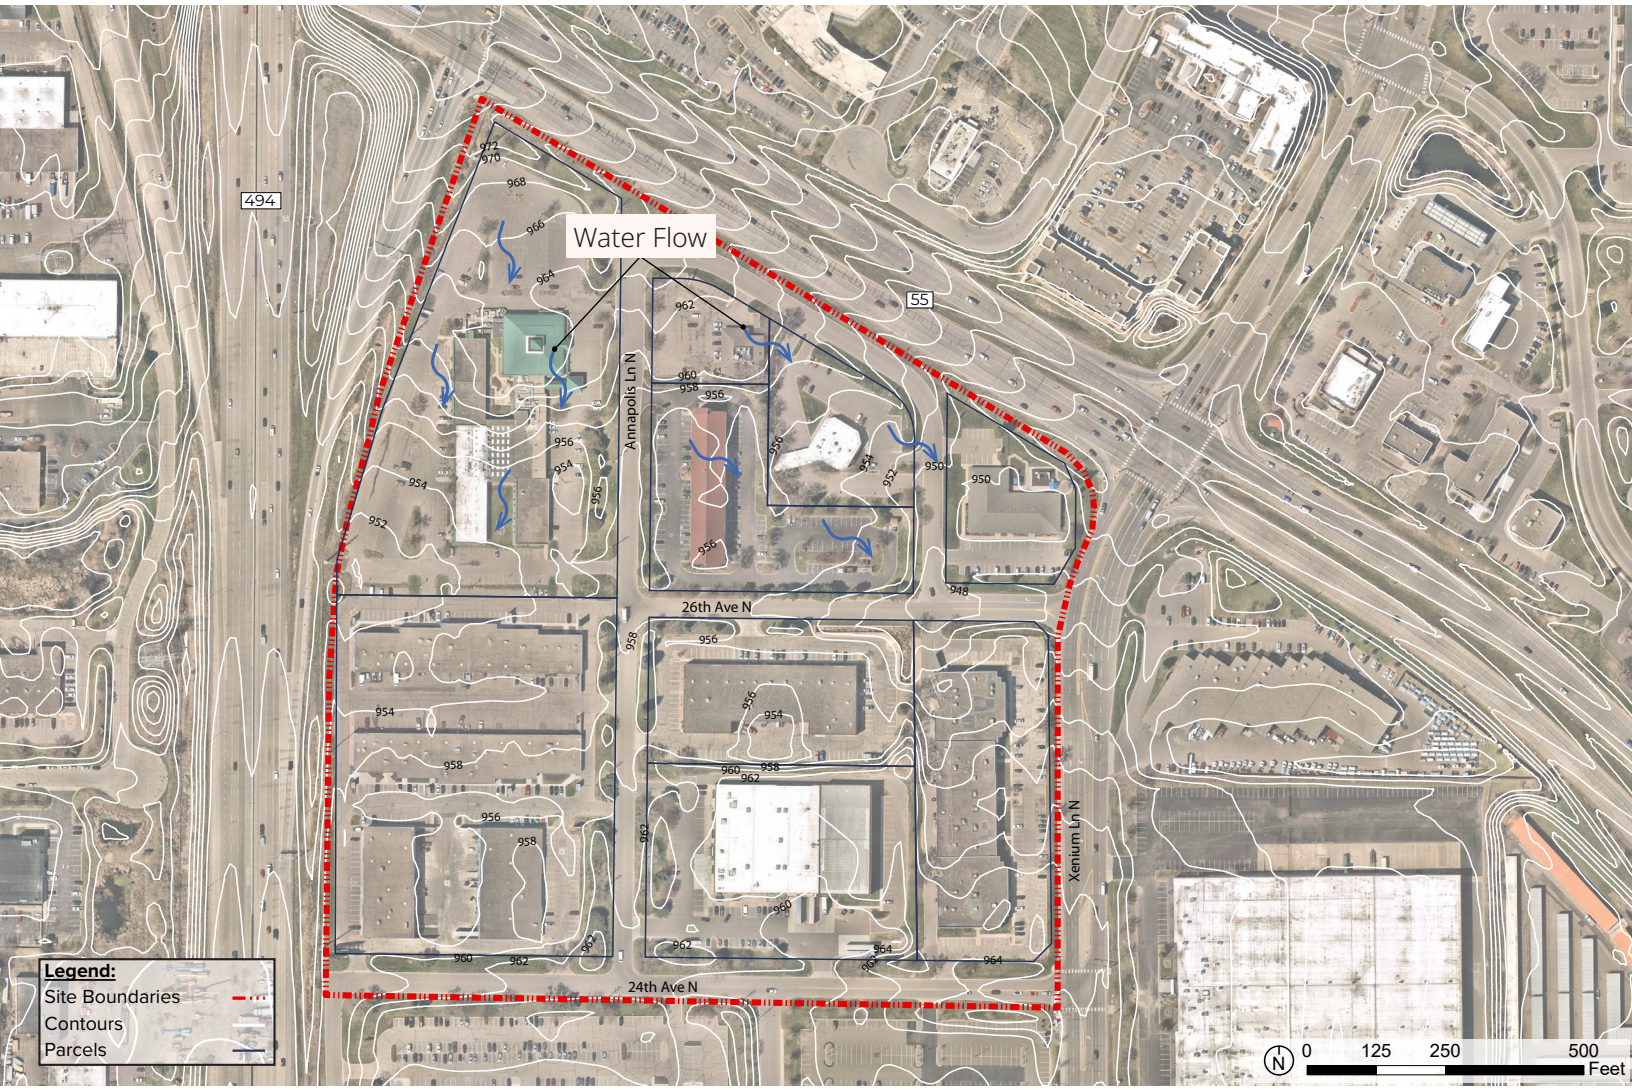

Figure 9: Topography and Drainage

Transportation Connections

Multiple agencies are responsible for the surrounding roads: Highway 494 and Highway 55 fall under MnDOT's ownership, Xenium Avenue is owned by Hennepin County, and the City of Plymouth owns all onsite roadways. Figure 10 illustrates the Annual Average Daily Traffic (AADT) in the project area, indicating approximately how many vehicles use each roadway daily throughout the year. Figure 10 also shows the locations of crashes from 2019 to 2024 and the existing land use of nearby parcels.

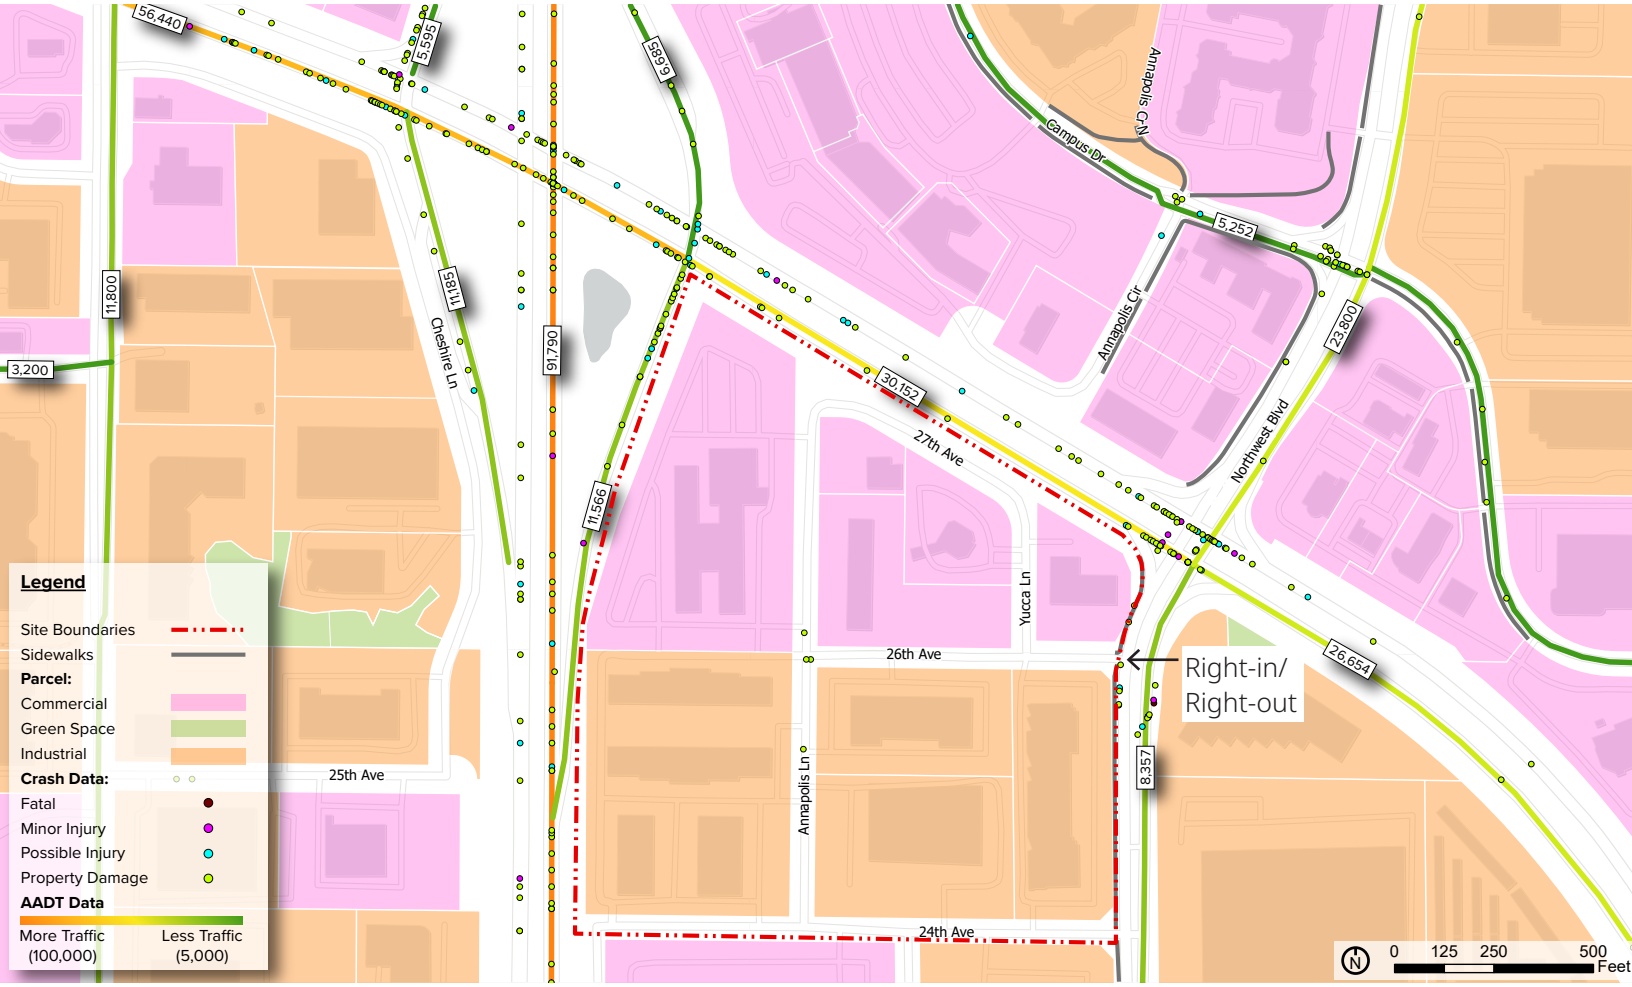

Figure 10: Traffic Volume, Crash Data, and Land Use

Access into the project area is limited to a right-in/right-out access at 26th Avenue along Xenium, and a signaled access at 24th Avenue and Xenium Avenue. The existing right-in/right-out creates a potential barrier for commercial development. Combined with the roadway ownership by multiple agencies, these entry points will require coordinated planning to optimize connectivity and ensure safe and efficient circulation for vehicles, pedestrians, and cyclists.

Multimodal Connections and Walksheds

The project area is connected to the city's multimodal network, with a city-owned trail along the west side of Xenium Avenue. The trail connects to Clifton E. French Regional Park to the north and the Luce Line Trail to the south. Figure 11 represents a walkshed analysis of a typical 5-, 10-, and 15-minute walking distance to the site. Highway 494 creates a barrier to the west, suggesting most people using multimodal connections are likely to access the site from the east.

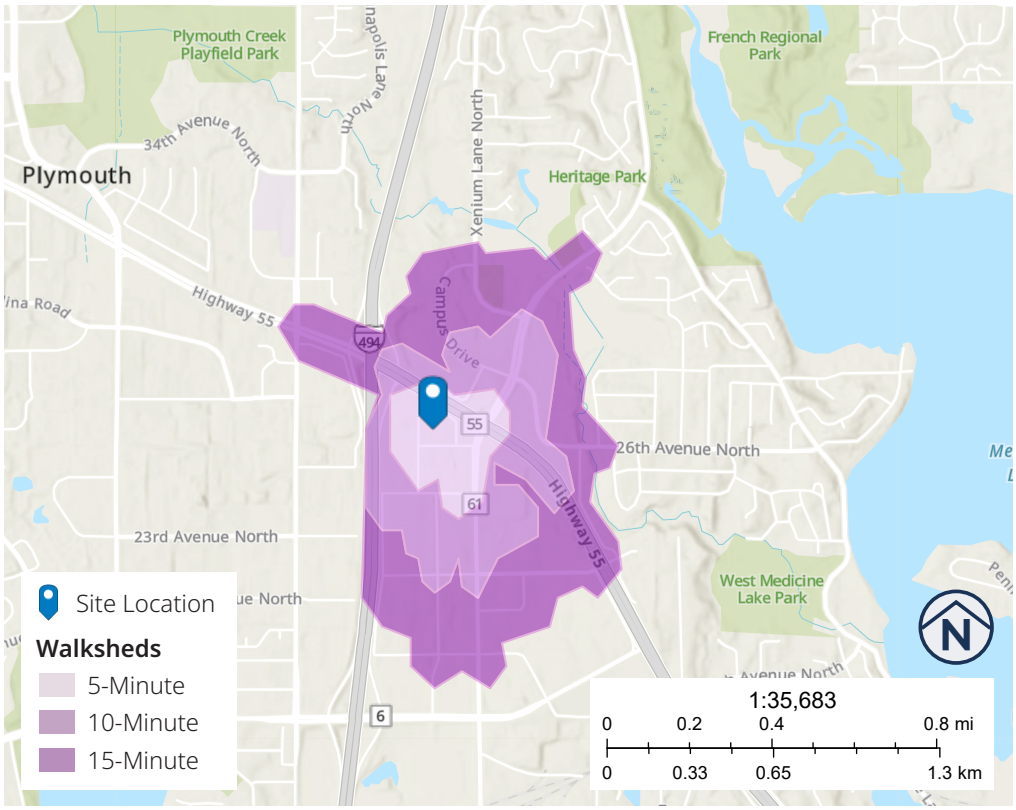

Figure 11: Walksheds Analysis

Utilities

Figure 12 illustrates the sites existing utilities to the site. The sanitary line running across Highway 55 is shallow and will need to be closely considered during redevelopment. Currently, there are no regional stormwater facilities on site; however, this project poses an opportunity to explore potential regional improvements.

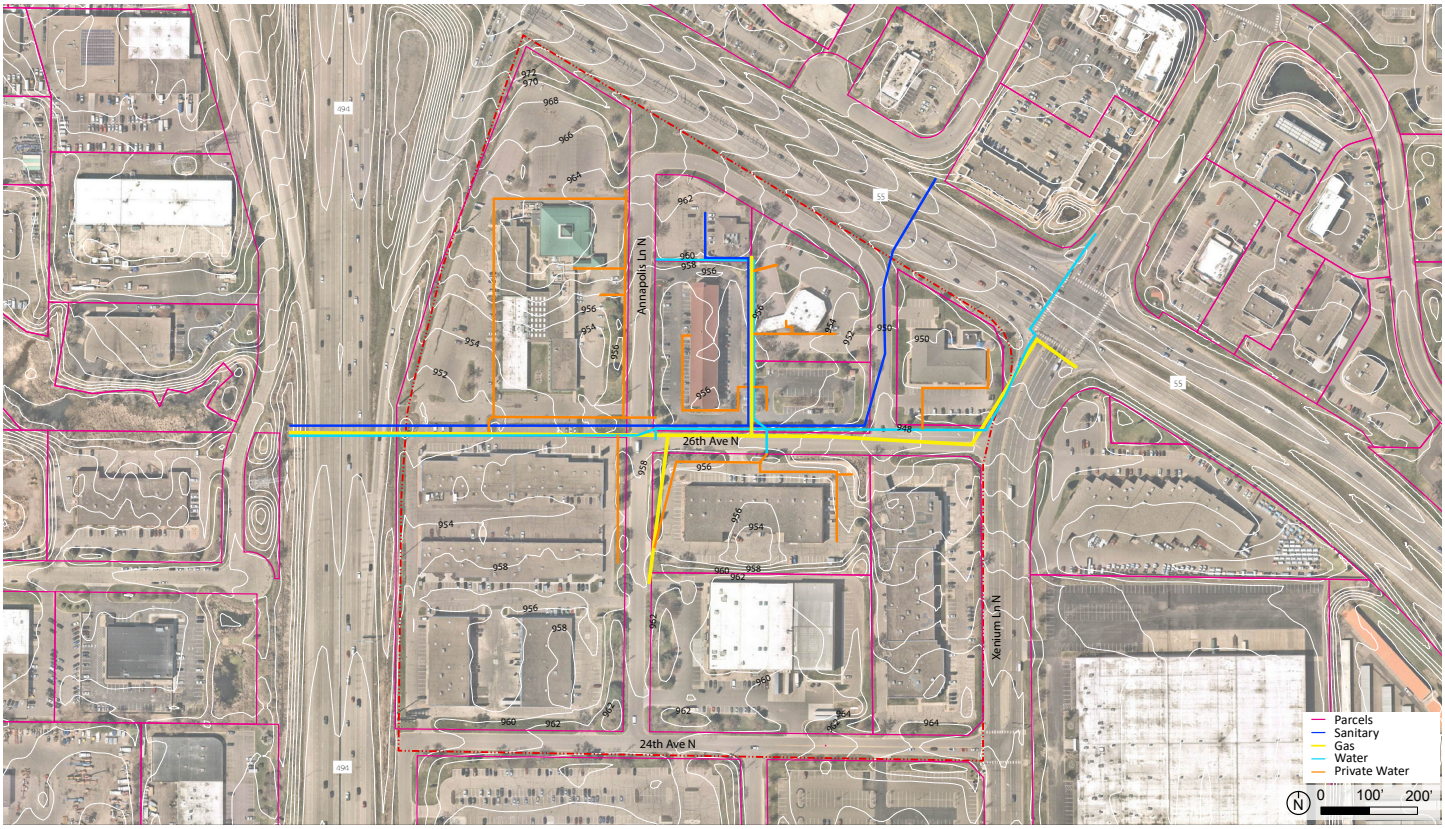

Figure 12: Existing Utilities

Impervious and Pervious

Figure 13 illustrates the project area's minimal green space, consisting mainly of impervious surfaces; this increases stormwater runoff and limits natural infiltration. Adding more pervious areas in future development could help manage stormwater, enhance appearance, and support the City's environmental goals.

Figure 13: Pervious and Impervious Areas

Figure-Ground Study

As shown in Figure 14, the figure ground study highlights the development patterns surrounding the project area. Development closest to the project area features light industrial properties, while single-family residential neighborhoods are to the east, and the Allina West Health campus is to the north.

Figure 14: Figure Ground Map

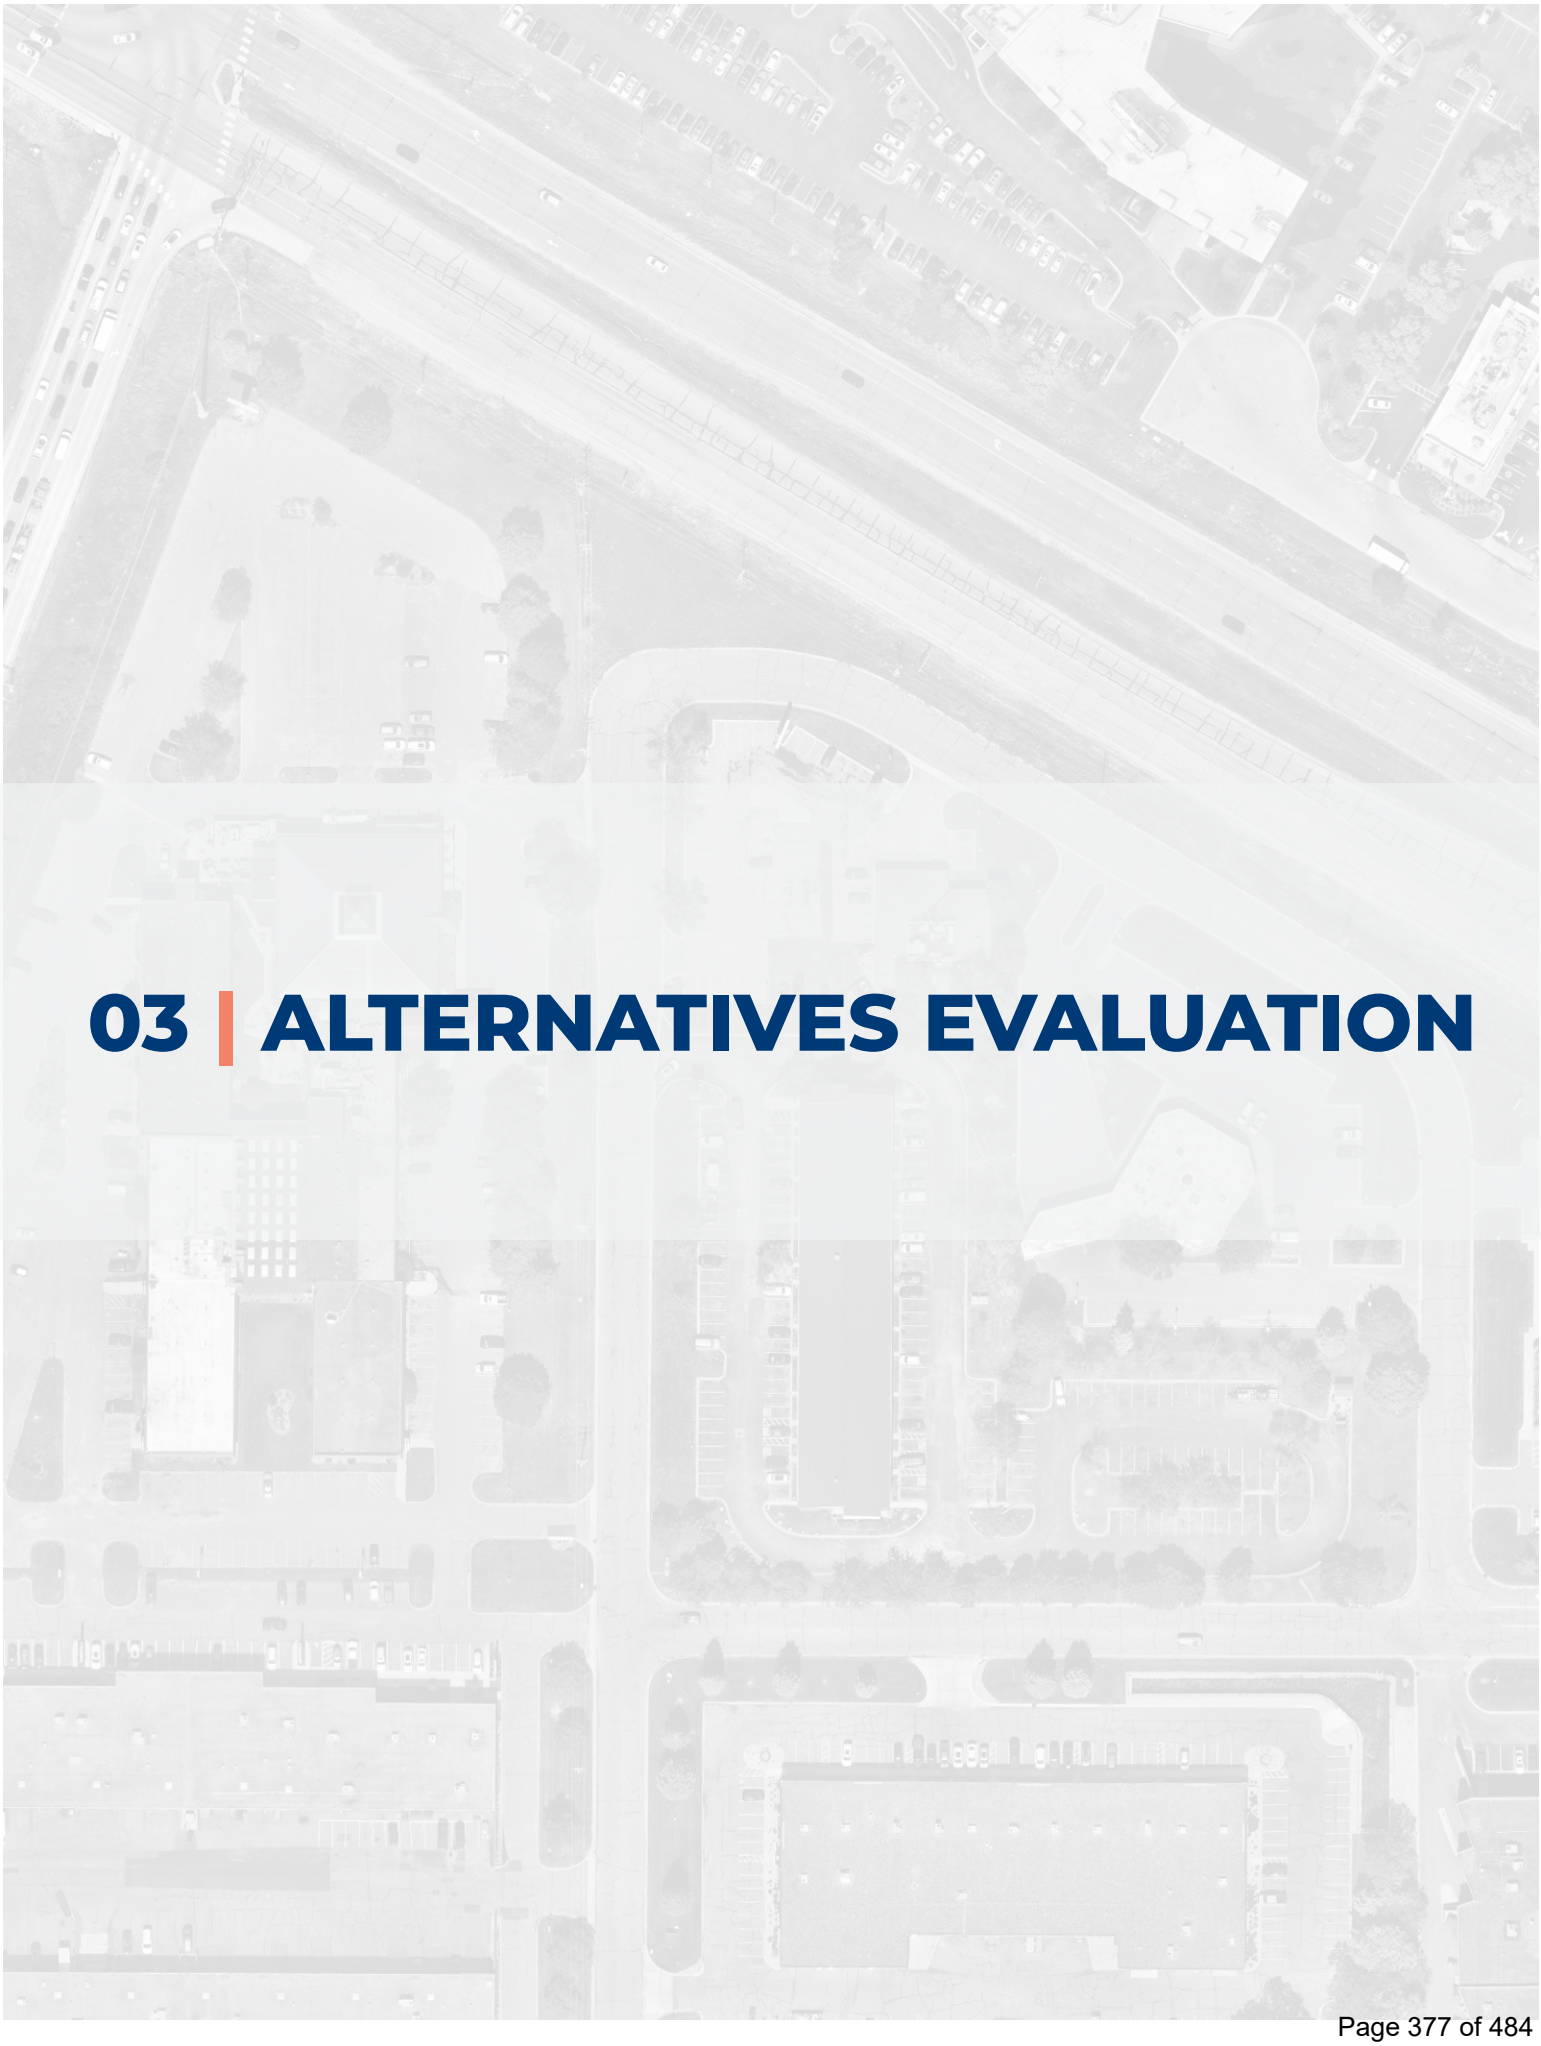
Public and Stakeholder Engagement

Understanding stakeholder needs and expectations was a core goal of this planning study. The project team engaged with property owners, the broader public, potential developers, city staff, and the City Council. The engagement process began with a visioning session involving the City Council, which ultimately shaped a framework that guided design principles for the concept development phase. The design framework is further explained in the alternatives evaluation section of the report.

The project team shared design concepts with the City Council and then followed with an open house hosted for the public. Additionally, a meeting was conducted with local developers to review and discuss the proposed alternatives. Input gathered from these engagement activities was instrumental in shaping the final preferred alternative. Ultimately, the completed plan was presented to the City Council for their consideration.

The project team convened with stakeholders throughout the project to ensure the design concepts reflected their objectives. These stakeholder meetings involved representatives from MnDOT, Metro Transit, Bassett Creek Watershed, Allina WestHealth, and Hennepin County. The input received during these sessions was integrated into the final plan.

Photos from public open house



03 | ALTERNATIVES EVALUATION

Alternatives Evaluation

Following an analysis of the existing conditions and input gathered from both the community and stakeholders, a range of alternatives were considered. Each concept was carefully analyzed to understand its unique strengths, limitations, and potential impacts. This analysis ensured that all relevant factors were taken into account during the decision-making process.

Evaluation Process

The evaluation process involved a detailed comparison of the benefits and trade offs associated with each alternative. Key factors considered included:

- Feasibility of implementation
- Alignment with community priorities
- Potential for phased development

Through this process, a clear basis for decision making was established.

Design Development Framework

Following the existing conditions evaluation and the visioning session with the City Council, the following design framework was created to serve as the foundation for concept development.

- Connect to planned transit.
- Create residential density that coincides with average highway transit recommendations (minimum 20 units per acre).
- Redevelop for short- and long-term city goals.
- Increase greenspace.

Figure 15 represents a site diagram of zones for the mixed use development, based on this framework.

Figure 15: Site Diagram

Dozens of alternatives were explored throughout the planning process. Each alternative was evaluated based on the goals of the community and stakeholders, as well as the infrastructure opportunities and constraints.

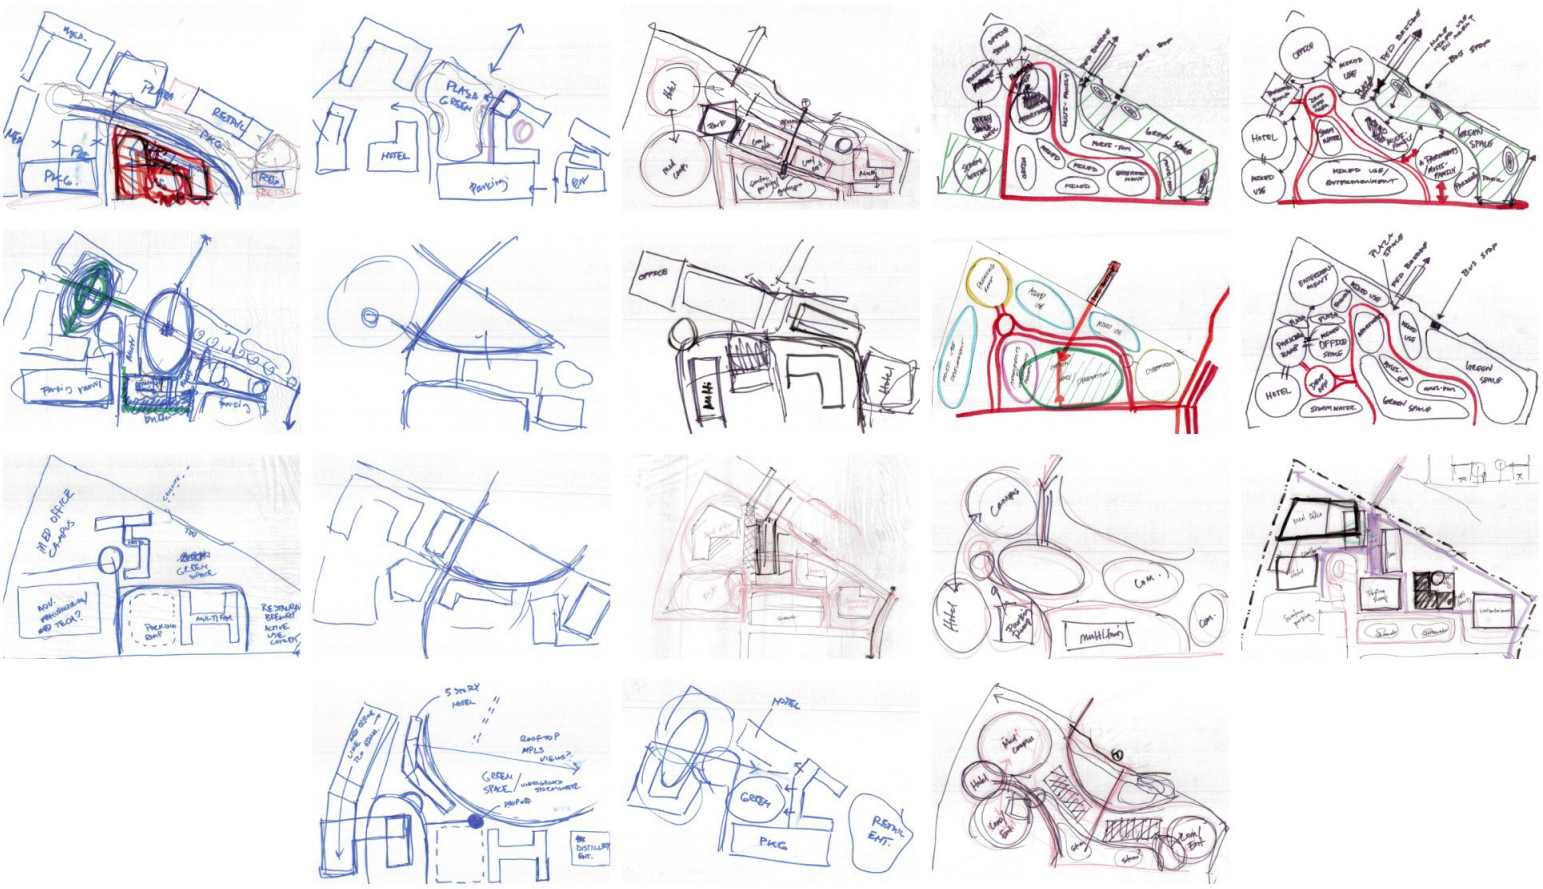


Figure 16: Design Concepts

Alternative Concepts

Three design concepts were advanced during the planning process. This upcoming section provides an overview of the primary design features of each alternative, along with precedent imagery. The building program, open space, and parking and vehicular circulation are highlighted to showcase the unique opportunities for each option. All concepts include a proposed transit stop along TH 55 and a possible pedestrian bridge. While the precise location of the transit stop is still to be determined, a general area has been identified.

Concept 1 – The Promenade District

The primary design driver of this concept is a central pedestrian promenade (number 8 in Figure 17) that serves as a spine through the site connecting pedestrians to each site use. This promenade is envisioned as an active, landscaped corridor that not only links destinations within the development but also creates a strong visual and physical connection to the community. The promenade connects to the city trail along Xenium Avenue, which welcomes both pedestrians and cyclists and encourages multimodal travel options.

Buildings throughout the district are oriented to engage with the promenade, creating a vibrant edge where ground-floor uses spill out onto the walkway. This orientation promotes active street life, with patios, outdoor seating areas, and shaded canopies enhancing comfort and usability. Architectural elements such as transparent facades, storefronts, and covered walkways further engage the public realm, fostering a sense of safety and community.

The promenade is designed not only as a circulation route but also as a social hub, featuring gathering spaces and places for public art. Its generous width and integrated landscaping provide a space that supports both daily activities and special events, contributing to increased greenspace and overall site sustainability. This approach encourages active lifestyles and supports the district's goals for high residential density, accessibility, and a walkable, mixed-use environment.

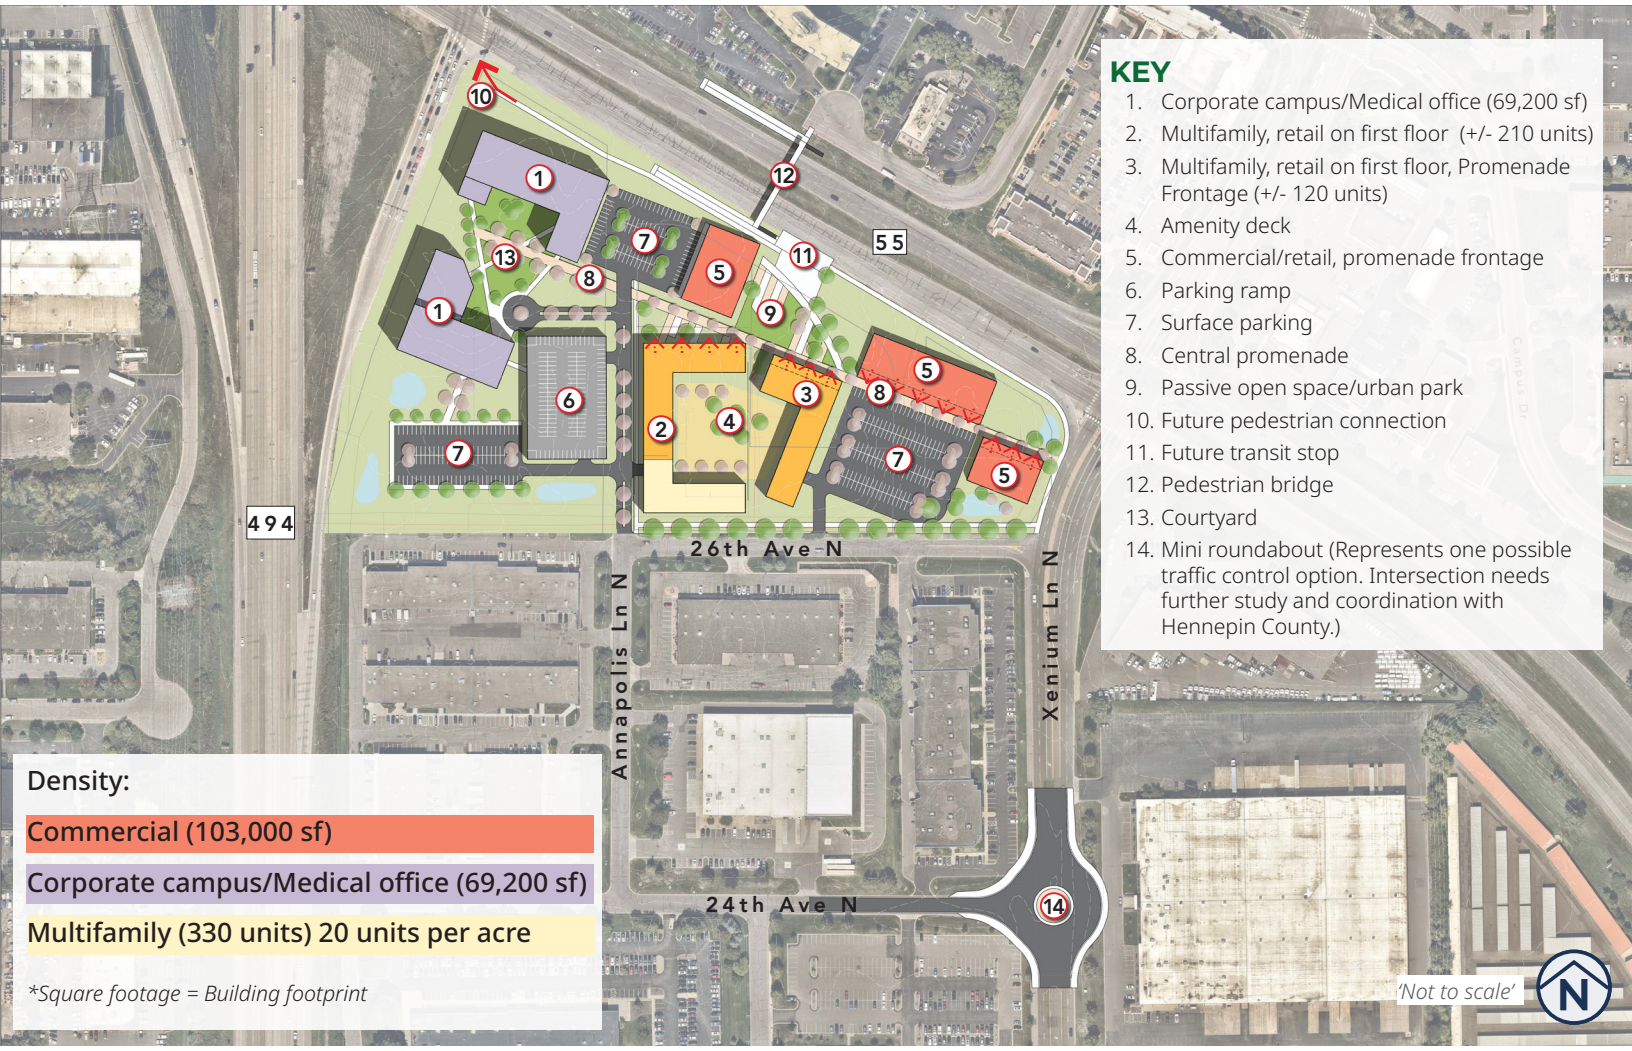

Figure 17: The Promenade District Plan

Building Program

The building layout aligns with the site diagram by placing a corporate campus/medical office on the west side, leveraging the prominent exposure from TH 494 and TH 55. Vertical mixed-use residential buildings are located centrally and adjacent to the pedestrian promenade. Commercial spaces are positioned along the east edge and TH 55 to maximize visibility and provide convenient entry points to the development. Example imagery highlights recommended architectural details such as natural wood finishes, warm brickwork, protective canopies, and active edges that engage the pedestrian promenade.

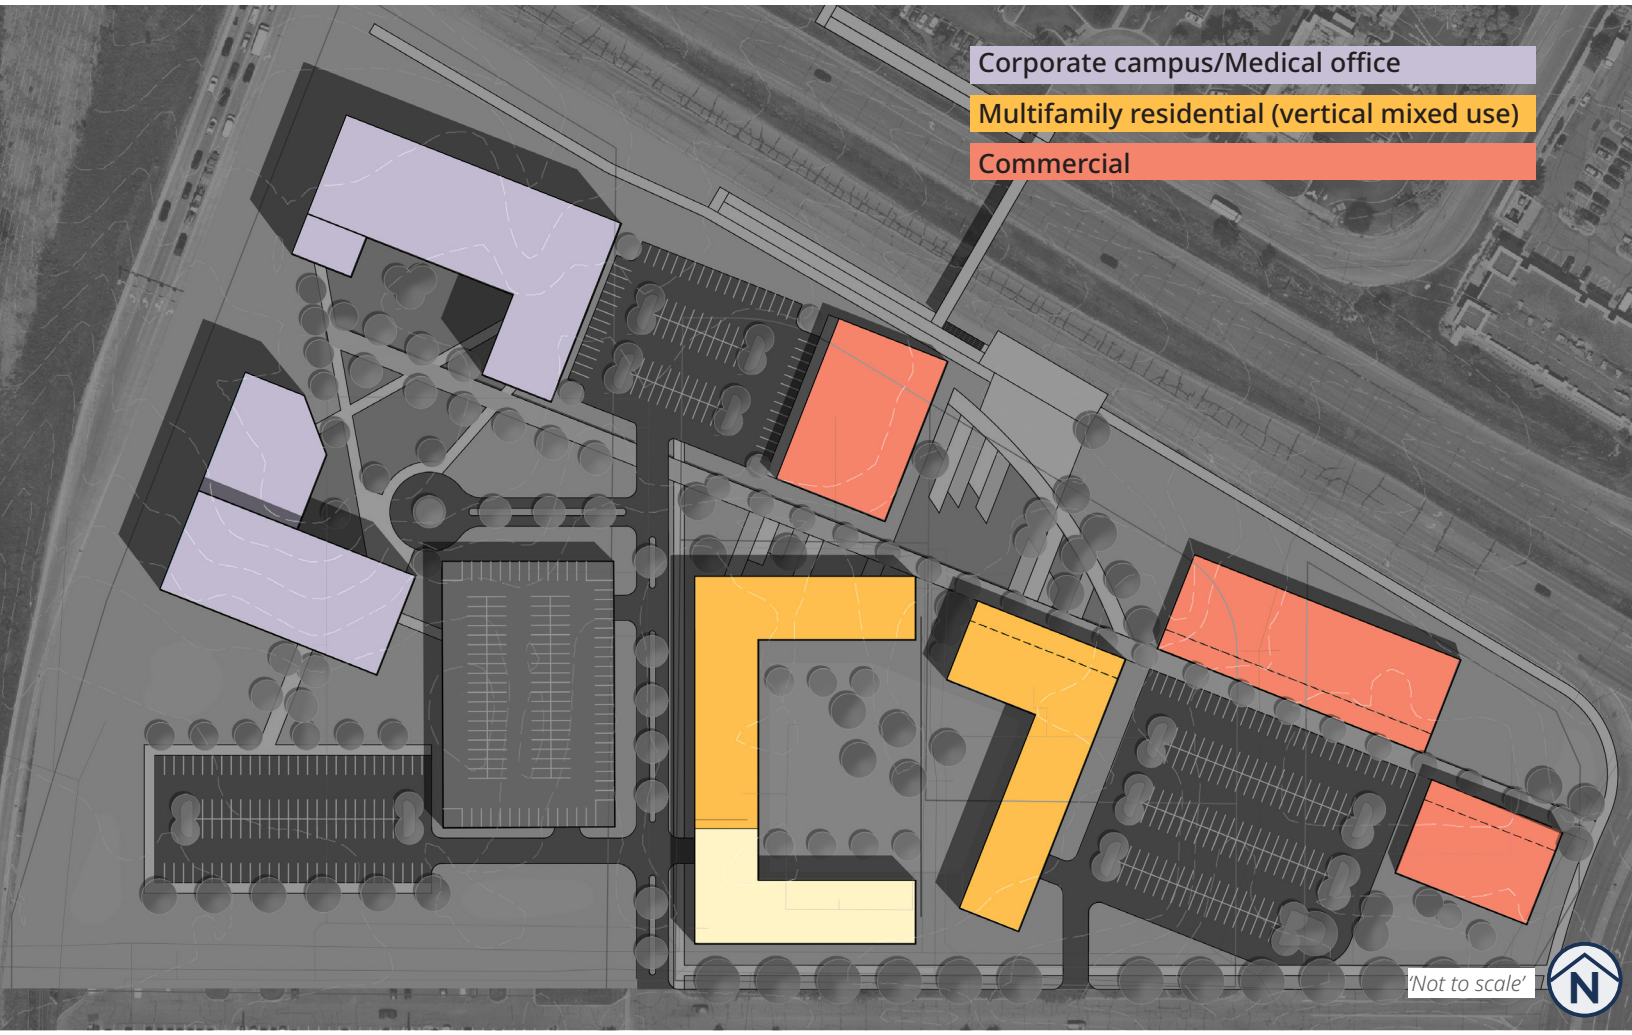

Figure 18: Promenade District Building Program

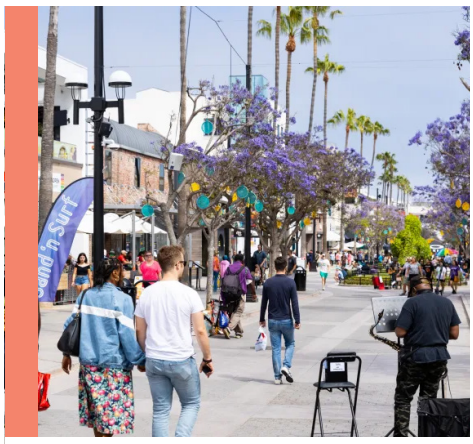
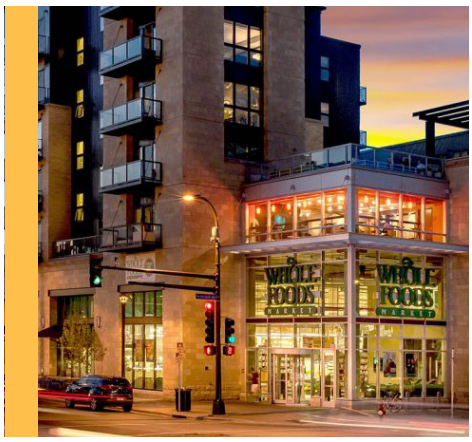
Precedent Imagery

ThedaCare Medical Center - Appleton, WI



Third Street Promenade - Santa Barbra, FL



Hennepin Ave - Minneapolis, MN

Note: Images are by others and intended to communicate general architectural styles.

Open Space

The development scenario identifies a notable increase in pervious surfaces throughout the site. Larger open spaces are identified near the campus on the west side and by the anticipated transit stop along TH 55. These open spaces are designed as larger, passive gathering areas for people, rather than formal city-owned parks.

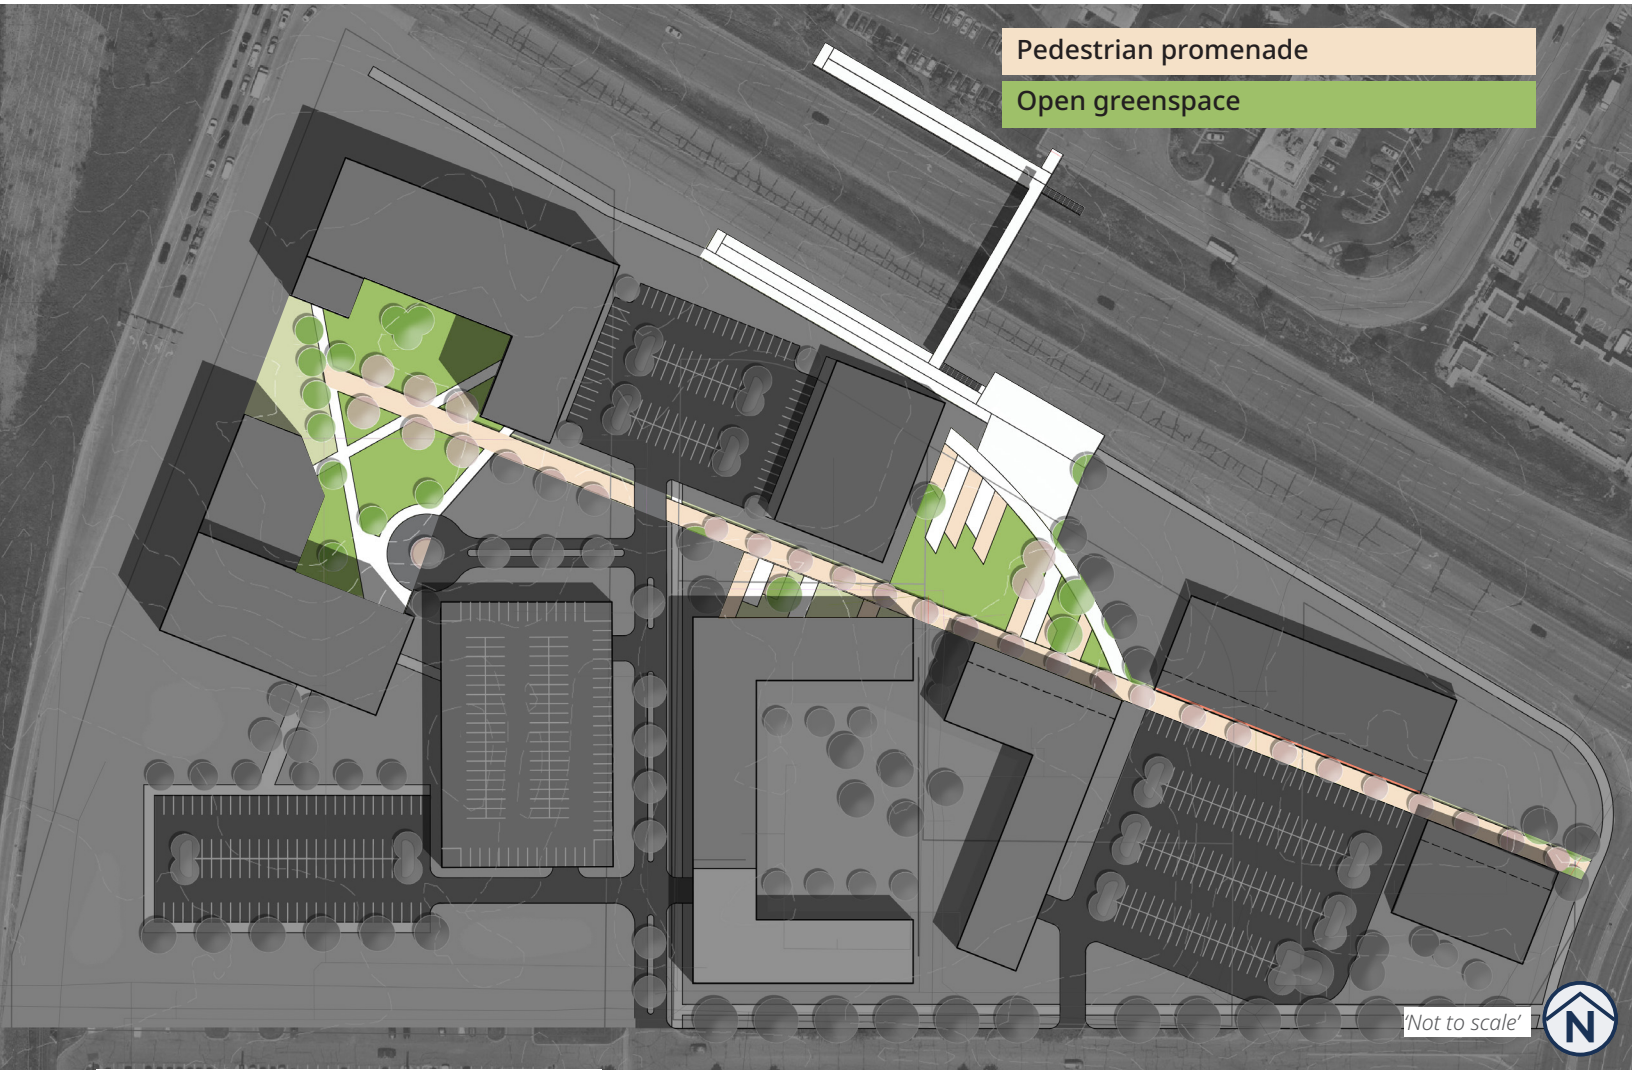


Figure 19: Promenade District Open Space

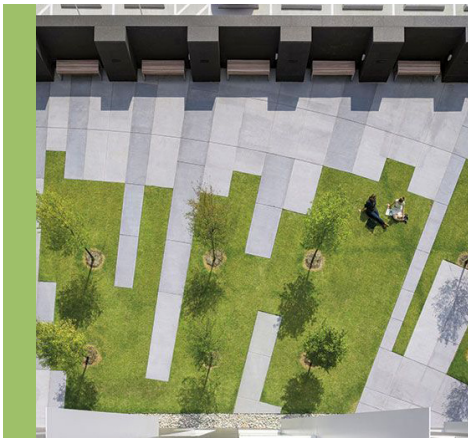
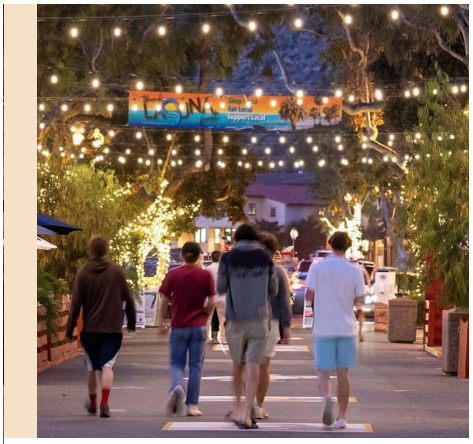
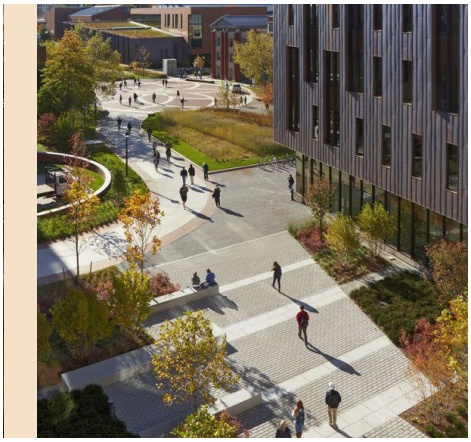
Precedent Imagery



Brain Performance Institute - Dallas, TX



Promenade on Forest - Laguna Beach, CA



University of Connecticut - Mansfield, CT

Note: Images are by others and intended to communicate general architectural styles.

Parking and Vehicular Circulation

A miniature roundabout is proposed at the intersection of Xenium Avenue and 24th Avenue N to improve access from the right-in/right-out at 26th Avenue N. Vehicular circulation is bifurcated, encouraging people to use the promenade to connect to other site uses rather than driving. The concept also includes a shared parking approach, with lots designed to serve several developments. Multifamily residential buildings will feature underground parking for residents, while a centrally located parking ramp will provide convenient access for everyone visiting the site.

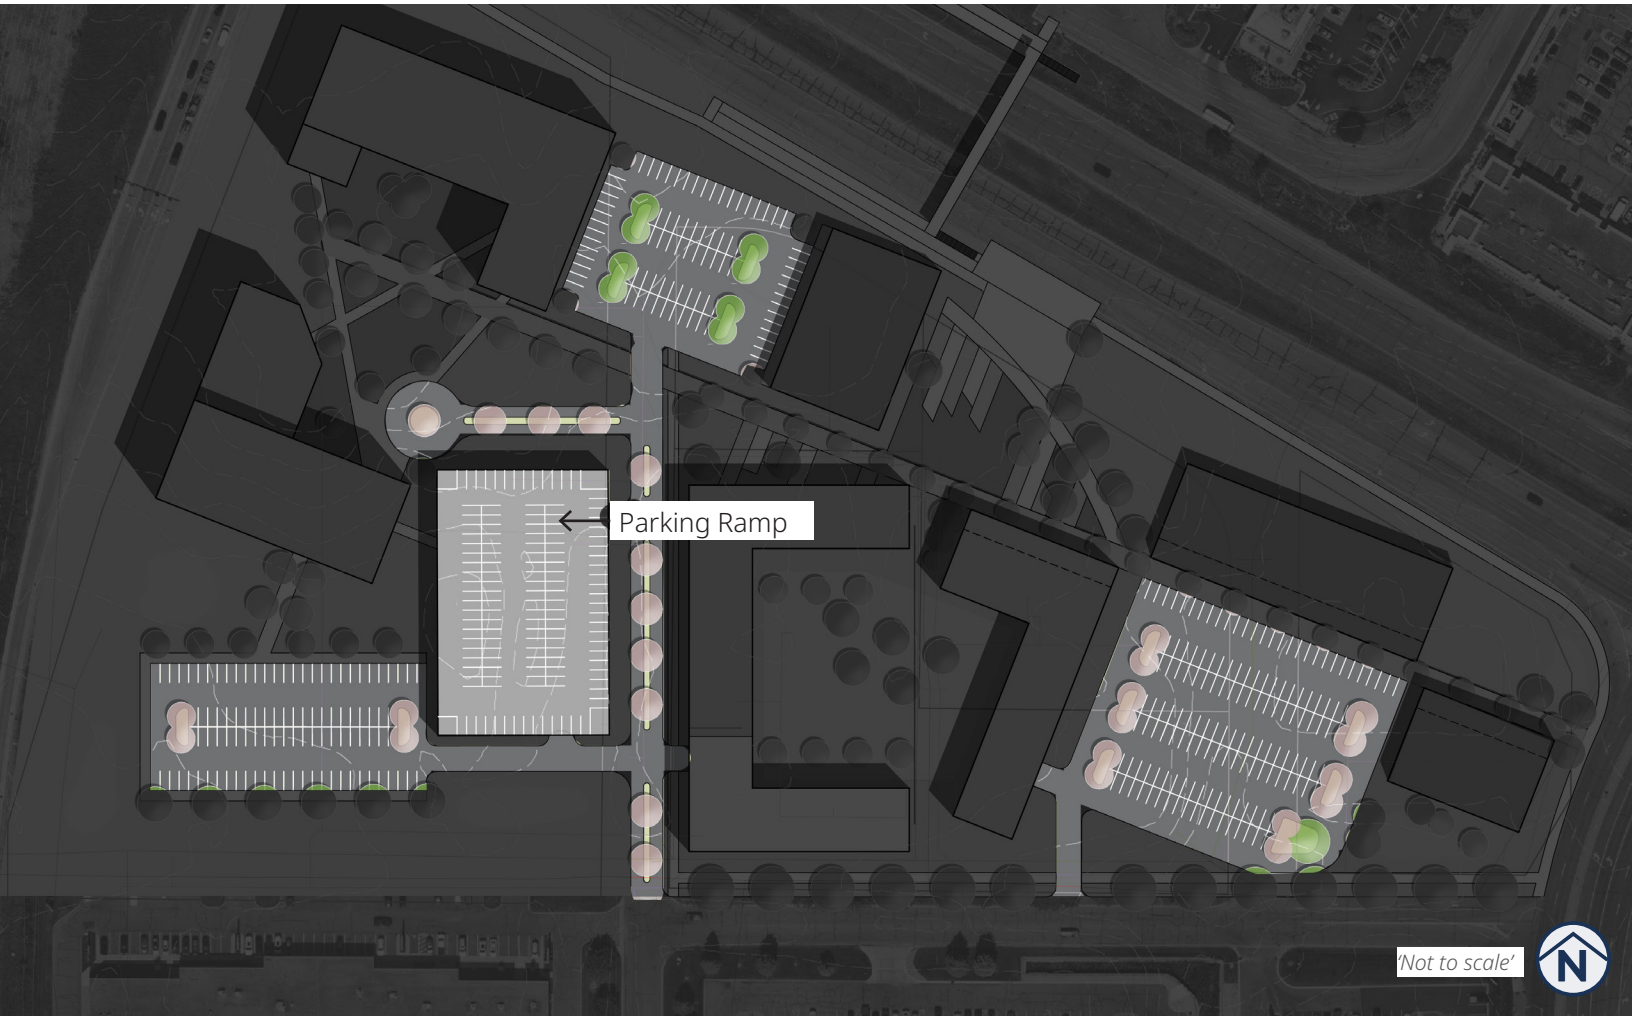


Figure 20: Promenade District Parking and Vehicular Circulation

Concept 2 – The Entertainment District

The Entertainment District is defined by a central, community destination with an entertainment focus. In response to evolving development patterns that prioritize experiential and entertainment-driven destinations, this concept places an entertainment use centrally to drive foot traffic and foster vibrant activity throughout the area. Recognizing that entertainment is a crucial element in the success of modern mixed-use projects, the district aims to appeal to both residents and visitors.

Potential uses include a range from breweries, distilleries, arcades, escape rooms, and family-oriented amenities such as indoor play centers. By situating the entertainment hub at the heart of the site, the concept seeks to complement surrounding uses, including residential, commercial, and public spaces. Ultimately creating a cohesive and energetic atmosphere.

The central location of The Entertainment District not only enhances its visibility and accessibility but also helps to activate adjacent land uses. This design approach supports the overall vision for a walkable, mixed-use neighborhood. The goal is to establish a destination that encourages extended visits and strengthens the sense of community, ultimately making the development a destination.

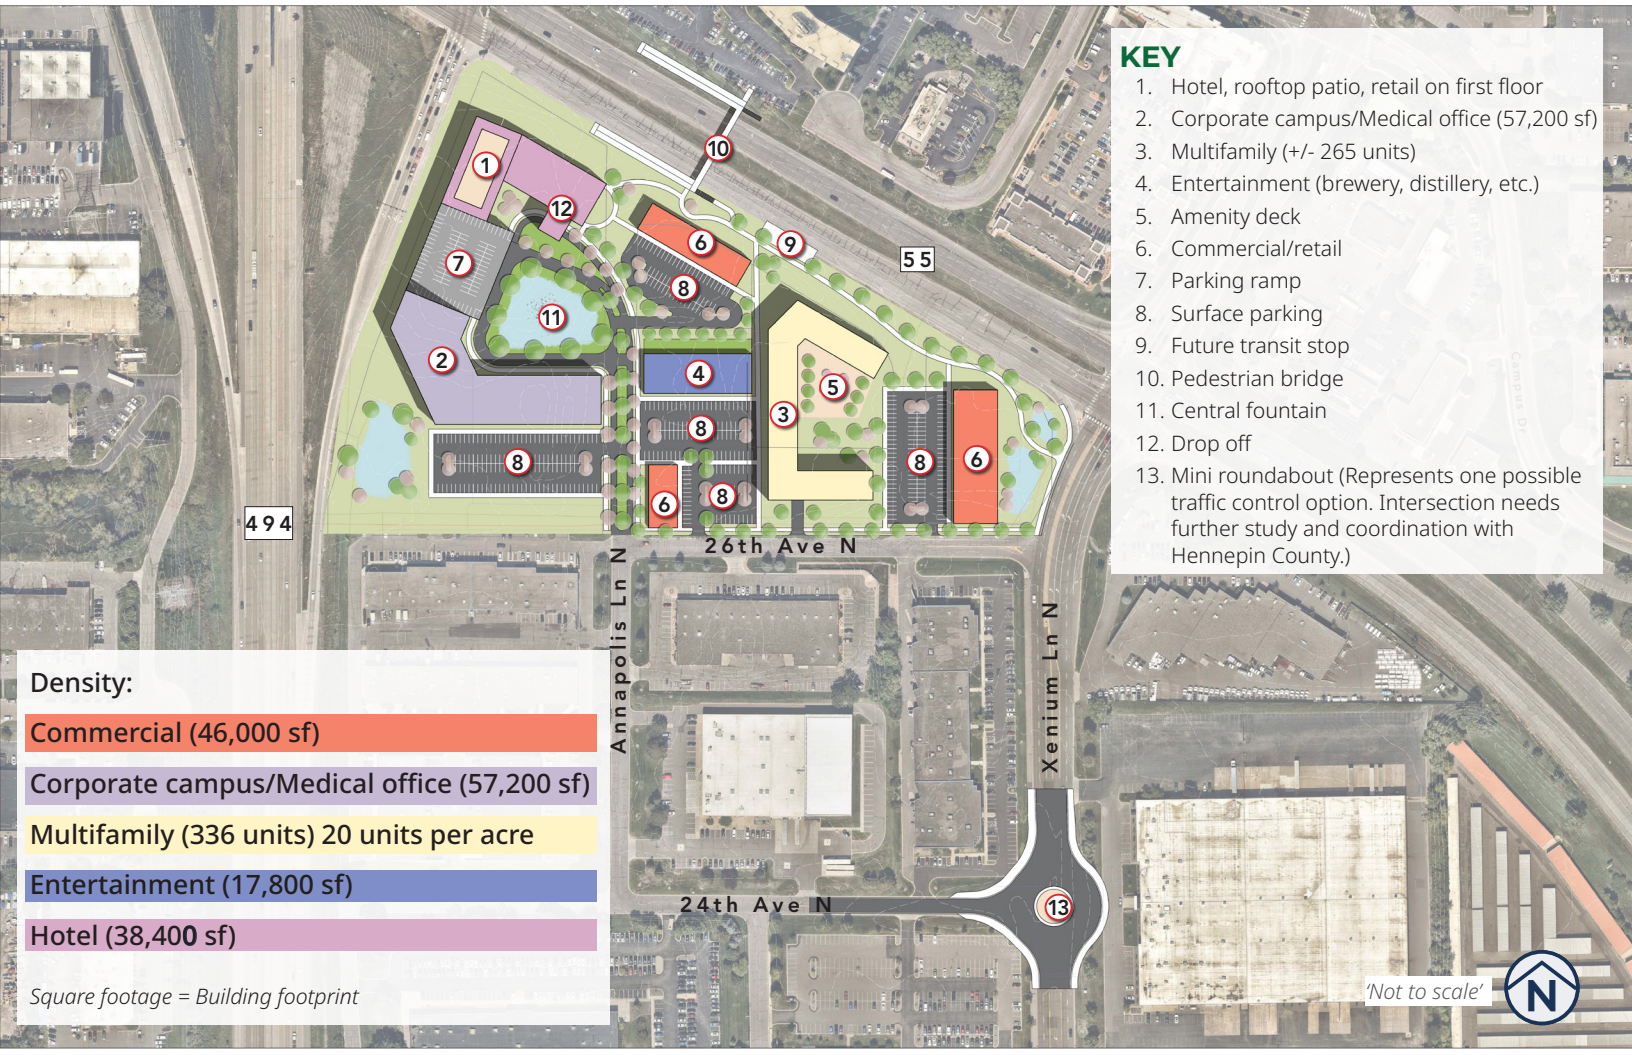

Figure 21: The Entertainment District Site Plan

Building Program

The intensity of the building program is similar to Concept 1; however, all uses are organized around the central entertainment destination. On the west side of the site, a hotel and a corporate or medical office building take advantage of their prominent location along TH 494 and TH 55. The multifamily residential building is positioned near the entertainment use, providing convenient access for residents. Commercial and retail spaces are placed along TH 55, at the intersection of 26th Avenue N and Xenium Avenue, and to the south of the entertainment center. Architectural precedent images showcase designs that emphasize active spaces and seamlessly connect indoor and outdoor environments, incorporating classic materials like brick alongside lively lighting elements.

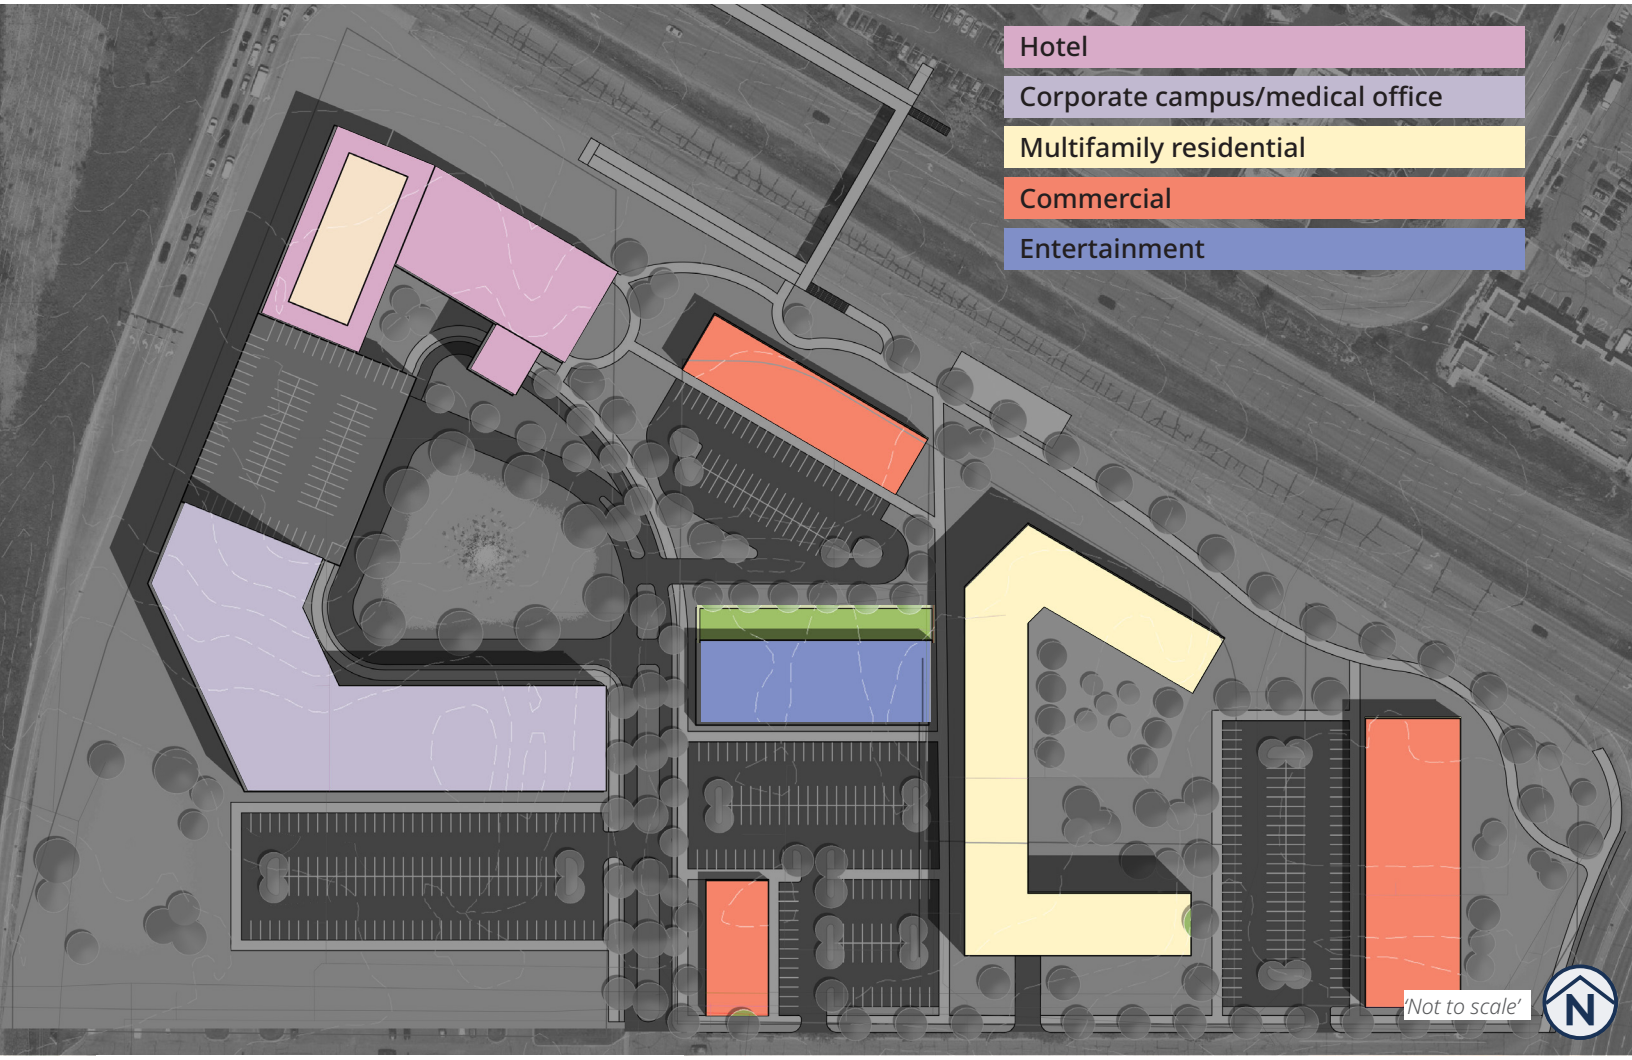

Figure 22: Entertainment District Building Program

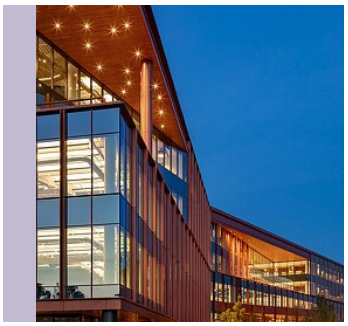
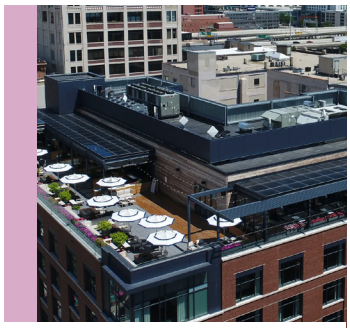
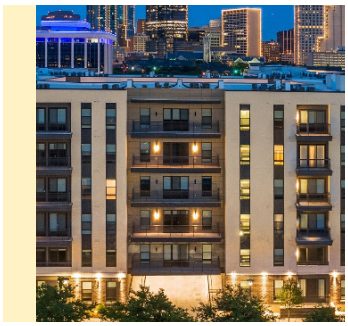
Precedent Imagery



1203 Willamette - Eugene, OR



The Outsider Hotel - Milwaukee, WI



Alliance Development - Fort Worth, TX

La Doña Cerveceria - Minneapolis, MN

Note: Images are by others and intended to communicate general architectural styles.

Open Space

This plan also expands the amount of pervious surface throughout the development. Creative stormwater features are proposed near the hotel and the campus, while a new multimodal trail is located along the north side of the site, connecting the existing trail to the transit stop and the west side of the site. Similar to the previous concept, there are no additional city-owned parks included in this proposal.

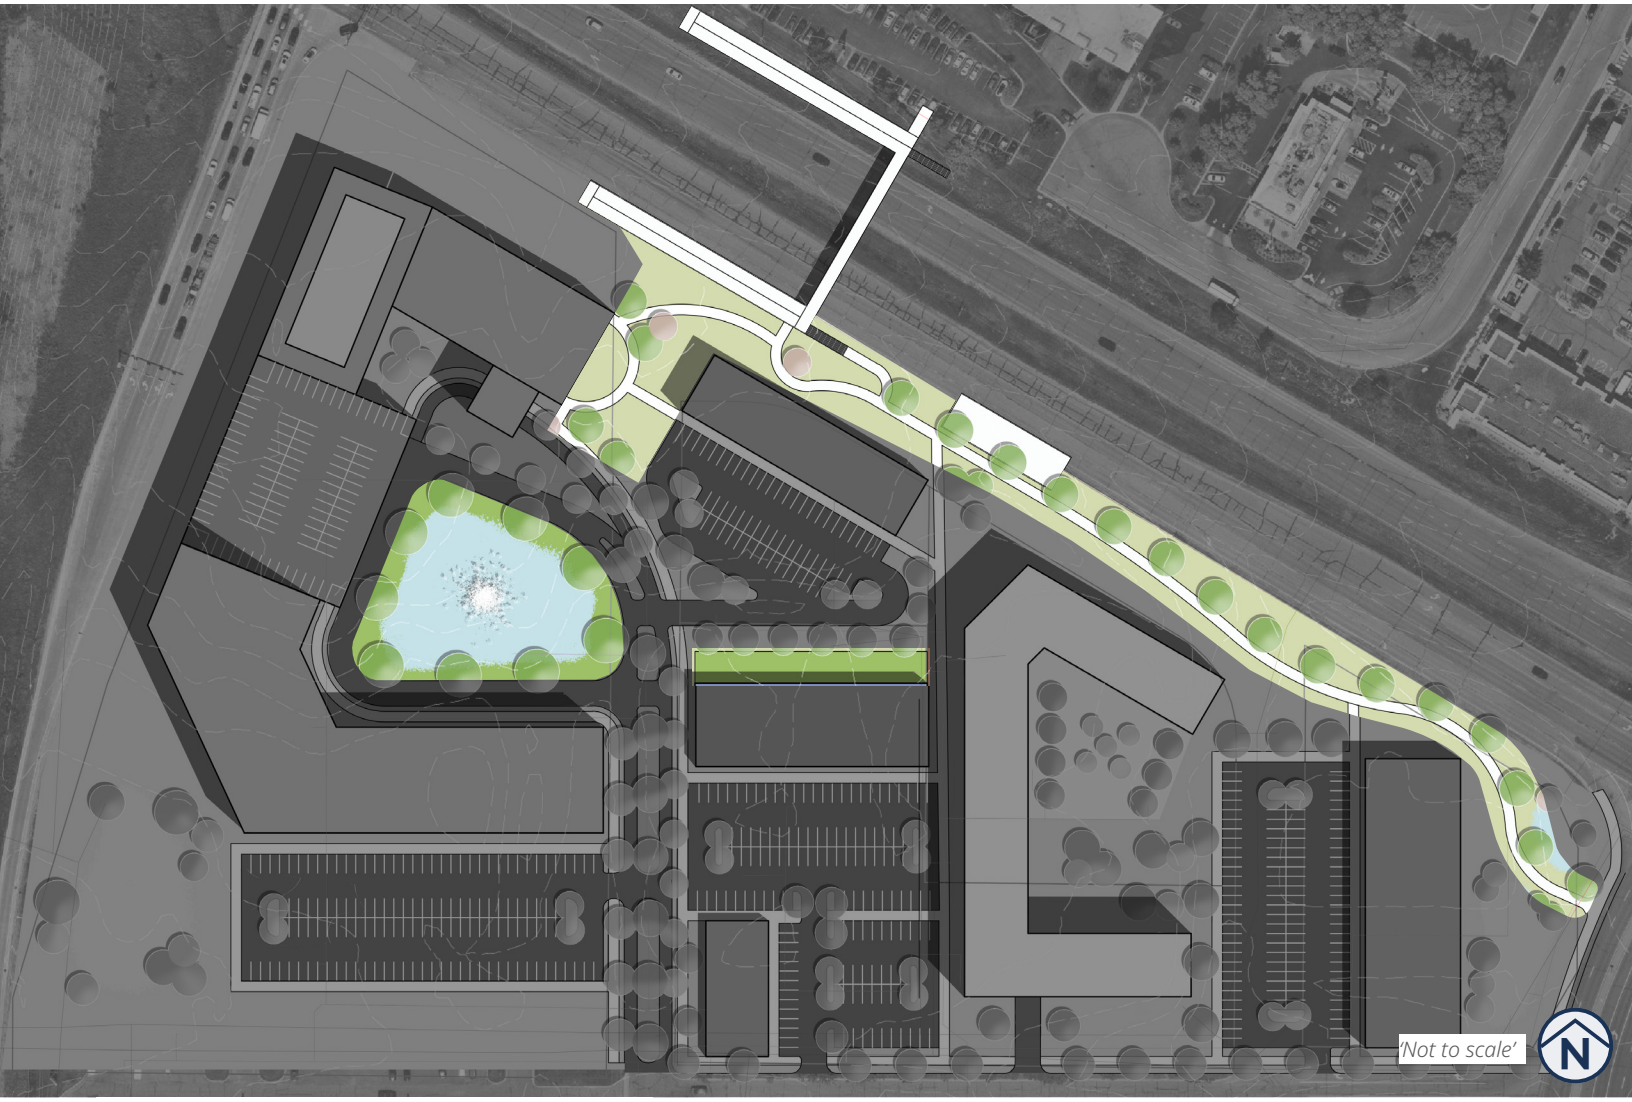


Figure 23: Entertainment District Open Space

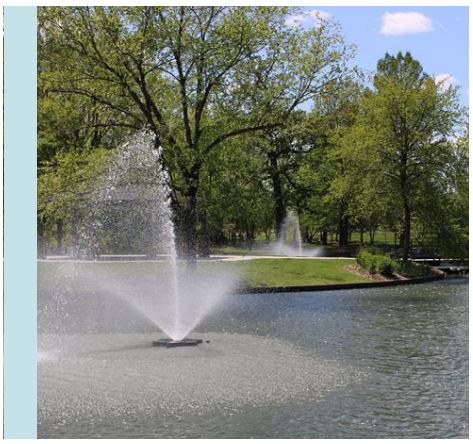
Precedent Imagery

Advocate Aurora Health Center - Sheboygan, WI



City Centre Park - St Peters, MO

La Doña Cerveceria - Minneapolis, MN

Note: Images are by others and intended to communicate general architectural styles.

Parking and Vehicular Circulation

Figure 24 illustrates the approach to vehicular circulation and parking within Concept 2. A central parking ramp, located between the hotel and the campus, offers additional capacity for visitors and staff. Surface parking lots are distributed throughout the area to accommodate the various buildings, while the multifamily residential building provides its own underground parking for residents. Although dedicated parking is available for each building, the plan encourages a shared parking model to maximize efficiency, particularly in support of the nearby transit stop along TH 55. Additionally, a small roundabout at the intersection of 26th Avenue N and Xenium Avenue is placed to improve access at 24th Avenue N.

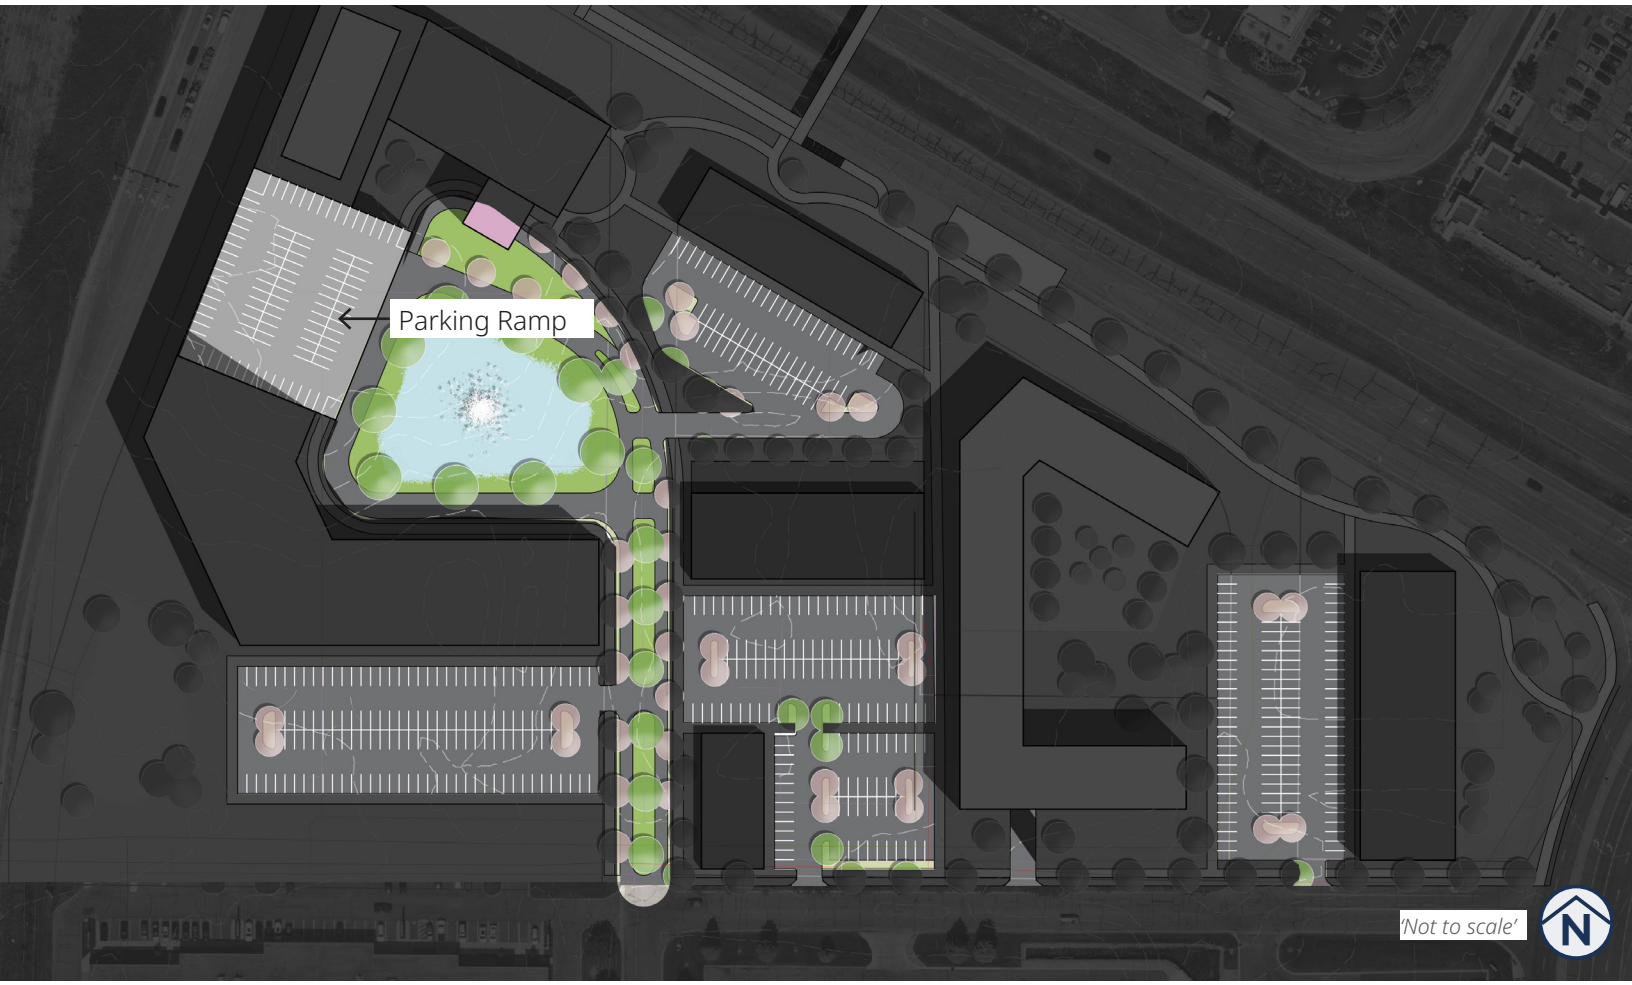


Figure 24: Entertainment District Parking and Circulation

Concept 3 – The Greenway Commons District

This third concept demonstrates an alternative approach to development by integrating vehicular circulation directly into the site. The design leverages the transportation network as an asset, weaving it through the site to enhance accessibility and movement.

In addition to improved circulation, the plan integrates stormwater features and enhanced landscaping, establishing a prominent greenway that extends from the eastern edge of the property toward the campus on the west. This greenway not only creates a visually appealing corridor but also enhances connectivity throughout the district and supports the envisioned commercial and retail uses.

To further reinforce the district's urban character, buildings are strategically positioned along TH 55, resulting in a well-defined and vibrant urban edge.

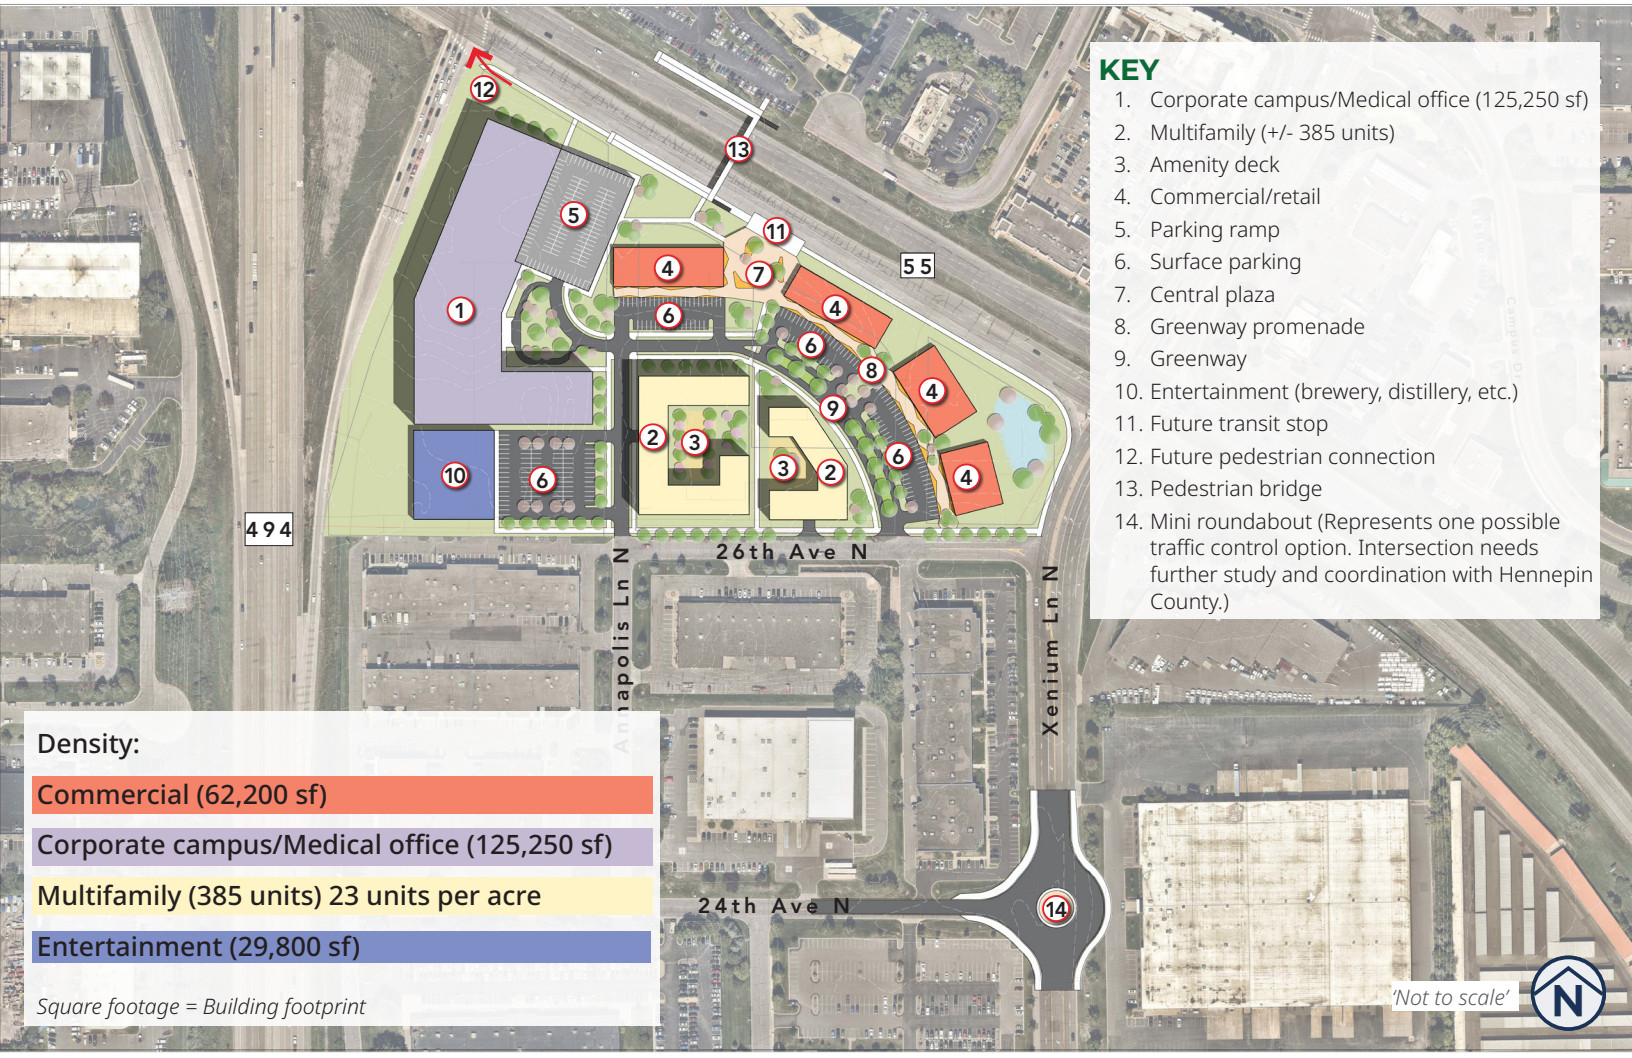

Figure 25: The Greenway Commons Site Plan

Building Program

Buildings are positioned along the central greenway, fostering enhanced movement and connectivity throughout the district. A large corporate campus or medical office anchors the area along the west side of the site, mirroring the previous concept, while an entertainment venue is located to the south. Commercial and retail spaces are oriented along TH 55, and a multifamily residential building occupies a central location. The proposed architectural style features dark, contemporary materials, expansive glass elements, canopies, and dynamic outdoor gathering areas.

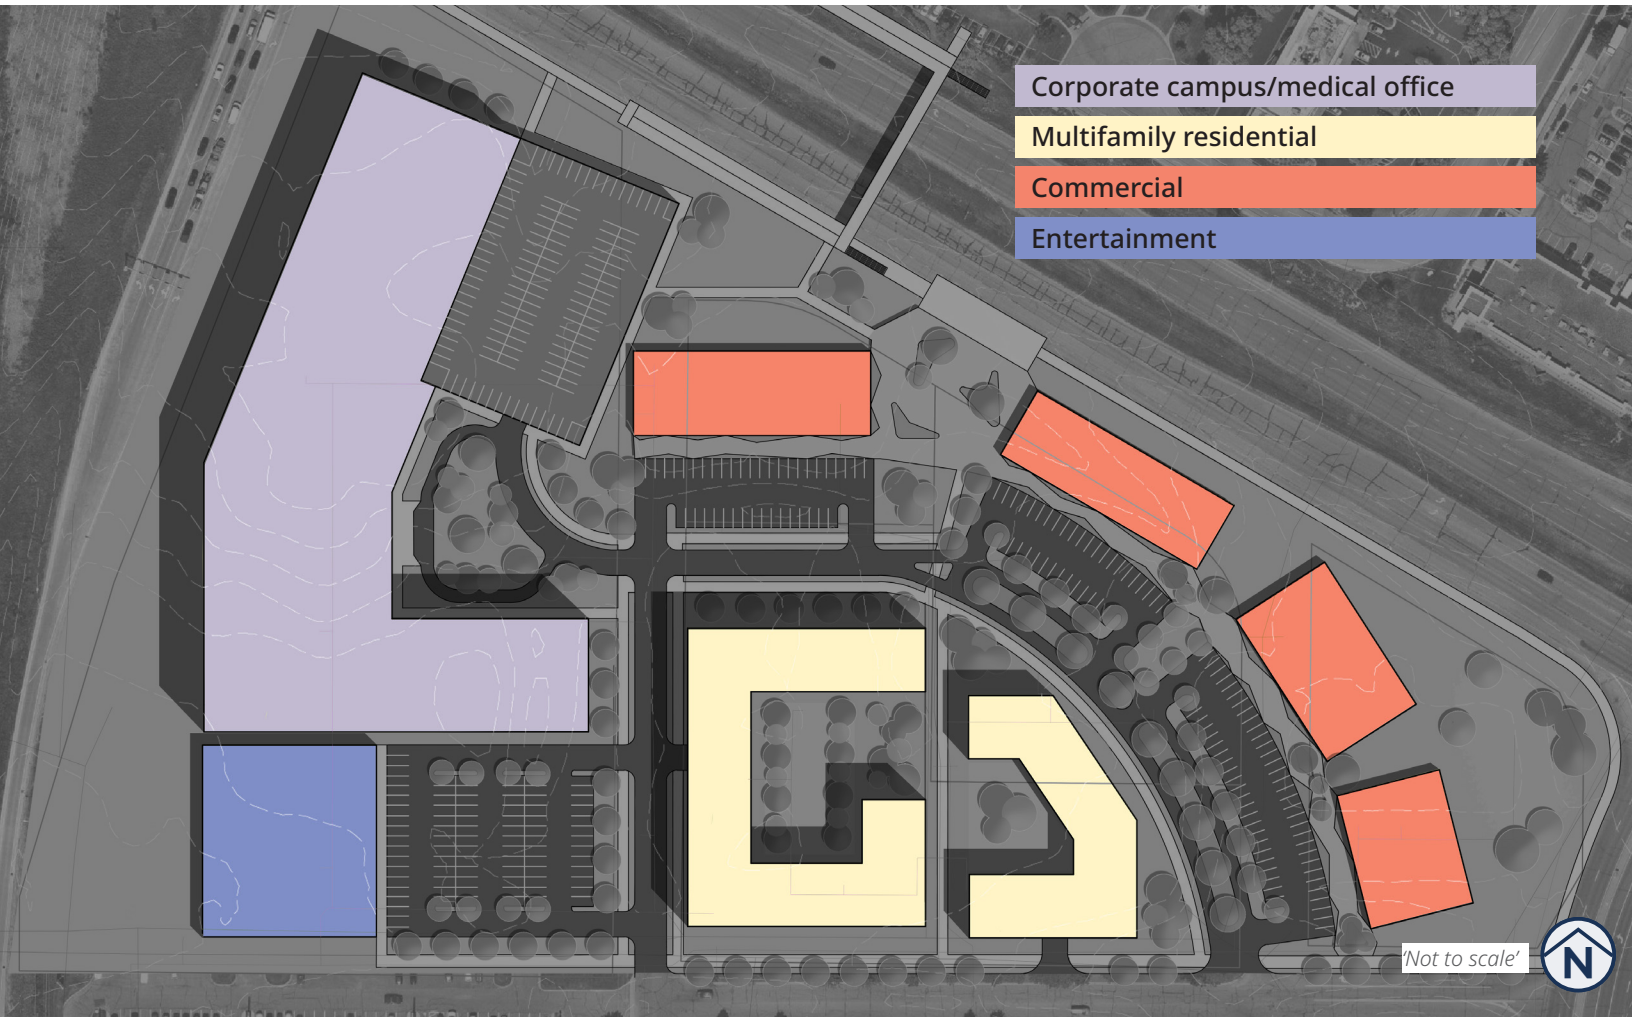

Figure 26: Greenway Commons Building Program

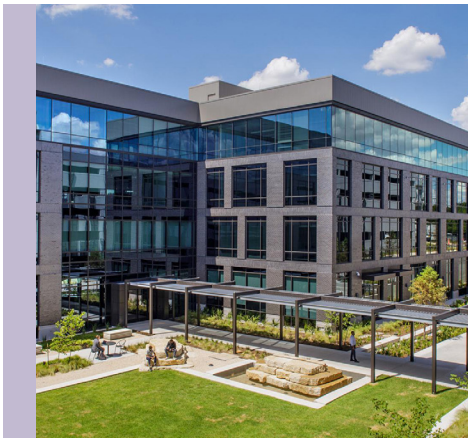
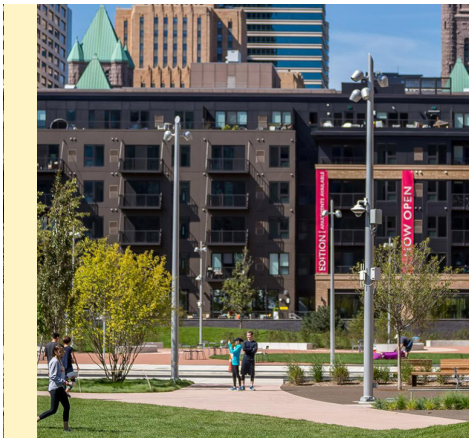
Precedent Imagery



City of Austin Permitting and Development Center - Austin, TX



Downtown East - Minneapolis, MN

Midtown Plaza Carmel - Carmel, IN

Note: Images are by others and intended to communicate general architectural styles.

Open Space

As with previous concepts, this open space approach expands the amount of pervious surfaces throughout the development. A pedestrian plaza and walkway are planned near the new transit stop and adjacent commercial areas, strengthening pedestrian access across the site and connecting to the existing trail along Xenium Avenue. Additionally, a courtyard near the campus offers open space for campus users. No city-owned parks are included in this proposal.

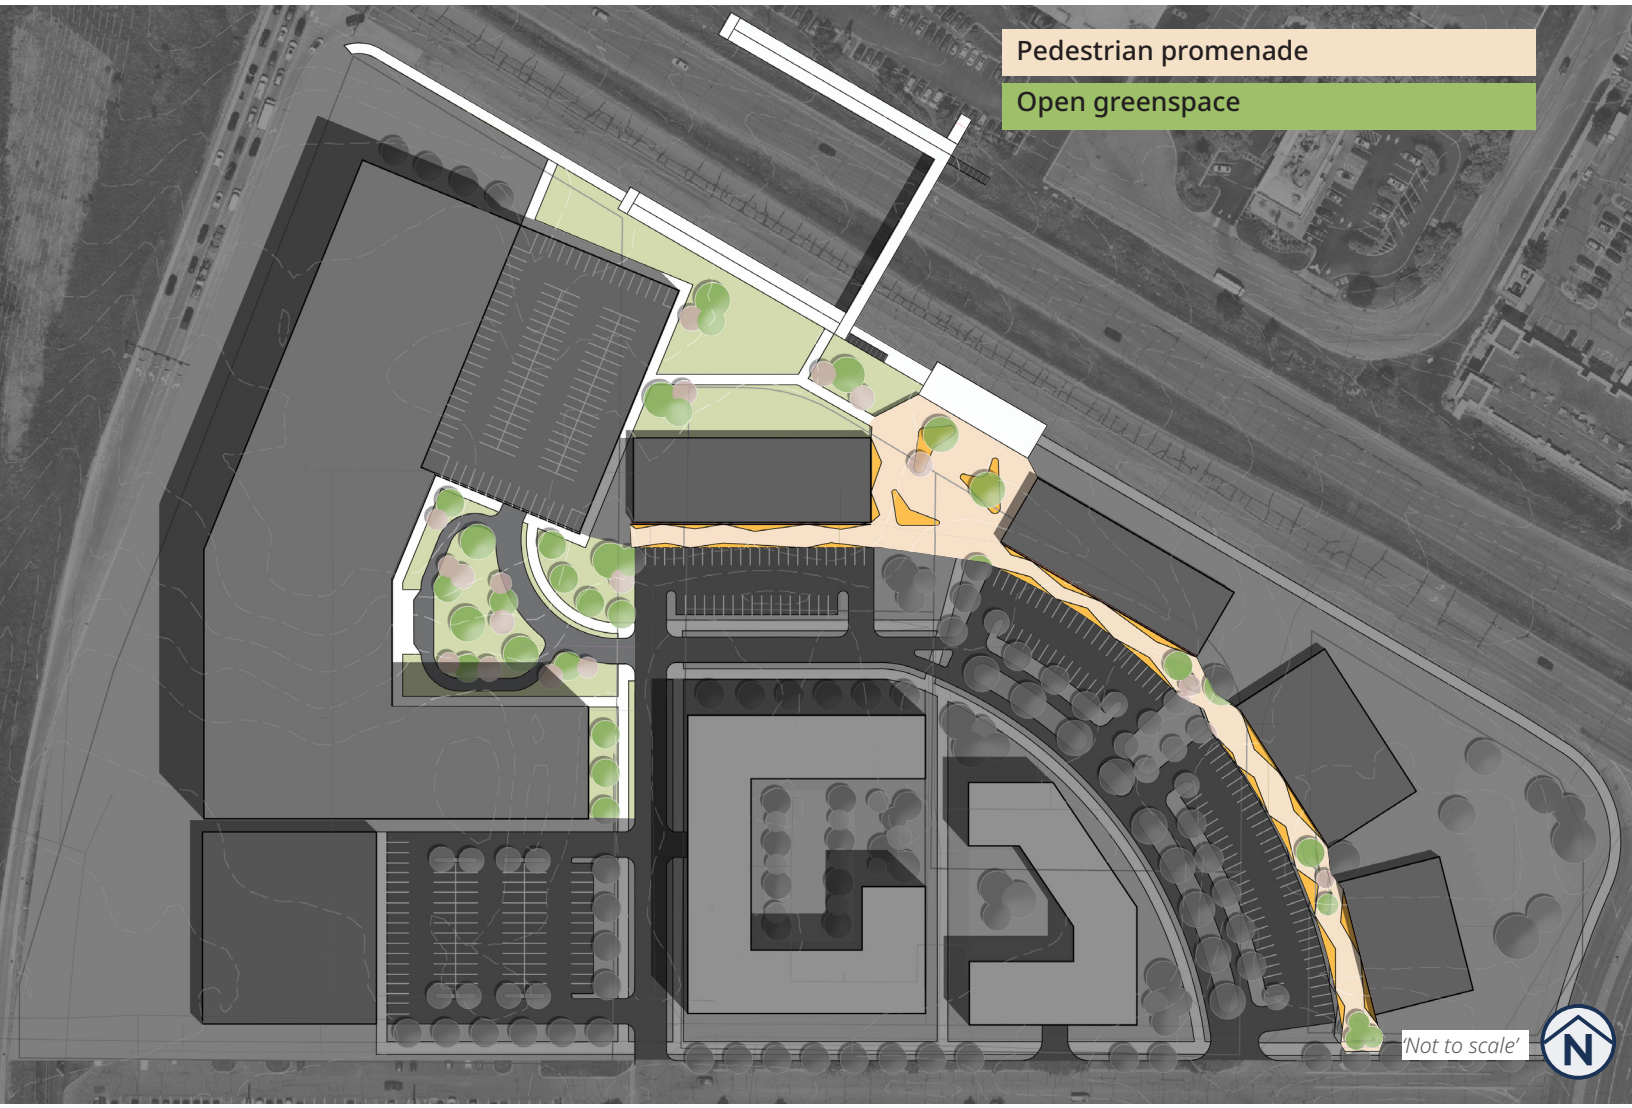


Figure 27: Greenway Commons Open Space

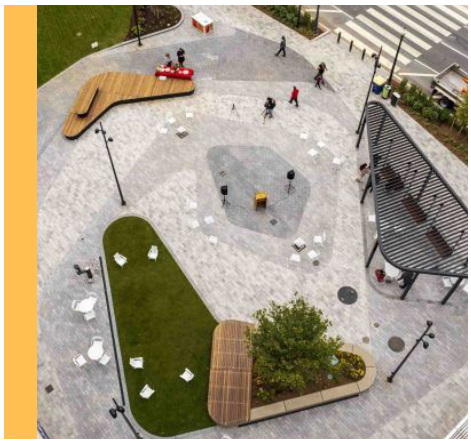
Precedent Imagery

Walmart Home Office Campus - Bentonville, AK

Beekman Plaza - Manhattan, NY



Ewell Plaza - Lancaster, PA

Note: Images are by others and intended to communicate general architectural styles.

Parking & Circulation

Figure 28 depicts the greenway as a unifying element that links all areas across the site. A parking ramp is planned adjacent to the campus, offering convenient access for both campus users and those utilizing the nearby transit stop. Surface parking lots will serve the entertainment venue and commercial establishments, while the multifamily residential buildings are expected to feature underground parking exclusively for residents. Additionally, similar to earlier concepts, a small roundabout is included at the intersection of 26th Avenue N and Xenium Avenue.

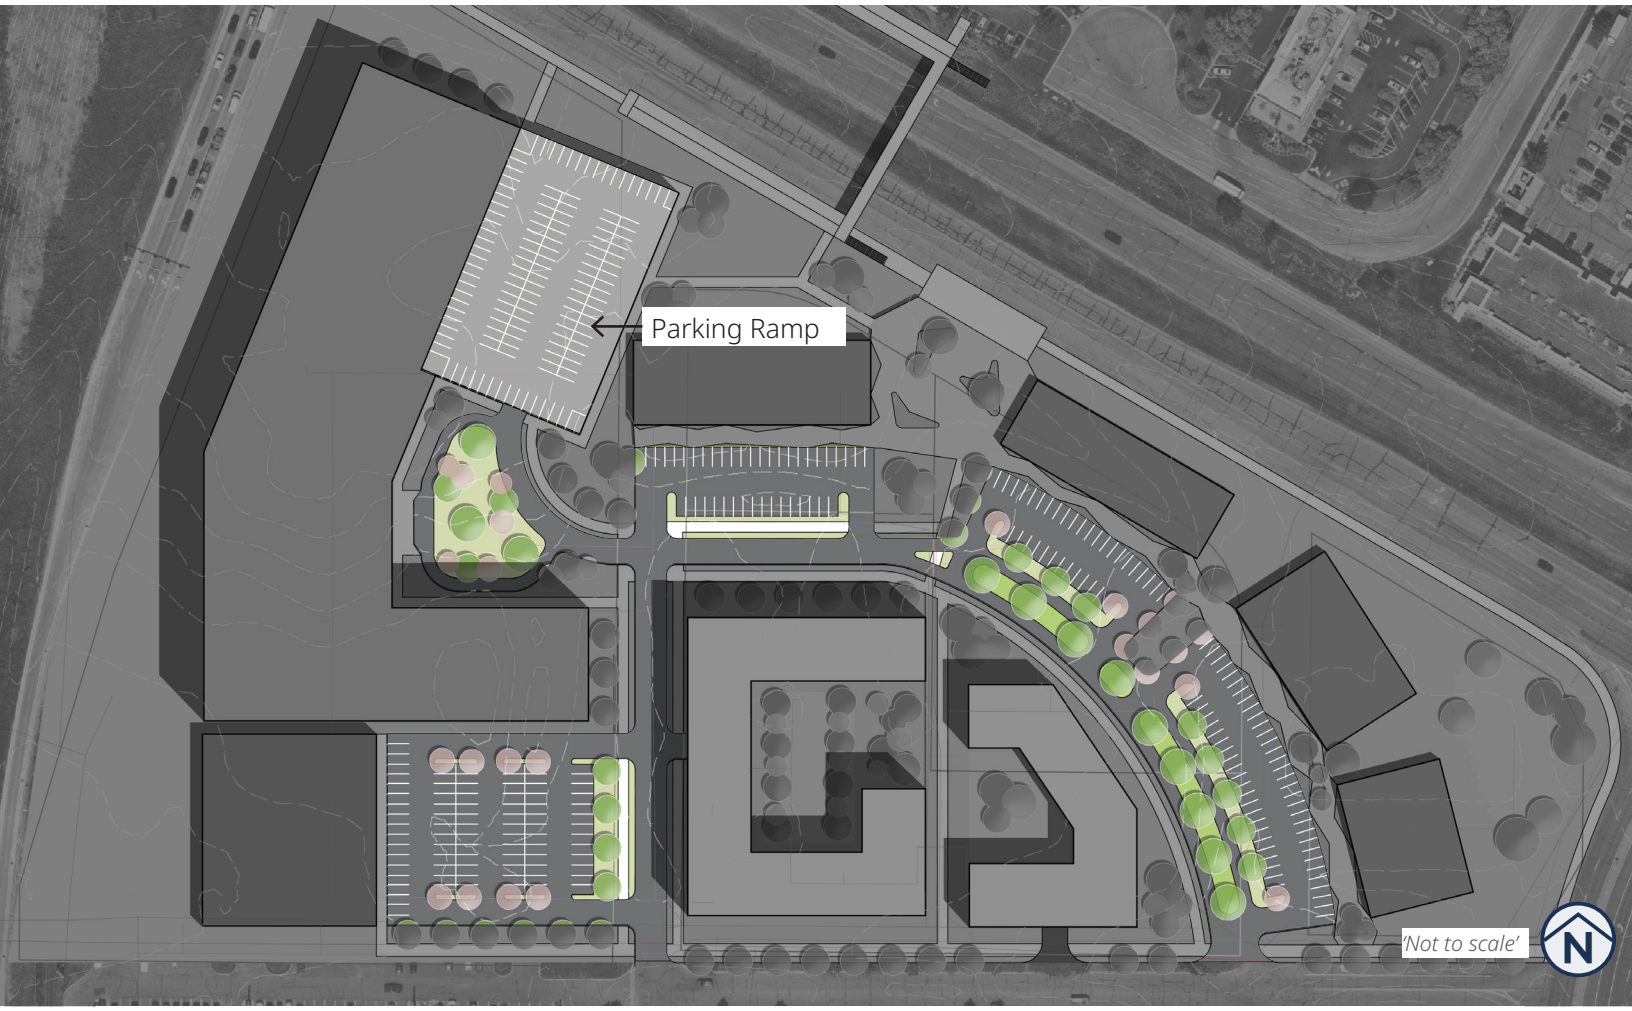


Figure 28: Greenway Commons Open Parking and Circulation

04 | PREFERRED ALTERNATIVE

Preferred Alternative

The Social Commons was developed after carefully considering feedback gathered during the public and stakeholder engagement review process. This approach ensured that a wide range of perspectives and concerns were addressed. Drawing from the most effective aspects of each previous concept, the final concept represents a balanced solution that incorporates the strengths identified throughout the evaluation.

The Social Commons

The final alternative builds upon the strategic placement of an entertainment use at the heart of the development. This central location is designed to serve as a major destination for both residents and visitors, thereby enhancing the vibrancy of the site and supporting the surrounding uses. The initial design framework and site diagram support the separation of uses including a new campus, hotel, multifamily housing, and commercial/retail spaces.

A key feature of the concept is a central pedestrian walkway that links the west and east sides of the site. This pathway ensures that all uses are seamlessly connected to the entertainment hub, promoting easy access and movement throughout the area.

The concept encourages multimodal transportation options, highlighted by the inclusion of a planned transit stop and a pedestrian bridge along TH 55. Additionally, the design connects to the city-owned trail along Xenium Avenue, further supporting alternative means of travel and enhancing site accessibility.

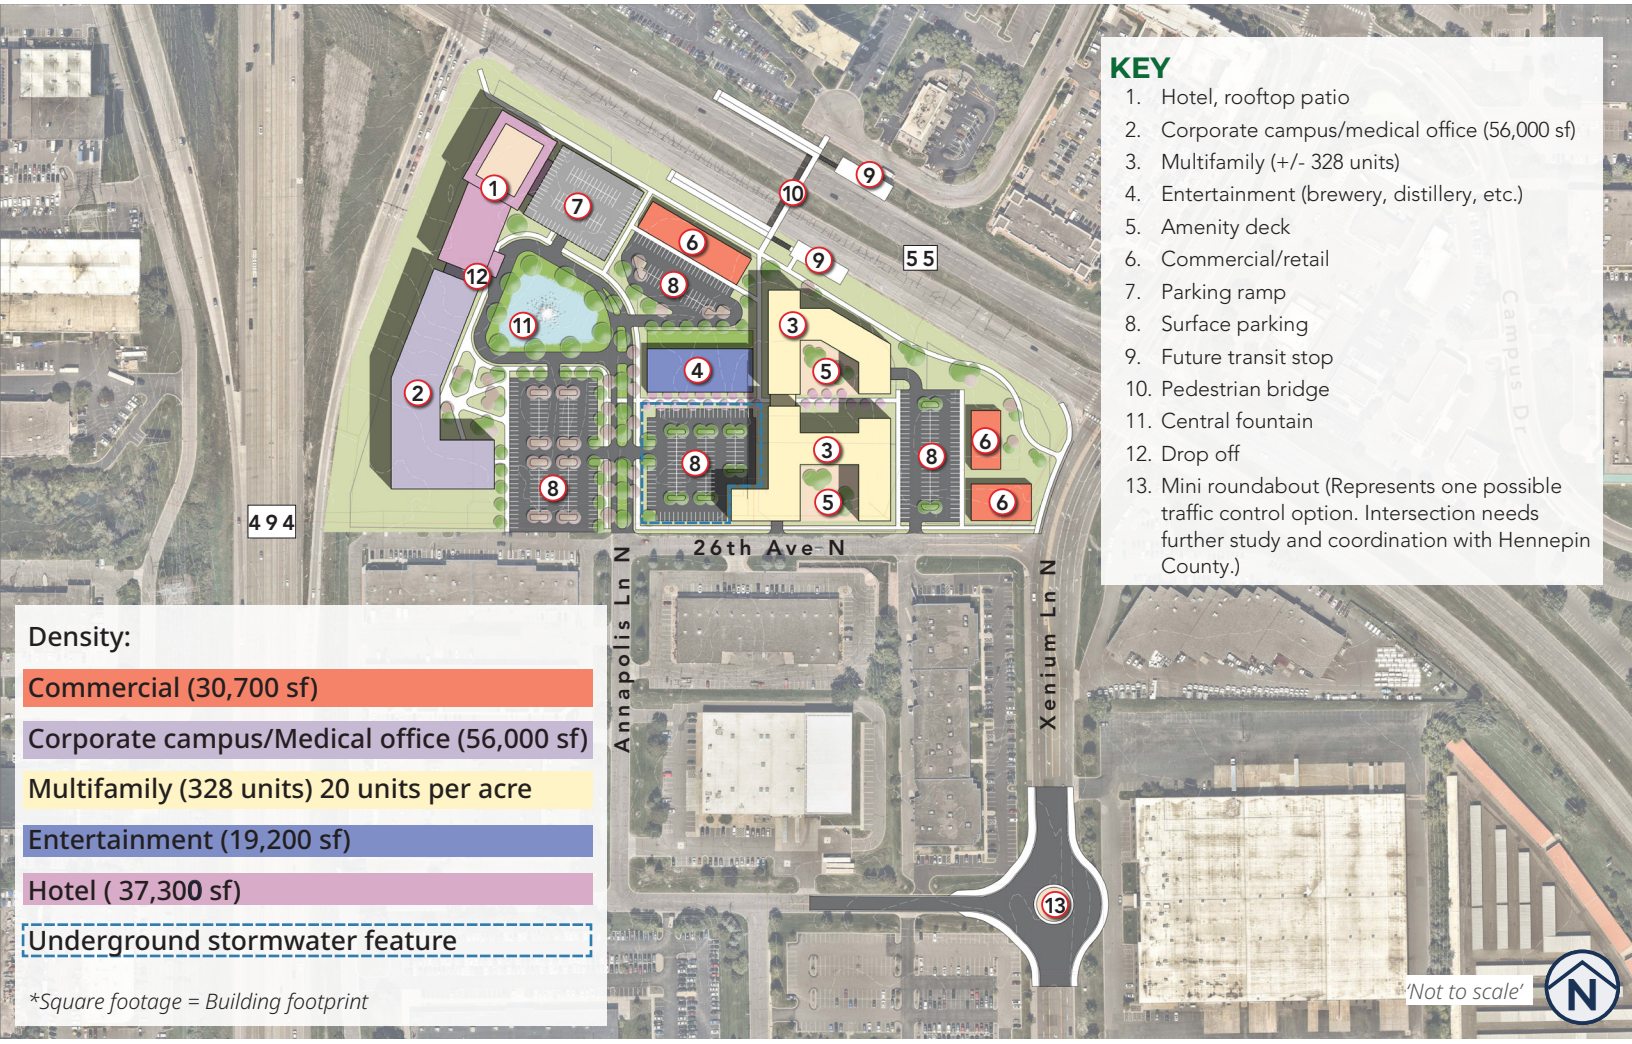

Figure 29: Social Commons Plan

Building Program

Similar to Concept 2, the buildings are arranged around a central entertainment hub. The corporate or medical office campus is situated on the west side, taking advantage of high visibility near TH 494 and TH 55. A parking ramp is positioned next to the campus and conveniently close to the proposed transit stop. Multifamily residential units occupy the central portion of the site, while commercial and retail buildings line TH 55 and Xenium Avenue. This capitalizes on visibility and access required to support those uses.

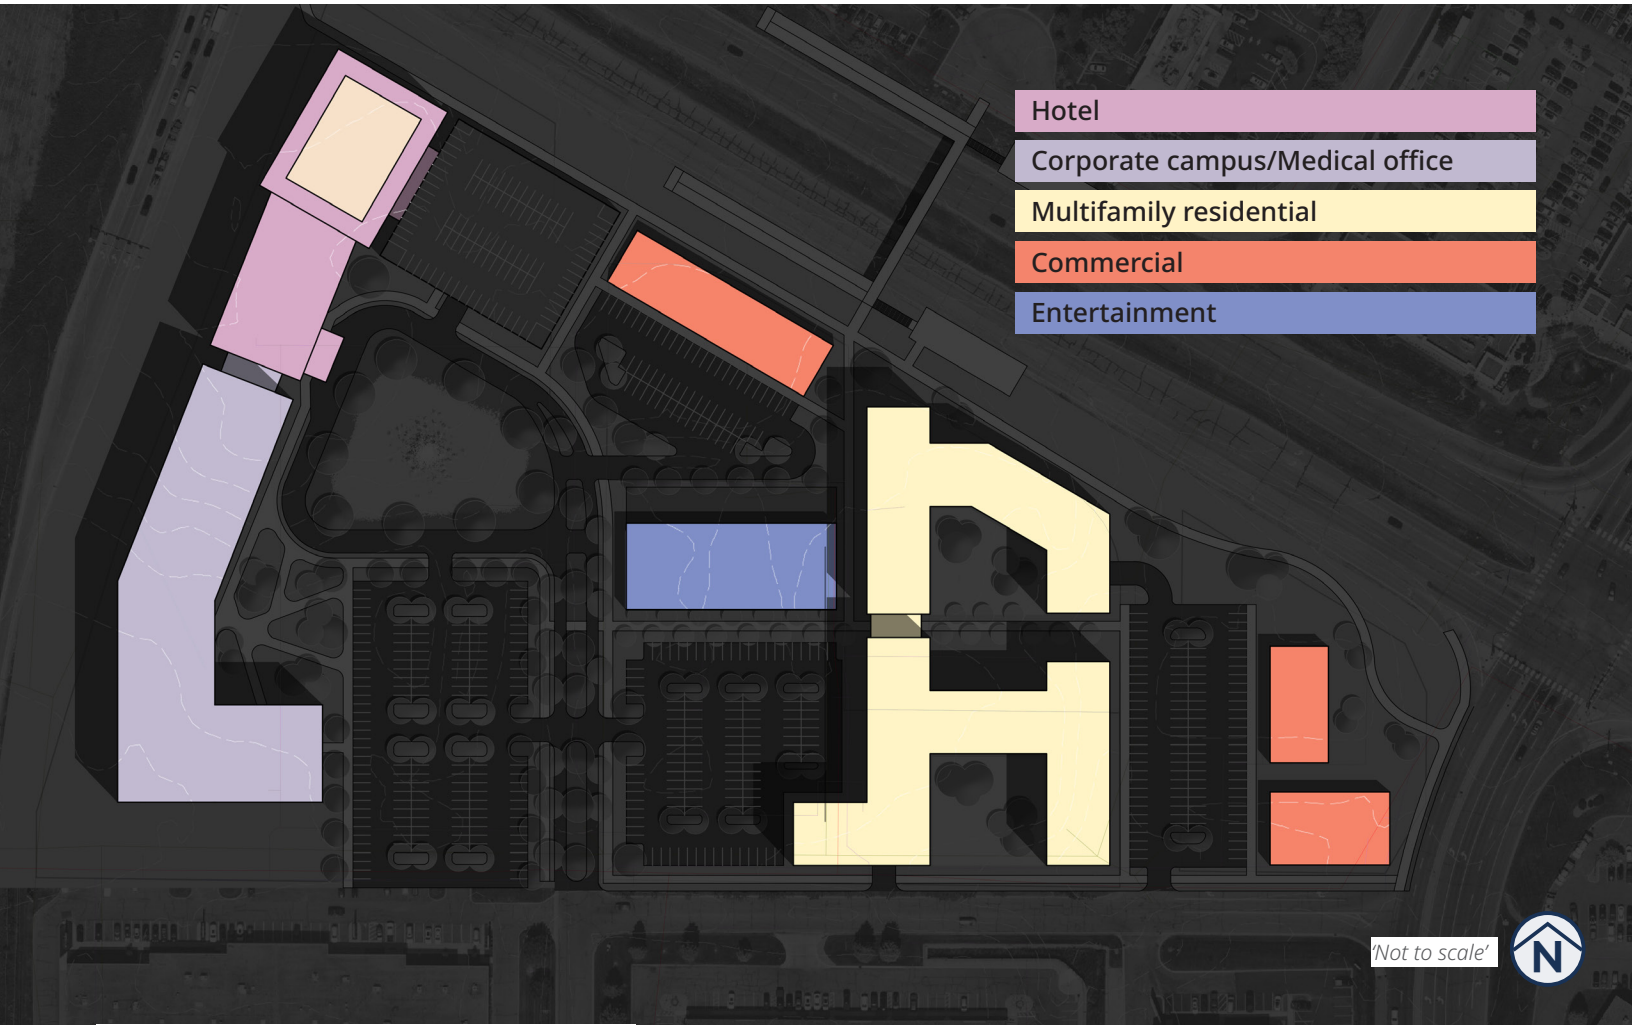

Figure 30: Social Commons Building Program

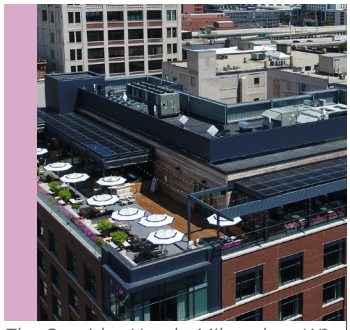
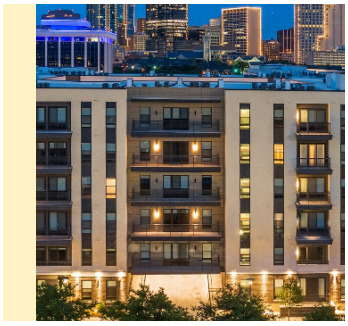
Precedent Imagery

ThedaCare Medical Center - Appleton, WI



The Outsider Hotel - Milwaukee, WI



Alliance Development - Fort Worth, TX

La Doña Cerveceria - Minneapolis, MN

Note: Images are by others and intended to communicate general architectural styles.

Open Space

The site plan significantly increases pervious surfaces throughout the development area. An open space adjacent to the entertainment venue is designed to attract visitors and foster active spaces. A central stormwater feature is planned near the hotel's drop-off area, while an underground regional stormwater system is proposed beneath a parking lot close to the entertainment complex and multifamily residences. These features aim to boost the community's resiliency. Additional analysis and engineering will be necessary to determine the appropriate size and practicality of these stormwater solutions.

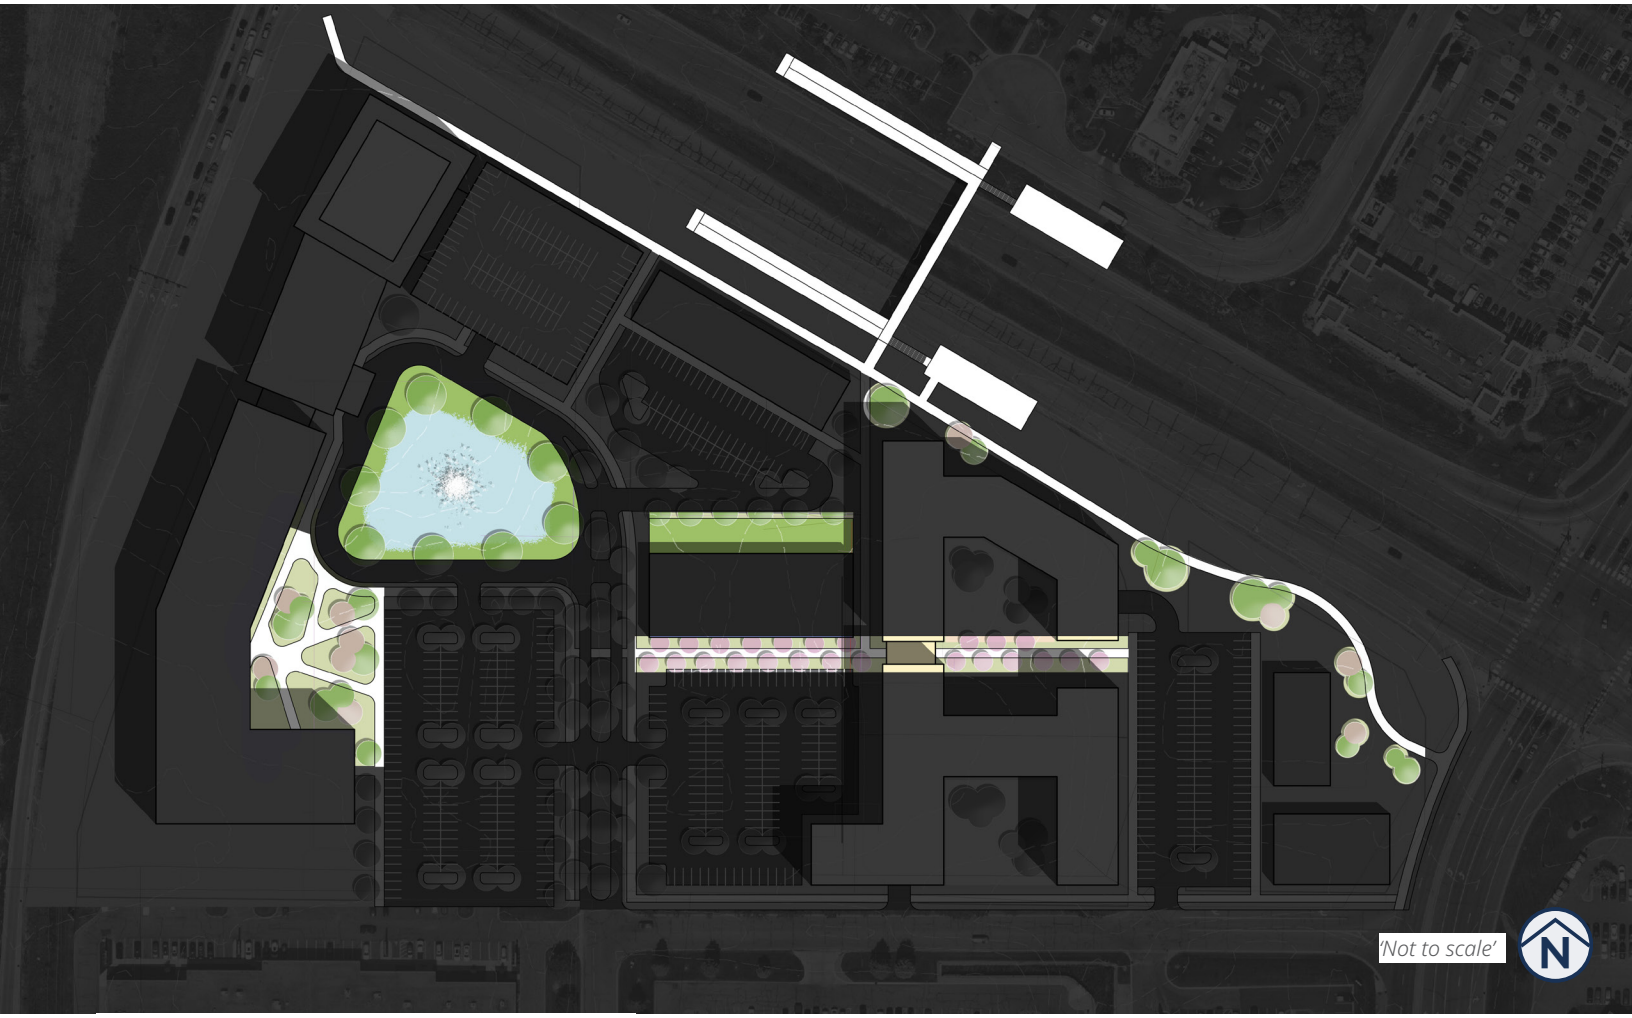


Figure 31: Social Commons Open Space

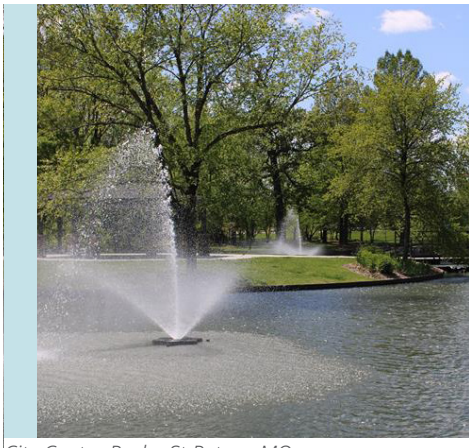
Precedent Imagery

Advocate Aurora Health Center - Sheboygan, WI



City Centre Park - St Peters, MO

La Doña Cerveceria - Minneapolis, MN

Note: Images are by others and intended to communicate general architectural styles.

Parking and Vehicular Circulation

A miniature roundabout at the intersection of 26th Avenue N and Xenium Avenue is designed to enhance site access. While each building will feature its own surface parking lot, a shared parking approach is anticipated to increase overall parking efficiency. Likewise, the parking ramp is strategically located near the proposed transit stop and the primary campus facilities to serve larger parking demands. Multifamily residential buildings are also expected to include underground parking options.

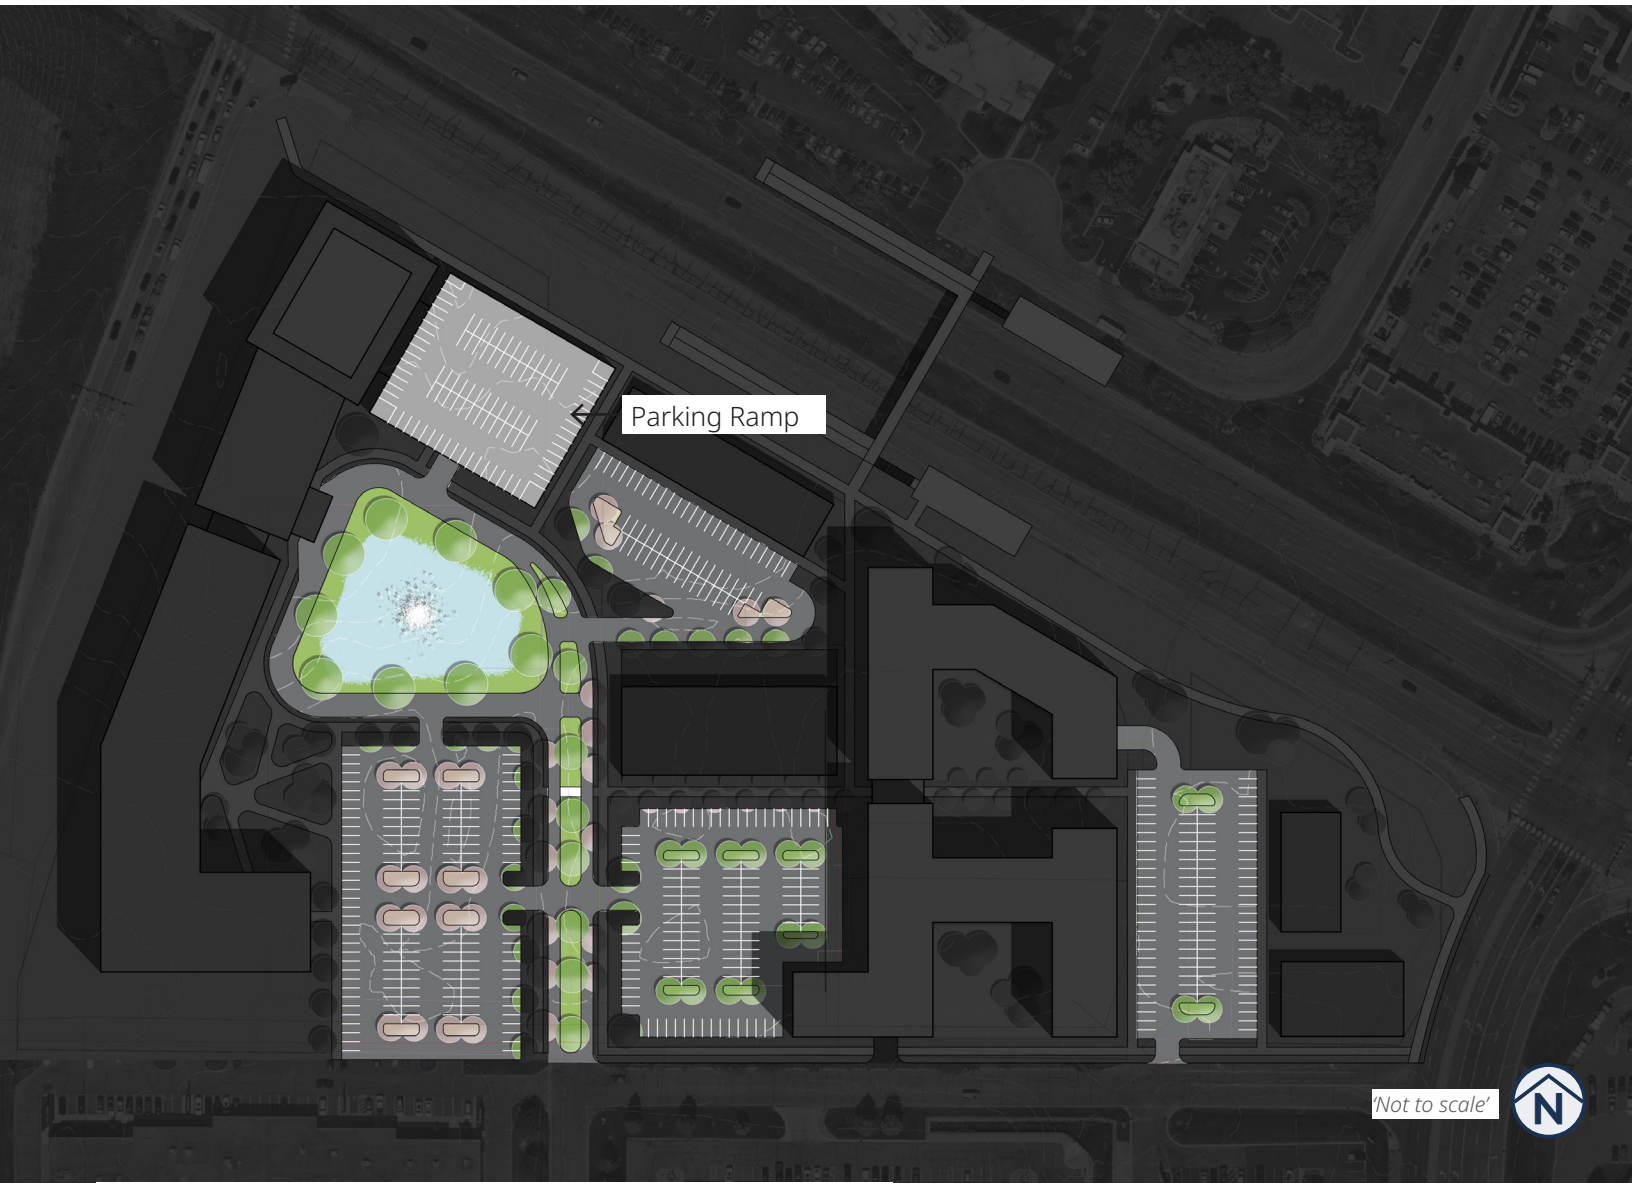


Figure 32: Social Commons Parking and Vehicular Circulation

Traffic Analysis

To assess the potential impacts of the final alternative, the project team conducted a trip generation analysis. This measures the projected increase in vehicle trips compared to current traffic levels. Current traffic is summarized in Table 1 below.

Existing Traffic Volumes

Street Name	AM Peak Hour		PM Peak Hour	
	Total Volume	Truck Percentage	Total Volume	Truck Percentage
26th Avenue N	65	1.5%	93	3.2%
Annapolis Lane	44	6.8%	64	1.6%
24th Avenue N	78	7.7%	97	0.0%

Table 1: Existing Traffic Volumes

Potential Traffic Impacts and Recommendations

The Social Commons site development is projected to generate more than 500 new trips. The surrounding roadways may need improvements to handle this increase. The intersection at Xenium Lane and 26th Avenue only allows right-in and right-out movements, and that will likely remain because of its proximity to the TH 55 and Xenium Avenue signal system. Most site access will occur via Xenium Lane and 24th Avenue, which may need upgrades to manage higher traffic volumes. A detailed study of this intersection is recommended. Additional roadway improvements could include adding pavement markings, building turn lanes, and enhancing multimodal connections to the site.

DENSITY REQUIREMENTS

Met Council Guidance:

Table 3.3. Transit station area minimum density requirements by community designation, mode, and geography

Transit Type	Geography	Urban Min. Required	Urban Edge Min. Required	Suburban Min. Required	Suburban Edge Min. Required
Light Rail	1/2-mile radius	50	35	30	25
Dedicated BRT / Commuter Rail	1/2-mile radius	50	30	25	20
Highway BRT	1/2-mile radius	30	25	20	15
Arterial BRT	1/4-mile radius	30	25	20	15
Modern Streetcar	1/4-mile along	30	25	20	15
High Frequency Bus	1/4-mile along	25	15	10	10

Plymouth Comprehensive Plan Guidance:

Guidelines and Criteria

Minimum Area:	Ten acres
Residential Density Range:	12 to 25 units per acre (residential density is calculated using the total acreage for the area guided MXD-R). The minimum number of residential units cannot be reduced once an area is guided MXD-R without a comprehensive plan amendment. No more than 50 percent of a district land area shall be residential.

2. DESIGN PROCESS

DESIGN FRAMEWORK

- Connect to planned transit.
- Create residential density that coincides with average highway BRT recommendations. (Minimum 20 units per acre)
- Redevelop for short and long term city goals.
- Increase greenspace.

Memorandum

To:	Grant Fernelius	**Project Reference:**	TH 494 and TH 55 Small Area Plan
Copies To:	Lori Sommers		
From:	Caitlin Andress, PE, PTOE, RSP1	**TKDA Project No.:**	22666.000
Date:	December 18, 2025	**Client No.:**	

Background and Existing Conditions

The City of Plymouth owns a 2.92-acre parcel in the southeast quadrant of the TH 494 & TH 55 interchange. A Small Area Plan was developed for this area to guide redevelopment, outlining a short- and long-term vision for the site. The limits of the study include TH 494 on the west, TH 55 on the north, Xenium Lane N (County Road 61) on the east, and 26th Avenue N on the south.

The existing site has commercial land uses, with two hotels, a restaurant, a preschool early-education facility, and a multi-use building consisting of a bank and a martial arts gym. Table 1 summarizes existing traffic volumes and truck percentages, based on Streetlight Insight data for streets adjacent to the study area. Existing peak hour volumes are low, with notable truck percentages. The AM peak hour occurs from 7:00 AM to 8:00 AM, and the PM peak hour is from 4:45 PM to 5:45 PM.

Table 1
Existing Traffic Volumes

Street Name	AM Peak Hour		PM Peak Hour	
	Total Volume	Truck Percentage	Total Volume	Truck Percentage
26th Avenue N	65	1.5%	93	3.2%
Annapolis Lane	44	6.8%	64	1.6%
24th Avenue N	78	7.7%	97	0.0%

Future Trip Generation

The Small Area Plan developed multiple concepts for this site, focusing on similar land uses with slight variations. Concept 2 (The Entertainment District) was selected for this analysis, as it includes the most diverse land uses:

- Commercial – 39,000 sq ft
- Medical Office – 57,200 sq ft
- Multifamily Housing – 336 dwelling units
- Entertainment – 17,800 sq ft
- Hotel – 38,400 sq ft

Trips were generated based on the peak hours of adjacent street traffic using the ITE Trip Generation Manual, 11th edition. Results are summarized in Table 2. Land use codes (LUC) were selected to break down the assumed land use types and sizes. The analysis is based on the average rate of trips generated by land use during the AM and PM peak hour timeframes. A multi-use reduction was made to the total trip volume, according to guidance in the ITE Trip Generation Handbook, 3rd edition.

Table 2
Peak Hour Trip Generation

Land Use		LUC	Size	AM Peak Hour Trips			PM Peak Hour Trips		
				Enter	*Exit*	*Total*	*Enter*	*Exit*	*Total*
Residential	Multifamily Housing (Mid-Rise)	221	336 DU	29	95	124	80	51	131
Lodging	Hotel	310	38,400 sq. ft. (110 rooms)	29	22	51	33	32	65
Office	Medical-Dental Office Building	720	57,200 sq. ft.	124	29	153	41	122	163
Entertainment	Brewery Tap Room	971	17,800 sq. ft.	11	1	12	103	72	175
Commercial	Strip Retail Plaza (<40k sq ft)	822	33,000 sq. ft.	47	31	78	109	109	218
	High Turnover Sit Down Restaurant	932	10,000 sq. ft.	53	43	96	56	35	91
	Fast Food Restaurant without Drive Through	933	1,500 sq. ft.	38	27	65	25	25	50
	Coffee/Donut Shop with Drive Through	937	1,500 sq. ft.	66	63	129	30	30	60
Generated Trips Subtotal				397	311	708	477	476	953
Multi-Use Shared Trip Reduction				22%	29%	25%	40%	40%	40%
Generated Trips Total				**308**	**222**	**530**	**285**	**284**	**569**

Roadway Improvement Considerations
The development is estimated to generate over 500 new trips in the proposed condition, and improvements to the existing roadways surrounding the development should be considered. The existing intersection of Xenium Lane & 26th Avenue is limited to right-in, right-out movements, and that is not likely to change due to the proximity of the TH 55 & Xenium Avenue signal system. Access to the site will primarily be via Xenium Lane & 24th Avenue, which may require upgrades for the increased traffic volumes. Further study of the intersection is recommended. Other improvements to the roadway network may include adding pavement markings, constructing turn lanes, and improving multimodal connectivity to the site.

DAF:CJA:lmf

CITY OF PLYMOUTH

RESOLUTION NO. 2026-057

RESOLUTION ACCEPTING THE SMALL AREA PLAN FOR THE SOUTHEAST QUADRANT OF 494 AND 55

WHEREAS, in March 2025, the city entered into a contract for services with TKDA to complete the small area plan for the southeast quadrant of 494 and 55; and

WHEREAS, TKDA conducted a visioning session with the City Council in June 2025; and

WHEREAS, TKDA created a small area plan that proactively responds to current issues, interests, and opportunities, as well as planned business, transportation, and multiple-family residential growth in the area; and

WHEREAS, the City Council has reviewed the small area plan for the southeast quadrant of 494 and 55 and found it to be consistent with the city's goals and objectives for the area.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA, that the small area plan for the southeast quadrant of 494 and 55 area is accepted.

APPROVED by the City Council on this 10th day of February, 2026.

Regular City Council
February 10, 2026
Agenda Number: 8.2

To: Dave Callister, City Manager

Prepared by: Steven Schmidt, Housing Manager

Reviewed by: Grant Fernelius, CED Director

Item: **Adopt 4d(1) Affordable Housing Incentive Program and Housing Improvement Area Policy**

---

1. Action Requested:

Adopt resolution authorizing the adoption and implementation of the Plymouth 4d Affordable Housing Incentive Program and adopt resolution authorizing the adoption and implementation of the Plymouth Housing Improvement Area Policy.

2. Background:

At the January 27 council study session, housing staff presented two policies for consideration. Council discussed the policies and directed staff to bring them back to the next available regular meeting for adoption.

4d Affordable Housing Incentive Program

The 4d(1) Low Income Rental Classification program offers financial assistance to private owners of multi-family properties that agree to keep a minimum of 20% of the units affordable to households earning at or below 60% AMI. Eligible units will receive a reduced tax rate of 0.25%. (Market rate tax classification is 1.25%)

The program guide highlights include:

- Five-year eligibility for 4d property tax rate of 0.25%.
- $100 per unit incentive for participation in the 4d(1) program, ($5,000 per property maximum and $50,000 citywide maximum)
- First year application fee paid by the city ($10 per unit)

Property owners must record a declaration on their property agreeing to keep at least 20% of the units program
compliant. Property owners must also certify that the Property Tax Savings is used on o ne or more of Eligible Uses:

- Property maintenance
- Property security
- Improvements to the property
- Rent stabilization
- Increases to the property's replacement reserve account

Applications for participation in the 4d program must be received by Minnesota Housing by March 31, 2026. To meet this deadline, applications must be to the city before March 2, 2026 for participation in the 4d program in 2027.

Housing Improvement Area (HIA)

A Housing Improvement Area (HIA) is a defined area within the city in which improvements to townhomes, manufactured home parks or condominiums can be financed by city assistance. The HIA functions like a special assessment project. Repairs are funded with city assistance and assessed back to the condo or townhome development residents through a low interest loan. The HIA is a last resort financing option, must be initiated by the residents and can only be established when a majority of the residents approve the proposed work and future assessment. To aid in the implementation of the HIA program, the housing division developed a local HIA policy for Plymouth.

Plymouth HIA Policy:

- 65% owner approval at petition
- Initial application fee $1,000
- Escrow deposit for all external consultation costs $10,000
- Administrative fee, the greater of 1% of the total financed amount or $5,000
- Application period (June 1 – September 30)
- $300,000 minimum financed amount

Staff are currently working with several homeowners associations that have been tracking this policy and are interested in initiating an HIA if the policy is adopted.

3. Budget Impact:

Funding for the 4d Affordable Housing Incentive Program would come from the HRA's reserve funds. The funds would be used to provide the incentives needed for property owners to participate in the 4d program.

The HIA policy is an administrative framework. Adoption of the HIA policy will not impact the budget.

Housing Improvement Area and 4d Affordable Housing incentive Program

February 10, 2026

City of Plymouth

Housing policy development

Develop programs tailored specifically to the city in addition to what is outlined in state statute.

- Housing policies and insights from neighboring communities
- Input and legal review from city attorney’s office
- Input and discussion from HRA Commission

What is a Housing Improvement Area (HIA)?

- Public Financing Tool provided by MN State Statute 428A.11-428A.21
  - 1996
- Allows city to finance common area improvement projects for townhome and condominium associations
- Last resort criteria
  - Only if necessary improvements can not otherwise be financed through association fund balance, commercial loans or individual private owner loans
- Debt is repaid through the collection of HIA Fees through property owner taxes
  - Similar to a special assessment
  - 20-year max term

What Types of Improvements are Eligible?

- Maintenance and capital improvement repairs that are the responsibility of the Association
- Examples of items that may be eligible
  - Windows
  - Siding
  - Roof replacement or repair
  - Parking lot resurfacing
  - Common entry door replacement or repair
  - Complex common utilities – boiler, water lines
  - Elevators

HIA Process

1. Application, Petition to Establish HIA
2. Public Hearing and Ordinance to establish HIA*
3. Procurement/Contracting for improvements
4. Financial Plan prepared
5. Public Hearing and Ordinance to impose Fees*
6. Improvement project
7. Annual payment and monitoring

** Subject to veto period*

HIA Policy for Plymouth

- 65% owner approval at petition
- Initial application fee $1,000
- Escrow deposit for all external consultation costs $10,000
- Administrative fee at financing close for city administrative costs, (the greater of 1% of total financed amount or $5,000)
- Schedule for accepting applications (June 1 – September 30)
- Property Standards to be met by all HIA financed projects
- $300,000 minimum financed amount

4d(1) Affordable Housing Incentive Program

February 10, 2026

City of Plymouth

4d Program Overview

- First introduced in 1997 as a tool to aid in the preservation and sustainability of affordable rental housing in MN.
- Lower class rate offered to properties that participate in one of the following programs:
  - Project based Section 8
  - Low Income Housing Tax Credit (LIHTC)
  - Rental assistance financed through USDA Rural Housing Service
  - Rent and income restrictions (with declaration) recorded against the property associated with local financial incentive:
    - Tax Increment Financing (TIF)
    - Other special programs (local community) *

4d Program Overview

- Offers a uniform tax rate reduction to property owners that agree to keep a minimum of 20% of the units affordable to households at or below 60% AMI.

- Eligible units will receive a reduced tax rate of 0.25%. (Market rate tax rate is 1.25%)

- Initial participation is granted by the city
    - Per unit incentive
    - Affordability declaration

4d Program Overview

Owners' responsibilities:

Property owners must sign an affordability declaration on their property stating:

- At least 20% of the units will remain affordable to households at or below 60% of the area median income (AMI).
- Rents for assisted units to not exceed 30 percent of 60 percent AMI
- If a building is sold, declarations remain with the property.

# Bedrooms	30% AMI	50% AMI	60% AMI	80% AMI
1 Bedroom	$745	$1,241	$1,490	$1,987
2 Bedroom	$894	$1,490	$1,788	$2,384
3 Bedroom	$1,032	$1,721	$2,065	$2,754
4 Bedroom	$1,152	$1,920	$2,304	$3,072

4d Program Overview

Owners' responsibilities:

Property owners must annually reapply and certify that the Property Tax Savings is used on one or more of Eligible Uses:

- Property maintenance
- Property security
- Improvements to the property
- Rent stabilization
- Increases to the property’s replacement reserve account

4d Program

Plymouth Affordable Housing Incentive Program

- Five-year term agreement for eligibility for 4d property tax rate of 0.25%
- $100 per unit incentive ($5,000 per property maximum and $50,000 city wide maximum)
- First year application fee paid by the city ($10 per unit)
- 2-year pilot program (starting in 2026).
- Funding of $50,000 ($100,000 total) will be paid out of HRA reserves.

Recommendations Housing Improvement Area (HIA)

- Adopt Plymouth Housing Improvement Area (HIA) policy

Recommendations 4d Affordable Housing Incentive Program

- Adopt Plymouth 4d Affordable Housing Incentive Program as presented
- Adopt Plymouth 4d Affordable Housing Incentive Program and include maximum term of 25 years to be determined by staff and owner
- Provide staff direction to update policy and bring back at a future meeting

Plymouth 4d affordable housing incentive program guide

Healthy, stable, and affordable housing is necessary for the well-being, prosperity and security of Plymouth residents. Due to changing housing, economic and demographic trends, Plymouth needs more affordable housing. Already burdened low- and moderate-income tenants are increasingly paying more than 30 percent of their income on rent and utilities. At the same time, many rental property owners are faced with increased operating and maintenance costs, as well as market opportunities to increase rents.

In response, the city is offering incentives for rental property owners to reduce property tax liability. The goal of this program is to preserve affordability, support tenants and strengthen the bottom line for property owners.

Purpose of the 4d program

- Incentivize owners of Naturally Occurring Affordable Housing (NOAH) to keep their rents affordable thereby preserving affordable housing.
- Help property owners reduce property tax obligation on affordable housing units.
- Provide stable, affordable units for renters
- Support market rate new construction development projects, and the city's minimum affordability requirements under the inclusionary housing policy.

Benefits to property owners

Qualified market rate building owners that agree to keep a minimum of 20 percent of units affordable to households' making 60 percent of area median income (AMI) for a minimum of 5 years will receive:

- Eligibility for 4d(1) property tax rate for a minimum of 5 years (max. 25 years).
- The City of Plymouth will pay for the first-year application fee for the Minnesota Low Income Rental Classification (LIRC), also known as 4d(1) tax classification ($10 per unit)
- $100 grant per affordable unit, capped at $5,000 per property.
- Reduced renter turnover.

**Minnesota Statute 273.128 provides that qualifying low-income rental properties, including those enrolled in the Plymouth 4d incentive program, are eligible for 4d(1) tax classification. According to state statue, eligible units use the 4d(1) tax class rate of 0.25%. The regular rental class rate of 1.25% will apply to the remainder of the property.*

Eligibility Requirements

Multifamily properties must meet the following criteria:

- At least 20 percent of rental units in a building are affordable to households whose family income is at or below 60 percent of the area median income (AMI).
- Existing tenants in units that have program-compliant rents do not need to be income qualified.
- Income qualification for tenants is determined upon initial occupancy. Increased income of tenants in affordable units will not violate program requirements.
- Licensed properties that have at least two rental units and are in good standing with no code compliance violations.
- Buildings can include units with owner occupants, but only rental units are eligible for 4d(1) tax status.
- Building does not already qualify for LIRC tax status in Minnesota.

The city will receive and review applications on an annual basis. The city expects to accept applications in the fall of each year to provide sufficient time to meet the State's LIRC application deadline in March.

Note: The city reserves the right to deny applications for outstanding code compliance issues.

Participation process

Step 1 (required)

- Property owners submit a 4d program application and rent roll and sign a participation agreement with the city.
    - Participation agreement includes a commitment to accept tenant-based assistance and affirmative fair marketing and prohibits involuntary displacement of existing tenants.
- The city will draft and record a declaration against the property (required for 4d(1) tax classification status) that limits the rents and incomes on the qualified units for the determined affordability period, (minimum 5 years and maximum of 25 years). The declaration also limits rent increases for tenants in affordable units to five percent annually.
- The city will provide a grant for each 4d(1) property in the amount of $100 per affordable unit, capped at $5,000 per property. This funding is intended to help property owners cover the cost of administrative and reporting requirements associated with the program, as well as help owners make health, safety, and

energy efficiency improvements to properties. Owners must certify the use of the funds for the property.

- Property owners select percentage of their building units to include in the program. (20% minimum).
- Property owners will sign a 4d application once declaration is filed.
- The city will submit a signed 4d application, application fee and declaration to Minnesota Housing on behalf of the property owner for their first year. Owners are responsible for submitting annual applications to Minnesota Housing to renew 4d(1) tax status. See "annual owner compliance" for additional information. Owners are responsible for complying with any state requirements for 4d(1) tax classification status, including certifying the use of Property Tax Savings. Information regarding Eligible Uses can be found on the MN Housing LIRC program website.

Modifications to declarations

- The declaration for the 4d program commitment runs with the property. Anyone buying and selling 4d property should contact the city to complete an assignment, assumption and consent form transferring the declaration to the new owner.
- Any other changes to the declaration, such as revisions specifying which units in the building are restricted, should also contact the city.

Annual owner compliance

To continue to receive 4d status, property owners are required to submit:

- An annual 4d application and compliance reporting to Minnesota Housing
- An annual report to the City of Plymouth

Rent and income restrictions, City of Plymouth 4d Affordable Housing Incentive Program

Program rent and income limits based on 60 percent of the Twin Cities area median income (AMI). Rent and income restrictions are adjusted annually, typically in the spring.

Type of unit	60 percent area median income (AMI)
Studio/efficiency	$1,390
1 bedroom	$1,490
2 bedroom	$1,788
3 bedroom	$2,065
4 bedroom	$2,304
5 bedroom	$2,542

Res. No 2026-058, February 10, 2026

DECLARATION OF RESTRICTIVE COVENANTS

THIS DECLARATION OF RESTRICTIVE COVENANTS (the "Declaration"), is made on or as of this _ day of _____, 202__, by _____[owner name], a ___ _____[owner state and business entity type], (the "Owner"), having its primary place of business at _____[owner full address], in favor of the City of Plymouth, a Minnesota municipal corporation (the "City").

RECITALS

A. Owner and the City have entered into an **Affordable 4D Participation Agreement**, dated _____, 202__, (the "Participation Agreement"), pursuant to which the City is offering certain financial incentives in exchange for Owner limiting rents and incomes on certain rental housing units located at _____[full address]; and

B. But for the making and recording of this Declaration, the City would be unwilling to qualify the Property for preferable tax classification or provide the other financial incentives described in the Participation Agreement.

NOW, THEREFORE, in consideration of said the foregoing Recitals and mutual obligations of the parties to this Declaration, each of them does hereby covenant and agree with the other as follows:

1. **Definitions**. In this Declaration, unless a different meaning clearly appears from the context, the following terms shall have the meanings set forth in this Section:

Affordability Period: A _____-year period commencing on the date of this Declaration and expiring on _____, 20__.

Affordable Units: Units in the Project as identified in **Exhibit B** to this Declaration.

Annual Income: The adjusted gross income, as defined in Section 62 of the United States Internal Revenue Code, of all members of a household (this is the "Adjusted Gross Income" amount reported on IRS form 1040).

HUD: The United States Department of Housing and Urban Development.

Land: The real property located in Hennepin County, Minnesota, and legally described on **Exhibit A** to this Declaration.

Low-Income Families: Individuals or families whose Annual Income does not exceed 60 percent of the Median Family Income.

Median Family Income: The "Median Family Income" as most recently established by HUD for the Minneapolis/St. Paul standard metropolitan statistical area, adjusted for family size.

Project: A rental housing project located at _____ [street address] in the City of Plymouth, Minnesota.

2. **Representations**. Owner represents to and for the benefit of the City that Owner has duly authorized, executed, and delivered this Declaration pursuant to proper authorization to do so; that this Declaration constitutes a valid and binding obligation of the Owner, enforceable in accordance with its terms, except only as such enforceability may be limited by bankruptcy; moratorium; reorganization; other laws; or principles of equity, as such may affect creditors' rights; and that the execution and delivery of this Declaration does not constitute a breach, violation, or default under any law, regulation, order, judgment or ruling binding upon Owner, or a default under any indenture, mortgage, agreement, or other instrument to which Owner is subject or by which it or its property is bound.

3. **Restrictions on Use**.

A. Owner agrees to develop, operate and manage the Project according to the terms of this Declaration for the duration of the Affordability Period.

B. During the Affordability Period, this Declaration shall constitute covenants running with the land and shall be binding on the successors and assigns of Owner, and on all parties having or acquiring any rights, title, or interest in the Project.

C. Rental of the Project shall be in accordance with the following:

(a) All of the Affordable Units shall be occupied by households with incomes that are 60 percent or less of the Median Family Income and shall bear rents not greater than 30 percent of the adjusted income of a family whose gross income equals 60 percent of the Median Family Income.

(b) The requirements of Section 3(C)(a) of this Declaration shall be satisfied despite a temporary non-compliance with Section 3(C)(a) of this Declaration, if the non-compliance is caused because either:

(i) a current tenant as of the date of this Declaration is in one of the Affordable Units; or

(ii) the incomes of tenants that were income qualified upon occupancy increase and if actions satisfactory to the City are being taken to ensure that all vacancies of Affordable Units are filled in accordance with Section 3(C)(a) of this Declaration until the non-compliance is corrected.

(c) The initial rent schedule for the Affordable Units is set forth in **Exhibit B**. In no event will the City require the Affordable Unit gross rents to be set lower than the rents listed on **Exhibit B**.

(d) Owner shall comply with Plymouth Code of Ordinances Chapter IV - Building, Housing and Construction Regulations, Section 410. - Rental Licensing.

(e) The City may, upon request, review and approve rents not more frequently than annually for consistency with this Agreement.

(f) Except for tenants already in the Affordable Units, Owner shall secure an income certification from the proposed tenant(s) of each Affordable Unit prior to initial occupancy by such tenant(s). Such income certificate shall contain a statement of the total Annual Income for the previous year of each person who proposes to live in the Affordable Unit during that year. Owner shall retain all records related to compliance with this Declaration for a minimum of six (6) years after termination of the Affordability Period, and permit any duly authorized representative of the City to inspect such records upon reasonable notice to the Owner. There will be no cost associated with inspection of records.

(g) On or before March 31 of each year of the Affordability Period the Owner shall make annual reports to the City in the form attached to this Declaration as Attachment 1.

(h) Owner shall use affirmative fair housing marketing practices in soliciting renters, determining eligibility and concluding all transactions and provide evidence of compliance to the City upon request.

4. **Restrictions on Sale of the Project**. Owner agrees not to sell, transfer, convey, or assign the Affordable Units (except leases in the ordinary course of business) without first obtaining the express written assumption by the purchaser, transferee, grantee, or assignee of the obligations imposed on Owner by this Declaration; provided, however, that this Declaration shall remain enforceable against a purchaser, transferee, grantee, or assignee even in the absence of a written assumption. Any sale in violation of this Declaration shall be null and void at the election of the City.

5. **Covenants Are Binding Upon Successors in Interest**. It is intended and agreed that the covenants provided in this Declaration shall be covenants running with the land and that they shall, in any event, and without regard to technical classification or designation, legal or otherwise, be binding on Owner, the successors and assigns of Owner, and all parties having or acquiring any right, title, or interest in all or any part of the Land. This Declaration shall be enforceable against all such parties to the fullest extent permitted by law and equity for the benefit and in favor of the City, its successors and assigns. It is expressly agreed and acknowledged that:

A. The covenants provided in this Declaration are in addition to the provisions of any other documents, or written agreements, related to the Project (collectively, the "Other Documents");

B. This Declaration shall not be deemed to limit or merge into any Other Documents or vice versa;

C. This Declaration shall survive the expiration or termination of any of the Other Documents; and

D. The satisfaction or release of any Other Documents shall not be deemed to a satisfaction or release of this Declaration.

6. **Remedies for Default**. In the event of any default, failure, violation, or any other action or inaction by Owner specified in this Declaration, the City at its option, may institute such actions or proceedings at law or in equity as it may deem desirable for effectuating the provisions of this Declaration, including without limitation actions for specific performance, damages, and injunctive relief, and including also any remedy allowed under the terms of any Other Documents. In any successful action or proceeding to enforce its rights under this Declaration, the City shall be entitled to the recovery from Owner of reasonable attorneys' fees.

7. **Notices and Demands**. A notice, demand, or other communication under this Declaration by the Owner to the City, or the City to the Owner, other shall be sufficiently given or delivered if it is dispatched by registered or certified United States Mail, postage prepaid, return receipt requested, or delivered personally, and, in the case of Owner, is addressed to or delivered personally to Owner at:

_____
_____
_____
_____

and in the case of the City, is addressed to or delivered personally to the City at:

City of Plymouth
Department of Community & Economic Development
3400 Plymouth Boulevard
Plymouth, Minnesota 55447
ATTN: Steven Schmidt, Housing Manager

or at such other address as the Owner or the City may, from time to time, designate in writing and forward to the other as provided in this Section.

8. **Counterparts**. This Agreement may be executed in any number of counterparts, all of which shall constitute a single agreement, any one of which bearing signatures of all parties shall be deemed an original.

[9. **Election to Extend Declaration upon Completion of Affordability Period**. If Owner has complied with the terms of this Declaration for the ____-year Affordability Period, then, upon request from Owner, the City will execute an amendment to this Declaration agreeing to extend the Declaration for up to and additional _____ years, with the option to reduce the number of Affordable Units down to a minimum of _____ Affordable Units. If, at the expiration of the Affordability Period, the Owner elects not to extend the Declaration as provided in the previous sentence, then this Declaration will automatically terminate and the Owner may

request that the City provide a release of this Declaration in recordable form.]

IN WITNESS WHEREOF, the Owner has caused this Declaration to be duly executed on or as of the day and year first written above.

City of Plymouth
Housing Improvement Area

1. PURPOSE

1.01 The purpose of this policy is to establish City of Plymouth (City) and Housing and Redevelopment Authority in and for the City of Plymouth (HRA) conditions for the use of Housing Improvement Area (HIA) financing for privately owned townhome, condominium, and manufactured home park housing improvement projects. The HRA will accept these applications for review and make a recommendation to the City Council. Requests for the establishment of HIAs will be reviewed in accordance with state law and this HIA Policy.

1.02 The City/HRA shall have the option of amending or waiving sections of this policy when determined necessary or appropriate.

2. AUTHORITY

2.01 The City/HRA has the authority to establish HIAs under Minnesota Statutes, Sections 428A.11 to 428.21, as amended. Such authority expires June 30, 2028, unless extended by the legislature.

2.02 Within a HIA, the City has the authority to:
A. Make housing improvements.
B. Issue bonds or use other funds to pay for housing improvements.
C. Levy fees and assessments, including interest.

3. RESPONSIBILITY

3.01 The HRA has the authority to review each HIA request through a two step application process, including a petition, scope of proposed housing improvements, Association's finances, long term financial plan, and the support of at least 65% of the private property association members. The HRA Board of Commissioners will review applicant information, or an appropriate summary thereof, for each HIA proposed housing improvement project at a public meeting. If approved by the HRA Board, the applicant information, or an appropriate summary thereof, will be provided to the City Council for review prior to a public hearing before the City Council.

3.02 For purposes of this Policy, the term "private property association member" means the housing unit owner. Such that if one owns more than one housing unit in the housing

improvement area, then the owner gets one vote per owned housing unit; and a tenant/occupant of a housing unit that is not also an owner does not get a vote.

4. ELIGIBLE USES OF HIA FINANCING

4.01 As a matter of adopted policy, the City/HRA will consider using HIA financing to assist private property association members only in circumstances in which the proposed privately owned housing improvement project will address one or more of the following goals:

A. To promote stabilization and revitalization by removing blight and/or upgrading the existing housing stock in a neighborhood.
B. To correct housing or building code violations as identified by the City Code enforcement staff.
C. To maintain or obtain Federal Housing Administration (FHA) mortgage eligibility for a particular condominium or townhome association within the designated HIA.
D. To preserve or increase valuation and provide for the long-term maintenance of the property.
E. To preserve naturally occurring affordable housing (NOAH).
F. To stabilize or increase the owner-occupancy level within a neighborhood or association.
G. To meet other goals of stated public policy as adopted by the City of Plymouth from time to time, including promotion of quality urban design, quality architectural design, energy conservation, or decreasing the capital and operating costs of local government, and other related policy goals.

5. HIA APPROVAL CRITERIA

5.01 In order to be eligible for HIA financing through the City, the Association must submit a housing improvement project application and follow the HIA review process set forth in this Policy, along with an application fee and escrow deposit as set from time to time by resolution of the City Council. All Housing Improvement Area loans financed through the City of Plymouth must meet the following minimum criteria. A proposed housing improvement project that meets these criteria is not automatically approved. Meeting these criteria creates no contractual rights on the part of an association.

A. The proposed housing improvement project must be in accordance with the Comprehensive Plan and Zoning Ordinances, or required changes to the Plan and Ordinances must be under active consideration by the City at the time of application.
B. The HIA financing shall be provided within applicable state legislative restrictions, debt limit guidelines, and City/HRA financial requirements and policies.
C. The proposed housing improvement project must meet one or more of the above

adopted HIA Goals of the City of Plymouth, as noted in Section 4.

D. The Association shall designate an administrator who will be the City's point of contact throughout the process for HIA financing.

E. The term of the HIA should be the shortest term possible while still making the annual fee affordable, as to not cause economic hardship, to the association members. The term of any bonds or other debt incurred for the HIA shall mature in 20 years or less. The City has the sole discretion to determine the source(s) of financing, and sources other than issuing bonds may be used.

F. Service charges (including, but not limited to, construction/housing improvement project costs, cost of issuance of bonds and other pertinent costs associated with the proposed housing improvement project) will be imposed on the association members in the same ratio as common elements or other such uniform method as proposed by the applicant.

G. The Association applying for HIA financing must provide adequate financial guarantees to ensure the repayment of potential HIA financing and the performance of the administrative requirements of the development agreement. Financial guarantees may include, but are not limited to the pledge of the Association's assets, including reserves, operating funds and/or property.

H. The proposed housing improvement project, including the use of HIA financing, must be supported, in writing, by at least sixty-five percent (65%) of the Association members. The Association must include with its HIA proposed housing improvement project application, the results of a vote of support by a minimum of 65% of Association members along with the petitions to create the area.

I. The minimum housing improvement project cost is $300,000.

J. The Association must have a replacement reserve study (the "Reserve Study") prepared by an independent third party, with designation as a Community Associations Institute (CAI) certified reserve specialist. The Reserve Study must conform to CAI Reserve Study standards. The components of the Reserve Study must include a thirty-year replacement reserve plan (the "Reserve Plan"), and the Reserve Study and Reserve Plan must be submitted with the proposed housing improvement project application and will be reviewed by the City's financial advisor. The Association must also have an independent third party prepare a thirty-year reserve plan (the "HIA Reserve Plan") with the components of the proposed project for housing improvements removed from the Reserve Plan. The independent third party must also prepare a thirty-year financial plan (the "Financial Plan") that reflects the annual replacement reserve contributions based on the HIA Reserve Plan. The Financial Plan will provide a plan for the Association's operating budget with cost increases over time to finance maintenance and operation of the common elements within the Association and a long-range plan to conduct and finance capital improvements therein, that does not rely upon the subsequent use of the HIA tool. The HIA Reserve Plan and the Financial Plan must be submitted with the proposed housing improvement project application and will be reviewed by the City's financial advisor.

K. HIA financial assistance is last resort financing and will not be provided to proposed housing improvement projects that have the financial stability to proceed without the benefit of HIA financing. Evidence that the Association has sought other permanent financing for the proposed housing improvement project must be provided at time of application and should include an explanation and verification that an assessment by the Association is not feasible, along with rejection letters from at least two private lenders or other evidence indicating a lack of financing options.

L. The Association shall obtain temporary construction financing from a private lender and the City shall provide a take-out commitment to the lender, detailing the terms for the payoff of the construction financing. Upon final approval of the housing improvement project and issuance of a certificate of completion, the City will issue bonds or notes to satisfy the temporary construction loan.

M. The Association must be willing to enter into a development agreement, prepared by the City/HRA, which may include, but is not limited to, the following terms:

   a. Establishment of a reserve fund;
   b. Staffing requirements
   c. Annual reporting and financial auditing requirements;
   d. Conditions of disbursement;
   e. Required dues increases;
   f. Notification to new Association members of levied fees by specified party, including the individuals that purchase property after the initial development;
   g. Limitations on prepayment of fees, if any;
   h. Requirement of multiple bids for proposed housing improvement project construction;
   i. Hiring of a construction manager and/or owner's representative to monitor performance of the general contractor; and
   j. Assessments, including interest and City/HRA fees.

N. Any project for housing improvements financed through the HIA shall address all items not in compliance with the HIA Property Standards. Items defined within the governing documents of the Association as common elements are eligible for HIA financing. Limited Common Elements may be eligible for HIA financing if the costs of proposed project for housing improvements are prorated among Association members in the same ratio as common elements or such other uniform method as proposed by the applicant. The proposed components for housing improvement projects must be of a permanent nature and must normally be reflected in the Reserve Study.

O. HIA financing will not be provided to a proposed housing improvement project that is not in the public interest, as determined by the City, including but not limited to: poor project quality; a project that is not in accordance with the Comprehensive

Plan, zoning, redevelopment plans, and City policies; projects that provide no significant improvement to the neighborhood and/or the City; and projects that do not provide a significant increase in the tax base and/or prevent the loss of tax base.

P. The financial structure of the proposed housing improvement project must receive a favorable review by the City's Chief Financial Officer, Financial Advisor and the legal components reviewed by City/HRA legal counsel. If applicable, the review will include analysis of performance and amount of outstanding debt related to any previously approved HIA project.

Q. If bonds are to be issued, legal components will be reviewed by the City/HRA bond counsel.

R. All rental units within the HIA must be licensed according to Plymouth ordinance.

6. OTHER PROVISIONS

6.01 The City will receive and process Housing Improvement Area project applications between June 1 and September 30 of each year ("Open Application Period"). Applications submitted outside of the Open Application Period will be considered on a case-by-case basis due to demonstrated unforeseen circumstances.

6.02 The Association is to submit a $1,000 non-refundable application fee, as set from time to time by resolution of the City Council.

6.03 The City/HRA will charge an administrative fee of 1% of the total project amount (a minimum of $5,000). This amount will be due at the time of financing close.

6.04 The Association is responsible for all City/HRA consulting expenses. An escrow deposit in the amount of $10,000 is required at the time the Association submits the supplemental application materials, after preliminary review of the project by HRA and City staff. The escrow will be drawn upon to pay all of the City's costs for legal and fiscal review of this project including Bond Counsel (if not included in the bond amount), financial advisor, City attorney, and other external administrative costs. If the escrow becomes depleted prior to the issuance of bonds, the Association will be required to replenish the escrow. Any unused portion of the escrow shall be refundable to the Association.

6.05 The City/HRA reserves the right to deny funding for specific components of proposed housing improvement projects if any are determined not to be in accordance with the intent of this Policy.

Res. No 2026-059, February 10, 2026

CITY OF PLYMOUTH

RESOLUTION NO. 2026-058

RESOLUTION AUTHORIZING THE ADOPTION AND IMPLEMENTATION OF THE PLYMOUTH 4D AFFORDABLE HOUSING INCENTIVE PROGRAM

WHEREAS, healthy, stable, and affordable housing is necessary for the well-being, prosperity and security of Plymouth residents; and

WHEREAS, low- and moderate-income tenants are increasingly paying more than 30 percent of their income on rent and utilities; and

WHEREAS, the City of Plymouth is offering incentives for rental property owners to reduce property tax liability; and

WHEREAS, Minnesota Statute 273.128 provides that qualifying rental properties, including those enrolled in the Plymouth 4d incentive program, are eligible for 4d(1) tax classification; and

WHEREAS, rental property classified as class 4d(1) under section 273.13, subdivision 25, is entitled to reduced property tax rate valuation if at least 20 percent of the units in the rental housing property have rents that do not exceed 30 percent of 60 percent of the area median income, adjusted for family size, as determined by the Department of Housing and Urban Development.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA, that the Plymouth 4d Affordable Housing Incentive Program is adopted.

APPROVED by the City Council on this 10th day of February, 2026.

STATE OF MINNESOTA)
COUNTY OF HENNEPIN) SS.

The undersigned, being the duly qualified and appointed City Clerk of the City of Plymouth, Minnesota, certifies that I compared the foregoing resolution adopted at a meeting of the Plymouth City Council on February 10, 2026, with the original thereof on file in my office, and the same is a correct transcription thereof.

WITNESS my hand officially as such City Clerk and the Corporate seal of the City this _____day of _____, _____.

CITY OF PLYMOUTH

RESOLUTION NO. 2026-059

RESOLUTION AUTHORIZING THE ADOPTION AND IMPLEMENTATION OF THE PLYMOUTH HOUSING IMPROVEMENT AREA POLICY

WHEREAS, a housing improvement area (HIA) is a defined area in a city in which housing improvements in condominium, townhome complexes, or manufactured home parks may be financed with the assistance of the city; and

WHEREAS, the purpose of this policy is to establish City of Plymouth conditions for the use of Housing Improvement Area (HIA) financing for privately owned townhome, condominium, and manufactured home park housing improvement projects; and

WHEREAS, the city has the authority to establish HIAs under Minnesota Statutes, Sections 428A.11 to 428.21, as amended; and

WHEREAS, requests for the establishment of HIAs will be reviewed in accordance with state law and the HIA Policy.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA, that the Housing Improvement Area Policy is adopted.

APPROVED by the City Council on this 10th day of February, 2026.

Item: **Discuss proposed improvements to Vinewood Lane**

---

1. Action Requested:

Discuss proposed improvements to Vinewood Lane

2. Background:

The 2027 Street Rehabilitation Project includes Vinewood Lane from Rockford Road to Northwest Boulevard. Improvements with the project include pavement rehabilitation, utility repairs, and trail improvements. Also being evaluated for inclusion with the project is conversion of the existing four-way stop controlled intersection at Holiday gas station and Sunshine Factory to a roundabout. Staff is requesting feedback on the proposed intersection change to allow for detailed design and easement acquisition to take place later this year, with construction anticipated next year.

3. Budget Impact:

N/A

City of Plymouth

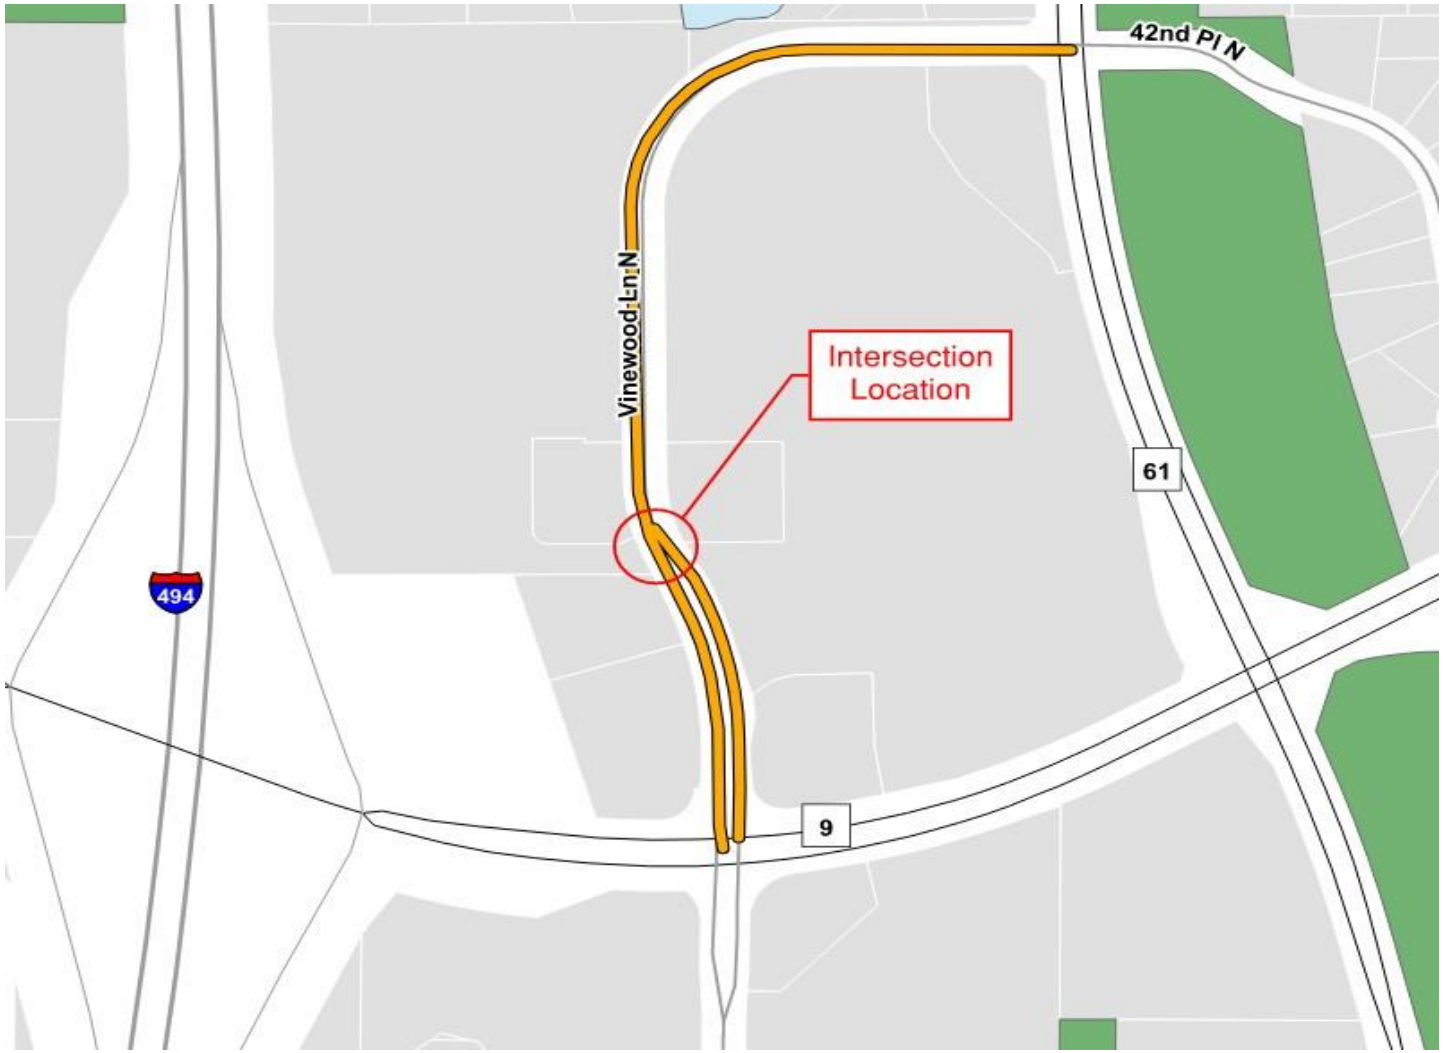
Vinewood Lane Improvements



Background

- 2027 Construction
- 3-lane conversion
- Proposed trail
- ROW acquisition
- Project cost = $2.1 million

Which intersection do you support?

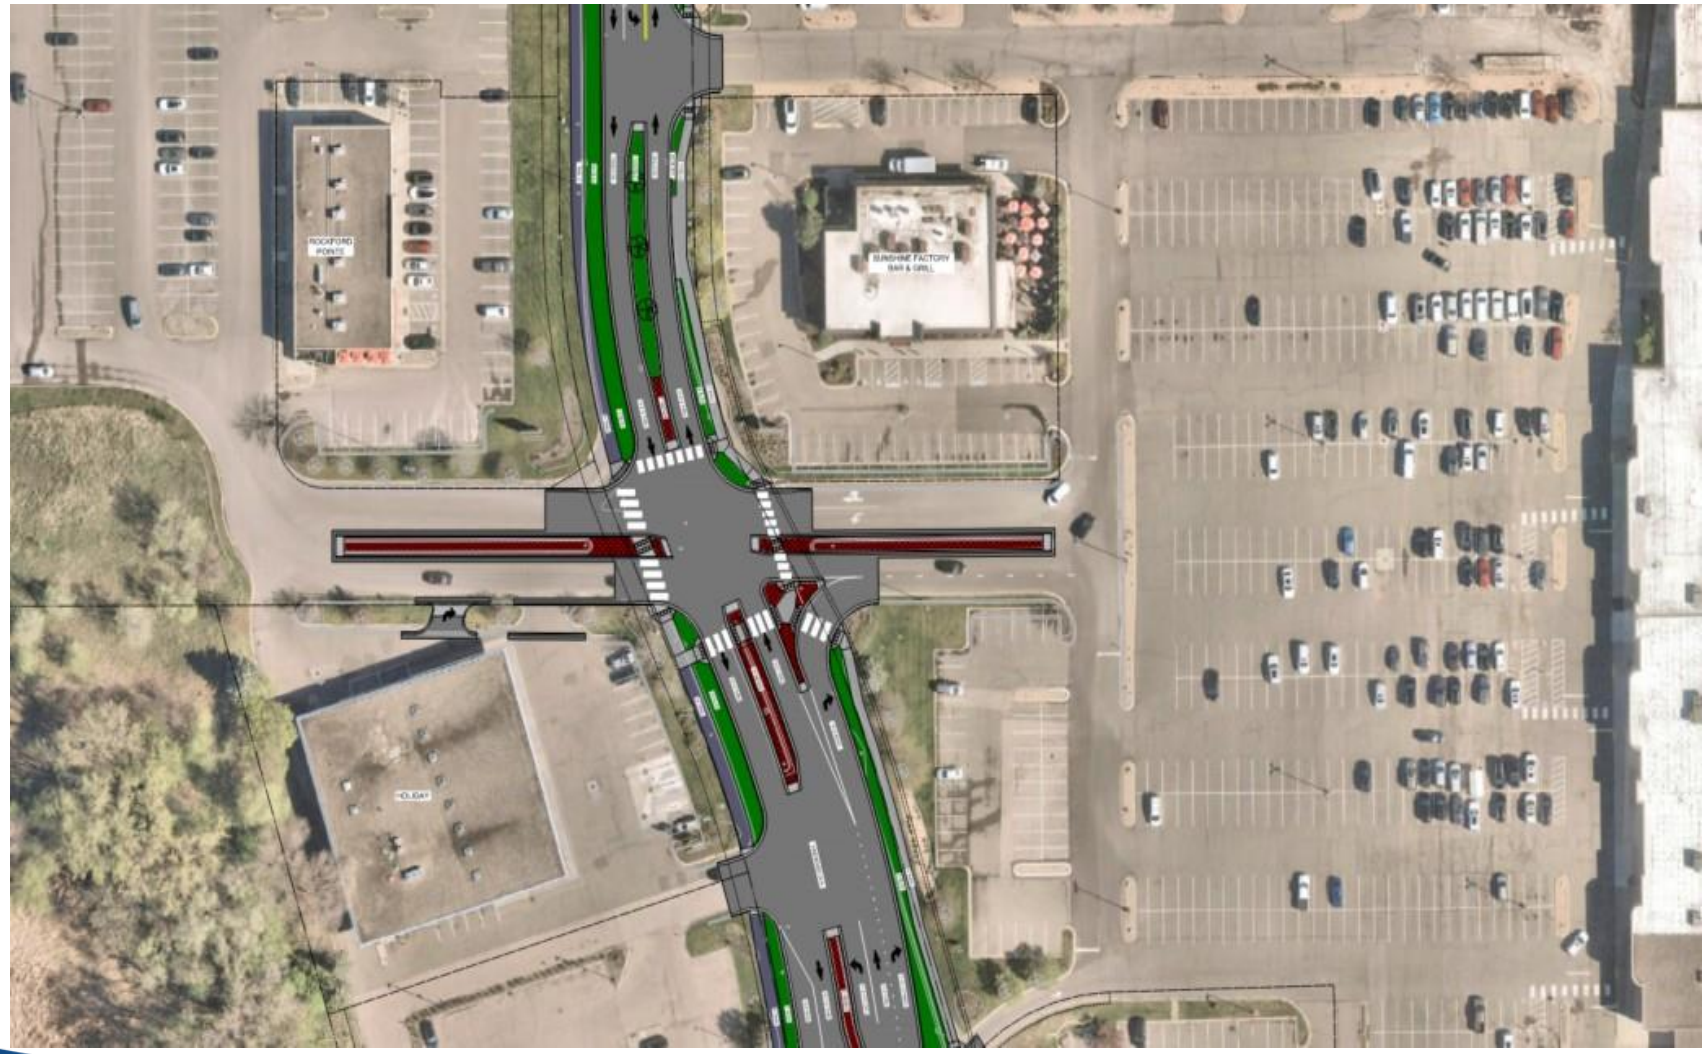
- 4 way stop?
- Roundabout?

Existing Intersection

Existing conditions

- 4 lanes
- 4 way stop
- Driver confusion
- Long pedestrian crossings
- Trail on east side

Enhanced 4-way stop



<u>Smaller intersection</u>

- 2 lane road
- 4 way stop
- Less confusion
- Shorter pedestrian crossings
- Eastern properties preference

Roundabout

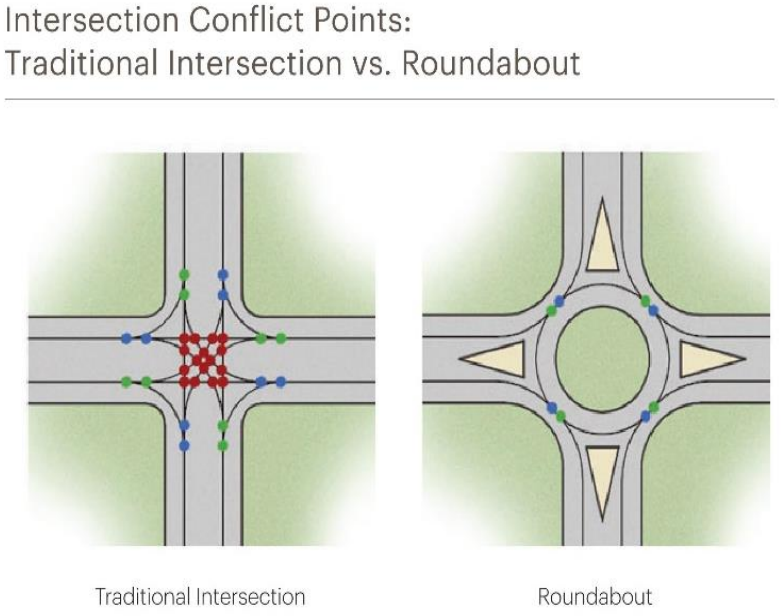
Roundabout

- Less driver confusion
- Improved traffic flow
- Safer pedestrian crossings
- Additional $400,000 cost
- Western properties preference

Which intersection do you support?

<u>4 Way stop</u>

1. Less right of way acquisition
2. Eastern properties preference



<u>Roundabout</u>

1. Improved traffic flow
2. Less severe accidents
3. Safer for pedestrians
4. Western properties preference
5. Additional cost of $400,000
6. Staff preferred

1. City Council Resolution 2026-060

CITY OF PLYMOUTH

RESOLUTION NO. 2026-060

RESOLUTION AFFIRMING COMMUNITY VALUES AND STEWARDSHIP OF COMMUNITY RESOURCES AMIDST IMMIGRATION ENFORCEMENT OPERATIONS

WHEREAS, a strategic goal of the City Council of the City of Plymouth is to be a "connected and thriving community;" and

WHEREAS, Plymouth nurtures this vision by valuing respect for neighbors, civility in discussion and rejection of discrimination, and affirms our valuing of and honoring the dignity of every person, regardless of immigration status or profession; and

WHEREAS, Plymouth values its partnership with state and federal law enforcement agencies in activities designed to prevent or respond to criminal activity within the community; and

WHEREAS, according to 2024 Census data, approximately 13.5% of Plymouth's residents are foreign-born and over 25% of residents are non-white – including individuals with Black, Hispanic, Asian, American Indian, and other backgrounds – and are neighbors, friends, coworkers, business owners and valuable members of the Plymouth community; and

WHEREAS, the U.S. Department of Homeland Security (DHS) and its subsidiary agencies have initiated Operation Metro Surge, an unprecedented immigration enforcement operation in the State of Minnesota, and have employed tactics inconsistent with community policing, including wearing masks and non-uniformed clothing often without agency or individual identification; and

WHEREAS, during Operation Metro Surge, constitutional observers and law enforcement officials in neighboring cities have reported instances of DHS officers conducting racial profiling and detaining people, in violation of the U.S. Constitution and Fourth Amendment; and

WHEREAS, these tactics have created unique public safety challenges and have caused fear and anxiety for residents; business owners, their employees and patrons; visitors; and city staff, resulting in harm to employers, residents and students; and

WHEREAS, we stand for the rule of law and respect the role of federal immigration enforcement. We expect federal leadership to direct agencies in a way that recognizes local jurisdiction and responsibilities, while respecting the integrity of our cities as a whole. We are concerned that current enforcement approaches may risk undermining constitutional protections and place cities at legal and operational risk; and

WHEREAS, Plymouth does not conduct or assist with federal immigration enforcement activities; and

WHEREAS, the Plymouth Police Department strives to build community trust and treat people with courtesy, dignity and respect.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLYMOUTH, MINNESOTA that Plymouth condemns violence and unconstitutional actions occurring during immigration enforcement operations; and

BE IT FURTHER RESOLVED, that Plymouth calls for improved coordination grounded in the rule of law, due process, and respect for local governance; and

BE IT FURTHER RESOLVED, that Plymouth is committed to the equal treatment under the law of all residents and visitors in the provision of city resources and services, regardless of immigration status or national origin; and

BE IT FURTHER RESOLVED, that Plymouth calls upon all people to remain peaceful during interactions with law enforcement.

APPROVED by the City Council on this 10th day of February, 2026.
